**Does student need learning support WRITING?**

- **NO**: register for ENGL 1010
- **YES**: register for paired ENGL 0804/1010

**Does student need learning support READING?**

- **NO**: register for SPCH 1010
- **YES**: Register for both READ 0800 and SPCH 1010- If a student does need LS Reading, they must take the READ 0800 and SPCH 1010 before they are allowed to take ENGL 1010 even if they did not need the LS in English.

**Does student need learning support MATH?**

**IF NO:**

- Select a college level math class that will get the student to their ultimate math requirement.
- MATH 1530 and 1630- no prerequisites
- MATH 1710/1720- MATH 1030 (if the student completed learning support), ACT math score ≥ 19 or Compass score ≥ 38 required
- MATH 1910- 1710 and 1720 required (With MATH 1910, students have 1 of 2 pre-reqs. If they make a 26 or better on Math ACT they can go directly into MATH 1910. Anything less than a 26 requires that they take MATH 1710-1720 sequence. We do have a prerequisite skill tests that challenge both MATH 1710 or 1720. Students can contact Dr. LaPrise, Chris Knight, Vicki Borlaug, Russ Romines, or David Atkins.

**IF YES:**

- Search the MATH 0030 listings and click on the CRN number to find which math class is linked to that section. It may be 1530, 1630 or 1030. The message will also give the corresponding CRN for the section linked with the 0030 section.
- If math requirement is MATH 1530, register for paired MATH 0030/1530
- If the math requirement is either MATH 1710 or 1910, register for the paired MATH 0030/1030.
- If it doesn’t work, contact Kris Weinreich (x6865), Sherry Woody (x6928), Tammy Holt (x6864) or John LaPrise (x6879) to force entry into the co-requisite MATH 0030/1030 courses. Students needing co-requisite 0030 should be able to register for either 1030/1530/1630 on their own. Students needing standalone 1030 should contact us to register them for 1030.

**EDUC 1010 & 1030:**

- **EDUC 1010**: This is a 1.0 credit hour college course. This is a good class to take if a student needs a 1 hour credit class. This class is completely online.
- **EDUC 1030**: This is a 3 hour credit college course. This class is mandatory for any student that made a score of 13 or below on their ACT in the subscore of Math, English or Reading. Any student can take the EDUC 1030 (even if not placed into the course based on testing). EDUC 1030 is a terrific introduction to college course where students can develop tools for being successful in college. It is also a good class for students who are undecided in their major because it gives them a push towards locking in on a major.
