NOTE: Application for Admission is located on page 231.
Walters State Community College is one of 45 institutions in the Tennessee Board of Regents system, the sixth largest system of higher education in the nation. The Tennessee Board of Regents is the governing board for this system which is comprised of six universities, 13 community colleges, and 26 area technology centers. The TBR system enrolls more than 80 percent of all Tennessee students attending public institutions of higher education.

Walters State Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; Telephone number 404-679-4501) to award the Associate of Science, Associate of Arts, and Associate of Applied Science degrees.

Specific programs are accredited or approved by the following agencies:

- American Bar Association
- National League for Nursing, NLN Accrediting Commission
- Commission on Accreditation for Physical Therapy Education
- National Association of Industrial Technology
- Commission on Accreditation for Respiratory Care
- Association of Collegiate Business Schools and Programs
- Paramedic Commission on Accreditation of Allied Health Education Programs
- Culinary Arts American Culinary Federation, Inc.
- American Society of Health-System Pharmacists
- Commission on Accreditation of Allied Health Education Programs

Walters State Community College does not discriminate on the basis of race, sex, color, religion, national origin, age, disability or veteran status in provision of educational programs and services or employment opportunities and benefits. This policy extends to both employment by and admission to the college. Walters State does not discriminate on the basis of race, sex or disability in its education programs and activities pursuant to the requirements of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act (ADA) of 1990. Inquiries and charges of violation concerning Title VI, Title IX, Section 504, ADA or the Age Discrimination in Employment Act (ADEA) or any of the other above referenced policies should be directed to the Humans Resources Office at Walters State, 500 S. Davy Crockett Pkwy., Morristown, TN 37813-6899. Requests for accommodation of a disability should be directed to the ADA Coordinator at the Office of Services for Individuals with Disabilities at Walters State, 500 S. Davy Crockett Pkwy., Morristown, TN 37813-6899.

Walters State Community College is named for the late statesman Herbert S. Walters, whose inspiration and leadership made possible this college which bears his name by the following resolution:

WHEREAS, The Honorable Herbert S. Walters of Morristown, Tennessee, has achieved notable distinction in public life and in the services of his state and nation, and in his contributions to education at all levels,

NOW, THEREFORE, BE IT RESOLVED, That the State Board of Education, in honor of and tribute to him, hereby designates the official name of the new state community college at Morristown, Tennessee "WALTERS STATE COMMUNITY COLLEGE."

Adopted by the State Board of Education in regular quarterly session assembled February 7, 1969.

NOTICE TO STUDENTS
CATALOG PROVISIONS

Walters State Community College offers the opportunity for students to increase their knowledge by providing programs of instruction in the various disciplines and programs through qualified professional faculty. The acquisition and retention of knowledge by any student is, however, contingent upon the student's desire and ability to learn and application of appropriate study techniques to any course or program. Therefore, Walters State limits representation of student preparedness in any field of study to that competency demonstrated at that specific point in time at which appropriate academic measurements were taken to certify course or program completion.

CALENDAR NOTE: The calendar is subject to change at any time prior to or during an academic term due to emergencies or causes beyond the reasonable control of the institution, including severe weather, loss of utility services, or orders by federal or state agencies.

FEE NOTE: Certain fees and other charges as well as the refund policy could have changed since the printing of this catalog. Current fee assessments and the refund policy are printed in the current timetable of classes which may be obtained through the department of Admissions and Registration Services.

EFFECTIVE PERIOD: Degree/certificate requirements listed in this catalog are in effect for seven years from the beginning of the first academic term listed in this catalog. This catalog is continuously under examination and revision and is not intended to state contractual terms. This catalog does not constitute a contract between the student and Walters State Community College.

Recent changes to information contained in this catalog may be viewed at www.ws.edu/catalog/updates link.
General Information
After Walters State Community College was authorized by the 1967 General Assembly, Hamblen County was chosen by the Tennessee Higher Education Commission as a location. The Tennessee State Board of Education then chose a campus site located on the southeastern edge of the city of Morristown, two miles from the Hamblen County Courthouse. This main campus includes 134 acres of beautiful rolling land that faces east with access roads from the Appalachian Highway. This highway is the connecting link between Interstate 75 in Kentucky and Interstates 81 and 40 into North Carolina and Virginia. The college also occupies modern education facilities in Greeneville, Sevierville, and New Tazewell, Tennessee.

HISTORY

In 1957, the Pierce-Albright Report on Higher Education in Tennessee was made to the Tennessee Legislative Council. This report reflected the need for additional higher education opportunities to be provided for the average Tennessean. Upper East Tennessee was one of many places where higher education was not readily available to the citizens.

In 1963, the Tennessee General Assembly appropriated $200,000 for use over a two-year period to implement the Pierce-Albright Report. The State Board of Education, under the direction of Commissioner J. Howard Warf, developed plans for the establishment of a group of community colleges to serve these areas without access to higher education. The goal was to have one of these colleges within a 30-40 mile commuting distance of every Tennessean. Admission to these colleges was not to be restrictive to recent high school graduates, but was to be an “open door” opportunity with colleges serving a whole community from ages 18 to 80. Acting upon the recommendations of Governor Frank G. Clement and the State Department of Education, the 1965 Tennessee General Assembly authorized the establishment of the first three of these colleges, one to be located in each of the state’s three Grand Divisions. Columbia, in 1966, became the first operational community college in Tennessee, Cleveland and Jackson opened in 1967. Dyersburg and Tullahoma provided sites for the next two which opened in 1969. Walters State Community College, located in Morristown, was the sixth such college. Its opening date was September, 1970.

In 1969, the General Assembly authorized three more community colleges: Roane State in Harriman, Volunteer State in Gallatin, and Shelby State in Memphis. The nine community colleges and the regional universities were under jurisdiction of the State Board of Education. Chapter 838 of the Public Acts of 1972 authorized establishment of the State University and Community College System of Tennessee, today known as the Tennessee Board of Regents system. The elements of the system include the state universities and state community colleges which had been under the State Board of Education, the Board of Regents, and the Chancellor. The new system of governance became effective on July 1, 1972. Chattanooga State Technical Community College, the 10th community college, was added to the community college system in 1973. Since that time, the state’s technical institutes have been upgraded to community college status and the addition of 26 area technology centers has made the Tennessee Board of Regents System the sixth largest system of higher education in the nation. The Tennessee Board of Regents and the Board of Trustees of the University of Tennessee System are coordinated by the Tennessee Higher Education Commission.

This sixth community college, Walters State Community College, was named for former U.S. Senator Herbert S. Walters who played a key role in the establishment of a community college in Morristown. In 1970 the campus of Walters State was under construction and temporary quarters were used during the first year of operation. The College Center Building was completed in the fall of 1971. The next major addition to the campus was the Career Technology Building which was completed in the winter quarter of 1975. The Career Technology Building was expanded and renovated in 1987 and the new facility was renamed the Technical Education Building. In 2001, this building was renamed the Clifford H. “Bo” Henry Center for Business and Technology. The Life Sciences Building, completed in December 1979, was essential to provide needed classrooms and faculty offices for a rapidly growing student body. This building, which is now known as the Math and Behavioral/Social Sciences Building, was completely renovated during the 2001-02 academic year. It re-opened to students and faculty in the fall of 2002. In the summer of 1979 the construction of the Humanities Complex began. The project was completed in the fall of 1980. The Humanities Complex was renamed the Judge William H. Inman Humanities Complex in 2001. In December of 1979, the college added the Plant Operations Building to the physical facilities inventory to handle the functions of maintenance and repair. In 1994 the college began construction of the Campus Development Phase II master plan which includes a new Library, Math and Science Buildings, Public Safety Center, and Administration Building. The new Library opened in May 1997 and the Natural Science Building was occupied in July 1998. The college’s Great Smoky Mountains Expo Center opened in March 1996 and additional support facilities were added during 1998-99.

In addition to expanding its facilities at the Morristown campus, Walters State has established three satellite campuses: the Sevier County Campus, the Greeneville/Greene County Center for Higher Education, and the Claiborne County Center for Higher Education. In 1999, the first building on the new Sevier County Campus was named Maples-Marshall Hall in honor of Mrs. Wilma Maples and her late husband Rell Maples and Mrs. Reese Marshall Ripatti. In 1995, the Walters State Greeneville/Greene County Center for Higher Education moved into the former Laughlin Hospital building in the heart of downtown Greeneville. The college opened the Claiborne County Center for Higher Education in 1995.

Walters State received accreditation by the Southern Association of Colleges and Schools in 1972 and, after completion of an effective institutional Self Study Program, received reaffirmation of accreditation in December 1976. Extensive institutional Self Studies were completed during 1985-87 and 1995-97. Subsequent to the successful Self Studies, Walters State received reaffirmation of accreditation in December 1987 and in December 1997.

VISION

Walters State Community College shall be a regional college of choice with twenty-first century campuses, dedicated to excellence in teaching and service, guided by shared values and principles, and inspired to exceed student and community expectations.

CAMPUS COMPACT

Walters State Community College: An Educationally Purposeful Community

“A place where students, faculty, administrators and staff share academic goals and work together to strengthen teaching and learning on the campus.”

Walters State Community College: An Open Community

“A place where freedom of expression is uncompromisingly protected and where civility is powerfully affirmed.”
Walters State Community College: A Just Community
“A place where the sacredness of the person is honored and where diversity is aggressively pursued.”

Walters State Community College: A Disciplined Community
“A place where individuals accept their obligations to the group and where well-defined governance procedures guide behavior for the common good.”

Walters State Community College: A Caring Community
“A place where the well-being of each member is sensitively supported and where service to others is encouraged.”

Walters State Community College: A Celebrative Community
“One in which the heritage of the institution is remembered and where rituals affirming both tradition and change are widely shared.”

Walters State Community College: A Grateful Community
“One in which we are forever thankful for all of our generous benefactors and supporters.”

MISSION
Walters State Community College, a public two-year higher education institution, is a component of the State University and Community College System of Tennessee governed by the Tennessee Board of Regents. The mission of Walters State is consistent with the college’s shared vision for guiding the college into the twenty-first century and with the values expressed within the Campus Compact. Walters State is a learning centered, comprehensive community college established to provide affordable and quality higher education opportunities for the residents of upper East Tennessee. The college offers programs of study that lead to the Associate of Science, Associate of Arts, and Associate of Applied Science degrees. The college has built degree programs on a general education foundation and provides information technology instruction across the curriculum. Students may receive a certificate of credit for programs of study of one year or less; students may also receive a certificate of recognition for non-credit programs and services.

Walters State provides:
1. university parallel programs that prepare students to transfer to senior institutions;
2. programs and courses in business, technical education, health, public safety, and arts and sciences that prepare students for immediate employment in support of workforce development or prepare them to transfer to another college or university;
3. continuing education and community service programs in support of professional growth, personal enrichment, and lifelong learning;
4. cultural enrichment programs and activities that promote the arts and heritage of East Tennessee and celebrate global diversity;
5. public service programs in support of economic, workforce, and community development;
6. advanced, honors, and developmental education programs for academic enrichment;
7. programs, services, and activities designed to enhance student opportunities, achievement, personal development, sense of civic responsibility, leadership skills, and general welfare;
8. research and development activities for continuous improvement of institutional effectiveness; and
9. access that utilizes traditional and non-traditional delivery systems including the institution’s virtual college.

To facilitate student learning and transfer, the college maintains articulation, collaboration, and partnerships with public schools, technology centers, colleges, and universities. Service to business and industry is facilitated through the utilization of partnerships, networks, and customized programs and courses supporting the development of competitive products, services, and operations. The college provides faculty and staff of the highest quality dedicated to excellence in teaching and service. As a comprehensive community college, Walters State provides leadership to a geographically large and diverse service area. The primary service area includes the counties of Claiborne, Cocke, Grainger, Greene, Hamblen, Hancock, Hawkins, Jefferson, Sevier, and Union. The college has a TBR approved expanded service area including other East Tennessee counties for Public Safety and Health programs. The college’s strategic planning and continuous improvement system is designed to promote maximum accessibility and accountability and to enhance overall institutional effectiveness. The college assesses and responds to changing community needs and provides opportunities for enhancing the quality of life throughout the service area. Walters State remains committed to the education of a non-racially identifiable student body and promotes diversity and access without regard to race, gender, religion, national origin, age, disability, or veteran status.
Admissions and Records
STUDENT INFORMATION CENTER

The Student Information Center, located in the College Center lobby, provides information concerning admissions, student services and other activities available to and sponsored by Walters State Community College. Individuals desiring information about the college or college activities can inquire by calling 423-318-2763 or toll-free 1-800-225-4770, Ext. 6. Information concerning the college can also be obtained by visiting the Walters State home page at: http://www.ws.edu

ADMISSION REQUIREMENTS

Walters State Community College subscribes to an open admissions policy and encourages those who desire to attend the college for the purpose of learning to apply for admission in accordance with provisions stated below.

Walters State Community College does not discriminate on the basis of race, color, religion, national origin, sex, age, disability, or veteran status in the admission of students.

Interested individuals must:
1. Be a high school graduate or possess a GED with a composite score of 45 or above with no single score below 35. High school graduates must provide an official transcript showing graduation.

A person who is under 21 years of age and has not earned a regular high school diploma or has not received a GED will not be admitted. A student will be immediately withdrawn and refunded 100% or his/her tuition/fees upon notification that a regular high school diploma or GED has not been awarded.

A person who is 21 years of age or older and has not completed all requirements for a regular high school diploma, or has not received a GED with a composite score of 45 or above, may be admitted as a special student under the following conditions:

   a. The student may take ONLY developmental studies program courses, or other collegiate level courses approved by the vice president for Academic Affairs/vice president for Student Affairs.

   b. The student will only be permitted to accumulate 24 hours of credit before being required to produce a regular high school diploma or pass the GED, as outlined above.

2. Submit official scores from ACT (American College Testing Program) or SAT (Scholastic Aptitude Test), if the applicant is under the age of 21. The ACT or SAT must have been taken no later than three years prior to the beginning date of classes of the term for which application is being made. Exceptions to this requirement are made for Advanced Studies students who are not enrolling in an English or mathematics course and Basic Police Officer Education students. Exempt students will, however, be required to submit these scores if they change to degree-seeking status prior to reaching the age of 21. While there is no minimum score required for acceptance to Walters State, the ACT or SAT test scores are required for placement purposes. An ACT code number of 4028 has been assigned to Walters State and ACT official scores should be sent to the office of Admissions directly from ACT. Students who have not taken the ACT need to contact the Student Information Center at 1-800-225-4770, ext. 3 or the Counseling and Testing Center, 423-585-6805.

   If you have a disability that requires special test accommodations, please give as much advance notice as possible (at least one month). Last minute accommodation requests are usually very difficult to arrange. Some accommodation requests may require additional documentation.

3. A student who has been suspended from another institution because of disciplinary action must be eligible to return to that institution before being admitted to Walters State Community College.

4. Admission to the college does not guarantee admission to a specific program of study. To be admitted to some programs of study, a student must meet certain standards or be approved by the dean/director of the program (i.e., Nursing).

5. Admission as a transfer student involves a consideration of the student’s high school and/or college record. Consideration is also given to the conditions under which the student is withdrawing or has withdrawn from another institution. Transfer students who are residents of Tennessee will be given first consideration. Out-of-state transfer students will be considered if space is available. The conditions resulting in their request for transfer will be studied and recommendation made by the appropriate committee.

When all of the above requirements have been completed, the applicant is considered a regular student and may be admitted to the college as a candidate for a degree and receive college credit for courses completed.

STUDENT CLASSIFICATION

Students are classified as follows:
1. First-time, degree-seeking student under 21 years of age.
2. First-time, degree-seeking student over 21 years of age.
3. Transfer student - a student who has previously earned college credit from an accredited higher education institution.
4. Transient student - a student who is enrolled at another higher education institution and taking classes at Walters State Community College for the purpose of transferring the credits back to the other institution.
5. Non degree-seeking, special student.

HOW TO APPLY FOR ADMISSION

All correspondence concerning admissions should be addressed to:

DEPARTMENT OF ADMISSIONS
WALTERS STATE COMMUNITY COLLEGE
500 SOUTH DAVY CROCKETT PARKWAY
MORRISTOWN, TENNESSEE 37813-6899

A candidate for admission should request application forms early enough to allow ample time for required materials to be forwarded to the office of Admissions. Under normal conditions the applicant should apply for admission at least 60 days prior to the beginning date of classes.

When all admission documents have been received, the applicant will be sent a letter indicating acceptance for admission or will be advised by letter that further action is necessary in order to establish eligibility for admission. Applicants will be advised when testing, advising, and registration services are available.

It is strongly recommended that all new students attend the New Student Orientation program for an information session, advisement, and registration.

All applicants must submit the following:
1. A completed application for admission and a nonrefundable $10 application fee.
2. Official copies of all transcripts. The transcript of a student graduating from a Tennessee public high school must contain a notation that the student has passed the required proficiency examination. The transcript of a Tennessee home schooled student must be an official copy from an affiliated organization as defined by state (Tenn. Code Ann. 49-50-801), or be accompanied by certification of registration with the director of the local education agency, which the student would otherwise attend. Students holding a GED must provide official scores from the agency that administered the GED examination. Students who have completed the American Council on Education (ACE) External Diploma Program (EDP) will be admitted under the same guidelines as students who have taken the GED. Students who cannot provide a satisfactory secondary school credential may substitute acceptable scores on either the GED or the ACE examination. The appropriate transcripts, certifications, or test scores to support high school graduation must be filed with the office of Admissions.

3. Official test scores of ACT or SAT, as applicable.

4. A completed Hepatitis B form.

5. Proof of Immunization - students born after 1956 must furnish documented proof of having immunity or having been immunized with two doses of MMR (measles, mumps, and rubella) vaccine unless contraindicated because of pregnancy, allergy to a vaccine component, or other valid medical reasons. Students who cannot show proof of immunization must secure the first immunization at the beginning of their first semester and the second immunization by the end of their first term.

6. Selective Service - pursuant to federal and state law, every male who was born on or after January 1, 1960, and is a citizen of the United States or a resident of the United States must register with the Selective Service System. Certification of this registration must be furnished to the office of Admissions. Individuals born on or after January 1, 1960, who did not register with the Selective Service System, must furnish the System with information that the failure to register was not knowing and willful. These individuals must furnish the college a copy of the response from the Selective Service System to the office of Admissions. Individuals may obtain their selective service number at: http://www.sss.gov.

ADDITIONAL REQUIREMENTS FOR SPECIFIC CLASSIFICATIONS

Appropriate assessment is required for enrollment in Basic, Developmental, or College-Level courses.

Assessment decisions are based on valid ACT/SAT scores. Valid ACT/SAT scores are those earned within three years prior to the first day of class of a student’s entering term. No program assessment is required of any student with a valid ACT composite score of 26 or higher. ACT/SAT scores is the primary measure of placement in courses. Other assessment is used as secondary or challenge tests to provide for optimal placement decisions.

1. **Degree-seeking students less than 21 years of age** will be assessed for DE placement according to ACT scores. An ACT score that is less than 19 in the subject area of reading, writing, or math will require placement in DE or further assessment.

2. **Degree-seeking students 21 years of age or older** (who are not required to submit ACT scores),
   a. may submit valid ACT/SAT scores and will be placed accordingly, or
   b. will be required to complete assessment tests in reading, writing, and math.

Students in the aforementioned two classifications that have earned a GED must complete assessment testing in reading, writing, and math or present a valid ACT score.

3. **Transfer students**:
   a. will provide an official transcript from each college previously attended. Failure to indicate previous college attendance will subject the student to dismissal from college.
   b. without college-level English composition and/or mathematics credit will be assessed in writing and/or mathematics based on a valid ACT score or other appropriate assessment test.
   c. admitted on probation who are not eligible for readmission at the last institution attended will be placed on probation at Walters State Community College.

**Students in the aforementioned classification who plan to major in a university parallel program designed to transfer to a university need to meet the requirements outlined on pages 51 and 52 of this catalog.**

4. **Transient students** will provide a completed transient student form.

5. **Nondegree-seeking, special students**:
   a. without college-level English composition credit will be assessed in writing prior to enrollment in college-level English or any course with English as a prerequisite.
   b. without college-level mathematics credit will be assessed in mathematics prior to enrollment in college-level mathematics or any course with mathematics as a prerequisite.
   c. who change to degree-seeking status will be assessed and other screening may be applicable under guidelines for degree-seeking students.

**ENTRANCE PLACEMENT REQUIREMENTS**

Walters State Community College, under the direction of the Tennessee Board of Regents, believes that accurate academic placement is essential to a student’s success in college. An appropriate placement procedure through various assessments is a required component of the admissions process. The placement of a student in a college-level course depends upon having met certain academic standards. Those standards include achievement in high school courses as evidenced by the high school transcript, achievement on the ACT test, the College Level Examination Program (CLEP), and/or achievement on other tests administered by the college.

Students who consider themselves inadequately prepared to pursue a college-level course may request a change in placement, only after being referred by a faculty member in that particular course. If placement is changed to any developmental education courses, the changes become mandatory. The decision to permit the student to enroll in any DE course is an institutional prerogative with placement decisions made by the program dean.

If you have a disability that requires special test accommodations, please give as much advance notice as possible (at least a month). Last minute accommodation requests are usually very difficult to arrange. Some accommodation requests may require additional documentation.

**Referred Students**

1. Students who are not required to undergo assessment may request testing.
2. Instructors may recommend testing for students who did not undergo assessment and later showed deficiencies.
3. Students who have been assessed may be moved within the program based on further holistic assessment.

**Students Electing DE Courses**

Students who consider themselves inadequately prepared to pursue a college-level course may request assessment to deter-
mine whether they need developmental English, mathematics, or reading courses. They must complete the appropriate subject area placement test and must be determined to need remediation before placement. The decision to permit the student to enroll in any DE course is an institutional prerogative with placement decision made by the program dean.

**Entrance Placement Appeal Procedure**

Any student who feels that results of the assessment procedure do not accurately reflect academic ability may appeal the placement decision(s) to the Readmission Committee. The appeal may be initiated through the vice president for Student Affairs or the vice president for Academic Affairs. Students are encouraged to submit documentation of extenuating circumstances to the vice president at the time the appeal is initiated. Students must appear personally before the committee to appeal placement decisions. The committee meets at 9 a.m. on the last working day preceding the first day of classes.

**Student Challenge of Placement Test**

A student may be allowed to challenge the placement test, by subject area, if, according to the dean’s judgment, placement indications are inconsistent with diagnostic test results. The student will not retake the placement test, but may be placed differently according to the dean’s determination. This exception to placement must be supported by documentation, and the dean must permanently waive the student’s original placement.

**Provisions for Open Entry/Early Exit**

Students who are appropriately placed initially but who show exceptional motivation should be allowed to progress in two ways:

a. A student may complete one course and start a second course within the same term. The student will register for the partially completed second course in the subsequent term.
b. A student who completes requirements of two courses in a single term may be allowed to attempt the exit criteria for the second course. When a student completes two levels of course work while enrolled in a single course, the student will receive a waiver for the additional course completed.

**Withdrawal from DE Courses**

Persistence in the program is essential. Students, therefore, must be counseled prior to withdrawal from a course.

**Grades to be Assigned**

Grades to be assigned in DE courses are: A, B, C, F, I (incomplete), W (withdrawal), and IP (in progress). Students will not be allowed to audit DE courses.

**Concurrent Enrollment in College-Level and DE Courses**

College-level courses taken concurrently with DE courses must be carefully selected and must not require skills in which the student is currently deficient.

All students who are required to take the PLACEMENT test must register in advance by calling the Student Information Center at 1-800-225-4740, ext. 3 or the Counseling and Testing Center at 423-585-6805.

---

**READMISSION OF FORMER STUDENTS**

Former students who wish to return to the college must file a formal application for readmission. Application forms, available from the department of Admissions and Registration Services, must be completed in ink or by typewriter and returned. If the student has enrolled at another college since last attending Walters State Community College, a transcript from the other college must be submitted and approved before readmission. Applications will receive favorable consideration only if the applicant is eligible for readmission under all college regulations.

**ADMISSION WITH ADVANCED STANDING**

**Advanced Placement**

Under certain conditions advanced placement may be granted. Walters State Community College may grant advanced placement and credit for courses in which the student has demonstrated satisfactory achievement. Each applicant under this plan is to show satisfactory achievement on the Advanced Placement Test of the College Entrance Examination Board (CEEB) during the student’s senior year in the secondary school, or on the College Level Examination Program (CLEP). Advanced placement in English may be obtained with an ACT English subtest score of 37 - 39 (credit for ENGL 1010) or 31 or higher (credit for ENGL 1010 and 1020). Students contemplating transfer of such credit, however, should be aware that senior institutions vary in their willingness to accept this credit and may require testing. When credit is awarded, high test scores on ACT, CEEB, and CLEP examinations will be converted to a grade of "P" and will not affect the student’s quality point average.

Individual departments may recommend advanced placement based upon the achievement on departmentally designed examination together with the evaluation of the student’s background.

Advanced Placement in foreign language classes will be based upon the student’s previous studies. Placement in foreign language may be made at a level determined by the Foreign Language Department in consultation with the student.

Placement in mathematics may be made at a level decided by the Mathematics Division in consultation with the student. Consideration will be given to the student’s background in specific courses and available test scores.

**Course Exemptions**

High school graduates with exceptional scholastic records or those who have been enrolled in high school accelerated or honor sections may apply to take exemption tests in beginning English, history, mathematics, science, or other subjects where exemption may be justified. Applications to take exemption tests in one or more of the subject areas must be received in letter form by the office of Admissions at least four weeks prior to the date specified for registration in the college calendar.

All course exemption requests must be approved by the vice president for Academic Affairs.

**Credit for Military Service and Service Schools**

A student who has been on active military service duty four months or longer may submit a copy of Separation Notice (DD Form 214) and receive two semester hours of required Physical Education credit.

Veterans and other active armed services personnel may receive degree credit based on the basis of educational experiences according to the evaluation of the experience by the department of Veterans Affairs. The DD Form 214 or other documentation of such experiences must be submitted to the department of Veterans Affairs in order to have such credit established. Credit for military experience will be granted only if Walters State Community College offers comparable courses which relate to experience gained through the military education process. Students who are granted credit in this manner are required to satisfy the residence requirement by completing 18 of the last 26 hours of their degree program at Walters State.

**Credit by Examination**

Under certain conditions a student may be awarded credit by taking a series of departmental proficiency examinations and/or standardized tests in a particular subject area. Applicants for credit by examination in a particular course should be made at least two weeks prior to the test period. All academic credit by examination requests must be made to the division dean and approved by the vice president for Academic Affairs.

ADVANCED STUDIES PROGRAM

A high school student may enroll in college courses under the Advanced Studies Program. Students in this plan will complete admission requirements (with the exception of the high school diploma) prior to enrolling in college classes. The details of this plan are as follows:
1. The student must have junior or senior standing in high school.
2. The student must have a letter grade average of at least a “B” or a numerical average of at least 88.
3. Courses will not be expected to count toward the high school diploma.
4. The student must be certified by the principal/guidance counselor.
5. The courses taken must be chosen by the student in consultation with the high school counselor and the department of Admissions and Registration Services so as to supplement the high school program and insure academic success.
6. In addition to the above requirements, Advanced Studies students desiring to enroll in the English Composition sequence, must have taken the ACT and scored a 19 or higher in the English area. Advanced Studies students desiring to enroll in mathematics courses must have taken the ACT and have scored a 19 or higher in the mathematics area and have successfully completed two years of high school algebra.
7. Any exception to the above conditions must be approved by the high school principal, the vice president for Academic Affairs, and the vice president for Student Affairs. Courses taken while enrolled in high school will count as regular college credit upon high school graduation. Admission to Walters State Community College will be automatic upon graduation.
Advanced Studies should not be confused with the Early Admissions program as outlined by the Tennessee State Board of Education. For further information on that program, contact your local high school principal or guidance office.

EARLY ADMISSION OF FIRST-TIME FRESHMEN

1. High School GPA. Applicants must have completed the 9th, 10th, and 11th grades with a minimum grade point average of 3.2 based on a 4.0 scale or the equivalent.
2. Standardized Examination Score. Applicants must have an Enhanced ACT composite score of at least 22.
3. Prescribed Courses. Applicants must provide a written statement from their high school principal specifying the college courses that will be substituted for the remaining high school courses needed for high school graduation.
4. Endorsements. Applicants shall provide written endorsements from their high school counselors and from their parents or guardians.

ACADEMICALLY TALENTED / GIFTED PROGRAM

Academically talented/gifted students enrolled in grades nine, ten, eleven, or twelve in public or private high schools in Tennessee may, with the recommendation and approval of the high school principal, guidance counselor, and the WSCC department of Admissions and Registration Services, enroll in and receive regular college degree credit from Walters State if such students have a grade point average equivalent to 3.2 on a 4.0 maximum basis and if such placement is a part of the student’s planned Individual Education Program (I.E.P.) as established by the multi-disciplinary team process.

Interested individuals should satisfy the following applicable requirements:
1. Complete a WSCC application.
3. All required forms must be on file in the department of Admissions and Registration Services three weeks prior to registration before the semester of entrance.

INTERNATIONAL STUDENT ADMISSIONS POLICY

All students on F-1 (student) visas are classified as international students, whether they are applying to Walters State as freshmen or transfer students. In making application for admission to Walters State, each international student must have items 1-5 listed below on file in the department of Admissions and Registration Services no later than 60 days prior to the beginning date of the term the applicant wishes to enroll:
1. A completed application for admission and a nonrefundable $10 application fee.
2. Official copies of all transcripts, test scores, and other credentials. These documents must be accompanied by an official English translation which shows the following:
   a. Courses of instruction in terms of years spent in school.
   b. Types of subject matter covered with grades earned in each subject.
3. A completed Hepatitis B form.
4. Evidence of proficiency in the English language according to the following:
   A first-time student must present a minimum TOEFL score of 500 on the paper exam or 173 on the computer-based exam (earned within the last two years) prior to application. The TOEFL score will not be considered until the score has been verified by the department of Admissions and Registration Services. Verification can only be done if the student has requested the testing agency to release their score to WSCC. WSCC institution code is 1893.
   Exception: TOEFL is not required if:
   a. English is the official language of the country of citizenship.
   b. A bachelor’s or master’s degree is conferred on an official transcript from a United States accredited four-year college or university.
   c. A student can show evidence to satisfy all requirements for freshman composition with a grade of “C” or better at a regionally accredited college or university in the United States of America.
5. Evidence of financial resources adequate for one year of enrollment (statement from a United States bank). An amount equal to the first semester tuition must be deposited with a local bank after acceptance by Walters State and prior to issuance of the I-20 Form. All international students will pay out-of-state tuition with the exception of those holding the Permanent Resident Visa, which will be reviewed at the time of admission to determine in-state/out-of-state classification.

NOTE: The I-20 Form will only be issued when the student has completed items 1-5 above.
6. Entering students under 21 years of age are required to take the American College Testing Program (ACT) or Scholastic Aptitude Test (SAT) battery.
Entering students 21 years of age or older are required to undergo placement assessment prior to enrollment where applicable. Contact the department of Counseling and Testing for further information.
7. Provide a copy of your I-94 Form and copies of I-20 Forms from previous schools attended in the United States.
8. The student must become familiar with regulations of the Immigration and Naturalization Service and be responsible for reporting any changes in enrollment to the office of the vice president for Student Affairs.
9. The student must arrive in Morristown, Tennessee, USA, at least one week prior to beginning of classes to make arrangements for housing and other matters.
10. The student must purchase student insurance after arrival at Walters State or furnish documentation reflecting comparable coverage. Forms may be secured from the office of the vice president for Student Affairs.
11. A verification from a United States licensed health agency documenting freedom from tuberculosis must be completed within 30 days from the first day of classes.
12. Students born after 1956 must furnish documented proof of having immunity or having been immunized with two doses of MMR (measles, mumps, and rubella) vaccine, unless contraindicated because of pregnancy, allergy to a vaccine component, or other valid medical reasons. Students who cannot show proof of immunization must secure the first immunization at the beginning of their first semester and the second immunization by the end of their first term.

TECH PREP EDUCATION

Tech Prep is a program of study implemented nationwide and in several foreign countries that combines four years of high school and two years of post secondary education or training leading to an associate degree or a technical certificate. The program seeks to combine college preparatory academics with highly technical courses, utilizing workbased and worksite learning, while eliminating duplication of efforts among high schools, technology centers, and community colleges equipping students with the skills for lifelong learning and higher paying high-tech careers. In order to deliver this program to the students of East Tennessee, Walters State Community College, The Tennessee Technology Center at Morristown, the 25 secondary schools in our 10 county service area, and business and industry representatives have formed the Mid-East Tennessee Tech Prep Consortium.

Tech Prep Career

According to the Perkins Act, Tech Prep careers include all occupations which fall within the fields of “engineering technology, applied sciences, mechanical, industrial, or practical art or trade, or agriculture, health occupations, business or applied economics” (1998 Perkins Act).

Definition of Tech Prep Student

- A Tech Prep student is one who has a four-year or six-year plan that includes participating in an approved official Tech Prep program designed specifically to prepare the student for a postsecondary degree, certificate, or approved apprenticeship leading to employment in related technical career fields.
- To be approved, a Tech Prep program must be governed by a consortium between secondary and postsecondary education institutions with a formal articulation agreement.

Secondary Tech Prep Student Criteria

1. Student plans to pursue an associate’s degree, a certificate or approved apprenticeship in a technical career field following high school graduation (Student Six-Year Educational Plan is the record of this requirement).
2. Student enrolls in either the Dual or Technical Path.
3. Student’s course of study includes at least three units in a vocational-technical area of concentration and one unit in a related vocational-technical area or four units in the same area. (Vocational-Technical Concentrator)
4. Student’s course of study is a program with a formal Articulation Agreement between high school and a postsecondary institution.

Tech Prep Articulation

Articulation is a planned process that provides a transitional vehicle between secondary and post secondary institutions. It offers high school students the opportunity to receive post secondary credit for the skills they have attained at the secondary level at no cost to the student. Because area high school, technology center and Walters State instructors have reviewed what they teach and identified sufficient duplication in those courses, articulation agreements have been arranged affording eligible students free credit.

Articulation Procedures/Requirements for Credit

1. Meet with the high school counselor or teachers and determine appropriate Tech Prep curriculum plan.
2. Complete the initial four years of the Tech Prep curriculum plan and receive a high school diploma.
3. Achieve a grade of “B” or better for the technical courses within the curriculum plan.
4. Pass the secondary level final exam with a “C” or better for each course for which credit is requested.
5. Submit a completed articulation application to the Tech Prep Coordinator at Walters State.
   a. Student must attain 80 percent of the competencies within the application for the course(s) requested for credit.
   b. The application must be signed by the secondary instructor, counselor, and high school principal.
   c. The secondary instructor will submit a copy of his/her final exam to the office of Tech Prep.
   d. The counselor will submit a high school transcript with the articulation application and the student’s six-year plan.
6. Meet all admission requirements and enroll at the post secondary institution within two years.
7. Complete specified hours of non-articulated credit or other conditions as outlined in Individual Program Areas, excluding remedial and developmental courses and high school deficiencies. (see Tech Prep Coordinator)
8. Upon receipt of the articulation application and upon obtaining all required post secondary signatures, the student will receive a letter of Articulation Credit from the Director of Admissions and Records. The student will provide this letter to the post secondary advisor at the time he/she initially enrolls so that there will not be replication of course work.

Other Articulated Programs Within Tech Prep
Walters State Community College and The United States Navy
This agreement allows Navy personnel to earn an associate of applied science degree in electrical/electronics or manufacturing. This agreement enables those who are in the Navy (enlisted or formerly enlisted) or who will enter the Navy (Delayed Entry Program) to receive credit for military training and experience. General Education requirements will be completed through the college by on-campus course work or through various combinations of distance learning. Credit may be awarded for training in nine Navy ratings: Nuclear Electronics Technician, Nuclear Electrician’s Mate, Advanced Electronics Technician, Fire Controlman, Nuclear Machinist Mate, Submarine Electronics Technician, Submarine Fire Control, Submarine Technician, Missile Technician and Submarine Machinist Mate.

East Tennessee Cooperative
This agreement allows those students in high school articulated programs with no corresponding post secondary programs to enroll at a post secondary institution where articulation can be provided. The following community colleges are a part of this articulation cooperative arrangement:
- River Valley Tech Prep Consortium
  (Chattanooga State Technical Community College)
- Ocoee Regional Tech Prep Consortium
  (Cleveland State Community College)

REGISTRATION FOR COURSES
Once a student has filed an application with the department of Admissions and Registration Services, the student will be permitted to register for classes via the STAR System or STAR_NET. The dates and procedures for registration are outlined in the Timetable of Classes for the semester in which the student is registering. The student is not officially enrolled until all requirements of registration have been completed.

CHANGE OF REGISTRATION (Drop - Add)
A student is allowed to change registration during the “Drop-Add” period at the beginning of each semester. After this period, courses dropped from a student’s schedule will be reflected by a “W” when official procedures are followed. The last day to drop from a class is listed in the College Calendar. The following procedures are to be followed in adding or dropping courses:

1. All drop/adds will be done using the Star Telephone Registration System or the STAR_NET web-based system. Dates for drop/adds and instructions for STAR may be found in the Timetable of Classes.

2. Students incurring additional fees through drop/adds are responsible for paying these in the office of Business Affairs, College Center, Room 103, before the end of the drop/add period.

3. Failure to drop a course no longer being attended by the student will result in a grade of “F” for the course.

4. If a student is dropping all classes and will be withdrawn from college for that semester, they must follow the procedures listed on page 19 of the college catalog under the heading, “Withdrawals and Honorable Dismissals”.

5. Following any change of registration, it is the student’s responsibility to check the change(s) for accuracy of the revised schedule. Errors in registration for courses must be addressed prior to the end of the first week of class for appropriate corrective action.
TRANSFER STUDENT

Admission as a transfer student involves a consideration of the student’s high school and/or college record. Consideration is also given to the conditions under which the student is withdrawing or has withdrawn from another institution. Students not eligible for readmission at the last institution attended will have their records carefully reviewed. When accepted, they may be placed on probation and may be requested to use the Counseling Center. Transfer students who are residents of Tennessee will be given first consideration. Out-of-state transfer students will be considered if space is available. The conditions resulting in their request for transfer will be studied and recommendation made by the appropriate committee.

TRANSFER OF CREDIT

Walters State Community College will accept credits transferred from accredited colleges. Certified transcripts of all previous records must be sent to the college at the time of the application. Credits for courses not corresponding with the curriculum at Walters State Community College will be entered on the transcript as elective credits. Credit from an institution of higher education which is not fully accredited may be accepted provisionally.

Transfer courses will be entered on the student’s permanent record. Grade point averages from transfer institutions will not be included with the Walters State average.

CORRESPONDENCE AND EXTENSION CREDIT

A student may not be enrolled at another college for correspondence or extension work while enrolled at Walters State unless special permission has been granted. All extension or correspondence work in progress upon admission must be reported to the department of Admissions and Registration Services at the time of the student’s first registration. Any correspondence or extension work taken while a student is enrolled at Walters State must be approved by the vice president for Academic Affairs.

ADMISSION TO SPECIAL PROGRAMS

Certain instructional programs of the college are subject to special admission requirements which are in addition to the general admission requirements. These programs necessitate special admission requirements and are subject to change due to the availability of institutional resources. Students wishing to enter these programs of study should check with the appropriate department offering the program in order to become familiar with these special requirements.

POLICY REGARDING STUDENT RECORDS

Walters State Community College recognizes the rights of students to have access to their records and will not make unauthorized disclosure of student records, as required by the FAMILY EDUCATION RIGHTS AND PRIVACY ACT OF 1974. This act and the federal regulations adopted under it give students and former students the right to inspect, review, and copy educational records released to them. The only exceptions to this rule are financial records of parents or any information therein; confidential letters and statements of recommendation which were placed in the educational records prior to January 5, 1975; and “Directory Information.”

“Directory Information” includes a student’s name, address, telephone listing, date and place of birth, major field of education, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, and other information of the type above specifically approved by the institution as acceptable “Directory Information”. (At the time of student’s registration for courses, the student may notify the department of Admissions and Registration Services in writing that “Directory Information” for that student may not be released. This notification is effective only for the one semester for which that student is then registered.)

Walters State Community College will not permit access to or the release of any information in the educational records of any student who is personally identifiable other than “Directory Information” without the written consent of the student to any party other than the following: (1) Walters State Community College officials and staff who have legitimate educational interests, including the support of honor societies and academic excellence; (2) officials of other schools in which the student seeks admission; (3) appropriate persons in connection with a student’s application for or receipt of financial aid; (4) federal or state officials as defined in Paragraph 99.37 of the regulations concerning this law; (5) state and local officials authorized by State statute; (6) in response to a judicial order or subpoena; (7) a bona fide emergency if such information is necessary to protect the health or safety of a student or other persons; (8) accrediting organizations to carry out their functions; and organizations conducting studies for or on behalf of Walters State Community College for the purpose of assisting in accomplishing the college’s stated goals, when such information will be used only by such organizations and subsequently destroyed when no longer needed for the intended purpose.

Upon request, a record covered by the ACT will be made available within a reasonable time, and in no event later than 30
RETENTION OF RECORDS

Students’ academic records are maintained permanently on the Student Information System. Periodic backups are made to ensure safety of the files and are stored in a secure location. They are microfilmed annually for permanent storage. All other records are maintained according to AACRAO standards as published by the American Association of Collegiate Registrars and Admissions Officers. A copy of the retention policy is maintained in the Records Office (CCEN-208) and the office of the vice president for Student Affairs (CCEN-120).

If a student feels that a particular record or file contains inaccurate or misleading information or is otherwise inappropriate, the college will afford an opportunity for a hearing to challenge the contents of the record. This request shall be submitted in writing to the college official in charge of the office which maintains that particular record. The college official receiving the written request must forward the request directly to the President of the college who will appoint a hearing committee. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised and may be assisted or represented by individuals of the student’s choice at own expense, including an attorney. The committee, after hearing the student, will make a recommendation to the President who will be the final college authority in resolving the conflict.

Walters State Community College maintains, with the educational records of each student, a record identifying all persons of the student’s choice at own expense, including an attorney. These requests may be made by sending the request to: jim.wilder@ws.edu. The request must include the student’s social security number and where the transcript is to be sent. REQUESTS FOR PERSONAL COPIES OF TRANSCRIPTS MUST BE REQUESTED IN WRITING TO THE RECORDS OFFICE. Written requests for transcripts must include the student’s name, social security number, the address to which the transcript is to be sent and a signature. Personal copies of transcripts will be marked "ISSUED TO STUDENT". Students should be aware that hand carried personal copies of transcripts may not be acceptable to a third party.

There is no charge for transcripts provided that requests do not exceed five copies at any one time. Transcripts in excess of five copies issued at any one time will be subject to a charge of $3 each. All transcript requests must be in writing and will not be taken by telephone. In all cases, obligations to the college must be fulfilled before a transcript will be issued.

CANCELLATION OF SCHEDULED CLASSES

Any scheduled class may be discontinued by the college. The right is reserved to cancel any class when the number enrolled is deemed insufficient.

CANCELLATION OF CLASSES DUE TO WEATHER OR ROAD CONDITIONS

After gathering as much data as possible concerning weather, road conditions, and forecast between 4 a.m. and 5 a.m., the Campus Police consults with the college President and a final decision is made as to whether or not classes will be cancelled or the college closed. This decision is normally made by 5:30 a.m. A similar procedure is followed for evening classes with the final decision being made no later than 4 p.m. Once the decision has been made, information may be obtained on the Citizen Tribune Info Connect line, 423-581-1233, extension 1045. The radio and TV stations listed below are also contacted:

- Morristown WMXK FM 94.1, WCRK AM 1130, WMTN AM 1300, WJDT FM 106.5
- Newport WLK, WNPC 1060
- Jefferson City WJFC AM 1480, WNOX FM 99.3
- Knoxville WIVK AM 990 FM 107.7, WATE-TV, WBIR-TV, WJDT-TV, WIMZ FM 104, WMYU FM 102
- Greeneville WGRV/WIKQ FM 94.9 AM 1340, WSMM
- Rogersville WRCM, WMCH-AM, WEYE FM 104.3
- Sevierville WSEV AM
- Tazewell WNTT, WSVQ
- Tri Cities WKPT-TV
- Mountain City WMCT 1390
- Johnson City WJHL-TV, WAE2-FM 99.3, WQUT
- Kingsport WKPT-TV, WJFT AM 1400
- Oak Ridge WOKI FM 100

In addition to the radio stations listed above, the following two numbers may also be called to determine weather related cancellations:

- Student Information: 1-800-225-4770 or 423-318-2763 select option 1
- Info Connect: 423-581-1233, select 1045

Weather-related cancellations will also be posted on the college’s web site at www.ws.edu.

Students and employees are requested to stay in tune with the station once a decision has been made because on occasion, due to an unexpected and sudden change in the weather and road conditions, a decision is modified. In all instances decisions are made with the safety of students and employees foremost in consideration but with an attempt to have classes if possible. However, on a day or evening when classes are being conducted and weather conditions are questionable, students are advised to use individual judgement in attending. Students shall be provided an opportunity to make up work missed for absences incurred for days when conditions are questionable but classes are meeting.

Where potential abuse of the above by the student exists in the judgement of a faculty member, the burden of proof shall rest with the student. When differences arise, the vice president for Academic Affairs shall act as arbiter.

AUDIT CLASSES

Students planning to audit a course or courses must complete an audit card prior to the drop deadline. An audit student is one who is attending classes, does not take examination, and does not receive a grade. Students may not audit remedial/developmental classes.

Audit of any course in Health Programs will be at the discretion of the dean and the program director.

RETENTION STANDARDS

The minimum quality point average required to achieve the associate degree or certificate is 2.0.

Academic Probation

A student who fails during any term to attain a cumulative QPA at or above the level indicated below for the credit hours attempted will be placed on academic probation for the subsequent term.

<table>

</tbody>
</table>

Academic Dismissal

At the end of the next term of enrollment, a student on academic probation who has failed to attain either the above cumulative standard of a 2.0 QPA for that term will be suspended for one term. The summer term may not be counted as the term of suspension.

Readmission After Academic Dismissal

In order to be readmitted to college after being placed on Academic Dismissal, a student has the following options:

1. Stay out of college for one semester (summer term may not be counted as semester of suspension).
2. Appear before the Admissions Committee to appeal academic dismissal. The Admissions Committee meets at 9 a.m. on the day before classes begin.

WITHDRAWALS AND HONORABLE DISMISSALS

Students finding it necessary to withdraw from the college should do so officially to maintain good standing and to assure readmission or honorable dismissal. Withdrawal procedures are as follows:

1. Secure clearance signature (in sequence) from 1) Counseling Center, Student Financial Aid, 2) Library, 3) department of Student Information, Admissions, Records and Registration Services, and 4) office of Business Affairs.
2. All equipment belonging to the college must be accounted for or paid for and all financial obligations met. If it is impossible for the student to take these steps in person, they should be taken by a parent or person acting as an agent for the student. Up to the date given in the academic calendar, a student may withdraw from the college with a grade of “W”.
After the date listed in the academic calendar (last day to drop a course or withdraw from college), a student may, in emergency situations, withdraw by the recommendation of the instructor and the approval of the vice president for Academic Affairs. In cases such as this, the student will be assigned a grade of "W" if passing the course or a grade of "WF" if failing the course.

A student who stops attending classes and fails to follow the proper withdrawal procedures, will be carried on the roll until the end of the semester and grades will be reported as "F".

Grades, transcript information, drop/adds, withdrawals and other data perceived by the student to be in error must be protested by the student during the subsequent semester. Protests made after this time will not be reviewed.

### HIGH SCHOOL CORE UNITS REQUIRED FOR UNIVERSITY PARALLEL DEGREES

The Tennessee Board of Regents has admissions requirements for students who are entering college and who will be pursuing AA or AS degrees in university parallel programs. These requirements are in force for the following groups of students:

1. Students who graduated from high school in 1989 and thereafter.
2. Students who earned a GED certificate prior to January 1, 1989.
3. Students who fit the above categories and who have accumulated 59 or fewer transfer hours as evaluated by the receiving institution, and who earned these hours during fall term 1989 and thereafter.
4. Students who change majors from an associate of applied science degree or certificate program to an AA, AS, or baccalaureate degree program.

The following groups of students are not bound by admissions requirements:

1. Students who graduated from high school prior to spring 1989.
2. Students who earned a GED certificate prior to January 1, 1989.
3. Students who earned college credit prior to fall term 1989.
4. Students 21 years of age and older.
5. Students admitted based on a GED certificate received after January 1, 1989. These students will have to undergo the pre-test in reading, writing, and two math. These students will not be required to remove deficiencies in geometry, natural or physical sciences, social studies, or U.S. History. They will, however, need to remove deficiencies in English, algebra, foreign language 1 and 2, and the visual and performing arts.
6. Non-transfer (major changes) and transfer students with 59 or fewer transfer hours. These students must either have had the pre-tests if their ACT composite is below the limit or have not had either the ACT or SAT. These students will be required to remove any high school deficiencies.
7. Special students-non-degree seeking. As long as a student is in non-degree status no deficiencies will need to be removed.
8. Degree-seeking students who do not meet the above criteria and who are pursuing a university parallel program will need to remove all deficiencies prior to graduation.

### Walters State Courses to Remove High School Unit Deficiencies

<tr>
<td>Visual/Performing Arts</td>
<td></td>
</tr>
</tbody>
</table>

*Please be aware that these courses may be used for elective credit only. Students may not use these courses to satisfy any specific course requirements in their declared program of study, i.e., a student who is deficient in foreign language 1 and 2 cannot remove the deficiency with a year of French, German, or Spanish and also use these courses to satisfy the language requirement in a university parallel program.

Students who have questions concerning whether or not they have high school unit deficiencies should reference the categories listed below or contact the department of Admissions and Registration Services for further information concerning removal of these deficiencies.

1. ACT composite equal to or greater than 26. These students would face the possibility of removing deficiencies only in foreign language 1 and 2 and visual and performing arts.
2. Students with an Honors diploma. These students are not required to remove any high school deficiencies. Please note, however, these students may require assessment due to the remedial and developmental guidelines.
3. Transfer students with 60 or more transferable hours or holding an AA or AS degree in programs designed for transfer. These students will not be required to remove any high school deficiencies.
4. Students 21 years of age and older. This group of students must have graduated from high school during or after spring 1989. These students will not have to remove deficiencies in geometry, natural or physical sciences, social studies, or U.S. History. They will, however, need to remove deficiencies in English, algebra, foreign language 1 and 2, and the visual and performing arts.
5. Students admitted based on a GED certificate received after January 1, 1989. These students will have to undergo the pre-test in reading, writing, and two math. These students will not be required to remove deficiencies in geometry, natural or physical sciences, social studies, or U.S. History. They will be required to remove deficiencies in foreign language 1 and 2 and the visual or performing arts.
6. Non-transfer (major changes) and transfer students with 59 or fewer transfer hours. These students must either have had the pre-tests if their ACT composite is below the limit or have not had either the ACT or SAT. These students will be required to remove any high school unit deficiencies.
7. Special students-non-degree seeking. As long as a student is in non-degree status no deficiencies will need to be removed.
8. Degree-seeking students who do not meet the above criteria and who are pursuing a university parallel program will need to remove all deficiencies prior to graduation.
BUSINESS REGULATIONS

Expenses are charged and payable by the semester since each semester is a separate unit of operation. A student may enroll at the beginning of any semester. Registration at the beginning of each semester is not complete until all fees have been paid, and no student may be admitted to classes without having met financial obligations. All payments are to be made by cash, check, debit card and/or Master/Visa credit card to the office of Business Affairs. Check-writing privileges will be taken from a student after having had two returned checks written by the student or on his/her behalf. There is a $20 per check charge for any returned check given to the college. Students will be administratively withdrawn from the semester if returned checks for registration related fees are not paid within the specified time as identified in written communication by the Business Office. No student may re-enroll, graduate, or receive a transcript of records until all accounts are settled. The term “account” includes any indebtedness to the college. All fees are subject to change by the Tennessee Board of Regents.

MAINTENANCE FEES – ALL STUDENTS

Current Rates: $78 per semester hour, not to exceed $912 per semester (see note below) for the fall and spring semesters. Summer term fees are $78 per semester hour with no maximum limit relative to fee assessment.

OUT-OF-STATE TUITION

Please see page 25 for definition of Out-of-State Student. Non-residents of Tennessee will pay out-of-state tuition. Out-of-state tuition is assessed in addition to maintenance fees.

Current Rates: $236 per semester hour, not to exceed $2,732 per semester.

Students will be classified as resident or nonresident by the department of Admissions for the purpose of assessing tuition charges. The definition of residency, as determined by the Tennessee Board of Regents, will apply. The domicile of a married person shall be determined independent of the domicile of the spouse. The burden of proof pertaining to residence is placed upon the student. Please refer to current Timetable of Classes.

NOTE: For the 2004-2005 academic year, maintenance fees and out-of-state tuition may be increased. The amount of increase is not known at the time of printing this catalog. Please refer to current Timetable of Classes or contact the Business Office for current fee rates.

AUDIT STUDENTS

Students enrolling in regular college courses as auditors will pay the same fees as those enrolling for credit. Audit students will follow the same procedures for enrollment as other students.

INCIDENTAL FEES

Application Fee - A non-refundable fee of $10 must accompany any application to the college for credit courses. This fee is a one-time charge and is not applicable to the registration fee.

Late Registration Fee - $25. This fee will be charged during the entire period of late registration. Non-refundable.

Technology Access Fee - $15 per semester hour to a maximum of $112. This fee is subject to the same refund procedures as maintenance and out-of-state tuition.

Campus Access and Security Fee - $2 per student per semester.

Student Government Activity Fee - $5 per student per semester.

Special Course Fees (Paid to WSCC) Non-refundable.
1) Individual Instruction in Music - Additional charge for individual music instruction shall be as follows:
   - One credit hour course - $45.
   - Two credit hour course - $90.
2) Basic Police Recruit School - A flat charge inclusive of maintenance, incidental registration, application, and materials fees assessed for the BFRS school.
3) Culinary Arts Food Consumption - A flat charge inclusive of maintenance, incidental registration, application, and materials fees assessed for certain culinary arts classes. Please refer to current Timetable of Classes.
4) Regents Online Degree Program Online Course Fee: A per credit hour charge inclusive of maintenance, incidental registration, application, and materials fee assessed. Please refer to the Timetable of Classes.

Graduation Fee - $25. This fee includes the cost of diploma and cap and gown. This fee must be paid at the beginning of the semester in which a student is scheduled to graduate. This fee is non-refundable and is valid for two semesters.

Diploma Replacement - $20.

Transcript Fee - No charge for transcripts provided that requests do not exceed five copies at any one time. Transcripts in excess of five copies issued at any one time will be subject to a charge of $3 each. Non-refundable.

Tests
1) General Educational Development Test (GED) - $65.
2) GED Retest - $11 for each test.
3) Nursing Achievement Tests
   - Nursing Challenge Exam (Contact the Division of Health Programs for a listing of current test fees)
4) Proficiency Examination - $65.
5) American College Test (Residual) - $30.
6) COMPASS Retest - $20.

Walters State reserves the right to add miscellaneous course fees for courses utilizing off-campus facilities such as bowling, aviation, etc.

NOTE: Above incidental fees are subject to change.

FEE WAIVERS / DISCOUNT PROGRAMS

1. Tennessee Code Annotated 49-7-113. Disabled and Elderly Persons - Auditing Classes or Enrolling for Credit.
a. 1. Disabled persons suffering from a permanent total disability which totally incapacitates such person from working at an occupation which brings the
2. a. State Employee Fee Waivers - Employees of the state of Tennessee or retired state employees (minimum 25 years service) may be eligible to enroll in one course per term on a space available basis without the payment of tuition charges, maintenance fees, and any special course fees; however, this privilege may be limited or denied by the college or university on an individual classroom basis according to space availability. Students are responsible for application fee, late fees, campus access fee, and any special course fees assessed.

2. The provisions of this section shall not apply at medical schools, dental, or pharmacy schools, and no institution of higher education shall be required to make physical alterations of its buildings or other facilities to comply with this section.

3. Prior to admittance, the university or college involved may require an affidavit or certificate from a physician or an agency charged with compensating the disabled person or adjudicating the permanent total disability of the person who is requesting admittance to classes, that such person is permanently totally disabled as set forth herein.

4. A student who is receiving services under federal or state vocational rehabilitation programs is not eligible for a waiver of tuition and fee benefits under this section.

b. Subject to the same terms and conditions as provided in subsection (a), disabled persons, as defined in subsection (a), and persons who will become sixty-five (65) years of age or older during the academic quarter or semester, whichever is applicable, in which such persons begin classes and, who are domiciled in Tennessee, may be enrolled in courses for credit at state-supported colleges or universities without payment of tuition charges, maintenance fees, student activity fees or registration fees, except that the board of trustees of the University of Tennessee and the Board of Regents of the State University and Community College System may provide for a service fee which may be charged by the institutions under their respective jurisdictions, the fee to be for the purpose of helping to defray the cost of keeping the records of such students and not be exceed fifty dollars ($50) a quarter or seventy-five dollars ($75) a semester. At Walters State Community College, disabled and elderly persons will be permitted to enroll only during the late registration period on a space available basis. Documentation of age or disability status must be presented at the time of registration, and the documentation of disability will include a completed Physician’s Certificate of Total Disability form signed by a licensed medical doctor and as well as a statement or affidavit from the agency charged with compensating the disabled person or adjudicating the permanent and total disability of the person requesting admittance to classes. Additionally, the person will have to satisfy requirements for admission to the college.

2. a. State Employee Fee Waivers - Employees of the state of Tennessee or retired state employees (minimum 25 years service) may be eligible to enroll in one course per term on a space available basis without the payment of maintenance fees, student activity fees, technology access fees. State employees are responsible for the campus access fee and any special course fees, such as music, culinary arts, or RODP online course fees. Course enrollment will be permitted on a “space available” first-come-first-serve basis. State employees may not register or turn in the fee waiver form until the date indicated in the current Timetable of Classes. Employees having questions concerning this process should contact the office of Business Affairs. Questions pertaining to the fee waiver program for state or retired state employees may be directed to the Human Resources Department.

b. Employees of Tennessee Board of Regents System and the University of Tennessee System Utilizing a PC 191 - Employees of the TBR System of the University of Tennessee System may be eligible to enroll for one course per term for credit on a space available basis without the payment of maintenance, student activity, and technology access fees. Employees are responsible for special course fees, such as music, culinary arts, and RODP online course fees. Employees using a fee waiver to obtain one fee waiver per term may not register or turn in a fee waiver form until the date specified in the Timetable of Classes. The fee waiver forms must be presented to the office of Business Affairs at the time fees are paid. Employees having questions concerning this process should contact the office of Business Affairs.

3. Fee Discounts for Dependents of Certified Public School Teachers or State Employees - Children under the age of 24 whose parent is employed as a full-time licensed teacher in any public school in Tennessee or as a full-time employee of the State of Tennessee may be eligible for a 25 percent discount of applicable registration related fees per semester. Fee discounts described herein are also available for children of retired state employees meeting a minimum specified service requirement or of state employees killed on the job or in the line of duty. Certification of eligibility to receive the discount must be provided to the college each semester. Questions pertaining to participation in this program should be directed to the office of Business Affairs.

All fees, waivers and discounts are subject to change by policy of the Tennessee Board of Regents without prior notice.

4. Eligibility for Deferment of Payment of Tuition and Fees by Certain Eligible Students Receiving U.S. Department of Veterans Affairs or Other Governmentally Funded Educational Assistance Benefits

Service members, veterans and dependents of veterans who are eligible beneficiaries of U.S. Department of Veterans Affairs education benefits or other governmentally funded educational assistance, subject to the conditions and guidelines set forth in Tennessee Code Annotated 49-7-104 as amended, may elect, upon formal application, to defer payment of required tuition and fees until the final day of the term for which the deferment has been requested. Application for the deferment must be made no later than 14 days after the beginning of the term, and the amount of the deferment shall not exceed the total monetary benefits to be received for the term. Students who have been granted deferments are expected to make timely payments on their outstanding tuition and fees balance once education benefits are being delivered, and eligibility for such deferment shall terminate if the student fails to abide by any applicable rule or regulation, or to act in good faith in making timely payments. This notice is published pursuant to Public Chapter 279, Acts of 2003, effective July 1, 2003.
REFUNDS

Students are to assume full responsibility for specific course selections and the institution assumes no responsibility for refunding in situations where class conflicts or errors in scheduling occur.

Refund procedures for maintenance, out-of-state tuition, and the technology access fee are as follows:

A. Change of a student’s status which warrants a refund.
   1. Change in a full-time student’s schedule which results in reclassification to a part-time student.
   2. Change in a part-time student’s schedule which results in a class load of fewer hours.

B. Situations which warrant a refund.
   1. Dropping a course or courses.
   2. Withdrawing from the institution.
   3. Cancelling of a class by the institution.
   4. Death of a student.

C. Refund Procedures
   1. Seventy-five percent of fees will be refunded for drops or withdrawals for a period of 14 calendar days beginning with and inclusive of the first official day of classes or within an equivalent period for a short term course.
   2. Twenty-five percent of fees will be refunded following expiration of the 75 percent period for a period of time extending 25 percent of the time period covered by the term. No refunds will be made beyond the 25 percent period.
   3. One hundred percent of fees will be refunded for classes cancelled by the institution.
   4. One hundred percent of fees will be refunded for withdrawals prior to the first official day of the semester or session for the summer term.
   5. One hundred percent refund in case of death.

Refund procedures are in place to allow military reserve and national guard personnel who are ordered to active military service during a semester to receive a refund. A 100 percent refund of maintenance fees, out-of-state tuition, technology access, activity and access fees may be made when a student withdraws from college due to their being called to extended active duty. A copy of the official military orders must be provided with the student’s withdrawal form. Questions pertaining to these procedures may be directed to the vice president for Academic Affairs, the vice president for Student Affairs or the vice president for Business Affairs.

Refunds will be processed as soon as possible at the conclusion of each respective refund period. Refund checks will normally be mailed within a period of two weeks at the close of the specified refund period. All fees except maintenance, tuition, and technology access are non-refundable. (Please refer to the current Timetable of Classes published each semester for specific refund periods.)

Refund Policies
1. Cash refunds will be made in the Bookstore during the first three weeks of fall and spring semesters. The cash refund period will vary with each session during the summer terms. The exact dates will be posted in the Bookstore and in the current Timetable of Classes.
2. A cash register receipt must be presented to receive a refund.
3. New textbooks that are in new condition warrant a 100 percent refund.
   New textbooks in which writing or other defacement is present warrant a 75 percent refund.
   Used textbooks warrant a 50 percent refund.
4. Requests for refunds after the cash refund period will be processed on an exception basis. Such refund requests will be processed through the office of Business Affairs, and a check will be mailed to the customer.

Textbook Buy Back

The Bookstore offers to buy back books at the end of each semester to be used in the coming semester when possible. There are many reasons that the Bookstore might not buy back a book including but not limited to: 1) more in stock than can be sold, 2) a new textbook has been adopted, 3) the textbook has media (CD’s, disks, etc.) that cannot be used again and the department required the media be available to the student and 4) the textbook has pages that can be torn out and are needed in class. Hours of the buy-back will be posted on the bulletin board outside the Bookstore and in the current Timetable of Classes.

Bookstore on the WEB

The Bookstore is on the WEB at: http://bookstore.ws.edu
Access this site to get a list of textbooks and supplies needed for all classes.

MOTOR VEHICLE REGISTRATION

All motor vehicles used on campus must meet registration requirements of the state of Tennessee and display a current WSCC hang tag. The annual registration period begins August 15 of each year. A registration hang tag is issued which must be clearly displayed on the vehicle registered. Hang tags may be obtained in the Information Center upon presenting a valid I.D. card or a current fee receipt.

PARKING AND VEHICLE REGISTRATION FINES

The fine for parking and registration citations is $15. In cases where students are protesting the citation(s), the protest must be made to the office of the vice president for Student Affairs, Room 120-CCEN, within 10 days after the date of the citation (excluding weekends and holidays).

The fine for parking in areas designated for individuals with disabilities (i.e. wheelchair symbol) will be $100. All fines will be paid in the office of Business Affairs.

The fine for a moving vehicle violation is $15. If the fine is not cleared (paid or protested) within 10 days of the citation date (excluding holidays and weekends) the fine is increased to $20.

The WSCC Traffic Court, comprised of students, will review and judge all student traffic protests. Citations protested before the Traffic Court and not voided by the court must be paid.

BOOKSTORE

General
The college bookstore is located in Room 124-CCEN near the cafeteria. Books and educational supplies, along with computer software, and clothing may be purchased from the college bookstore.

Hours
Bookstore hours are listed in the current Timetable Of Classes.
GUIDELINES FOR THE CLASSIFICATION OF STUDENTS FOR FEE PAYING PURPOSES

Intent. It is the intent that the public institutions of higher education in the state of Tennessee shall apply uniform rules, as described in these regulations and not otherwise, in determining whether students shall be classified “in-state” or “out-of-state” for fees and tuition purposes and for admissions purposes.

Definitions. Wherever used in these regulations:

1. “Public higher educational institution” shall mean a university of community college supported by appropriations made by the legislature of this state.
2. “Residence” shall mean continuous physical presence and maintenance of a dwelling place within this state, provided that absence from the state for short periods of time shall not affect the establishment of a residence.
3. “Domicile” shall mean a person’s true, fixed, and permanent home and place of habitation; it is the place where the individual intends to remain, and expects to return when leaving without intentions to establish a new domicile elsewhere.
4. “Emancipated person” shall mean a person who has attained the age of 18 years, and whose parents have entirely surrendered the right to the care, custody, and earnings of such person and who no longer are under any legal obligation to support or maintain such deemed “emancipated person”.
5. “Parent” shall mean a person’s father or mother. If there is a non-parental guardian or legal custodian of an emancipated person, then “parent” shall mean such guardian or legal custodian; provided, that there are not circumstances indicating that such guardianship or custodianship was created primarily for the purpose of conferring the status of an in-state student on such emancipated person.
6. “Continuous enrollment” shall mean enrollment at a public higher educational institution or institution of this state as a full-time student, as such term is defined by the governing body of said public higher educational institution or institutions, for a normal academic year or years or the appropriate portion or portions thereof since the beginning of the period for which continuous enrollment is claimed. Such person need not enroll in summer session or other similar sessions beyond the normal academic year in order that enrollment be deemed continuous notwithstanding lapses in enrollment occasioned solely by the scheduling of the commencement and/or termination of the academic year, or appropriate portion thereof, of the public higher educational institutions in which such person enrolls.

Rules for Determination of Status

1. Every person having domicile in this state shall be classified “in-state” for fee and tuition purposes and for admissions purposes.
2. Every person not having domicile in this state shall be classified “out-of-state” for said purposes.
3. The domicile of an emancipated person is that of the parent(s).
4. The domicile of a married person shall be determined independent of the domicile of the spouse.

Out-of-State Students Who Are Not Required to Pay Out-of-State Tuition

1. An unemancipated, currently enrolled student shall be reclassified out-of-state should the parent(s), having theretofore been domiciled in the state, remove from the state.

However, such student shall not be required to pay out-of-state tuition nor be treated as an out-of-state student for admission purposes so long as enrollment at a public higher educational institution or institutions shall be continuous.

2. An unemancipated person whose parent is not domiciled in this state but is a member of the armed forces and stationed in this state or at Fort Campbell pursuant to military orders shall be classified out-of-state but shall not be required to pay out-of-state tuition. Such a person, while in continuous attendance working toward the degree for which the person is currently enrolled, shall not be required to pay out-of-state tuition if the parent(s) thereafter is transferred on military orders.

3. A person, who is not domiciled in Tennessee, but has a bona fide place of residence in a county which is adjacent to the Tennessee state line and which is also within a 30 mile radius (as determined by THEC) of a city containing a two-year TBR institution, shall be classified out-of-state, but admitted without out-of-state tuition. The two-year institution may admit only up to three percent of the full-time equivalent attendance of the institution without out-of-state tuition. (THEC may adjust the number of non-residents admitted pursuant to this section every three years.) See T.C.A. 49-9-102)

4. Part-time students who are not domiciled in this state but who are employed full-time in the state, or who are stationed at Fort Campbell pursuant to military orders, shall be classified out-of-state but shall not be required to pay out-of-state tuition.

5. Military personnel and their spouses stationed in the State of Tennessee who should be classified out-of-state in accordance with other provisions of these regulations will be classified out-of-state but shall not be required to pay out-of-state tuition. This provision shall not apply to military personnel and their spouses who are stationed in this state primarily for educational purposes.

6. Dependent children who qualify and are selected to receive a scholarship under the Dependent Children Scholarship Act (TCA 49-4-704) because their parent is a law enforcement officer, firefighter, or emergency medical service technician who was killed or totally and permanently disabled while performing duties within the scope of their employment shall not be required to pay out-of-state tuition.

Presumption. Unless the contrary appears from clear and convincing evidence, it shall be presumed that an emancipated person does not acquire domicile in this state while enrolled as a full-time student at any public or private higher educational institution in this state, as such status is defined by such institution.

Evidence to be Considered for Establishment of Domicile. If a person asserts that domicile has been established in this state, the burden of proof lies with that person. Such a person is entitled to provide to the public higher educational institution by which the person seeks to be classified or reclassified in-state, any and all evidence which the person believes will sustain the burden of proof. Said institution will consider any and all evidence provided to it concerning such claim of domicile but will not treat any particular type or item of such evidence as conclusive evidence that domicile has or has not been established.

Appeal. The classification officer of each public higher educational institution shall be responsible for initially classifying students “in-state” or “out-of-state”. Appropriate procedures shall be established by each institution by which a student may appeal the initial classification.
**Effective Date for Reclassification.** If a student classified out-of-state applies for in-state classification and is subsequently so classified, in-state classification shall be effective as of the date on which reclassification was sought. However, out-of-state tuition will be charged for any quarter or semester during which reclassification is sought and obtained unless application for reclassification is made to the admissions officer on or before the last day of registration of that quarter or semester.

**Effective Date.** These regulations supersede all regulations concerning classification of persons for fees and tuition and admission purposes previously adopted by the Tennessee Board of Regents, and having been approved by the governor, became effective July 1, 1983.
Pursuing the 2004-2005 season, Walters State Senators and Lady Senators teams reached new milestones in 2001-2002 and 2002-2003; all five WSCC intercollegiate teams were ranked in the top 20 in the nation. The current Senators baseball program is again recognized as one of the best in the nation. Walters State Senators and Lady Senators teams reached new milestones in 2001-2002 and 2002-2003; all five WSCC intercollegiate teams were ranked in the top 20 in the nation. The current Senators baseball program is again recognized as one of the best in the nation.

**Academic Advising**

Students must see an advisor prior to registering for classes each semester. The advisor is a faculty member who teaches in the student’s major field of study. Advising information is available via computer in each faculty member’s office. This catalog contains the necessary information for each college curriculum and students should follow the curriculum as it is laid out.

Readmitted students need to complete the readmission application and then proceed to see an advisor within the student’s major field of study. However, if a student attended prior to 1988, the academic advising information can be obtained only from the department of Records (208-CCEN).

Transfer students will need to request that their incoming transcript be evaluated. Once the transcript has been evaluated the transfer information will be entered into the computer so that an advisor can retrieve the transfer information during the advising session.

Walters State encourages continuous academic advising. Once an advisor is selected, the student should feel free to seek academic advice and mentoring throughout the student’s college career.

**Intercollegiate Athletics**

Walters State is a member of both the Tennessee Junior and Community College Athletic Association and the National Junior College Athletic Association. There are 11 member schools in the TJCCAA, six in the Eastern Division and five in the Western Division. WSCC competes in the Eastern Division. In the NJCAA, WSCC is a member of Region VII, made up of 14 community and junior colleges in Tennessee and Kentucky.

Walters State has one of the most outstanding athletic programs in the Tennessee-Kentucky region. To reach this level of success, WSCC has hired an excellent coaching staff, recruited and awarded athletic scholarships to the area’s best athletes. The teams always play exciting and competitive schedules, which draw tremendous community support. After the recent renovations, Walters State has the best athletic facilities to be found in the TJCCAA. The “Z” Buda Gymnasium has been made a show place with all armchair seats on the floor and balcony levels. The baseball and softball complex have state-of-the-art facilities. Team locker/meeting rooms have been built directly behind the home dugout and are accessible from the dugouts. The physical education/athletic complex is equipped with a fitness center with state-of-the-art weight training and fitness equipment, eight lighted tennis courts, and two racquetball courts. There is also a well-equipped training room for treatment of athletic injuries, team locker rooms, a gymnastics area, and a baseball batting cage and pitching machine.

The 2002-2003 Senators basketball team posted a 26-11 record, won the Eastern Division, and advanced to the semifinals of the TJCCAA/NJCAA Region VII Tournament, and was ranked as high as 11th in the NJCAA polls. In 26 years, Coach Bill Carlyle has posted a 534-215 records (20-6 wins/year), won 11 Eastern Division championships, 12 coach of the year awards, played in six TJCCAA/NJCAA Championship games, advanced to the National Tournament in Hutchinson, Kansas, in 2001-2002 (wound up 8th nationally). Over 100 former Senators have been awarded scholarships to four-year colleges and universities. Senators basketball has been ranked among the top 20 teams in the nation six of the last nine years.

The Lady Senators basketball program is also nationally recognized and considered one of the nation’s most outstanding programs. The 2002-2003 team (24-7) was a runner-up in the 504;

TJCCAA/NJCAA Region VII Women’s Tournament. Three Lady Senator’s teams have advanced to the national tournament. The Lady Senators have won seven TJCCAA Championships, have been the TJCCAA/NJCAA Region VII runner-up five times and won 10 Eastern Division Championships. Nine players have earned NJCAA All-American honors and two have earned Academic All-American.

Coach Dave Kragel has a 538-202 record (20-7 wins/year) during his 26-year tenure; he is among the top 10 winningest NJCAA women’s basketball coaches in the nation.

The 2002-2003 Senators baseball team posted a 47-13 record, won the TJCCAA Eastern Division, won the 2002-2003 TJCCAA/NJCAA East Central District Tournament, and advanced to the 2003 NJCAA Baseball World Series in Grand Junction, Colorado, where they won three games and wound up third in the nation in the final NJCAA poll. Coach Ken Campbell is 179-44 in his four years at Walters State (average of 45 wins-11 losses/year) and has received four coach of the year awards. The Senators have had 11 former players selected to NJCAA All-American teams and eight received most valuable player awards in the TJCCAA/NJCAA Region VII. The Senators baseball program is again recognized as one of the best in the nation.

Golf has dominated Region VII and conference play in the last 17 years. The Senators 2002-2003 team was ranked as high as sixth in the nation, won five tournaments, and compiled an 80-10 record. The Senators golf teams have won 13 TJCCAA/NJCAA Region VII crowns and qualified to play in the NJCAA National Tournaments. The Senators have had the individual medallist at the NJCAA Region VII Golf Tournament 10 of the last 11 years. Walters State’s golf coach, Bill Gardner, was inducted into the TJCCAA Hall of Fame for his many contributions during his 31-year tenure.

The Lady Senators softball team posted a 38-12 record during the 2002-2003 season, were ranked in the top 20 in the NJCAA polls, and advanced to the semifinals of the TJCCAA/NJCAA Region VII Softball Tournament. In his six years at Walters State, Coach Larry Sauceman has compiled a 193-67 record (32-11 record/year) and five second place finishes in the Eastern Division. Coach Sauceman’s teams have consistently been one of the top 10 teams in the nation in hitting.

Walters State Senators and Lady Senators teams reached new milestones in 2001-2002 and 2002-2003; all five WSCC intercollegiate teams were ranked in the top 20 in the nation. The current teams look forward to continuing “the tradition of excellence” in the 2004-2005 season.
COUNSELING AND TESTING CENTER

The Counseling and Testing Center, located in Room 212-CCEN, is a place where students can find encouragement and support in academic endeavors and in establishment of a good foundation for future growth. The center is staffed by professionally trained counselors who provide services for a wide range of problems—educational, vocational and personal issues.

All discussions are confidential, thus allowing students to explore freely any problems or feelings which are of concern to them. Therefore, all students seeking an open atmosphere to air these problems are encouraged to contact a member of the counseling staff. Students interested in forming small discussion groups may do so by contacting someone in the center.

Adult learners, those who have been at home raising a family or in the work force, are encouraged to inquire concerning information related to college activities. In the area of personal counseling, the staff offers a full referral service to outside agencies in Walters State’s service area.

Counseling may include interest inventories, computer-based career planning information, academic counseling, as well as personal counseling. A collection of occupational information materials, catalogs, and transfer equivalency tables from various educational institutions are available in the center for student use. Students planning to transfer to four-year institutions are encouraged to come by the center for further information.

GED Test Information

1. The General Education Development (GED) Test for a High School Equivalency Diploma is administered through the Counseling and Testing Center at Walters State Community College. The test schedule and application form may be obtained from the Counseling, Testing and Support Services Department. Applicants should be present by 7 a.m. at the Counseling and Testing Center located in Room 211-CCEN.

2. The applicant must be 18 years of age to be eligible to take the test. Proof of age and identity must be furnished by the applicant. Current driver’s license would best serve the applicant. A photograph must accompany the application.

3. The complete test battery consists of five parts: Writing Skills, Social Studies, Science, Interpreting Literature and the Arts, and Mathematics. The entire battery may take 1 1/2 days to complete. The fee for the complete battery of five sections of the GED Test is $65. Prior application is required and must be accompanied by the $65 fee.

4. Books to aid in preparation for taking the test may be purchased at the Walters State Community College Bookstore.

5. If you have a disability that requires special test accommodations, please give as much advance notice as possible (at least a month). Last minute accommodation requests are usually very difficult to arrange. Some accommodation requests may require additional documentation.

Further information may be obtained by writing or visiting the Counseling, Testing, and Student Support Department at Walters State Community College or by calling 423-585-6804 or 1-800-225-4770, ext. 3.

ENROLLMENT DEVELOPMENT DEPARTMENT

The Enrollment Development Department, located in Room 119-CCEN, is responsible for planning and coordinating student marketing and recruiting activities. The department makes initial contacts with prospective students, provides pre-admission counseling, schedules campus visits and tours, provides admissions information, assists students in obtaining financial aid and completing other admissions requirements and provides educational program information to local industries. Additionally, this office recruits and serves adult students who have delayed or interrupted their college education; retention services include personalized referrals to college support programs.

Orientation of Students

The purpose of orientation is to introduce students to all aspects of Walters State Community College. All new students who plan to attend Walters State are required to come to an orientation session. Orientation sessions are scheduled prior to fall and spring semesters. The program includes advising, registration, an introduction to administrative officers, faculty, and students, presentations involving campus facilities and student activities.

HEALTH SERVICES

The health and safety of students is a major concern of the Student Affairs Division. The Health Clinic, located in Room 127-CCEN, across the corridor from the fitness center, functions as a basic first aid station for treatment of any minor injuries or illnesses. A registered nurse is on duty Monday-Friday from the hours of 8 a.m. - 4:30 p.m. Health education programs including AIDS and other sexually transmitted diseases education, nutrition, wellness and other health related programs are provided each semester for students, faculty and staff. Laboratory tests for anemia and blood sugar are available at no cost to students. Various types of health counseling is done with appropriate medical referrals, if needed. Family planning referrals are made to the Hamblen County Health Department and other area health departments. MMR immunizations are administered in the Health Clinic for a minimal fee.
SERVICES FOR INDIVIDUALS WITH DISABILITIES

In compliance with federal regulations outlined in Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 it is the policy of Walters State Community College to ensure equal educational opportunity and assess by making accommodations and other adjustments when necessary to ensure equal access for students with disabilities. While all students with disabilities are protected from discrimination, some students may not be eligible for all services provided by the department of Services for Individuals with Disabilities. The goal of Walters State Community College is to minimize the difference and maximize the student’s chance for success. Walters State Community College focuses on the student as an individual and works toward equal access to all programs and services by providing reasonable accommodations and services to students. Services are designed and developed on an individual case-by-case basis. Students requesting accommodations must complete an interview form for the purpose of self-identification and must provide proper documentation.

At the time of self-identification, students are informed of the policies and procedures about the accommodation process along with the responsibilities of the student and Walters State Community College. No accommodations will be made for individuals until a review of the student's documentation has been completed by the department of Services for Individuals with Disabilities. Walters State Community College does not recognize individual educational plans (IEP) as documentation; however, information contained in the IEP may be helpful when evaluating the types of accommodations a student may utilize at Walters State Community College.

In order to establish eligibility, the documentation must include:
1. statement and description of diagnosis and date of most recent evaluation;
2. description of current impact of the disability in an academic environment; and
3. credentials of the diagnosing professional.

The professional must have specific training and expertise in a field related to the type of disability being diagnosed. For example, a psychologist, psychiatrist or educational examiner must make a learning disability diagnosis. All documentation is and will remain confidential. Walters State Community College does not provide any type of evaluations related to disabilities.

Services and accommodations provided include, but are not limited to the following:
1. extended time on tests, quizzes and in-class writing assignments;
2. tutoring services;
3. note takes, scribes, readers and assistance in arranging interpreters;
4. adaptive equipment;
5. testing isolation;
6. alternative test formats; and
7. tape recording of class lectures.

It is recommended that students who may require special accommodations make early contact with the department of Services for Individuals with Disabilities because last minute accommodations are usually very difficult to arrange. Some accommodation requests may require additional documentation. Instructors may not provide accommodations for students prior to the receipt of educational support plans from the department of Services for Individuals with Disabilities.

For more information, contact Services for Individuals with Disabilities at 423-585-6892.

PLACEMENT SERVICES

Placement Services provide a job referral service to students, graduates and alumni by receiving job information from employers who are seeking employees.

This department serves as a liaison between employers needing additional employees and current and former students who are in need of employment. The jobs listed may be temporary, part-time or full-time positions for both skilled and unskilled employees. This department also provides on-campus recruitment and other sources of job contact through personal counseling.

Placement Services assists graduates by distributing credentials to prospective employers to aide graduates in completing the employment process. As part of the graduation requirements, prospective graduates must deliver the graduate follow-up survey to this department (210-CCEN) during the last semester.

We comply with Title IX of the Education Amendments of 1972, the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990.

Further information may be obtained by visiting the department of Placement Services in Room 210, College Center.

STUDENT TUTORING

The office of Student Tutoring provides free tutorial services and assists students in their classroom performance as well as demonstrates methods of academic growth and development.

The office is more than a tutorial service, it is a support unit that encourages positive attitudes toward learning. The Student Tutoring office is here to help improve student grades in general education and core course requirements; prepare for quizzes and class exams; learn good study habits, and organize time and thoughts more effectively. Services include but are not limited to; one-on-one tutoring, small group tutoring, test proctoring, and reading exams to students.

The office of Student Tutoring is located in Room 221-CCEN.

STUDENT FINANCIAL AID

The Financial Aid Department is located on the second floor of the College Center, Rooms 212. Financial aid application forms and information may be obtained by contacting the Financial Aid Department. Students may also apply for financial aid on the web at www.fafsa.ed.gov. Applications can also be obtained from the Greeneville/Greene County Center for Higher Education, the Sevier County Center, the Claiborne County Extension, and area high school guidance counselor offices and other area colleges.

The Student Financial Aid programs at Walters State Community College are designed to aid students who find it difficult or impossible to attend college without financial assistance. Walters State offers a comprehensive program of financial aid in the form of grants, scholarships, part-time employment, and loans. The various programs, brief descriptions, eligibility requirements, and application procedures are listed on the following pages. Information concerning methods by which aid is distributed to qualifying students, satisfactory academic progress standards for financial aid recipients, refund and repayment policies for grant and loan recipients, and costs of attending WSCC (other than tuition and fees which are listed on page 24).

July 1 is the priority deadline for applying for financial aid for fall semester. Applications received before July 1 will be considered first in the allocation of financial aid funds. However, applications will be accepted at any time and awards will be made to eligible students on a first-come, first-serve basis as long as funds are available. Students must reapply annually for all programs.
Financial Aid Deadlines and Dates to Remember

Jan. 1, 2004       2004-05 FAFSA forms and WSCC Scholarship Applications available
Jan. 10, 2004      Financial aid check distribution for Spring '04
March 15, 2004     Priority deadline for scholarship and Geier applications
Mid - Late March  Tentative date for Spring TSAA disbursements
May 1, 2004        Priority deadline for Lottery Scholarships and TSAA Grants
May 1, 2004        Priority deadline for Fall Partners in Progress Applications (Sevier County students only)
July 1, 2004       Priority deadline for FAFSA submission (Fall '04)
Sept. 7, 2004      Financial aid check distribution for Fall '04 (tentative)
Late Oct. - Early Nov.  Tentative date for Fall TSAA disbursements
Nov. 1, 2004       Priority deadline for Spring Partners in Progress Applications (Sevier County students only)

Other Things to Remember

APPLY early to increase the possibility of receiving additional funds such as TSAA and SEOG. These needs-based grants are limited and awarded on first-come, first-serve basis. The best time to apply for financial aid is after you have filed your federal income tax return. Be sure to keep a copy of your tax return and W2’s.

SIGN all applications, forms and statements.

READ everything sent to you regarding your financial aid awards. You may receive a request for additional information before your award can be processed.

KEEP copies of everything you submit to Financial Aid.

FEDERAL PELL GRANTS

The Federal Pell Grant program is designed to provide financial assistance to undergraduate students who need assistance to attend post high school educational institutions.

To be eligible to apply, an applicant must: (1) be a U.S. citizen or be in the United States for other than a temporary purpose and intend to become a permanent resident, (2) be enrolled in an undergraduate program of study leading to a degree or certificate, (Not all WSCC certificate programs qualify. Check with the Financial Aid Department to find out which ones qualify), and (3) have not previously received a bachelor’s or professional degree from any institution.

To apply, a student must complete a Free Application for Federal Student Aid (FAFSA) and submit it to the Central Processing Center (CPS) electronically at www.fafsa.ed.gov or by mailing the paper application. Once the FAFSA application is processed by CPS, the student will receive a Student Aid Report (SAR) in the mail. If the student lists an e-mail address on their FAFSA, then the student will receive an e-mail once their application is processed by CPS. In order for WSCC to receive an electronic record of the student’s FAFSA application, WSCC’s school code (008863) must be listed in the college section of the FAFSA. Once the electronic record has been received and reviewed by the Financial Aid Department, the student will receive notification concerning their award. This notification may be an award letter or a request for additional information. When all guidelines have been met and a student is entitled to receive a Federal Pell Grant, the Financial Aid Department sends the student an acknowledgment letter stating their award. Remember it is the student's responsibility to find out if WSCC received their aid electronically and all paper work has been accurately and properly submitted for the completion of their application.

WSCC CAMPUS BASED PROGRAMS

The Federal Supplemental Educational Opportunity Grant (FSEOG) and Federal Work Study Program (FWSP) are referred to as “campus based” because financial aid department personnel at the college determine, according to applicable regulations, who will receive assistance from each of these federal programs.

Students are eligible for assistance from FSEOG, or FWSP if: (1) they are U.S. citizens or are in the United States for other than a temporary purpose and intend to become citizens, (2) they are computed to have financial need, (3) and enroll in an undergraduate program leading to a degree or certificate.

Campus based programs are administered in conjunction with a nationally established policy and philosophy of financial aid for education. The basis of this philosophy is the belief that parents are the primary and responsible resource for helping a dependent student meet educational expenses. The independent student is expected to help with education costs. The college views its responsibility as supplementing or filling the gap after the family has contributed all it can. The amount of contribution expected from parents and students is related to consideration of the family’s financial strength. Important considerations are net family income, number of dependents, allowable expenses and indebtedness, and assets. A determination is also made of the amount a student living with parents may reasonably be expected to contribute through savings and employment. The difference between the amount a student and the family can be expected to provide and the expenses of attending Walters State for the academic year is considered to be the student’s financial need. Expenses for attending Walters State include tuition, allowances for books and supplies, miscellaneous expenses, transportation, and living expenses. These expenses (cost of attendance) are published and available upon request from the Financial Aid Department.

To assist in the determination of a student’s financial need, Walters State Community College utilizes the Free Application for Federal Student Aid.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant Program provides grants to students with exceptional financial need.

The amount of financial assistance a student may receive depends upon need and availability of funds.

Federal Work Study Program (FWSP)

The Federal Work Study Program provides funds for the employment of students who demonstrate need of these funds in order to continue their education.
Students who qualify for participation in this program may work during the academic year and under special conditions during periods of non-enrollment. The number of hours a student may work is determined by the Financial Aid Department based on the student’s “need.” Types of employment cover work opportunities in areas such as the Library, laboratories, faculty and administrative offices and in community service jobs.

Pay rates under this program are compatible with Federal Minimum Wage Standards and Walters State scales. Terms and conditions of employment will be furnished to students at the time their work assignment is made. To apply, students must complete the FAFSA application and the WSCC FWS application.

Tennessee Student Assistance Award Program

The State of Tennessee has established a grant program to assist eligible Tennessee residents who will be enrolled as undergraduate students at eligible Tennessee colleges and universities. The grant is based on financial need. It is administered through the Tennessee Student Assistance Corporation.

Those who wish to be considered for this grant must complete the Free Application for Federal Student Aid, IN TIME FOR the application to be processed before the May 1 priority deadline. To meet this deadline, applications should be filed by March 1.

Geier Settlement Grant

This state grant is designed to assist black students who need financial assistance to cover in-state tuition and fees. Priority is given to first-time students enrolling the fall semester. STUDENT MUST HAVE FILED THE FREE APPLICATION FOR STUDENT ASSISTANCE (FAFSA) to be considered. Walters State Community College must receive the results from this application before an award can be made. A separate application for this grant must be submitted to receive consideration. Applications are available in the Minority Development Office (CCEN-119C).

A student may be considered for an additional grant the spring semester if he meets satisfactory progress as outlined in our policies. All awards are contingent upon the availability of funds allocated by the state of Tennessee.

WALTERS STATE WORK PROGRAM

There are a limited number of part-time work assignments on campus available to students whose academic work is satisfactory. To apply, a student must submit a Walters State Employment Application to the Human Resources Department, Room 101-CCEN.

SCHOLARSHIPS

Several scholarships are available to qualified students attending or planning to attend Walters State. These scholarships are awarded primarily on the basis of academic achievement.

WSCC Academic Work Scholarship (AWS)

Recipients of these scholarships are required to work 75 hours per semester for the payment of their in-state maintenance fees. A WSCC Scholarship Application must be submitted by March 15 in order for individuals to be considered. Applicants must be:

1. High school seniors with a grade point average of 2.9 and an ACT composite score of 19 or above, SAT Equivalent, and planning to attend Walters State full time, or
2. Current Walters State students who have completed at least one semester as full-time students while maintaining a 2.5 GPA.

Partners in Progress Program

Recipients of these awards must apply for admission and all other scholarship and financial aid programs available through Walters State. Applicants must be:

1. High school seniors with a grade point average of 2.7 or an ACT composite score of 19 or above or SAT Equivalent, and planning to attend Walters State full time.
2. Graduate of accredited Sevier County High School or state-approved private school or GED diploma.
3. Have a custodial parent or court-appointed legal guardian who resided within the boundaries of Sevier County as of September 1 prior to the student’s high school graduation date.

ANNUAL SCHOLARSHIPS ADMINISTERED BY WALTERS STATE COMMUNITY COLLEGE

PRIVATELY DONATED SCHOLARSHIPS

Various businesses, civic groups and individuals establish scholarships for Walters State students which are awarded by the Walters State Scholarship and Financial Aid Committee. By submitting the WSCC Scholarship Application, the applicant will be considered for any of the privately donated scholarships for which the applicant is qualified. All applications must be submitted to the Financial Aid Department by March 15.

Walters State expresses appreciation to the following donors of WSCC Scholarships. (These scholarships had been donated prior to the time this catalog went to print).

BERKLINE CORPORATION has contributed scholarship funds for sons/daughters of its employees.

BETHEL BAPTIST CHURCH MINORITY SCHOLARSHIP has been established for non-athletic minority awards with preference given to students from Hamblen County.

DELTA DELTA DELTA (SARA HINTON PRATER MEMORIAL) SCHOLARSHIP, honoring the memory of an alumnae association charter member and collegiate chapter president, is provided by the Morristown Alumnae Association for a nursing student. Preference is given to Hamblen County students.

SATISFACTORY PROGRESS POLICY FOR FINANCIAL AID

Walters State Community College as required by the U.S. Department of Education, has established a Satisfactory Academic Progress Standard for all recipients of financial assistance through any Title IV program (Pell, Federal Supplemental Education Opportunity Grant (SEOG), Federal Work Study Program (FWSP), Tennessee Student Assistance Award (TSAA), Federal Stafford Loan Program. Although not considered Title IV funding, these standards also apply to the Geier Grant and the Partners in Progress program. The standards require a certain grade point average and completion of course work by semester. Printed copies of the Satisfactory Progress Standards can be obtained from the WSCC Financial Aid office and are posted on the WSCC website.
TENNESSEE EDUCATION LOTTERY SCHOLARSHIP

NOTE: Final guidelines for this program were being formulated by the State of Tennessee at the time of printing. Therefore, changes in the regulations may occur without prior notice. If you have specific questions regarding the lottery, contact: The Tennessee Student Assistance Corporation at 615-741-1346 or toll-free at 1-800-342-1663, fax 615-741-6101 or website www.state.tn.us/tsac.

Eligibility Requirements
1. Tennessee residents for a one-year period prior to the application (beginning with 2003 high school graduates).
2. Enroll in a Tennessee public college/university or enroll in a Tennessee private college/university that is accredited by the Southern Association of Colleges and Schools (SACS)
3. Apply with the Free Application for Federal Student Aid (FAFSA) or renewal FAFSA starting January 1 for each academic year (www.fafsa.ed.gov.) FAFSA and renewal FAFSA application priority date - May 1. Early application recommended.
4. Full-time enrollment (part-time pro-rated) - leading to a certificate or degree - satisfactory academic progress required.

AWARDS ARE CONTINGENT ON AVAILABILITY OF FUNDS FROM THE STATE LOTTERY.

VETERANS’ AFFAIRS

The Veterans’ Affairs Department is a service oriented operation, sensitive to the needs, problems, potentials of students eligible for educational assistance benefits under the G.I. Bill. Please contact the Veterans’ Affairs Department (208-CCEN) for information concerning eligibility under the various chapters of the G.I. Bill.

SERVICES OFFERED

Counseling
Counseling is available to all veterans in the Veterans’ Affairs Department whenever needed. The department works closely with the Counseling Center so that our veterans at Walters State may receive any counseling that may be needed.

Work Study Program
Funds are available, under the G.I. Bill, for work study students working for the Veterans’ Affairs Department.

Tutorial Services
An eligible veteran, or dependent of a veteran, attending college on a half-time or more basis who has a deficiency in a subject may receive individual tutorial assistance in order to continue in an approved program at an educational institution. A veteran who qualifies may receive an allowance to pay for special tutorial service. The educational institution must certify that individual tutorial assistance is required, that the tutor is qualified, and the charges do not exceed the customary charge for such service.

Anyone having questions concerning eligibility or about the G.I. Bill should contact the Veterans’ Affairs Department for assistance.

MINORITY STUDENT RECRUITMENT

Walters State Community College has and continues to create an environment that allows for the full potential and development of every student who comes to the institution. The office of Minority Student Recruitment is located in the College Center, Room 119C. This office is responsible for recruiting and improving the rate of retention, progression, and graduation of minority students. Services include assisting with academic advising, counseling, and career planning; and providing financial aid information.

HOUSING

Under Tennessee Board of Regents policy, Walters State Community College assumes no responsibility for student housing. This institution is primarily a commuting college and has no dormitories, fraternity or sorority housing.

Even though the college is unable to assume responsibility for student housing, the college is vitally concerned with the welfare and well-being of all students, and desires they have accommodations commensurate with their needs. Toward this end, the office of Student Affairs, Room 120-CCEN, maintains a housing referral list which includes available rental apartments, trailers, houses and rooms in homes.

The prospective student, and parents, should be aware that these listings are not college-supervised nor college-inspected accommodations. Students should plan to arrive in this community in advance of the orientation and registration dates in order to secure suitable housing.

Students are required to register local addresses with the department of Admissions during registration each semester. Any change of address should be reported to the department of Admissions and Registration Services, Room 118-CCEN, or call 585-2685.

STUDENT COMPLAINTS

Students should be aware that, should they have concerns or complaints about their program or their financial aid, Walters State has an established procedure for receiving and responding to complaints from students. Students should voice their complaints in writing to the office of Student Affairs. The vice president for Student Affairs in consultation with vice presidents, deans, and directors will investigate the questioned complaint. Student complaint procedures are on file in the office of Student Affairs.
Community and Public Service
COMMUNITY AND ECONOMIC DEVELOPMENT

The division of Community and Economic Development includes the office of Community Service Programs, and the Institute for Business and Industry.

Statement of Purpose

The office of Community and Economic Development coordinates and administers special credit and non-degree continuing education courses, which are delivered by the Institute for Business and Industry, the office of Continuing Medical Education and Community Service Programs. The programs offered are consistent with the mission of Walters State Community College and are designed to meet the needs of individuals, government, industry and the business community. Continuing Education Units (CEU’s) and certificates of achievement are used as a means of recognizing and recording the efforts of individuals who enroll and satisfactorily complete the college’s non-degree activities. These CEU’s carry no credit for degree programs and are separate and distinct from the college’s credit program which leads to the associate degree and therefore are not auditable. The recording of the CEU’s provides a permanent record of an individual’s participation in non-degree activities and on request a record can be obtained from the office of Admissions and Records.

Continuing Medical Education

Continuing Medical Education courses, seminars and conferences are offered to physicians, nurses, nurse practitioners and other health care professionals in the ten-county area served by Walters State Community College. Working collaborative with area doctors, hospitals, and other health care providers we offer courses, seminars and conferences that are designed to refresh, upgrade existing skills, teach new skills and to disseminate up-to-date information on current topics and treatments. Clinical courses offered include: Advanced Cardiac Life Support (ACL), Pediatric Advanced Life Support (PALS), and Cardiopulmonary Resuscitation (CPR). General courses include Medical Terminology, Basic ICD-9 Coding, CPT Coding, and Basic Spanish for Health Care Professionals, and in most cases, can be taught on-site.

Community Service Programs

General interest, personal development and enrichment classes are offered through Community Service Programs, a division of Community and Economic Development. Courses, workshops and programs are scheduled for both adults and children, as appropriate. Serving students from the surrounding ten-county area, The Talented and Gifted Program for Children (T.A.G.) has been offered to students, grades five through eight, since 1983. The T.A.G. Program presents approximately 36 different courses geared for and designed to challenge these students in a wide array of subjects, including, but not limited to: chemistry, biology, physics, astronomy, theater, computers, news casting and foreign languages. The Tennessee Legislature, starting January 2001, mandated the Parents, Children and Divorce education seminar. Divorcing couples, with minor children, are required to attend a parent education seminar. The Parents, Children and Divorce seminar is an approved four-hour parent education seminar meeting the requirements of this law. This program is offered in Greeneville, Morristown and Sevierville.

Our objective is to meet and exceed the needs and interests of the communities served by Walters State Community College and we offer a diverse selection of course subjects. A few courses that the office of Community Service Programs offers are: Motorcycle Rider Education, Beginning Driver’s Education, Dog Obedience, Permit to Carry a Firearm, Scuba Diving, Auctioneering, Parents, Children & Divorce, various art classes and an assortment of other courses and field trips designed for area youth.

Continuing Education Units

Walters State Community College uses Continuing Education Units (CEU’s) as a means of recognizing and recording the efforts of individuals who enroll and satisfactorily complete the college’s non-degree activities. These CEU’s carry no credit for college degree programs and are a separate and distinct operation from the college’s credit program which leads to the associate degree. The recording of the CEU’s will, however, provide a permanent record of an individual’s participation in non-degree activities.

The Continuing Education Unit is defined as follows: 10 contact hours of participation in an organized continuing education activity under responsible sponsorship, capable direction and qualified instruction. Continuing Education Units (CEU’s) will be computed on the basis of one CEU for each 10 hours of contact. Units will be recorded to one decimal point. Thus a student enrolled in a non-degree activity which meets for a total of 12 hours would earn 1.2 CEU’s.

On request, the department of Admissions and Registration Services will mail students an official transcript. In cases where an enrollee drops an activity after it has started or otherwise fails to complete it, this report will indicate an unsatisfactory (U) grade. If an enrollee chooses to officially withdraw, the request must be made to the dean of Community and Economic Development. Only in cases of official withdrawal will an enrollee receive a grade of (W) withdrawal. Enrollees satisfactorily completing a CEU course will receive a grade of (S) Satisfactory.

Beyond the knowledge and skills acquired through participation in non-degree activities, it will be of sufficient value to both their efforts to make education a continuing process.

The value of the CEU is recognized nationally.

INSTITUTE FOR BUSINESS AND INDUSTRY

Reflective of a strong commitment to serving the needs of East Tennessee business and industry with relevant training on state-of-the art equipment, technical assistance, and highly qualified employees, Walters State has the Institute for Business and Industry to coordinate the delivery of educational services packaged to meet the unique and exacting needs of this important constituency.

General Business and Industry Related Courses

By contracting with companies at convenient times and locations, the Institute for Business and Industry provides customized training packages for traditional classroom, on-site facilitation, or on-line delivery. Industrial training packages are offered in technical certifications, supervisory and leadership training, conversational Spanish and German, mechanical engineering technologies, drafting and design, real estate, and other topics. Consulting and training is available to our small business constituents in areas of start-up, web development marketing, managing employees, legal issues, and valuing a business. Several exam preparation programs are offered such as the CPS, PHR, SPHR, Residential Contractors Limited License, and others.

Computer Technology

The Institute has complete computer training and certification programs available for the general public as well as exclusive customized training programs for industries. Popular application software instruction can be delivered in any of the three dedicated computer-training labs located in Morristown, Sevierville and Greeneville. Participants will receive training in programming environments, operating systems, and specialized technical programs. The instructors can deliver programs designed for certification programs as well as customize instruction to meet the needs of the participants. Some of the application software taught in the
Institute includes: Microsoft Word, Excel, PowerPoint, Access, Outlook and Project. The Institute offering training that will lead to computer industry certification programs such as CompTIA’s A+, Networking +, I-Net+, and others.

The Institute serves as the CISCO Regional Academy Program leaders for the upper East Tennessee area for the CISCO networking program. As the regional academy, the Institute for Business and Industry serves as the contact for the local high school programs. Currently, local academies have been established in high schools in Greene, Sevier, Hawkins, Grainger and Sullivan counties. The staff can train students as well as train teachers to become CISCO Certified Authorized Instructors. For more information on establishing a local academy for your high school or for more information on becoming a certified instructor, contact the office at 423-318-2740 or visit our office in the Technical Education Building, room 206. When Microsoft introduced the Office User Specialist programs, (M.O.U.S.) Walters State led the state of Tennessee in instructor certification. Our programs for Word, Excel, PowerPoint, Outlook, Project and FrontPage utilize the Microsoft Official Curriculum and provide certified instructors for assisting students. The Institute for Business and Industry is designated as the IQCenter for administering the MOUS exams.

As a Sylvan Prometric Authorized Testing Center, the Institute for Business and Industry offers certification exams provided by the software vendors such as Microsoft, CompTIA, Linux, CISCO, Adobe and many others. Testing center hours are from 8 a.m. - 3:30 p.m. and exams may be scheduled by calling the office at 423-318-2740. In many of our classes, students will receive the certification exam voucher as a part of the class registration fees. Our objective is to provide the total package for the students’ convenience in their personal technical development.

The Institute for Business and Industry serves as vendor for Profiles International products in the ten-county service area. Profiles offer pre-employment evaluation and assessment products that meet the requirements of the EEOC and the ADA. Participants can be assessed for hiring, promoting, managing, and on-going evaluation. A product call the Step-One Survey offers pre-employment screening indexes for Integrity, Work Ethic, Dependability and Substance Abuse. Interviewing questions will be generated based upon the applicant’s responses that meet EEOC guidelines. In addition, another product call the Profile measures Learning Style, Interest Style, and Thinking Style. Other products can provide a 360-leadership evaluation and on-line or on-site training programs. Staff members set up assessments, develop job studies and provide training for your staff in utilizing this technology for your employees. For individuals seeking a direction, a Career Coach can be generated to make a participant’s learning abilities, interest areas, and behavioral traits to the Department of Labor’s National Job Database and will generate a report for career matches. To schedule a demo, or for more information, please contact our office at 423-318-2740 or come by the Technical Education Building, Room 206.

In addition to training programs for popular accounting software packages such as Quickbooks, our staff members can provide on-site consulting in computer or accounting issues. Staff members participate in the Certified Pro Advisor program with Intuit.

The Institute’s staff is also available to provide on-site consulting on issues of software installation, network troubleshooting, database development, programming, software application assistance and others.

Computer Labs

The Institute has dedicated computer labs in Sevierville, Greeneville, and Morristown for the exclusive use of business and industry and uses these labs to offer to the general public classes along with customized classes in Word, WordPerfect, Excel, Lotus, PowerPoint, Corel Draw, Access, Windows 95, Windows NT, Quickbooks, Office Integration, and other popular programs. Customized classes and general public offerings can also be offered in Tazewell and Rogersville. General public classes are conducted during the day, in the evenings, and on Saturdays and customized classes are conducted at times and dates convenient to the organization contracting for the services of the Institute. In addition these labs are available for rental and use by the business community. Information on the computer labs or programs that we offer can be obtained by calling the Institute’s office 423-318-2740 or visiting our office located in the Technical Education Building, Room 206.

WELLNESS AND FITNESS CENTER

The Wellness and Fitness Center is a modern well-equipped and well-maintained facility designed to provide services and programs for the well-being of the community.

Among the services available are wellness and fitness appraisal (treadmill, bike). Some of the educational programs that are to be offered are weight management, stress management, cholesterol and blood pressure seminars, exercise and activity classes.

The benefits to any organization of a wellness program include lower medical and insurance cost; less time loss due to absenteeism, illness and injury; higher productivity; and, most important, healthy and happy people. The benefits for an individual who participates in a wellness program range from delaying the degenerative changes of aging and strengthening the heart to improving posture and increasing mental alertness.

The Walters State Community College Wellness and Fitness Center serves students, faculty and staff as well as area corporations, individuals of the community, staff and students of public schools and local health institutions.
WORKFORCE INVESTMENT ACT PROGRAM

Center for Workforce Development

Walters State Community College plays a leading role in the implementation of training and job placement services authorized in the Workforce Investment Act (WIA). This federal statute authorizes services for job seekers and area employers.

The college was selected as the Local Area 2 administrative entity by the Consortium of Local Elected Officials, comprised of the county mayors in the college’s ten-county service area: Claiborne, Cocke, Grainger, Greene, Hamblen, Hancock, Hawkins, Jefferson, Sevier and Union. As such, the college is responsible for administering the program.

The Workforce Investment Board has both policy making and program oversight responsibilities. A majority of the WIB members are private business or industry representatives appointed by county mayors. The WIB also includes representatives from cooperating agencies, including the Career Center partners, education, labor and economic development agencies.

Walters State’s Center for Workforce Development provides a variety of services through a network of eight career centers located throughout the service area and through youth providers in each county. Walters State has also received a waiver allowing it to serve as a WIA-approved training provider.

Five Rivers Career Centers

The Center for Workforce Development provides many services through the Five Rivers Career Center and seven affiliate centers located throughout the ten-county area. Services available for job seekers include career counseling, referral services and job training programs. Employers can access economic statistics, receive pre-screening assessment services and participate in subsidized training programs.

Career Center partners include other non-profit and governmental agencies like the Tennessee Department of Labor and Workforce Development, Adult Education, Vocational Rehabilitation, the Tennessee Department of Human Services and Job Corps. Both employers and job-seekers benefit from this one-stop approach to providing services.

WIA Youth Services

Over 500 youth in Local Area 2 are served each year through the WIA Youth Program. Eligible students currently in school receive tutoring, career counseling, referral services and other assistance designed to help them earn a high school diploma and either enter the job market or pursue post-secondary education. Youth who are no longer in school receive assistance in obtaining a high school diploma or a GED and services to help them find employment or pursue higher education.

In 2003, the WIA Youth Program hosted a Summer Career Camp at the college that brought students from ten counties together to explore career options.
Academic Information
PLAN YOUR EDUCATIONAL PROGRAM

It is the responsibility of the student to select an educational program of study and register for and complete courses required in the selected program as outlined in this catalog. The faculty and counselors at Walters State Community College take pride in assisting the student in program planning and course selection. Each student will be advised by a faculty member from the department of the major field of study to assist in planning the student’s program of study.

Should it be necessary to deviate from the suggested curriculum of courses, the student should consult the head of the department in the major field of study in order to prepare a course substitution request.

TRANSFER OF CREDIT

Any student planning to transfer the first two years of college level credit from Walters State to a four-year college or university should secure a copy of that institution’s catalog/articulation agreement/ equivalency table and reflect upon it during advising and registration to ensure that the courses selected meet the first two years’ requirements at the receiving institution.

Please be advised that should there be a question regarding the transfer of credit from Walters State Community College by the four-year school, a copy of the transfer evaluation from the four-year school must be provided to the Counseling, Testing and Student Services Department staff member for the purposes of discussing the course(s) in question.

For assistance regarding transfer of credit from Walters State to a four-year institution, please contact the Counseling, Testing and Student Services Department, CCEN-212, by telephone at 423-585-6805 or 1-800-225-4770, ext. 3 or by visiting the Walters State web page at www.ws.edu.

ATTENDANCE REGULATIONS

Students must attend the first day of class or contact the instructor prior to the first class if they intend to remain in the class. If this procedure is not followed, the students may be administratively dropped from the class, and other students will be allowed to take their positions. Students who are withdrawn from classes under this policy will receive a drop form marked “attendance withdrawal.”

Attendance at classes and other official appointments is required. A student’s schedule is considered a contract and constitutes a series of obligated appointments.

Absences are counted from the first scheduled meeting of the class. An explanation for the cause of all absences should be given each instructor. If possible, students should inform their instructor in advance of planned absences.

IMPORTANT: Non-attendance does not constitute a withdrawal from classes or from the college. Procedures to formally drop a course or to withdraw from the college must be followed. Following these procedures may prevent students from receiving an undeserved “F” on their transcript.

ACADEMIC AND CLASSROOM MISCONDUCT

The instructor has the primary responsibility for control over classroom behavior and maintenance of academic integrity and can order the temporary removal or exclusion from the classroom of any student engaged in disruptive conduct or conduct violative of the general rules and regulations of the institution. Extended or permanent exclusion from the classroom or further disciplinary action can be effected only through appropriate procedures of the institution.

Plagiarism, cheating, and other forms of academic dishonesty are prohibited. Students guilty of academic misconduct, either directly or indirectly through participation or assistance, are subject to disciplinary action. In addition to possible disciplinary sanctions which may be imposed through the regular institutional procedures as a result of academic misconduct, the instructor has the authority to assign an “F” or a zero for the exercise or examination, or to assign an “F” in the course.

If the student believes that the accusation of academic misconduct is in error, and if the final grade has been lowered as a result, an appeal may be made by following institutional procedures.

STUDENT USE OF PERSONAL OR PORTABLE ELECTRONIC COMMUNICATION DEVICES

The importance of portable electronic communication devices is recognized as a method of communication for those students and visitors to the college with emergency needs or activities. It is also recognized that these devices permit certain individuals to attend classes and other activities that they might otherwise be unable to attend due to off-campus responsibilities or duties.

Walters State Community College assumes the primary responsibility for maintaining control over facility climate and environment. These same communication devices must not interfere with, or disrupt, the instructional process or college-sponsored activity, such as a class, guest lecture or concert. A student or visitor may wear an electronic beeper provided the device is set so that it will not produce an audible sound during classroom instruction or other college-sponsored activities.

Cellular phone use during classroom instruction or college-sponsored activity is prohibited. Cellular phones must be turned to the non-audible mode until after class, at which time calls can be received or checked.

The college has the responsibility to ensure that the facility environment remains relatively free from interruption and disturbance. In the event of an emergency the student or visitor should exit the room quietly and with as little disruption as possible. Students consistently bear the primary responsibility of keeping their instructors informed of any occurrence that may affect their academic performance.

PETS ON CAMPUS POLICY

Pets are not allowed on Walters State Community College campuses. Exceptions will be made only for students with identified disabilities. When exceptions are made, pets that are allowed on campus must be on a leash under the direct and positive control of the individual responsible for the pet. Such individuals will be liable for any accident or damage caused by the pet while on campus.
MINORS ON CAMPUS POLICY

Walters State Community College is an institution of higher education and as such must preserve conditions that will permit a proper learning and working environment at all times. Thus, minor children must not be left unsupervised on campus. It is not the intent of this policy to prevent children in the accompaniment of an adult from visiting the campus. However, consideration for the learning environment of the student, the work routine of staff employees, and the safety of the children requires that children may not accompany adults into classrooms, offices, or other work spaces as a babysitting function nor be left unsupervised in the hallways of buildings or on the grounds of the college.

In certain circumstances, children may be on campus for classes held for their benefit (EDU Camps, Early Learning Center, field trips, etc.). At such times, it is expected that the instructor or responsible adult will supervise the activities of the children, and that before and after the class an area will be designated for the children to await the arrival of their parents. It is the responsibility of the supervisor/instructor of these activities to explain these restrictions to the children and to monitor the enforcement where feasible.

STUDENT LOAD

The recommended semester-hour load for the average student is 15 to 16 hours of credit. A student desiring to take more than 21 semester hours of credit must receive approval prior to registration by completing an Overload Request form with approving signatures from the advisor, division dean, and the vice president for Academic Affairs.

MINIMUM CLASS SIZE

An undergraduate course will not normally be given for fewer than 15 students except by permission of the vice president for Academic Affairs. The college reserves the right to cancel, postpone, or combine classes when necessary.

GRADING SYSTEM

The following grading system is used at Walters State Community College.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points Awarded Per Semester Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A - Highest Proficiency</td>
<td>4</td>
</tr>
<tr>
<td>B - High Proficiency</td>
<td>3</td>
</tr>
<tr>
<td>C - Proficiency</td>
<td>2</td>
</tr>
<tr>
<td>D - Low Proficiency</td>
<td>1</td>
</tr>
<tr>
<td>F - Failure</td>
<td>0</td>
</tr>
</tbody>
</table>

The scholastic standing of a student is expressed in terms of quality point ratio. A quality point ratio is the total number of quality points divided by the total number of semester hours attempted, less the number of hours repeated. To meet degree requirements, a student must maintain an overall quality point average of 2.00.

Other markings which may appear on the grade report and/or transcript are as follows:

<table>
<thead>
<tr>
<th>Mark</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>Incomplete</td>
</tr>
<tr>
<td>IP</td>
<td>In progress</td>
</tr>
<tr>
<td>R</td>
<td>Repeated</td>
</tr>
<tr>
<td>W</td>
<td>Withdraw</td>
</tr>
</tbody>
</table>

AU - Audit; no grade or credit    WF - Withdrew failing
P - Passed                        X - No grade reported
N/C - No Credit

The mark of “I” means that the student was passing at the end of the semester but had not completed all the course work. The student receiving an “I” should contact the instructor immediately in an effort to complete course requirements. The incompletes course requirements must be completed by a date agreed upon between the instructor and the student but no later than the drop deadline of the next semester (see College Calendar for specific dates). If the incomplete is not removed, it will be counted as an “F” and computed in the quality point average.

The mark of “IP” is used only for developmental education courses. It means the student has made satisfactory progress in a course but has not completely mastered the required competency levels. The “IP” is not computed in the quality point average and must be removed during the succeeding semester. If it is not removed the succeeding semester, it will be counted as an “F” and computed in the quality point average.

The mark of “P” means the student successfully completed a course but a grade was not assigned. Credit towards meeting graduating requirements is awarded for a “P” but this mark has no affect on the quality point average. The following courses are approved for a grade of “P”: biology labs, physics labs, writing labs, and any other courses approved by the vice president for Academic Affairs.

The mark of “NC” means no credit. No quality points were awarded.

The mark of “R” is a transcript symbol used to indicate the student repeated a course.

The mark of “W” means the student withdrew from a course. Withdrawal from a course does not affect the quality point average. The dates the student may withdraw are specified each semester in the Timetable of Classes. Permission to withdraw after that date must be recommended by the instructor and approved by the vice president for Academic Affairs.

The mark of “WF” means the student withdrew from a course with a failing grade. The “WF” will be computed as an “F” in calculating the quality point average.

The mark of “X” means the instructor is unable to complete the course evaluation due to reasons beyond the student’s control. Grades will be assigned when the evaluation is completed.

GRADE PROTESTS

Grades, transcript information, drop/adds, withdrawals and any other data perceived by the student to be in error must be protested by the student during the subsequent semester. Protests made after this time will not be reviewed.

GRADE APPEAL PROCEDURE

When a student believes there are circumstances which warrant the appeal of a grade received for other than academic misconduct, the student may appeal the grade. The appeal must be made within 45 calendar days following the last day of the end of the semester during which the grade was received. The appeal process includes the following steps which must be initiated by the student:

1. Contact the instructor to ensure that no calculation or administrative error has occurred.
2. If the student believes an appeal is warranted after consulting with the instructor, the student must submit an appeal in writing to the instructor’s supervisor (department chair or division dean). If the appeal cannot be
satisfactorily addressed at this level, the student may forward the written appeal to the vice president for Academic Affairs. The academic vice president will review the appeal and notify the student of the decision regarding the appeal. The student, if not agreeing with the vice president’s decision, may request a hearing before the college’s Academic Affairs Committee. The Academic Affairs Committee will recommend to the vice president for Academic Affairs a decision regarding the appeal. The vice president for Academic Affairs will support or reverse the committee’s recommendation and forward the recommendation to the president. The president’s decision will be final.

REPEATED COURSES

For the purpose of increasing mastery in a course when such is necessary for successful performance in a subsequent course or for the purpose of increasing the quality point average, a student may repeat a course provided the grade of “C” or lower was earned in the course to be repeated. The grade received in repeating the course supersedes all previous grades. The hours attempted for repeating a course are counted only once and credited in the semester in which the course was repeated. Students are permitted to repeat a course twice (three attempts) under the preceding condition. After three attempts, the grades in the third and subsequent attempts are used in calculating the quality point average.

Students may be permitted to repeat a course in which a grade of “B” or higher was earned only with the approval of the vice president for Academic Affairs.

ACADEMIC FRESH START

Any person who has not been enrolled in a college or university for a period of four years and who, upon re-enrolling at Walters State Community College, maintains a 2.00 GPA and completes 15 semester hours of Level 1 course work at Walters State, may petition to have grades on all prior course work disregarded in calculating the cumulative grade point average. Removal of grades means removal of all credits. Upon the completion of 15 semester hours at Walters State with a 2.00 cumulative GPA, the student should complete an application for Academic Fresh Start, which may be obtained from the Counseling Office, CCEN 212, and send a transcript to the vice president for Student Affairs to be submitted for approval to the vice president for Academic Affairs. If the request is granted, the earlier course work will not count toward meeting requirements for graduation but would appear on the student’s transcript.

A student who plans to transfer to another institution should contact that institution to determine the impact of Academic Fresh Start prior to implementing the program at Walters State. If assistance is needed, a student should contact the vice president for Student Affairs.

HONORS LIST

President’s List: 4.00 average for 12 or more semester hours per semester in regular college level work earned at WSCC.

Dean’s List: 3.50-3.99 average for 12 or more semester hours per semester in regular college level work earned at WSCC.

GRADUATION AND DEGREE REQUIREMENTS

Applications for graduation are processed through the department of Student Information, Admissions, Records and Registration Services. To be eligible for graduation and receive a degree or certificate from Walters State Community College, the student must have:

1. Completed a minimum of 60 semester hours required for the associate degree and the appropriate number of hours required for a certificate.
2. Earned at least a GPA of 2.00 (“C” average in all studies attempted.)
3. Fulfilled all courses required for the program as outlined in the college catalog, with 18 hours of the last 26 hours towards the degree being completed at Walters State Community College.
4. Filed an application for graduation and completed the graduation packet which can be secured in the department of Student Information, Admissions, Records and Registration Services. This must be completed on or before the deadline outlined in the college catalog. All applicants for graduation must have a minimum of 2.00 GPA at the time of filing an intent of graduation form in the Records Office.
5. Paid the $25 graduation fee in the office of Business Affairs and informed the department of Student Information, Admissions, Records and Registration Services of such payment by showing a dated receipt. This payment is required of all degree and certificate graduates regardless of participation in the graduation ceremony. The fee includes the cost of the diploma. It must be paid at the beginning of the semester in which a student is scheduled to graduate, is non-refundable and is valid for two semesters. However, the $25 fee for certificate graduations will only be assessed for the first certificate. The $25 fee will be waived for additional certificates.
6. Resolved all obligations, financial or otherwise, to the college; and returned all library and college materials.

Other guidelines pertaining to graduation are:

7. Students are allowed to graduate by meeting the requirements of the catalog under which they entered providing graduation is within seven years of the entrance. Degree requirements set forth in a catalog shall remain in effect for the duration of the period identified on the cover of this catalog. No guarantee is implied that these requirements will be contained in total or in part in future specification of the degree.
8. Transfer credits used to satisfy Walters State’s degree requirements will not be averaged with the student’s grade point average at Walters State for the purpose of calculating the graduation average.
9. Students may complete requirements for more than one option within the degree program by successfully completing all course requirements. There is no additional fee for this and no additional diplomas are awarded. Students may also complete requirements for more than one degree. A minimum of 16 credit hours beyond the requirements for the first degree must be completed. A $25 graduation fee must be paid for each separate degree, and a diploma will be awarded for the additional degree.
10. Students graduating are required to take the Academic Profile Examination. Notification as to testing dates will be provided. Students may also be required to take other tests as may be required by the institution.
11. As part of the graduation requirements, prospective graduates must visit the department of Placement Ser-
vices (210-CCEN) during the last semester and discuss their present and future plans with a professional staff member.

12. Students graduating in the fall, spring and summer semesters will attend the commencement exercises in May, unless special permission is granted by the department of Student Information, Admissions, Records and Registration Services. Students graduating at the end of the fall semester will not receive their diploma until the commencement exercises but their permanent record will be posted as of the semester they graduate. Students graduating at the end of the summer semester will receive their diploma in August.

13. Walters State has one commencement ceremony per year which is at the end of the spring semester. Therefore, graduation honors are calculated at the end of the fall semester to be included in the graduation program, the graduation ceremony, and all news releases concerning graduation.

SPECIAL NOTE: Students who do not graduate by the semester which is indicated on application for graduation will have application voided and must reapply for graduation during another semester.

GRADUATION HONORS

Awards and honors are based on the overall grade point average. Students graduating with the following quality point averages will receive the corresponding honor designations on their diplomas:

- 3.80 - 4.00 Summa Cum Laude
- 3.50 - 3.79 Magna Cum Laude
- 3.00 - 3.49 Cum Laude

EVENING AND DISTANCE EDUCATION

Purpose

The office of Evening and Distance Education coordinates academic credit classes at off-campus centers, at satellite campuses on the main campus during evening hours. These classes are consistent with the college’s overall mission to provide affordable, quality higher education opportunities for residents of upper East Tennessee. The Evening and Distance division strives to offer both accessible and flexible education within and beyond the traditional classroom. Classes, utilizing varying forms of delivery, provide lifelong learning to individuals seeking professional growth or personal enrichment in a society coping with rapidly changing lifestyles.

Admission Requirements and Commitment to Instruction

Admission requirements for evening and distance education students are identical with requirements for students in the regular daytime program. The quality of instruction governing credit courses offered during the evening on campus and at satellite locations is equivalent in all academic considerations to campus day classes.

In order to respond to community needs, the division of Evening and Distance Education welcomes suggestions and requests for arranging credit courses on campus during the evening or at off-campus locations. The office is located in Room 108A-CCEN, telephone 423-585-6899.

Evening Classes On-Campus

A variety of on-campus evening classes are offered as listed in the Timetable of Classes under the heading of the appropriate academic department.

Services available on campus during select hours each evening include those offered by the Student Information Office, the Counseling Center, the office of Business Affairs, the Library, and the Bookstore. The Evening and Distance Education office is open each evening until 9 p.m. Monday through Thursday on the days classes are in session.

Satellite Classes

Walters State specifically subscribes to the concept of accessibility by extending credit classes through satellite campuses and off-campus facilities as part of the delivery system. As a convenience to students, off-campus classes are organized and scheduled in locations conducive to enrollment. As a normal procedure, academic courses at satellite locations are listed by location in the Timetable of Classes and are offered primarily during the evening hours. However, because of community response and local needs, off-campus courses are also available during the day at certain off-campus locations. In order to determine the availability of classes at off-campus locations, students are advised to examine closely the listings of classes published in the Timetable of Classes by location.

Courses requiring laboratories, library materials, computers and other special resources are not offered off-campus unless the necessary resources are provided. To facilitate this scheduling, special arrangements are made for selected courses as needed. In addition, off-campus students visit the Library on the main campus and may utilize the services of the Library during the regular hours that the Library is open. Through the Internet, they may also access over 30 electronic academic data bases containing over 8000 periodicals and journals and 45,000 books in electronic format.

CLAIBORNE COUNTY CENTER FOR HIGHER EDUCATION

Purpose - As a part of the college’s overall mission to provide leadership and academic opportunities to its entire service area, this extension offers day and evening academic credit classes and non-credit classes/training in cooperation with the Community Service Programs. Classes provide lifelong learning opportunities to individuals seeking to attain career and personal-development goals; consequently, these individuals are better-equipped to cope with the realities and problems arising from rapidly changing patterns of living and employment. To further its commitment to community responsiveness, the extension cooperates with other community agencies to provide training facilities for groups with specific needs. Interactive television, telecourses, web-based courses and face-to-face instructional delivery methods are utilized to bring a full range of classes to this rural area.

The Claiborne County Center is located at 907 Main Street in New Tazewell. The facility contains four general academic classrooms, a biology lab, computer science lab, and Interactive Television (ITV) classroom, administrative offices, and a student lounge area. General education courses as well as select technology courses are available to over 300 credit students.

GREENEVILLE/GREENE COUNTY CENTER FOR HIGHER EDUCATION

Purpose - The Greeneville/Greene County Center for Higher Education serves as an extension of the main campus in Morristown offering both credit and non-credit courses to the citizens of Greeneville, Greene County and portions of upper East Tennessee.
The campus is located at 215 North College Street in downtown Greeneville. Course offerings include most courses in the General Education core and additional technical education courses for most degree and certificate programs. The facility was made available through the generous efforts of the governments of Greene County and the city of Greeneville, along with the Walters State Foundation.

The facility includes general education classrooms, an interactive television (ITV) classroom, an electronic library, administrative and faculty offices, computer, chemistry and biology laboratories, student lounges, and a media room. In addition, the center is home for the Basic Police Recruit School and East Tennessee State University offers classes. The center also houses the Respiratory Care Technician program and serves the entire 10 county service area.

For additional information about the Greeneville/Greene County Center for Higher Education, call 423-798-7940.

SEVIER COUNTY CAMPUS

Purpose - The Center provides a wide range of academic credit classes both during the day and evening. Additionally, the office of Community and Economic Development provides non-credit classes/training opportunities to individuals seeking to attain career and personal development goals. Hospitality Business certificates and degrees for Hotel/Restaurant Management and Culinary Arts and a degree in Professional Entertainment are offered to address the specialized educational/training needs of the community.

The Sevier County Campus is located at the intersection of Pittman Center Road and Old Newport Highway. The property and facility was made available through the generosity of governmental bodies and private citizens of Sevier County. The facility contains general academic classrooms, computer laboratories, science laboratories, a culinary arts laboratory with dining area, a hospitality management laboratory, an interactive television (ITV) classroom, an electronic library, and administrative and faculty offices. A variety of general education and select technology courses are offered each semester. Over 1200 credit students are served each year through the Sevier County Campus. Additional information about the campus and program offerings can be obtained by calling 865-774-5800.

Cocke County Extension

Courses offered are scheduled during the evening hours on the campuses of Cocke County High School and Ben Hooper Vocational School. Students desiring local information should call 623-6631.

Hawkins County Extension

Both general education and select technology courses are offered at various sites in Hawkins County. General education courses are offered during the evening hours while select technologies are offered both during the day and evening in order to meet community and industrial needs. Students desiring local information should call 423-357-8604.

Other Distance Learning Opportunities

In addition to the above specified sites, credit courses are also offered on a requested basis at other off-campus locations. Please reference the Timetable of Classes.

The office of Evening and Distance Education also offers other learning opportunities for students who may not wish to travel to the main campus for all classes. Three types of distance learning opportunities, telecourses, interactive television (ITV) courses, and web-based courses, are currently offered.

Telecourses provide students with an opportunity to complete a significant portion of required course work outside of the classroom setting. Most of these courses normally meet only four to five times per semester; however, some lab experience courses may require additional class meetings. The basic components of a telecourse include a series of television/video programs, a textbook and a student study guide. During class meetings, telelearning is reinforced by the use of lecture, discussion, laboratory experiences and course examinations. Video tapes covering some course material are available in the Library for viewing and/or check out by students enrolled in the telecourses. In addition, some courses are broadcast on public television (WSJK-TV Channel 2 and WKOP-TV Channel 15). Telecourses are good choices for self-motivated and self-starting students.

Interactive television (ITV) courses follow traditional class meeting schedules, while providing students the opportunity to attend class sessions at one of three satellite centers (Greeneville, Sevierville, and New Tazewell) or at the main campus. The instructor can deliver instruction from any of the four sites to students at all locations. Students at the distance locations can see and interact with the instructor and students at other sites via closed circuit television technology. A variety of courses using this format are offered at the four sites listed above. Additionally, selected nursing courses are transmitted from the Morristown campus to the Gray site of Northeast State Technical Community College. Interactive television courses are good choices for students who may be unable to travel to the main campus for a particular course.

Web-based courses offer students the opportunity to complete all or part of the work for a particular course via the Internet. These courses may follow a modified traditional class schedule or may meet only at selected times throughout the semester. To complete all requirements for these courses students must be able to access the Internet. Students may access the Internet through computer facilities at the college’s library on the main campus in Morristown or at the satellite campuses in Greeneville, Sevierville, and New Tazewell, or secure access on their own. The college is not responsible for obtaining or maintaining students’ individual equipment or software for accessing the Internet.

For more information about these distance learning opportunities, please reference the Timetable of Classes or come by the office of Evening and Distance Education in room 108 of the College Center, or call 423-585-6899. The office is open from 8 a.m. until 9 p.m. Monday through Thursday and from 8 a.m. until 4:30 p.m. on Fridays while classes are in session. When classes are not in session, office hours are from 8 a.m. until 4:30 p.m. Monday through Friday.

LIBRARY

Purpose

The Library is an integral component of Walters State Community College whose main purpose is to provide the learning resources and related services needed by our students and faculty. All students, particularly Regents Online Degree Program (RODP) students who are being taught by a Walters State instructor, will be provided access to the instructional materials needed to complete the course. This includes both electronic and print resources. The informational resource services are provided by a comprehensive state-of-the-art system utilizing the speed and flexibility of computerized networking and the Internet system to deliver these resources wherever they are needed in the Walters State service area. Secondary emphasis is placed on providing services to citizens residing in the college’s service area.

Located on the north end of the campus, the Library provides an atmosphere conducive for the pursuit of knowledge. The Library provides academic materials to the students and faculty which support and enrich the curriculum.
The staff of the Library provides orientation and professional consultation in the utilization of facilities and services. Assistance is provided to faculty, students and the community in the selection of books, periodicals, recordings, films and other related instructional materials. The Library has an Information Center which has been designated as an open academic lab for Walters State students. This lab is equipped with computer-related technology including academic software.

The Library provides to the students in a central location materials which will allow for alternative pathways to learning. As an integral part of the education system to insure that the purposes and objectives are met, the Library strives to achieve the following:

1. Provide students a place to pursue academic and leisure interests.
2. Provide necessary supportive materials and equipment to the faculty and students.
3. Work with the faculty in selection of materials necessary for the educational program.
4. Teach students, through formal and informal classes, ways to use the Library more effectively.
5. Provide reference and advisory services to students working on Library-related academic research.
6. Make materials as accessible to students as possible.
7. Provide Internet access for students.
8. In cooperation with the Humanities and Mathematics divisions, tutorial services in these areas are available in the Library for English and mathematics students.
9. In cooperation with the Humanities division, the Library provides an art gallery for students and the community.

INFORMATION AND EDUCATIONAL TECHNOLOGIES (IET)

The Information and Educational Technologies (IET) department provides audio/visual services to students, faculty, and staff. The facilities are comprised of a TV production studio, a closed circuit television control center, an interactive television (ITV) classroom, a video information control center, and a technical equipment repair center. The staff provide audio/visual support services including maintenance and operation of sound systems in specific locations and setup and operation of televisions and/or sound systems for special occasions. Teleconferencing services are provided through the use of a satellite downlink system. The satellite system is capable of receiving both C Band and KU Band transmissions from a movable satellite and can provide a variety of programming services. The closed circuit television system provides access to taped programming in any classroom/lab equipped with a television as well as to strategic locations throughout the campus. A distributed TV-based information system provides items of interest to students, staff, and visitors at the main and Sevier County campuses. The ITV classroom is connected to a similar ITV classroom in the Clifford H. "Bo" Henry Center for Business and Technology and an ITV classroom at each of the other three college campuses and the Northeast State Technical Community College Center in Gray, Tennessee. Through the use of compressed video technology, classes originating at any one of these ITV classrooms can be received at other ITV classroom locations and provide simultaneous classroom interaction. The ITV classroom system can also be used to provide interactive teleconferencing services to other locations within the state, the nation, and the world. The department is responsible for providing all telephone services within the institution. The staff provide consulting services in all aspects of the use of audio/visual and computer technologies.
PROGRAMS OF STUDY

Walters State Community College offers university parallel programs designed to meet the needs of students who plan to transfer to a four-year institution in pursuit of the baccalaureate degree. The college also offers technical programs designed to prepare the student for entry into the job market upon completion of the program.

The degree and certificate offerings and the emphases of study available for the university parallel and technology programs at Walters State Community College are listed below.

UNIVERSITY PARALLEL PROGRAMS
Associate of Arts and Associate of Science Degrees

ARTICULATION AND TRANSFER

Students who intend to earn a Bachelor of Arts or Bachelor of Science degree at a four-year college or university may complete the first two years at Walters State by enrolling in the Associate of Arts or Associate of Science degree programs. The administration, faculty, and staff at Walters State work closely with the student and neighboring colleges and universities to help ensure smooth and accurate transfer. Course-by-course equivalency tables and articulation agreements with some four-year colleges and universities have been developed to ease transfer and assist the student and advisor with academic program development. For more information visit the Walters State web page at www.ws.edu.

Students following an articulation agreement with East Tennessee State University, Tennessee Technological University, or the University of Tennessee-Knoxville must complete the Intent to Articulate Form in the department of Counseling and Testing and must graduate from Walters State Community College in order to have the agreement honored. Students should consult with their advisors, the Counseling Center at Walters State, or with the transfer institution for more information.

If no program articulation agreement is available for a particular school or major, students may choose to follow one of the university parallel curriculum guides (Associate of Arts or Associate of Science degree programs.) These “guides” are suggested courses of study designed to include general education and foundation courses needed for a major in a particular field at the baccalaureate level. Because each school has different requirements, the curriculum guides are not intended to represent requirements for any particular college or university. Students should consult a copy of the catalog of the senior institution to which they plan to transfer and use it during advisement and registration to make sure that the courses selected meet the first two years’ requirements at that institution. Substitutions to meet requirements at a specific institution may be requested through the advisor provided the requirements for the Associate of Arts or the Associate of Science degrees are met.

All Walters State students are advised and encouraged to complete the associate degree prior to continuing their education elsewhere.

GENERAL EDUCATION CORE REQUIREMENTS

Effective Fall Semester 2004, each institution in the State University and Community College System of Tennessee (The Tennessee Board of Regents System) will share a common lower-division general education core curriculum of forty-one (41) semester hours for baccalaureate degrees and the Associate of Arts and the Associate of Science degrees. Lower-division means freshman and sophomore courses. The courses comprising the general education curriculum are contained within the following subject categories:

### Associate of Arts and Associate of Science Degrees and Baccalaureate Degrees*

- **Communication** ................................................................. 9 hours
- **Humanities and/or Fine Arts** ........................................ 9 hours
  (at least one course must be in literature)
- **Social/Behavioral Sciences** ........................................ 6 hours
- **History** .............................................................................. 6 hours
- **Natural Sciences** ............................................................ 8 hours
- **Mathematics** ................................................................. 3 hours
- **Total** ................................................................................. 41 hours

*Foreign language courses are an additional requirement for the Associate of Arts (A.A.) and Bachelor of Arts (B.A.) degrees. The B.A. degree requires proficiency in a foreign language equivalent to completion of two years of college-level work. The A.A. degree requires proficiency in a foreign language equivalent to completion of one year of college-level work.

**Six hours of English Composition and three hours in English oral presentational communication are required.

***Students who plan to transfer to Tennessee Board of Regents (TBR) universities should take six hours of United States History (three hours of Tennessee History may substitute). Students who plan to transfer to University of Tennessee System universities or to out-of-state or private universities should check requirements and take the appropriate courses.

Although the courses designated by Tennessee Board of Regents (TBR) institutions to fulfill the requirements of the general education subject categories vary, transfer of the courses is assured through the following means:

- Upon completion of an A.A. or A.S. degree, the requirements of the lower-division general education core will be complete and accepted by a TBR university in the transfer process.
- If an A.A. or A.S. is not obtained, transfer of general education courses will be based upon fulfillment of complete subject categories. (Example: If all eight hours in the category of Natural Sciences are complete, then this “block” of the general education is complete.) When a subject category is incomplete, course-by-course evaluation will be conducted. The provision of block fulfillment pertains also to students who transfer among TBR universities.
- Institutional/departmental requirements of the grade of “C” will be honored. Even if credit is granted for a course, any specific requirements for the grade of "C" by the receiving institution will be enforced.
- In certain majors, specific courses must be taken also in general education. It is important that students and advisors be aware of any major requirements that must be fulfilled under lower-division general education.

Courses designated to fulfill general education by Walters State Community College are published on page 34 of this catalog. A complete listing of the courses fulfilling general education requirements for all system institutions is available on the TBR website www.tbr.state.tn.us under Transfer and Articulation Information.

*Programs in Natural Science and Mathematics may have more than forty-one (41) general education hours due to specific program requirements.
ASSOCIATE OF APPLIED SCIENCE AND ACADEMIC/TECHNICAL CERTIFICATE PROGRAMS

Walters State offers associate of applied science degree and academic/technical certificate programs which prepare students for a specialized career. These programs are designed for the student who desires to enter employment upon graduation and does not intend to transfer to a baccalaureate degree program.

Associate of Applied Science

Associate of Applied Science degree programs are designed to prepare students for immediate employment in a specialized area.

1. All component requirements are outcome oriented.
2. Degree major requirements are composed of a minimum of 60 semester credit hours.
3. The technical speciality component of the technical degree major consists of a minimum of 36 semester credit hours.
4. Minimum requirements as stipulated by the Tennessee Board of Regents and the Southern Association of Colleges and Schools are that each technical degree program contain 15-17 semester credit hours of general education. Each technical degree program at Walters State contains a minimum of 15 hours in general education courses. Components of this basic core of general education consists of a minimum of one course in each of the following areas:

<table>
<thead>
<tr>
<th>Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Composition ................................................................. 3 hours</td>
</tr>
<tr>
<td>**Humanities and/or Fine Arts ..................................................... 3 hours</td>
</tr>
<tr>
<td>**Social/Behavioral Sciences ..................................................... 3 hours</td>
</tr>
<tr>
<td>**Natural Science/Mathematics .................................................. 3-4 hours</td>
</tr>
<tr>
<td>**One additional course from the categories of: Communication, Humanities and/or Fine Arts, Social/Behavioral Sciences, or Natural Science/Mathematics ............ 3-4 hours</td>
</tr>
<tr>
<td>**Specific courses satisfying these requirements must be the same courses that satisfy the general education requirement for the associate (A.A./A.S.) and baccalaureate degrees.</td>
</tr>
<tr>
<td>15-17 hours</td>
</tr>
</tbody>
</table>

Academic/Technical Certificate

Programs leading to academic/technical certificates are offered in response to the various training needs of business and industry. Program standards are determined primarily by the training needs of business and industry and depict skill proficiency in a particular employment area.

NOTES

1. See General Education courses on page 54.
2. A student interested in transferring to a baccalaureate degree program should see an advisor at Walters State and/or contact the appropriate department at the transfer institution for specifics. A student admitted to a technical education program is not required to complete high school units of study required for the student who plans to attend a university. If a technical degree program student later decides to attend a state university, the high school deficiencies must be made up prior to being admitted to the university.
3. Credit hours earned in remedial or developmental education courses are institutional credit; they are not applicable to credit hours required for an associate degree or academic/technical certificate.
GENERAL EDUCATION

Statement of Purpose

Walters State Community College requires a core of general education courses as part of each degree program. The purpose of general education is to provide students with a common set of learning experiences as a foundation for:

- solving problems of everyday life,
- participating intelligently in civic affairs,
- preparing for jobs, vocations, or professions and
- recognizing major elements of human culture.

What students need to know and be able to do to function in an increasingly technological workplace and in everyday life has its basis in both competencies and areas of understanding as a preparation for lifelong learning.

Competencies

Students completing the general education core will minimally demonstrate competencies in each of the following areas:

1. The ability to read effectively, to differentiate one’s personal opinions from a writer’s, and to develop a functional vocabulary;
2. The ability to write clear, coherent, and grammatically correct expository prose and record, analyze, interpret and transmit information;
3. The ability to communicate orally and advocate effectively in a clear, persuasive, and grammatically correct manner;
4. The ability to analyze/discuss and use quantitative information, demonstrate a reasonable level of facility in mathematical problem solving and recognize connections between mathematics and other disciplines;
5. The ability to use the information technologies including word processing, graphical presentation, electronic communication and information gathering.

Areas of Understanding

Walters State Community College graduates will demonstrate a general understanding of the relationships between the various areas of academic study. In addition to the competencies referenced earlier, WSCC graduates will have:

- Acquired scientific and mathematical ways of thinking necessary for informed decision making;
- Developed through the multiple perspectives of different academic disciplines a perception of self in a social-historical and multicultural context;
- Developed an appreciation of beauty in nature, in literature, in music, and in other art forms;
- Recognized the value and dignity of being human, making ethical decisions, and behaving as responsible citizens and community members in a democratic society, and;
- Improved abilities of critical thinking, problem solving, higher order thinking and reasoning.

ASSOCIATE OF ARTS (A.A.) AND ASSOCIATE OF SCIENCE (A.S.) DEGREES

<table>

Associate of Arts/Associate of Science degree programs are designed for the student who desires to transfer to a four-year institution to pursue a baccalaureate degree. The information presented in a university parallel curriculum is not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer and their advisors for information on degree requirements.

Associate of Applied Science and Academic/Technical Certificate programs are designed for the student who desires to enter employment upon graduation and does not intend to transfer to a baccalaureate degree program. A student admitted to an Associate of Applied Science program is not required to complete high school units of study required for admission to a university. However, should the student later decide to attend a state university, the requirements must be completed prior to admission to a baccalaureate program.

See an advisor for assistance in planning your academic program.
THE REGENTS ON-LINE DEGREE PROGRAM

Beginning Fall 2001, the Tennessee Board of Regents colleges and universities joined together in offering Regents On-line Degree Programs (RODP). Courses completed in the Regents On-line Degree Programs will be entirely on-line and will be completely transferable among all the participating institutions which are fully accredited.

Walters State Community College joins with the other Tennessee Board of Regents institutions in offering the Regents On-line Degree Program (ROPD). The three on-line degrees offered by Walters State are:

- Associate of Applied Science in Professional Studies Concentration in Information Technology
- Associate of Arts in General Studies (University Parallel)
- Associate of Science in General Studies (University Parallel)

ACADEMIC ENRICHMENT

The office of Academic Enrichment provides administration and leadership for the college’s developmental education program and honors program relative to meeting the institution’s stated mission. These programs are guided in meeting the special academic needs of its student constituency by a well-defined statement of purpose consistent with the overall mission of the college.

DEVELOPMENTAL EDUCATION

The Developmental Education program provides assistance to students in developing those academic and social skills necessary for the successful completion of college work. Courses and activities are designed for students who lack minimum skills, as defined by the Tennessee Board of Regents, in reading comprehension, writing communication, mathematical computation, and study skills. Services provided include academic assessment, academic placement, and counseling-related programs and activities. This division is decentralized and integrated throughout the academic and student affairs units.

Mathematics Program

The Developmental Mathematics program, a part of the Mathematics Division, assists students in developing the ability to perform mathematical computations, use measurements, make estimates and approximations, judge reasonableness of results, formulate and solve mathematical problems, select appropriate approaches and problem-solving tools, and use elementary concepts of probability and statistics. Developmental Mathematics courses are intended for students who need additional preparation in mathematics prior to enrolling in college level courses. These courses are not intended for transfer nor do they satisfy degree-credit requirements for any associate degree or technical certificate program. Some special admissions, registration, and retention policies apply to the Developmental Education program. Students are encouraged to seek additional information about these policies from the office of Academic Enrichment, 201-CCEN, 423-585-6914.

Developmental Mathematics (DSPM)

The following is a listing of Developmental Mathematics (DSPM) courses. Please refer to page 152 for a complete listing of course descriptions and credit hours.

DSPM 0700 Basic Mathematics
DSPM 0800 Elementary Algebra
DSPM 0850 Intermediate Algebra

Reading Program

The Developmental Reading program, a part of the Humanities Division, assists students in developing the ability to read effectively, recognize different purposes and methods of writing, differentiate personal opinions and assumptions from a writer’s, use texts and reference materials, and develop a functional college-level vocabulary. Developmental Reading courses are intended to help students develop the ability to read effectively at a level necessary to successfully complete college level studies. These courses are not intended for transfer nor do they satisfy degree-credit requirements for any associate degree or technical certificate program. Some special admissions, registration, and retention policies apply to the Developmental Education program. Students are encouraged to seek additional information about these policies from the office of Academic Enrichment, 201-CCEN, 423-585-6914.

Developmental Reading (DSPR)

The following is a listing of Developmental Reading (DSPR) courses. Please refer to page 165 for a complete listing of course descriptions and credit hours.

DSPR 0700 Basic Reading
DSPR 0800 Developmental Reading

Sections with the suffix ESL (English as a Second Language) are for students whose native language is not English. These sections will stress idiomatic language through exercises and listening as well as speaking.

Writing Program

The Developmental Writing program, a part of the Humanities Division, assists students in developing the ability to write effectively utilizing standard English, vary writing style, and improve the ability to gather information. Developmental writing courses are intended for students who need additional preparation in writing and spelling prior to enrolling in college level courses using these skills. These courses are not intended for transfer nor do they satisfy degree-credit requirements for any associate degree or technical certificate program. Some special admissions, registration, and retention policies apply to the Developmental Education program. Students are encouraged to seek additional information about these policies from the office of Academic Enrichment, 201-CCEN, 423-585-6914.

Developmental Writing (DSPW)

The following is a listing of Developmental Writing (DSPW) courses. Please refer to page 139 for a complete listing of course descriptions and credit hours.

DSPW 0700 Basic Writing
DSPW 0800 Developmental Writing

Sections with the suffix ESL (English as a Second Language) are for students whose native language is not English. These sections will stress idiomatic language through exercises and listening as well as speaking.

English as a Second Language (ESL)

1. As a result of tests and interviews, non-native English speakers will be placed in the appropriate ESL writing, reading, and language laboratory sections and other classes when appropriate. The core 9-hour program is required of all beginning ESL students.

2. ESL students enrolled in 0700 reading and writing courses are limited to the core courses until satisfactory completion. However, ESL students enrolled in 0800 level reading and/or writing classes may begin their math sequence and the required study skills course.

3. Students enrolled in 0800 level writing courses may take, in addition to study skills and math classes, any of the following courses.

   KEYBOARDING
   OADM 1040 Keyboarding .......................... 3 credits

   English as a Second Language (ESL)
ART ACTIVITIES

4. Students will be allowed to enroll in other college level courses
only upon successful completion of DSPW 0800 plus any other
required developmental courses and passing the TOEFL.

Study Skills Program
The Study Skills program, a part of the Behavioral/Social
Science Division, assists students in the development of multiple
study skills including setting goals and priorities, following sched-
ules, locating and using resources external to the classroom, using
general special vocabularies for reading, writing, speaking, listen-
ing, computing, and note taking. The program focuses attention
on learning to utilize college resources, test-taking, and facilitating
abilities of recall. These courses are not intended for transfer nor
do they satisfy degree-credit requirements for any associate de-
gree or academic/technical certificate program. Some special ad-
missions, registration, and retention policies apply to the
Developmental Education program. Students are encouraged to
seek additional information about these policies from the office of
Academic Enrichment, 201-CCEN or call 423-585-6914.

Please refer to page 136 for a complete listing of course
descriptions and credit hours.

DPS 0800 Learning Strategies

Assessment, Testing, Orientation,
Counseling, and Retention
The Assessment, Testing, Orientation, and Counseling pro-
gram is a part of the organizational areas of Counseling and
Testing and Student Information. The program identifies students
deficient in one or more of the areas of reading, English, or
mathematics; assesses appropriate students for placement and for
counseling-related services for academic and personal guidance,
vocational, developmental, transitional, career, and/or emotional

HONORS PROGRAM
The purpose of the Honors Program is to enhance the highest
level opportunities of academic excellence by providing an en-
riched curriculum and educational experience for superior stu-
dents desiring to intensify their academic pursuits. Honor students
will experience the highest level of academic challenge and quality
from dedicated faculty who share a commitment of excellence in
teaching and service.

Acceptance in the Honors Program - Terms and Conditions
To be accepted and to maintain good standing in the Walters
State Campus Honors Program, a student must have an ACT
composite score of 24 and complete the honors core program.
Students who are 21 years of age or older without an ACT compos-
ite of 24 may submit both a score of 68 or above on the writing
portion and a 50 or above on the algebra portion of the Computer
Placement Assessment and Support System (COMPASS) in place
of the ACT. After one or more semesters at Walters State, a student
with a cumulative grade point average of 3.5 in 12 or more college-
level hours may apply.

Honors Course Requirement
Successfully complete a total of 18 Honors credits includ-
ing the Honors required courses or equivalent.

Grade Point Average
Maintain a 3.25 cumulative grade point average (GPA) per
year and will earn a 2.8 or higher in any one term. Grades
are monitored after each term.

Additional information may be obtained in the office of Aca-
demic Enrichment, 201-CCEN or call 423-585-6914.
DIVISION OF BEHAVIORAL/SOCIAL SCIENCES

Purpose
The Behavioral/Social Sciences division provides a curriculum designed to examine those social aspects of human culture that relate to the individual, the group, and organization in the environment. The behavioral/social sciences, collectively, provide: 1) preparation for elementary and secondary teaching; 2) study of human spatial variation in relationship to the physical environment; 3) examination of the past record of human social life and its relationship to change, and continuity; 4) study of national and international political cultures and institutions; 5) examination of individual mind processes and theories of human behavior; 6) study of groups, social institutions, culture, and bureaucracies; 7) a wide variety of sports and fitness activities emphasizing health and physical fitness; and 8) human development courses designed to improve study skills and increase the likelihood of student success.

ELEMENTARY EDUCATION

This two-year program is designed to help students gain acceptance into teacher preparation programs at four-year institutions.

Degree: Associate of Science

Emphasis: Elementary Education

MILITARY SCIENCE

Military Science operates as a cooperative effort with Carson-Newman College and provides information on courses pertaining to the nature and function of the US Military including military history of the United States, leadership, management and basic officership. Students who successfully complete the military science courses at WSCC may be able to enter Advanced Reserve Officer Training Corps programs at Carson-Newman or other four-year colleges and universities.
PHYSICAL EDUCATION, HEALTH AND RECREATION

Physical Education, Health, and Recreation offers educational, sports, and fitness activity classes with the emphasis on “Fitness for Life.” The curriculum is designed to meet the physical, social and emotional needs of students.

Degree: Associate of Science

Emphasis: Physical Education, Health and Recreation

General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.

See senior institution for history requirements.

Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.

NOTES

- Additional coursework and activity courses will need to be taken to prepare for transfer to some four-year institutions. See you advisor in the Behavioral and Social Sciences Division for more information.
- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.
POLITICAL SCIENCE

Political Science focuses on the study of political cultures and political institutions as a preparation for citizenship in the community, nation and world.

Degree: Associate of Arts

Emphasis: Political Science

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 See senior institution for history requirements.
3 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.

NOTES

- Students are required to meet computer competency during the first 30 hours of coursework. CPSC 1100 satisfies the college’s computer science requirement.
- High school deficiencies must be removed prior to graduation, developmental education courses must be taken every semester until completed.

PSYCHOLOGY

Psychology focuses on the study of behavior and mental processes. Facts, theories, and hypotheses about people are examined within the framework of psychological research and knowledge.

Degree: Associate of Science

Emphasis: Psychology

NOTES

• Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”

• High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.

• Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”

• High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.
SOCIAL WORK

The social work curriculum is designed to prepare students to transfer to colleges and universities offering a bachelor’s degree in social work. The associate of science degree builds on a liberal arts base and includes an array of courses from such fields as psychology, sociology, political sciences and economics.

Degree:  Associate of Science

Emphasis:  Social Work

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.

NOTES

- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit [www.ws.edu](http://www.ws.edu) and click on “computer competency.”
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.
DIVISION OF BUSINESS

Purpose
The Division of Business provides educational programs designed to prepare individuals to assume positions in business/industry and government, skills development training for the currently employed and appropriate academic course work for those who plan to transfer to a four year institution of higher education. All business programs are accredited by the Association of Collegiate Business Schools and Programs.

Degree: Associate of Science
Emphasis: Business

The Associate of Science – Business degree is designed to offer flexibility in selecting courses that will meet the requirements for the first two years of a Bachelor of Science degree in Business Administration. The outline below is general in nature and is designed for use in conjunction with guidance from a business faculty advisor. Because senior institution requirements change often and without notice, students should regularly see a faculty advisor for the most current information available.

Course No. | Course Title | Credit Hours
--- | --- | ---
ENGL 1010 | Composition I | 3
ENGL 1020 | Composition II | 3
SPCH 2010 | Introduction to Speech Communication | 3

Area of Emphasis Requirements (19 hours)
ACCT 2210 | Principles of Accounting I | 3
ACCT 2220 | Principles of Accounting II | 3
ELECTIVES | Mathematics | 3
Statistics | 3
Required by Transfer Institution | 7
Total Credit Hours | 60

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 See senior institution for history requirements.
3 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.

NOTES
- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.

MANAGEMENT/ACCOUNTING

The Accounting concentration is designed to prepare students for a successful career as an Accounting Paraprofessional.

Degree: Associate of Applied Science
Emphasis: Management
Concentration: Accounting

Course No. | Course Title | Credit Hours
--- | --- | ---
ENGL 1010 | Composition I | 3
ENGL 1020 | Composition II | 3

Area of Emphasis Requirements (15 hours)
ACCT 2210 | Principles of Accounting I | 3
ACCT 2220 | Principles of Accounting II | 3
ACCT 2560/2561 | Accounting Practice I w/ Lab | 4
ACCT 2570/2571 | Accounting Practice II w/ Lab | 4

MGMT 2210 | Principles of Management and Quality Improvement | 3
SPCH 2010 | Introduction to Speech Communication | 3
ELECTIVE | 1
Total Credit Hours | 60

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 Students should consult a faculty advisor to determine appropriate course selections.

NOTES
- Students are required to meet computer competency during the first 30 hours of coursework. In this program, MGMT 1100 Business Computer Applications is required to satisfy computer competency and must be taken during the first 30 hours.
- Developmental education courses must be taken every semester until completed.
MANAGEMENT/AGRICULTURE BUSINESS

The Agriculture Business concentration emphasizes the development of agriculture business and production agriculture.

Degree: Associate of Applied Science

Emphasis: Management

Concentration: Agriculture Business

**Total Credit Hours 60**

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.

NOTES
- Students are required to meet computer competency during the first 30 hours of coursework. In this program MGMT 1100 Business Computer Applications is required to satisfy computer competency and must be taken during the first 30 hours.
- Developmental education courses must be taken every semester until completed.
- College credit may be given for the Certified Executive Chef or Certified Pastry Chef designation awarded by the American Culinary Federation. See a faculty advisor for additional information.

MANAGEMENT/HOTEL AND RESTAURANT MANAGEMENT

The Hotel and Restaurant Management concentration is a comprehensive degree program offering course work in competencies encompassing all operations of a “full service” lodging facility. The program includes practical courses in food preparation and management courses in lodging and food and beverage. In addition, the program includes a business core requirement, affording students with a broader base of business skills useful in the industry. The program will prepare students to enter various phases of the hospitality industry, one of the most dynamic and fastest growing fields open to college graduates today.

Degree: Associate of Applied Science

Emphasis: Management

Concentration: Hotel and Restaurant Management

MANAGEMENT/PARALEGAL STUDIES

The Paralegal Studies concentration prepares students to work under the supervision of a licensed attorney to perform delegated legal work, including legal research, document preparation, client and witness interviewing, investigation and case management. Students are provided with a working knowledge of substantive areas of the law, training of specific paralegal skills related to those areas, a solid foundation in legal ethics and professional conduct and training in modern technology systems for legal research, word processing and law office management.

Degree: Associate of Applied Science

Emphasis: Management

Concentration: Paralegal Studies (Accredited by the American Bar Association)

CULINARY ARTS

The Culinary Arts technical certificate is designed to provide fundamental skills in food preparation, cooking and baking. Employment is broadly available for people with creativity, imagination and the willingness to work. The course work completed for the technical certificate will apply to the Associate of Applied Science degree in Culinary Arts.

DIVISION OF HEALTH PROGRAMS

Purpose
The Health Programs division provides education leading to the associate of applied science degree in nursing, physical therapist assistant, health information technology, and respiratory care, a technical certificate for pharmacy technicians, medical coding, medical insurance specialist, and medical transcription. Completion of these programs enables the student to take licensure or certification examinations for these health care careers.

Degree: Associate of Applied Science
Emphasis: Nursing
The Nursing program prepares individuals to apply to take the National Council Licensing Exam for Registered Nurses (NCLEX-RN) given by the State Board of Nursing to become registered nurses and assume positions in the health care industry.

GENERAL ADMISSION REQUIREMENTS
Any student desiring to pursue an Associate Degree in Nursing must:
1. Apply, meet admission requirements and be accepted by Walters State Community College.
2. Indicate Nursing as the desired major on the WSCC application form.
3. Follow college policy for advising prior to registration.
4. Complete all required developmental education courses prior to making application for the clinical nursing program.
5. Complete BIOL 2010 and 2011, BIOL 2020 and 2021 prior to making application for the clinical nursing program. A grade of “C” or better must be achieved in all science courses. Biological science courses previously taken must have been completed within the last 10 years.
6. Complete computer competency requirement.
7. Students cannot audit any nursing course without the approval of the dean of Health Programs/director of Nursing and/or chair of the Nursing Admission and Progression Committee.

Any exceptions to the above admission policies must be approved by the Admission and Progression Committee.

Consideration is given to Tech Prep students.

CLINICAL NURSING PROGRAM APPLICATION REQUIREMENTS
A student who has completed the above referenced requirements and has maintained an overall 2.5 GPA, excluding developmental education courses, is eligible to apply for admission to the clinical nursing program. To apply for admission into the clinical nursing program, the student must complete and return to the director of Nursing a “Request for Admission into Clinical Nursing” form. This form must be filed no later than January 31 of the year the student elects to participate in the selection process for the fall semester nursing class. The student must attach to the form a current transcript of all the college courses taken.

SELECTION TO THE CLINICAL NURSING PROGRAM
1. Selection of each class will be made by the Admission and Progression Committee whose membership consists of:
   a. Dean of Health Programs
   b. Director of Nursing
   c. Four nursing faculty (rotating)
   d. Vice President for Academic Affairs (ex officio)
   e. Provost or chair of the Nursing Admission and Progression Committee
   f. President or chair of the Nursing Admission and Progression Committee
The Admissions and Progression Committee will rank each applicant on the basis of predetermined criteria. The criteria include but are not limited to: (a) first grades received in the required biology courses; (b) number of successfully completed courses beyond those required for admission to the clinical nursing program, and (c) grade point average excluding developmental education grades in required college courses. Additional ranking points can be obtained for either 1) ACT/ACT Residual score of greater than 19 or 2) Nurse Entrance Scores (NET) in Essential Math Skills, Reading Comprehension and Critical Thinking greater than 50%. All test scores must be less than 3 years old.* The committee may also require a personal interview and conduct reference checks. The top ranked applicants will be selected for each class. Selections made by the committee are final.
2. Transfer Students - Individuals who have attended other colleges and desire to transfer into the WSCC clinical nursing program will be considered on an individual basis. Transfer requests should be directed to the director of Nursing. Transfer students must meet the same standards and criteria as others desiring to pursue an associate degree in nursing at WSCC. A student may be required to audit a designated nursing course.
3. Transfer and Returning Students - Credit for nursing courses must have been earned within the past five years to be considered. Credit for biology courses must have been earned within the past 10 years to be considered.
4. WSCC and transfer students selected for the fall semester class will be notified in writing.
5. Students notified of admission into the clinical nursing program must return the following by the date specified on the form: (a) an acceptance form indicating intent to be enrolled in the fall class; (b) a signed and dated acknowledgment of the Drug/Alcohol Abuse Policy and consent forms, and (c) a comprehensive health exam with complete hepatitis series. Students who do not respond or who do not plan to attend will have their positions filled by other applicants selected by the director of Nursing from the list recommended by the Admissions and Progression Committee.
6. Students not selected for admission may reapply for a subsequent class.
7. Contact the director of Nursing, TECH 106D for additional information.

*ACT RESIDUAL and NET testing can be scheduled through the counseling and testing office at WSCC.

PROGRESSION/RETENTION POLICIES
To remain in good standing once admitted to the clinical nursing program, the student must:
1. Adhere to all WSCC, nursing department, and clinical agencies policies.
2. Earn a “C” or better in each required nursing and biology course and maintain a minimum GPA of 2.0.
3. Satisfactorily complete the theory, clinical and/or skills requirements of each nursing course. A grade of “D” or “F” in theory will result in a grade of “F” for clinical. An unsatisfactory in clinical will result in a grade of “F” for the entire course.
4. Exhibit safe clinical behavior.
5. Demonstrate professional, ethical and legal conduct.
6. Maintain professional liability insurance.
7. Maintain current professional CPR.
8. Complete BIOL 2510 (Microbiology and lab) with a minimum grade of “C” before progressing into the third semester of clinical nursing.
9. Submit to a drug test if requested by the dean of Health Programs or director of Nursing at any time during the program. A positive drug test is grounds for immediate dismissal.
10. Have a yearly comprehensive health exam and submit the required form to the director of Nursing by the designated date.

READMISSION POLICIES

A student who has received a “D” or “F” in a clinical nursing course or who has withdrawn from the clinical nursing program may apply for readmission.

The readmission policies are:
1. A student must schedule an appointment with their faculty advisor or with the director of Nursing and complete exit interview process. Failure to complete the exit interview process may render the student ineligible to pursue readmission.
2. A student must request in writing to the director of Nursing to be considered for readmission by the Admission and Progression Committee according to the following schedule: (a) apply by January 31 for readmission to a fall semester nursing course; (b) apply by September 30 for readmission to a spring semester nursing course. Students will be notified by letter of the date and time they are to meet with the Admission and Progression Committee. It is the responsibility of the student to ensure the nursing program has the correct mailing address. A student is eligible to appear before the Admissions and Progression Committee two times. If readmission is not granted after the second application, the student becomes ineligible for readmission. The committee may allow a student to be readmitted without an interview under the following circumstances: obvious physical illness/disability necessitating the student’s withdrawal or student physical or psychological problems with physician documentation.
3. Only one readmission to the clinical nursing program is permitted.
4. If a student elects to apply for readmission, auditing a designated nursing course may be required to increase the probability of success.
5. A student who fails NURS 1180/1181 (Transition to Nursing) may request admission into the first semester of Nursing. No readmission to NURS 1180/1181 will be allowed.
6. A student with previous unsatisfactory clinical performance must be evaluated and recommended for readmission by a consensus of the nursing faculty.
7. A student who has received two grades of “D” or below in clinical nursing courses will not be eligible for readmission.
8. A student must have a cumulative 2.0 GPA or higher to be considered for readmission.
9. A student repeating a clinical nursing course must repeat both the theory and clinical components of the course.
10. A student may be readmitted only if space is available.
11. Any exceptions to the above policies must be approved by the Admission and Progression Committee.

*Admission/Readmission policy pending TBR approval.

HEALTH AND PHYSICAL CONSIDERATIONS FOR NURSING STUDENTS

Because the college seeks to provide in as much as possible a reasonably safe environment for its health career students and their patients, a student may be required, during the course of the program, to demonstrate their physical and/or emotional fitness to meet the essential requirements of the program. Such essential requirements may include freedom from communicable diseases, the ability to perform certain physical tasks, and suitable emotional fitness. Any appraisal measures used to determine such physical and/or emo-
The Health Information Technology program is a two year associate of applied science degree designed to prepare individuals to manage and code the medical information obtained in the medical records, organize the coded information for reimbursement purposes, abstract other data to meet administrative and governmental requirements, and manage medical and legal inquiries for medical information. Graduates of this program will be prepared for a variety of positions in the health information services market. The program is designed to offer a wide variety of learning experiences including classroom lecture, use of computers and software designed for health information technology, and directed clinical practice in various medical settings.

The program is accredited by the Commission on Accreditation of Allied Health Programs (CAAHEP) in cooperation with the Council on Accreditation of the American Health Information Management Association. Students who successfully complete the program are eligible to apply to write the national qualifying examination for certification as a Registered Health Information Technician (RHIT).

ADMISSION, RETENTION AND GRADUATION REQUIREMENTS

1. Apply, meet admission requirements and be accepted by Walters State Community College.
2. Indicate Health Information Technology as the desired major on the WSCC application form.
3. See an advisor from the Health Programs Division prior to registering for classes and obtain clearance to register.
4. Complete all required developmental education courses prior to making application for the Health Information Technology program.
5. In addition, admission to an allied health program requires the following: (a) a completed physical health form; (b) evidence of malpractice liability insurance; and (c) a signed and dated acknowledgement of the Drug/Alcohol Abuse Policy and consent forms. The physical health form, malpractice insurance, and Tennessee Professional Assistance Fees are at the student’s expense.
6. Each student enrolled in the Health Information Technology program will be monitored, advised and counseled. Students’ grades will be evaluated at the end of each semester by the director of the program. A student must maintain the following standards or be dismissed from the program: (a) a grade of “C” or better in each course; (b) complete designated prerequisite/corequisite courses.
7. Program graduation requirements include the successful completion of the courses listed below with a minimum grade of “C” in each course.

Degree: Associate of Applied Science

### Degree: Technical Certificate

#### Emphasis: Pharmacy Technician

The Pharmacy Technician certificate program is designed to prepare individuals for a career and job opportunities in the pharmaceutical industry which includes retail pharmacies (independent and chain), hospital pharmacies, health care agencies, or long-term care facilities. In addition, the program expands the knowledge, skills and educational options of those pharmacy technicians who are currently employed but who have not had any previous formal education in this area. Graduates of the program will be eligible to take the National Certification Examination to become a certified pharmacy technician. Individuals who have been convicted of crimes other than minor traffic violations could be ineligible for certification in the state of Tennessee, even though they have successfully completed the program. Pharmacy technicians must practice under the direct supervision of a pharmacist. The program is accredited by the American Society of Health-System Pharmacists.

### ADMISSION, RETENTION AND GRADUATION REQUIREMENTS:

1. Students applying to the program must meet the college’s general admission requirements. Pharmacy Technician students are not required to take or complete the college’s Compass Exam or any basic/developmental courses prior to enrolling in the program.
2. Student should indicate Pharmacy Technician (PHAR) as their major.
3. Prior to enrolling for PHAR courses a student must complete the Criminal Conviction Statement and the Alcohol and Chemical Abuse Statement forms. These forms may be obtained from the program faculty.
4. The student will complete a work history/experience form and identify one professional reference. These forms may be obtained from the program faculty.
5. After completion of the pharmacy technician admission procedure, the student’s application for admission will be reviewed by the Pharmacy Technician Admission Committee. The committee will consist of the pharmacy technician faculty and will be chaired by the associate program director. The committee will select qualified candidates based on the admission criteria including: a) admission to Walters State Community College; b) Pharmacy Technician major; c) no history of criminal conviction; d) signed alcohol and chemical abuse form; e) positive reference checks.
6. While in the program, students must comply with the college’s policies and successfully meet program curriculum requirements.
7. Prior to the clinical training phase of the program, the student must obtain the following: a physical examination, laboratory tests, immunizations, and liability insurance, all at the student’s expense. Liability insurance is obtained in the amount specified by the program’s director. Registration with the Board of Pharmacy at the student’s expense may be required.
8. Program graduation requirements include the successful completion of courses listed below with a minimum grade of “C” in each course.

### NOTES

- Students are required to meet computer competency during the first 30 hours of coursework. CPSC 1100 satisfies the college’s computer science requirement.
- Developmental education courses must be taken every semester until completed.

1. General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
Degree: Associate of Applied Science
Emphasis: Physical Therapist Assistant

The Physical Therapist Assistant program prepares students to apply to take the National Licensing Examination for Physical Therapist Assistants (PTA) and perform physical therapy related duties under the supervision of a physical therapist in the United State’s health care industry. Physical therapist assistants perform physical therapy procedures such as exercise, heat and cold treatments, or gait training in order to improve patients’ function. Patients with diagnoses of fractured bones, strokes, arthritis, open wounds, burns, cerebral palsy, or other dysfunctions of the neuro-musculoskeletal systems are frequent candidates for physical therapy treatment. Physical therapist assistants may be employed to work with physical therapists in hospitals, private physical therapy practices, home health agencies, school, and nursing home facilities. At this time there are numerous job opportunities for the PTA nationwide. Annual starting salaries for the PTA in the Upper East Tennessee area average $26,000-$29,000.

LEGAL LIMITATION FOR LICENSURE

Graduates of the program will be eligible to apply to take the National Licensing Examination to become physical therapist assistants. Obtaining a passing score on the national examination is required to practice as a physical therapist assistant in the state of Tennessee. However, individuals who have been convicted of crimes other than minor traffic violations could be ineligible for physical therapist assistant licensure in the state of Tennessee, even though they have successfully completed the Physical Therapist Assistant program. Physical therapist assistants may not practice unless under the supervision of a physical therapist.

GENERAL ADMISSION REQUIREMENTS

Any student desiring to pursue an associate degree in Physical Therapist Assistant must:

1. Apply, meet admission requirements, and be accepted by Walters State Community College.
2. Indicate Pre-Physical Therapist Assistant as the desired major on the WSCC application form.
3. See an advisor from the division of Health Programs prior to registering for classes and obtain faculty approval to register.
4. Complete all required developmental courses.
5. Complete BIOL 2010 and 2011, BIOL 2020 and 2021, and MATH 1530 or 1630 prior to making application for the PTA specialty courses. A grade of "C" or better must be achieved in each required science course, with a GPA of at least 2.0 in the other general education/core requirements completed. Biological science courses previously taken must have been completed within the last 10 years.
6. Students cannot audit any PTA courses without the approval of the department director and the dean of Health Programs.

APPLICATION REQUIREMENTS:

The Physical Therapist Assistant program accepts 16-20 new students each fall semester. Application for acceptance into the specialty courses program requires the following:

1. Completion of all the General Admission Requirements.
2. Work experience in a physical therapy clinic of approximately 20 hours of observation in a physical therapy practice.
3. Submission of a completed PTA program application packet no later than April 15 of the year the student wishes acceptance. Application packets can be obtained from the Health Programs office in November of the year prior to when the student wishes admission.
4. Eligibility for liability insurance coverage (liability insurance is at the student’s expense).
5. Completion of a physical examination at student expense by a physician with required lab tests and immunizations or records of immunizations. Specific additional tests or vaccines may be required at student expense to fulfill specific clinical standards. (Please see Health and Physical Considerations for Physical Therapist Assistant Students).
6. Transfer Students - Individuals who have attended college other than Walters State and desire to transfer credits from those institutions must submit official transcripts to Walters State and receive confirmation that transferred credit will substitute for required courses at this institution. Transfer students must meet the same criteria and standards as others desiring to pursue an associate degree in physical therapist assistant at Walters State. Students may not transfer basic science classes over 10 years old, or specific PTA classes over five years old. Students who are transferring Kinesiology from another institution will be required to complete additional assignments during the fall semester in the program. Students who have failed in another physical therapist assistant program must disclose this in the PTA program admissions packet, and acceptance will be considered on a case-by-case basis by the PTA faculty and the dean of Health Programs.

Selection of each class will be made during the summer prior to the beginning of specialty courses. The number of students accepted into the program is limited. Programs with limited enrollment such as the PTA program cannot accept out-of-state residents if there are Tennessee residents eligible for admission. Students will be ranked on the basis of predetermined criteria. The criteria include, but are not limited to:

1. Grade point average in the pre-PTA and general education/core requirements.
2. Number of successfully completed general education/core requirements for the PTA program.
3. Full-time work experience of three months or more in a physical therapy clinic, or 20 hours of observation in a physical therapy practice under the supervision of a physical therapist or physical therapist assistant.
4. Reference from the supervising physical therapist or physical therapist assistant under whom a student worked or observed.
5. Prior completion of a college degree (not a requirement for admission).
6. A personal interview of the top ranked applicants (based on the criteria in 1-4) by practicing physical therapists and physical therapist assistants.

The PTA program completes decisions on admission usually by mid-July. Decisions on admissions are final. Students notified of admission into the Physical Therapist Assistant Specialty Course Program must: a) give verbal confirmation, followed by returning the written acceptance form indicating intent to be included in the fall class by the specified date on the form, b) sign and date an acknowledgement of the Drug/Alcohol Abuse Policy and consent form. Students who do not respond or who do not plan to attend will have their positions filled by other applicants based on the criteria rankings. Students not selected for admission may reapply for a subsequent class.

Contact the director of the Physical Therapist Assistant program, 423-585-6981, for further information.

PROGRESSION/RETENTION POLICIES

To remain in good standing once admitted to the PTA specialty courses, the student must:

1. Adhere to all WSCC, PTA program, and clinical agencies policies.
2. Maintain a 2.0 GPA in each PTA specialty course.
3. Satisfactorily complete the theory, clinical and skills requirements for each PTA specialty course, including exhibiting safe and competent clinical behavior as defined by written criteria given to each PTA student.
4. Demonstrate professional, ethical, and legal conduct.
5. Maintain liability insurance.

HEALTH AND PHYSICAL REQUIREMENTS FOR ALL STUDENTS:

Because the college seeks to provide in as much as possible a reasonably safe environment for its health care students and their patients, a student may be required during the course of the program, to demonstrate their physical and/or emotional fitness to meet the essential requirements of the program. Such essential requirements may include the ability to perform certain tasks, and suitable emotional fitness. Any appraisal measures used to determine such physical and/or emotional fitness will be in compliance with section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, so as not to discriminate against any individual on the basis of disability. Students are
strongly encouraged to carry a personal health insurance policy, which is required by a majority of clinical affiliation sites.

3 The following core performance standards have been adopted by the PTA program. Admission to and progression in the PTA program is not based on these standards but should be used to assist the student in determining whether accommodations or modifications are necessary. If a student believes that one or more of the standards cannot be met without accommodation or modification, the physical therapist assistant program will determine whether reasonable accommodations or modifications can be made. The student should contact the director of the Physical Therapist Assistant program, and/or the department of Services for Individuals with Disabilities and Placement Services. The standards are:

1. Critical thinking ability sufficient for clinical judgement.
2. Interpersonal abilities sufficient to effectively interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.
3. Communication abilities sufficient for effective interaction with others in verbal and written form.
4. Physical abilities sufficient to move from room to room, maneuver in small spaces.
5. Gross and fine motor abilities sufficient to provide safe and effective physical therapy care.
6. Auditory abilities sufficient to monitor and assess health needs.
8. Tactile ability sufficient for physical assessment.

The practicing PTA must be capable of long periods of concentration in selecting correct techniques, equipment and safety measures to assure maximum care and safety of the patient. Therefore, the applicant must be able to exercise independent judgement under both routine and emergency conditions. A person abusing alcohol or conscious altering drugs could not meet this criteria. Completion of this program does not guarantee employment. The applicant should realize relocation may be necessary in order to obtain employment.

Total Credit Hours 66

1 General Education electives in each category must be chosen from approved courses listed on page 54 in the catalog.
2 These courses are prerequisites for the Physical Therapist Assistant program.

NOTES
• Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”
• Developmental education courses must be taken every semester until completed.

Programs with limited enrollment give priority to permanent Tennessee residents eligible for admission, then eligible U.S. citizens who are out-of-state residents, and then to eligible international students. The applicant must meet WSCC general education and developmental education requirements.
Degree: Associate of Applied Science
Emphasis: Respiratory Care

The purpose of this program is to prepare individuals to apply to take the National Board for Respiratory Care's Certification Examination for Entry Level Respiratory Therapist to become Certified Respiratory Therapists and assume positions in the health care industry.

GENERAL ADMISSION REQUIREMENTS
Any student desiring to pursue an Associate of Applied Science in Respiratory Care must:
1. Apply, meet admission requirements and be accepted by Walters State Community College.
2. Indicate Respiratory Care as the desired major on the WSCC application form.
3. See an advisor from the division of Health Programs prior to registering for classes and obtain clearance to register.
4. Complete all required developmental education courses prior to registering for classes and obtain clearance to register.
5. Complete BIOL 2010/2011, BIOL 2020/2021, and CPSC 1100 prior to beginning the clinical portion of the respiratory care program. Credit for biology courses must be within 10 years to be considered. A student may apply to the program before completing these courses.
6. Students cannot audit any respiratory care course without the approval of the dean of Health Programs/program director of Respiratory Care.

Any exceptions to the above policies must be approved by the Respiratory Care Admission Committee.

CLINICAL RESPIRATORY CARE PROGRAM APPLICATION REQUIREMENTS
A student who has completed the above referenced requirements and has maintained an overall 2.0 GPA, excluding developmental education courses, is eligible to apply for admission to the clinical respiratory care program. To apply for admission into the clinical respiratory care program, the student must complete and return to the program director of Respiratory Care a Request for Admission into Clinical Respiratory Care form. This form must be filed no later than April 30 of the year the student elects to participate in the selection process for the summer term respiratory care class.

SELECTION TO THE CLINICAL RESPIRATORY CARE PROGRAM
1. Selection of each class will be made by a quorum of the Admission Committee whose membership consists of:
   a. Respiratory Care Program Director
   b. Respiratory Care Director of Clinical Education
   c. Respiratory Care Program Medical Director
   d. Respiratory Care Advisory Committee Member (rotating)
   e. Dean of Health Program (ex officio)
   f. Vice President for Academic Affairs (ex officio)

The Admission Committee will rank each student on the basis of predetermined criteria. The criteria include but are not limited to: (a) first grades received in the required biology courses; (b) number of successfully completed courses beyond those required for admission to the clinical respiratory care program; and (c) overall grade point average excluding developmental education grades. The committee may also require a personal interview and conduct reference checks. The top ranked applicants will be selected for each class.

Decisions made by the committee are final.
2. Transfer Students - Individuals who have attended other colleges and desire to transfer into the WSCC clinical respiratory care program will be considered on an individual basis. Transfer requests should be directed to the program director of Respiratory Care. Transfer students must meet the same standards and criteria as others desiring to pursue an associate degree in Respiratory Care at WSCC. A student may be required to audit a designated respiratory care course.
3. Waiver and Returning Students - Credit for respiratory care courses must have been earned within the last five years to be considered. Credit for biology courses must have been earned within the past 10 years to be considered.
4. WSCC and transfer students selected for the summer term class will be notified in writing on or before May 15 of each year.
5. Students notified of admission into the clinical respiratory care program must return the following by the date specified on the form: (a) an acceptance form indicating intent to be included in the summer class; (b) a signed and dated acknowledgment of the Drug/Alcohol Abuse Policy and consent forms; and (c) a comprehensive health examination with complete hepatitis series. Students who do not respond or do not plan to attend will have their positions filled by other applicants selected by the program director from the list recommended by the Admission Committee.
6. Students not selected for admission may reapply for a subsequent class.
7. Contact the program director at the Walters State Greeneville Center, Room 249, 423-798-7941 for additional information.

PROGRESSION/RETENTION POLICIES
To remain in good standing once admitted to the clinical respiratory care program, the student must:
1. Adhere to all WSCC, respiratory care program, and clinical agencies policies.
2. Earn a "C" or better in each required respiratory care and biology course and maintain a minimum GPA of 2.0.
3. Satisfactorily complete the didactic, laboratory and clinical requirements in each course. A grade of "D" or "F" in any respiratory care course will result in dismissal from the program.
4. Exhibit safe clinical behavior as described in the appropriate course syllabi.
5. Demonstrate professional, ethical and legal conduct.
6. Maintain professional liability insurance.
7. Maintain CPR certification.
8. Submit to a drug test if requested by the program director at any time during the program. A positive drug test is grounds for immediate dismissal. Specific policy and procedure for drug and alcohol testing is listed in the Respiratory Care Student Handbook.
9. Have a yearly comprehensive health exam and submit the required form to the program director by the designated date.

READMISSION POLICIES
A student who has received a "D" or "F" in a clinical respiratory care course or who has withdrawn from the clinical respiratory care program may be readmitted. The following apply:
1. A student must request in writing to the program director to be considered by the Admission Committee according to the following schedule: (a) apply by January 31 for readmission to the summer term respiratory care courses; (b) apply by July 30 for readmission to a fall semester respiratory care course; (c) apply by November 1 for readmission to a spring semester respiratory care course. A student is eligible to appear before the Admission Committee two times. If readmission is not granted after the second application, the student becomes ineligible for readmission.
2. Only one readmission to the clinical respiratory care program is permitted.
3. If a student elects to apply for readmission, auditing a designated respiratory care course may be required to increase the probability of success.
4. A student with previous unsatisfactory clinical performance must be reevaluated and recommended for readmission by a consensus of the respiratory care faculty.
5. A student who has received two grades of "D" or below in respiratory care courses will not be eligible for readmission.
6. A student must have a cumulative 2.0 GPA or higher to be considered for readmission.
7. A student repeating a respiratory care course must repeat both the classroom and laboratory components of the course if applicable.
8. A student may be readmitted only if space is available.
9. Any exceptions to be above possibilities must be approved by the Admission Committee.
HEALTH AND PHYSICAL CONSIDERATIONS FOR RESPIRATORY CARE STUDENTS

Because the college seeks to provide in as much as possible a reasonably safe environment for its health care students and their patients, a student may be required, during the course of their program, to demonstrate their physical and / or emotional fitness to meet the essential requirements of the program. Such essential requirements may include freedom from communicable diseases, the ability to perform certain physical tasks, and suitable emotional fitness. Any appraisal measures used to determine such physical and / or emotional fitness will be in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, so as not to discriminate against any individual on the basis of disability.

All Tennessee Board of Regents Respiratory Care programs have adopted the following core performance standards. Admission to and progression in the respiratory care program is not based on these standards but should be used to assist the student in determining whether accommodations or modifications are necessary. The standards are:

1. Critical thinking ability sufficient for clinical judgement.
2. Interpersonal abilities sufficient to effectively interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.
3. Communication abilities sufficient for interaction with others in verbal and written form.
4. Physical abilities sufficient to move from room to room and maneuver in small spaces.
5. Gross and fine motor abilities sufficient to monitor and assess health needs.
6. Auditory abilities sufficient to monitor and assess health needs.
8. Tactile ability sufficient for physical assessment.

If a student believes that one or more of the standards cannot be met without accommodations or modification, the respiratory care program will determine whether or not accommodations are necessary. A student should contact the dean of Health Programs for assistance.

LEGAL LIMITATION FOR LICENSURE

Graduates of the program will be eligible to apply to take the licensure exam to become a Certified Respiratory Therapist. However, individuals who have been convicted of a crime other than a minor traffic violation could be ineligible for a license as a respiratory therapist in Tennessee, even though they have successfully completed the respiratory care program.

The program is accredited by the Committee on Accreditation for Respiratory Care. 1248 Harwood Road, Bedford, Texas 76021-4244. Telephone 1-817-283-2835.

Total Credit Hours 62

NOTES

- Students are required to meet computer competency during the first 30 hours of coursework. CPSC 1100 meets the college’s computer competency requirement.
- Developmental education courses must be taken every semester until completed.

Programs with limited enrollment give priority to permanent Tennessee residents eligible for admission, then eligible U.S. citizens who are out-of-state residents, and then to eligible international students. The applicant must meet WSCC general education and developmental education requirements. Upon admission to the clinical respiratory courses, the program requires three academic semesters.
Degree: Technical Certificate
Emphasis: Medical Coding

The Medical Coding program is a two-semester certificate program designed to prepare individuals to understand coding principles, guidelines, medical terminology, and regulatory changes for coding. This program is designed to offer a wide variety of learning experiences including classroom lecture and computerized coding software.

Numerous career opportunities exist in hospitals, physician’s offices, clinics, nursing homes, home health agencies and other healthcare settings. Graduates are eligible to apply to take the Certified Coding Associate (CCA) exam offered by the American Health Information Management Association.

ADMISSION, RETENTION AND GRADUATION REQUIREMENTS

1. All students admitted into the Medical Coding Technical Certificate program will meet the same criteria as established for any technical certificate program offered by Walters State Community College. Primary among these criteria is graduation from high school or a passing score on the GED assessment.
2. Indicate Medical Coding as the desired major on the WSCC application form.
3. Each student enrolled in the Medical Coding Certificate program will be monitored, advised and counseled. Student’s grades will be evaluated at the end of each semester by the director of the coding program. A student must maintain the following standards or be dismissed from the program: (a) a grade of “C” or better in each course; (b) complete designated prerequisite/corequisite courses.
4. Program graduation requirements include the successful completion of the courses listed below with a minimum grade of “C” in each course.
5. In addition, admission into an allied health program requires the following: (a) a completed physical health form; (b) evidence of malpractice liability insurance; and (c) a signed and dated Acknowledgement of the Drug/Alcohol Abuse Policy and Consent forms. The physical health form, malpractice insurance, and Tennessee Professional Assistance Fees are at the student’s expense.

Degree: Technical Certificate
Emphasis: Medical Insurance Specialist

The Medical Insurance Specialist program is a two-semester certificate program designed to prepare individuals to understand billing procedures, basic coding, insurance guidelines, medical terminology, and regulatory changes affecting insurance billing and coding. Employment of individuals with these skills is essential for healthcare providers, whether the provider is a physician, clinic, hospital or nursing home. A concentrated amount of time is dedicated to those skills to provide the students with optimal knowledge and skill to function in the marketplace. The program is designed to offer a wide variety of learning experiences including classroom lecture, computerized software and clinical practicum.

ADMISSION, RETENTION AND GRADUATION REQUIREMENTS

1. All students admitted into the Medical Insurance Specialist Technical Certificate program will meet the same criteria as established for any technical certificate program offered by Walters State Community College. Primary among these criteria is graduation from high school or a passing score on the GED assessment.
2. Indicate Medical Insurance Specialist as the desired major on the WSCC application form.
3. Each student enrolled in the Medical Insurance Specialist Certificate program will be monitored, advised and counseled. Student’s grades will be evaluated at the end of each semester by the director of the medical insurance specialist program. A student must maintain the following standards or be dismissed from the program: (a) a grade of “C” or better in each course; (b) complete designated prerequisite/corequisite courses.
4. Program graduation requirements include the successful completion of the courses listed below with a minimum grade of “C” in each course.

Degree: Technical Certificate

Emphasis: Medical Transcription

The Medical Transcription program is a two-semester certificate program designed to prepare individuals to understand medical concepts and terminology and accurately transcribe these reports, which function as important documentation for health care professionals. The program is designed to offer a wide variety of learning experiences including classroom lecture and transcription practicum.

Numerous career opportunities exist in hospitals, physician’s offices, clinics, home health agencies and transcription services. Graduates are eligible to apply to take the American Association for Medical Transcription certification examination.

ADMISSION, RETENTION AND GRADUATION REQUIREMENTS

1. All students admitted into the Medical Transcription Technical Certificate program will meet the same criteria as established for any technical certificate program offered by Walters State Community college. Primary among these criteria is graduation from high school or a passing score on the GED assessment.

2. Indicate Medical Transcription as the desired major on the WSCC application form.

3. Each student enrolled in the Medical Transcription Certificate program will be monitored, advised and counseled. Student’s grades will be evaluated at the end of each semester by the director of the Medical Transcription program. A student must maintain the following standards or be dismissed from the program: (a) a grade of “C” or better in each course; (b) complete designated prerequisite/corequisite courses.

4. Program graduation requirements include the successful completion of the courses listed below with a minimum grade of “C” in each course.

5. In addition, admission into an allied health program requires: (a) completed physical health form; (b) evidence of malpractice liability insurance; and (c) a signed and dated acknowledgement of the Drug/Alcohol Abuse Policy and consent forms. The physical health form, malpractice insurance and Tennessee Professional Assistance fees are at the student’s expense.

DIVISION OF HUMANITIES

Purpose
The Humanities Division encourages individuals to analyze, interpret and refine their experiences as they seek to determine who they are and what their lives ought to mean. The program assists the student in the acquisition of theoretical and practical knowledge relating to: 1) the history and appreciation of art, music, and theatre; 2) the philosophical and value foundations of human belief structures; 3) the abilities of thinking critically and writing effectively; 4) the sensibilities to literature of the Western world; 5) the development of conversational skills in foreign languages and oral communication; 6) the general and interdisciplinary studies relating to women, minority populations and the arts; and 7) the performance aspects of music, theatre and art. A developmental education program in reading and writing is provided.

ART/ART EDUCATION

The Visual Arts programs are designed to meet a variety of student interests. The programs present basic design theory and experiences in two- and three-dimensional art production. Artists and artifacts of past civilizations are studied to influence individual style.

Degree: Associate of Arts
Emphasis: Art Education

Total Credit Hours 60

NOTES
1 See senior institution for history requirements.
2 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
3 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.
4 This A.A. degree requires proficiency in a foreign language equivalent to 6 hours of elementary college-level work, which can be applied toward B.A. degree requirements at a senior institution.

* Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”
* High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 See senior institution for history requirements.
3 This A.A. degree requires proficiency in a foreign language equivalent to 6 hours of intermediate college-level work, which can be applied toward B.A. degree requirements at a senior institution.

NOTES
- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit [www.ws.edu](http://www.ws.edu) and click on “computer competency.”
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.

THEATRE

Theatre provides opportunities for involvement in public performance, stagecraft, set building, and acting.

Degree: Associate of Arts

Emphasis: Theatre

3 This A.A. degree requires proficiency in a foreign language equivalent to 6 hours of elementary college-level work, which can be applied toward B.A. degree requirements at a senior institution.

NOTES

- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit [www.ws.edu](http://www.ws.edu) and click on “computer competency.”
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.
DIVISION OF MATHEMATICS

Purpose
The Mathematics Division educates students in the mathematics necessary for them to function in an increasingly diverse, complex and global society. The division provides opportunities for students to master a body of knowledge and technical skills from the discipline of mathematics as they develop enhanced communication skills and mathematical habits of the mind. The division includes a developmental education program in mathematics.

MATHEMATICS EDUCATION / STATISTICS

Students planning to pursue an academic program in teaching secondary mathematics, in mathematics or in statistics may take the first two years of study directed by a mathematics advisor. Students should be fully aware of the curriculum of the institution to which they plan to transfer and must follow close advisement.

Degree: Associate of Science

Emphasis: Mathematics/ Mathematics Education/ Statistics

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 See senior institution for history requirements.
3 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.

NOTES
- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on "computer competency."
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.
- Additional courses or hours beyond those listed above may be needed for students to transfer as juniors to certain senior institutions. Mathematics Education students should check requirements for admission to teacher education programs at senior institutions.

PRE-PROFESSIONAL ENGINEERING PROGRAM

Students planning to pursue an academic program in engineering may take the first two years of study directed by a pre-engineering advisor. Students should be fully aware of the curriculum of the institution to which they plan to transfer and must follow close advisement.

Degree: Associate of Science

Emphasis: Pre-Engineering

Total Credit Hours 66

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 See senior institution for history requirements.
3 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions. Science electives should be selected from Group A; Engineering electives from Group B.

NOTES
- Additional courses or hours beyond those listed above may be needed for students to transfer as juniors to some senior institutions. Check these courses:
  - CHEM 2010/2011 Organic Chemistry I/Lab
  - CHEM 2020/2021 Organic Chemistry II/Lab
  - MATH 2010 Elementary Matrix Algebra
- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on "computer competency."
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.
DIVISION OF NATURAL SCIENCE

Purpose
Provide an environment for learning and discovery in biology, chemistry and physics. To accomplish this, the division of Natural Science provides:

- General education and elective courses in the natural sciences for all students in the college.
- Opportunities for students to learn fundamental concepts of natural science and natural science connections with technology and societal changes.
- Programs of academic and career advising for university parallel and pre-professional students.

ASTRONOMY

Designed for students planning to pursue an academic program in astronomy. Students should be fully aware of the curriculum of the institution to which they plan to transfer and must follow close advisement.

Degree: Associate of Science

Emphasis: Astronomy

PRE-PROFESSIONAL HEALTH PROGRAMS

Pre-Professional Health Programs are designed to satisfy minimum requirements for admission to professional schools. The recommended curriculum for a program may vary depending upon the admission requirements of the degree granting institution. The student should check with advisor for more information. Selection for admission to a program is competitive and is made by the admissions committee of the respective program at the degree granting institution. Meeting the minimum requirements does not assure admission into a health science program.

PRE-CHIROPRACTIC

Designed to prepare students for entrance to professional chiropractic schools where admission requirements are two years of college course work.

Degree: Associate of Science
Emphasis: Pre-Chiropractic

Chem 2101 Organic Chemistry II ............................................. 3
Chem 2111 Organic Chemistry II Lab ......................................... 1
Phys 1310 Introduction to Psychology I ....................................... 3

Total Credit Hours 61

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 See senior institution for history requirements.

NOTES
• Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on "computer competency."
• High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.
• Completion of the above courses satisfies requirements for the A.S. degree.
  PHYS 2020-21 will be required prior to entry into chiropractic schools. Students should consider taking PHYS 2020-21 at Walters State to assure transfer of the entire sequence to the senior institution.

Pre-professional admission requirements vary with degree granting institutions. Selection for admission to a program is competitive and is made by the admissions committee of the respective program at the degree granting institution. Meeting the minimum requirement does not assure admission into a health science program.
PRE-DENTAL

Designed to cover the first two years of course work for students preparing to enter dentistry. At least one additional year of course work will be required at a senior institution. Pre-Dental students should plan their curriculum for a baccalaureate major because most students accepted into dental schools have the baccalaureate degree.

Degree: Associate of Science

Emphasis: Pre-Dental

| BIOL 2511 | Introduction to Microbiology Lab  | 1 |

Total Credit Hours 61

Completion of the above courses satisfies requirements for the A.S. degree. The following will be required prior to entry into a college of optometry and can be taken at Walters State:

| MATH 1910 | Calculus I                        | 3 |
| PHYS 2010/2011 | General Physics I w/Lab | 4 |
| PHYS 2020/2021 | General Physics II w/Lab | 4 |

1. General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2. See senior institution for history requirements.
3. Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”
4. High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.

NOTES

Pre-professional admission requirements vary with degree granting institutions. Selection for admission to a program is competitive and is made by the admissions committee of the respective program at the degree granting institution. Meeting the minimum requirement does not assure admission into a health science program.
## PRE-PHARMACY

Designed to prepare students for entrance to a pharmacy school. The Doctor of Pharmacy degree requires four additional years of study. Students should be fully aware of the admission requirements of the schools to which they intend to apply. Students should obtain the catalogs of those institutions for admission requirements for pharmacy schools of interest and consult their Walters State advisors.

### Degree: Associate of Science

### Emphasis: Pre-Pharmacy

Total Credit Hours 60

¹ General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.

² See senior institution for history requirements.

³ Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.

**NOTES:**

- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit [www.ws.edu](http://www.ws.edu) and click on “computer competency.”
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.
DIVISION OF PUBLIC SAFETY

Purpose
Provide educational services to individuals desiring to enter the public safety career field, skills training for those currently employed and appropriate academic course work to those who plan to transfer to a four-year institution of higher education.

Degree: Associate of Science

Emphasis: Criminal Justice, University Parallel

2 See senior institution for history requirements.

NOTES

- Students are required to meet computer competency during the first 30 hours of coursework. CPSC 1100 satisfies the college’s computer competency requirement.
- Students who plan to transfer to the University of Tennessee or Carson-Newman, please see the head of the Sociology Department in the Behavioral/Social Science Division.

PUBLIC SAFETY

The Associate of Applied Science degree program in Public Safety provides educational opportunities for individuals desiring to enter and those presently working in the field of public safety. The degree program contains two specialized concentrations of study: 1) Fire Protection and 2) Law Enforcement. Each of the concentrations has a common core of course work designed to provide a fundamental background in general education and specific course work in public safety.

Degree: Associate of Applied Science

Emphasis: Public Safety

TECHNICAL CERTIFICATE

Emphasis: Basic Law Enforcement Officer Education

The Basic Law Enforcement Officer Education technical certificate prepares students to meet standards for law enforcement officers established by the Tennessee Peace Officer Standards and Training Commission (POST). Credit earned for successful completion of this program may be applied toward the Associate of Applied Science degree in Public Safety, Law Enforcement concentration. Approval of the dean of the Public Safety program is required for admission.

Police In-Service

The Tennessee Peace Officers Standards and Training Commission requires active duty law enforcement officers to participate in 40 hours of training annually in order to maintain Commission certification as required by TCA38-8-111. Law enforcement officers may exceed this requirement by successfully completing any three hour CRJT law enforcement course.

Protective Services

The Private Protective Services Act (TCA Title 62, Chapter 35) of 1987 requires private security guards to participate in a training program in order to receive state certification. Private security guards may meet certification requirements by successfully completing CRJT 1830. Also, students seeking private security guard certification may meet the certification requirements by completing a CEU course in this area.
TECHNICAL CERTIFICATE

Emphasis: Emergency Medical Technician Basic

Admission Requirements
A prospective student seeking admission to the Basic Emergency Medical Technician (EMTB) Program must complete the following procedures according to State of Tennessee, Department of Emergency Medical Services, and Walters State Community College policies.

1. Meet with an advisor from the division of Public Safety, Center for Emergency Service Programs department prior to registering and obtain clearance to register.
2. Provide documentation supporting First Responder certification or successful completion of EMTB 1040* or a similar course, approved by a program director, with a grade of "C" or better. Applicant must provide documentation of a passing grade that is within one year of admission.
3. Provide proof of and maintain non-cancelable medical malpractice liability insurance coverage in amount of $1,000,000/3,000,000 aggregate for the entire length of the program.
4. Submit evidence of an acceptable physical examination, provided by a physician, which has been performed within the last six months as it relates to the requirements of the profession.
5. Must be 18 years of age.
6. Meet all other admission requirements specific to the program. Also, any state and National Registry of Emergency Medical Technician requirements must be met.

Retention/Progression Policies
To remain in good standing, once admitted, a student must maintain the following standards or be dismissed from the program:

1. Adhere to all Walters State Community College, Center for Emergency Service Programs Department and Clinical Affiliate policy.
2. Earn and maintain a grade of "C" or better in the EMTB program. Students' grades will be evaluated during each semester by the department faculty.
3. Satisfactorily complete the theory, clinical and/or skills requirements. A grade of "D" or "F" in theory will result in a grade of "F" for the entire course. A "not yet competent" in clinical will result in a grade of "F" for the entire course.
4. Exhibit safe clinical behavior.
5. Demonstrate and maintain professional, ethical and legal conduct.
6. Maintain professional, ethical and legal conduct.
7. Maintain CPR certification.
8. Submit to a drug test if requested by the dean of Public Safety, director of Center of Emergency Service Program or Emergency Medical Technician Program director at any time during the program. A positive drug test is grounds for immediate dismissal.

Readmission Policies
1. A student may be considered for readmission to the Basic Emergency Medical Technician program if the following criteria are met:
   a. Readmission to an emergency medical technician program is contingent upon the availability of space.
   b. The applicant must complete an application for readmission.
2. Only one readmission is permitted.

Health and Physical Considerations for EMTB Students
The Center for Emergency Service Programs Department and the college strive to provide as much as possible, a reasonably safe environment for its EMTB students and their patients. During the course of the program a student may be required to demonstrate physical and/or emotional fitness to meet the essential requirements of the program. Such essential requirements may include, but not limited to, freedom from communicable diseases, the ability to perform certain physical tasks, and suitable emotional fitness. Any appraisal measures used to determine such physical and/or emotional fitness will be in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, so as not to discriminate against any individual on the basis of disability.

The following core performance standards are adopted and these standards should be used to assist the student in determining whether accommodations or modifications are necessary. The standards are:
1. Critical thinking ability sufficient for clinical judgment.
2. Interpersonal abilities sufficient to effectively interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.
3. Communication abilities sufficient for interaction with others in verbal and written form.
4. Physical abilities sufficient to move from area or environment to another and maneuver in small spaces.
5. Gross and fine motor abilities sufficient to provide safe and effective prehospital care.
6. Auditory abilities sufficient to monitor and assess health needs.
8. Tactile ability sufficient for physical assessment.

If a student believes that one or more of the standards cannot be met without accommodation or modification, the Center for Emergency Service Programs will determine whether or not accommodations can be reasonably made. A student should contact the director of the Center for Emergency Service Programs for further assistance.

Legal Limitation for Licensure
Students who successfully complete requirements for the Basic Emergency Medical Technician technical certificate are eligible to take the National Registry Emergency Medical Technician Examination licensure exam to become an Emergency Medical Technician. However, the Division of EMS may deem an individual who successfully completes the EMTB program ineligible for licensure in the State of Tennessee because of an individual's violation of the EMS rules and regulations.

OPTION 1

Course No. Course Title Credit Hours
EMTB 1010 Basic Emergency Medical Technician I* ................. 8
These 8 credit hours include:
Preparation for EMTB
Airway Management
Patient Assessment
Medical/Behavioral / OB/GYN
Clinical Practicum I
EMTB 1020 Basic Emergency Medical Technician II ............... 8
These 8 credit hours include:
Intravenous Initiation Therapy
EMS Operations
Basic Trauma Assessment
Clinical Practicum II

*EMTB 1040 (First Responder) is a prerequisite.

OPTION 2

Course No. Course Title Credit Hours
EMTB 1050 Basic Emergency Medical Technician I and II* .......... 16
These 16 credit hours include:
Preparation for EMTB
Airway Management
Patient Assessment
Medical/Behavioral / OB/GYN
Intravenous Initiation Therapy
EMS Operations
Clinical Practicum I
Basic Trauma Assessment
Clinical Practicum II

*EMTB 1040 (First Responder) is a prerequisite.
TECHNICAL CERTIFICATE

Emphasis: Emergency Medical Technician - Paramedic

Admission Requirements

A prospective student seeking admission to the Emergency Medical Technician - Paramedic program must complete the following procedures according to State of Tennessee, Department of Emergency Medical Services, and Walters State Community College policies. Students who successfully complete requirements for the Emergency Medical Technician - Paramedic technical certificate are eligible to take the National Registry Paramedic Examination.

The following criteria must be met in order for an applicant to be considered for admission to the Paramedic Training Program:

1. **Licensure**: Applicants must be currently licensed as Emergency Medical Technicians in the State of Tennessee.
2. **Experience**: One year full-time and/or two years part-time EMS experience as a EMT-IV Technician is preferred.
3. **Application**: Complete the WSCC Application for Admission/Readmission and submit it to the college’s Office of Admissions and Records.
4. **Transcripts**: All official, notarized high school, college or trade school transcripts must be received. The student’s academic performance in the EMT and/or EMT IV course along with the student’s GPA will be factors used in determining his/her acceptance into the program.
5. **Documentation**: All documentation and evaluations, except for Paramedic entrance exam scores, must be completed and submitted to Paramedic Program Director.
6. **Interview**: All applicants must be interviewed by the Paramedic Advisory Board. Date to be announced after applications have been received by Program Director.
7. **Prerequisite**: Applicants must have completed all Developmental Education courses with a passing grade.
8. **Program Application**: Applicant must complete application process specific to the Program Director.

Application Process

A prospective student seeking admission to the Emergency Medical Technician - Paramedic Program must complete the following procedures according to the State of Tennessee, Division of Emergency Medical Services and Walters State guidelines.

1. Complete an Application for Admissions/Readmission form and remit required fees to the WSCC Admissions Office. **This does not apply if you have ever attended WSCC.** If applications are needed call the office of Admission at 1-800-225-4770. For admission requirements refer to the WSCC Catalog.
2. **If you are 21 years of age or older and have not had prior college-level English or Math classes, you must take the COMPASS test prior to registration.** If the results of the COMPASS test show you need to take remedial classes, you then must take these classes prior to admission into the WSCC Paramedic Program. **If you are under 21 years of age, the ACT test is required.** After receiving your ACT scores, contact the department of Counseling and Testing for evaluation of your scores (423-585-6800). The testing dates for the COMPASS test are available from the office of Admissions and Records. Make arrangements to test during one of the listed sessions on the testing calendar found in the **Timetable of Classes**. If you have any questions regarding the ACT test, call 1-800-225-4770. You must submit your COMPASS test results to the Paramedic Program Director. Applicant must schedule COMPASS test well in advance of this date. If this information is not available prior to interviews you will not be interviewed for entrance into the program. For admission requirements as well as degree requirements refer to the WSCC Catalog.
3. Submit an official copy of your high school transcript or GED certification to the office of Admissions and Records.
4. Submit an official copy of all college transcripts to the office of Admissions and Records if previous college credit has been earned.
5. Submit to the Paramedic Program Director the application and other documents specific to the Paramedic Program.
6. Be currently licensed as an Emergency Medical Technician in the State of Tennessee. You must submit a copy of a current EMT card to the Paramedic Program Director.
7. You should have completed a CPR course that includes one-person, two-person, infant and child CPR. A copy of the CPR certificate must be submitted to the Paramedic Program Director.
8. Submit written evidence, on appropriate form (supplied in packet), of a physical examination within the past six months showing you to be in good physical and mental health and that you possess no physical handicaps or disabilities which would impede your ability to fulfill the functions and responsibilities of a paramedic.
9. Submit forms and records of immunization noting dates as required by the clinical program. HBV vaccines series must be completed prior to starting clinical rotations and proof of vaccine given to Clinical Program Director.
10. Submit a letter of recommendation and endorsement which indicates amount of experience, strengths and weaknesses, attitude, maturity, and professionalism, from your employer to the Paramedic Program Director.
11. Submit two letters of recommendation and endorsement to the Paramedic Program Director: one from an active Emergency Department Physician, and another from an active Emergency Department Registered Nurse. These letters should inform us about your strengths and weaknesses, attitude, maturity, and professionalism.
12. Applicants must complete the Paramedic Entrance Exam for the State of Tennessee with an acceptable score. This exam will only be given at the dates, times and locations listed in the application. **If you fail to take the test at these schedule times, you will not be eligible for acceptance into this paramedic program.**
13. Applicant must take a psychological examination given by a licensed psychological examiner named by Walters State. The report must state emotional stability and psychological fitness to perform the duties of a paramedic. This report should be returned to the Paramedic Program Director. It is the applicant’s responsibility to pay the $110 testing fee at the time of testing. Only a money order or cashier’s check, payable to Mountain View Psychological Center (or MVP) will be accepted. You will not be allowed to take the exam without prior payment. Schedule your exam date by returning the enclosed form and confirm by calling Sondra Humphreys at 423-585-2672. This will be scheduled on first come first serve basis.
14. The screening process includes a personal interview with the WSCC EMT-Paramedic Advisory Board. The applicant is rated by each committee member on appearance, motivation, maturity, professionalism, oral and written communication skills, confidence, experience, and general knowledge of the profession. You will be scheduled a day and time in which you are to appear before the board. The student’s academic performance in the EMT and/or EMT IV courses along with the student’s GPA will be factors used in determining his/her acceptance into the program. **You must maintain a 2.0 cumulative GPA to graduate from the program.** Due to time con-
scores are awarded in three areas: the interview, psychological exam, and paramedic entrance exam. An overall minimum score of 2.5 is required by EMS regulation for entrance into the paramedic program. The program may set a higher standard for acceptance but may not set it less than 2.5.

Final student recommendation is by the WSCC EMT-Paramedic Advisory Board. You will be notified of the decision regarding your acceptance by letter.

15. Scores are awarded in three areas: the interview, psychological exam, and paramedic entrance exam. An overall minimum score of 2.5 is required by EMS regulation for entrance into the paramedic program. The program may set a higher standard for acceptance but may not set it less than 2.5.

16. Final student recommendation is by the WSCC EMT-Paramedic Advisory Board. You will be notified of the decision regarding your acceptance by letter.

TOTAL CREDIT HOURS 60

1 General Education electives in each category must be chosen from approved courses listed on page 54 in the catalog.

NOTES
- Students are required to meet computer competency during the first 30 hours of coursework. CPSC 1100 satisfies the college’s computer competency requirement.
- Developmental education courses must be taken every semester until completed.
DIVISION OF TECHNICAL EDUCATION

Purpose
Provide a high quality education for students who wish to enter careers in business, industry, agriculture, or early childhood education, assist business and industry by acting as a resource to promote technology transfer, and support students in their pursuit of AAS degrees, certificate programs, and AS degrees designed to transfer to four year institutions.

AGRICULTURE

Students planning on transferring to a four-year college/university should determine as soon as possible the type of agriculture degree desired at the baccalaureate level. The courses listed below provide the student with core and prerequisite subject areas necessary to enroll in upper division courses in agriculture at senior institutions with degree programs in:
- Agricultural Economics
- Agricultural Education
- Animal Science
- Food Science and Technology
- Forestry, Wildlife and Fisheries
- Plant and Soil Science
- Ornamental Horticulture and Landscape Design

Degree: Associate of Science

Emphasis: Agriculture

Total Credit Hours 60

1 General Education electives in each category must be chosen from approved courses listed on page 54 of the catalog.
2 See senior institution for history requirements.
3 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.

NOTES
- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.

ANIMAL SCIENCE – PRE-VETERINARY MEDICINE

The Animal Science – Pre-Veterinary Medicine program is designed for students desiring a degree in Animal Science prior to entering a college of veterinary medicine or those students with a Veterinary Medicine degree who also desire a degree in Animal Science.

Degree: Associate of Science

Emphasis: Animal Science – Pre-Veterinary Medicine

REGENTS ON-LINE DEGREE PROGRAM

Degree: Associate of Applied Science

Emphasis: Professional Studies

Concentration: Information Technology

For program information:
http://www.tn.regentsdegrees.org/campus/wscc/

COMPUTER AND INFORMATION SCIENCE/COMPUTER SCIENCE

The Computer and Information Science Technology program emphasizes the development of data processing skills needed by professional analysts and programmers. The training will qualify students to assume positions with business and industry employing computer technology for the resolution of data processing problems. Special emphasis will be placed on programming skills, structured design concepts, data base management concepts, system skills and system design and analysis.

Graduate requirement: minimum 2.0 GPA in CPSC courses. Also offered under this program is a concentration in computer networking.

Degree: Associate of Applied Science

Emphasis: Computer and Information Science

Concentration: Computer Science

COMPUTER AND INFORMATION SCIENCE/COMPUTER NETWORKING

This A.A.S. program emphasizes the various aspects of networking and other basic computer skills needed in the field of information technology. The training will qualify students to assume positions with business and industry employing computer technologies. Students will work in the planning, design, implementation, and maintenance of different sized networks. Special emphasis will be placed on Cisco and Microsoft NT. Students will also be prepared with basic PC hardware support and programming skills. Basic computer skills (CPSC 1100 or equivalent) are required for enrollment of the program.

Degree: Associate of Applied Science

Emphasis: Computer and Information Science

Concentration: Networking

NOTES

- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”
- High school deficiencies must be removed prior to graduation; developmental education courses must be taken every semester until completed.

1 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.
TECHNICAL CERTIFICATE

Emphasis: Early Childhood Education

The Early Childhood Education Certificate prepares those who work with or plan to work with preschool children and their families in a variety of child care provider settings/agencies. The program is based upon the criteria developed by the National Association for the Education of Young Children. The program provides the student with training to obtain the competencies required to successfully complete the National Child Development Associate (CDA) credentialing process.

INDUSTRIAL TECHNOLOGY/DRAFTING AND DESIGN

The Industrial Technology program prepares students to assume highly skilled technical and supervisory positions in business and industry. The program contains three specialized concentrations of study including: Drafting and Design, Electrical/Electronics, and Manufacturing. Each of the concentrations has a common core of course work designed to provide a fundamental background in general education and specific course work in Industrial Technology. Fifty percent of the course work must be completed at Walters State.

The Drafting and Design concentration emphasizes design concepts and graphical techniques involved in the production of engineering and architectural drawing. Emphasis is placed on computer aided drafting and design utilizing the latest in commercial software.

Walters State Community College course credit is available for students who enter this degree program from the Tennessee Technology Centers. Up to 15 hours of course credit may be granted to TTC diploma completers who first, meet with a program area advisor before beginning the course of study and second, satisfactorily complete ITMF 1005, a 3 hour transition course.

Degree: Associate of Applied Science

Emphasis: Industrial Technology

Concentration: Drafting and Design

- Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”
- Developmental education courses must be taken every semester until completed.
INDUSTRIAL TECHNOLOGY/ELECTRONICS

The Industrial Technology program prepares students to assume highly skilled technical and supervisory positions in business and industry. The program contains three specialized concentrations of study including: Drafting and Design, Electrical/Electronics, and Manufacturing. Each of the concentrations has a common core of course work designed to provide a fundamental background in general education and specific course work in Industrial Technology. Fifty percent of the course work must be completed at Walters State.

The Electrical/Electronics concentration emphasizes technical skills needed in an industrial environment where troubleshooting abilities and a knowledge of electrical concepts are required. The concentration includes classroom theoretical instruction supplemented by extensive hands-on laboratory training.

Walters State Community College course credit is available for students who enter this degree program from the Tennessee Technology Centers. Up to 15 hours of course credit may be granted to TTC diploma completers who first, meet with a program area advisor before beginning the course of study and second, satisfactorily complete ITMF 1005, a 3 hour transition course.

Degree: Associate of Applied Science

Emphasis: Industrial Technology

Concentration: Electrical/Electronics

- Developmental education courses must be taken every semester until completed.

INDUSTRIAL TECHNOLOGY/GENERAL TECHNOLOGY

This course of study is designed for the diploma completers from the Tennessee Technology Centers or students who have non-traditional educational experiences and desire to continue their education at Walters State Community College. Students must meet with a program advisor prior to beginning this course of study and must complete ITMF 1005, a three-hour transition course, in their first semester at WSCC. At the completion of the ITMF 1005, up to 24 hours of college credit may be granted toward the Associate of Applied Science-Industrial Technology Degree with a concentration in General Technology.

Program pending TBR approval.

INDUSTRIAL TECHNOLOGY/ MANUFACTURING

The Industrial Technology program prepares students to assume highly skilled technical and supervisory positions in business and industry. The program contains three specialized concentrations of study including: Drafting and Design, Electrical/Electronics, and Manufacturing. Each of the concentrations has a common core of course work designed to provide a fundamental background in general education and specific course work in Industrial Technology. Fifty percent of the course work must be completed at Walters State.

The Manufacturing concentration emphasizes the development of problem solving, communication, and technical skills and provides education in the management and control of basic materials, facilities, personnel and financial resources.

Walters State Community College course credit is available for students who enter this degree program from the Tennessee Technology Centers. Up to 15 hours of course credit may be granted to TTC diploma completers who first, meet with a program area advisor before beginning the course of study and second, satisfactorily complete ITMF 1005, a 3-hour transition course.

1 General Education electives in each category must be chosen from approved courses listed on 55 page in the catalog.

2 Students should consult a faculty advisor to determine appropriate course selections transferable to specific institutions.

NOTES

• Students are required to meet computer competency during the first 30 hours of coursework. For additional information, visit www.ws.edu and click on “computer competency.”

• Developmental education courses must be taken every semester until completed.

TECHNICAL CERTIFICATE

Emphasis: Industrial Maintenance

The Industrial Maintenance technical certificate program prepares individuals to support and maintain industrial systems including: computer-controlled electrical and mechanical production equipment, material process and material handling equipment, general maintenance and facility support systems. A preparation for supervisory level positions in the industrial environment is provided along with an overview of world class industrial operations.

TECHNICAL CERTIFICATE

Emphasis: Quality Control Technology

The Quality Control Technology technical certificate program prepares individuals for business and industrial job opportunities in the Quality Assurance career field. Individuals presently employed and working in the quality management occupational area may upgrade their knowledge and skill levels by successfully completing the program.

TECHNICAL CERTIFICATE

Emphasis: Workforce Preparedness

This certificate is designed for the person who wishes to enhance their employment options by taking course work in both general and technical education. Completing this course of study will require a minimum of two semesters. The first semester of this certificate is offered to students with similar backgrounds taking the courses as a group. The second semester of the program allows students to pursue their own area of interest by taking additional technical courses. Additional information on this program can be obtained from the Division of Technical Education at 423-585-2644.

Technical Electives in a Content Area:
Each student will select a technical elective content area and complete the specified courses (11/12 hours) in that area:

Course Descriptions
COURSE DESCRIPTIONS

In addition to the credit courses of study in each of the following disciplines, the college also offers from semester to semester various special courses of study not listed. These courses are offered through the office of Community and Economic Development and all inquiries should be addressed to the dean of that office.

◆ Courses have a common alpha/numeric rubric with all TBR institutions, and will transfer as part of the minimum degree requirements.

ACCOUNTING (ACCT)

ACCT 1410  Small Business Record Keeping ............ 3 credits
    Basic principles of accounting with emphasis on record keeping and analyzing transactions, payroll concepts, and preparation of federal and state payroll tax returns common to small business. S

ACCT 2210  Principles of Accounting I................... 3 credits
    Introduction to financial accounting theory and practice with emphasis on preparation and reporting of financial information. F, S, Su

ACCT 2220  Principles of Accounting II .................. 3 credits
    Introduction to managerial and cost accounting concepts with emphasis on uses of accounting data by managers in planning operations, controlling activities and decision making. (Prerequisite: ACCT 2210) F, S, Su

ACCT 2550/2551  Tax Practice ............................. 4 credits
    A study of federal income tax preparation procedures for individuals, partnerships and corporations. Emphasis will be placed on the responsibilities of tax return preparers to their clients and the Internal Revenue Service. The course stresses manual preparation techniques of federal tax forms and schedules. (Prerequisites: ACCT 2220 with a grade of C or better, MGMT 1100 and MATH 1630, or consent of the instructor). F
   3 hours lecture / 2 hours laboratory

ACCT 2560/2561  Accounting Practice I ................. 4 credits
    A course designed to prepare students for complex bookkeeping assignments. Emphasis will be placed on deferrals and accruals, the interim and year-end adjusting processes, error isolation and correction, drafting of financial statements, closing procedures, and work paper preparation and documentation. Students will be exposed to both manual and computerized accounting systems. (Prerequisites: ACCT 2220 with a grade of C or better, MGMT 1100, and MATH 1630, or consent of instructor) F
   3 hours lecture / 2 hours laboratory

ACCT 2570/2571  Accounting Practice II ................. 4 credits
    This course includes a survey of major Tennessee state and local taxes including return preparation, microcomputer preparation of federal tax returns and payroll accounting procedures and reporting. Payroll record keeping techniques and federal and state payroll tax return requirements will be emphasized. (Prerequisite: ACCT 2550 with a grade of "C" or better) S
   3 hours lecture / 2 hours laboratory

ACCT 2580/2581  Accounting Practice III ................ 4 credits
    A capstone course designed to challenge the student’s problem solving abilities in accounting and related areas. Comprehensive accounting/ tax / OCBOA simulations will stress overall engagement objectives and outcomes. Students will be required to complete the simulations as if on an actual engagement. Verbal and written communications skills will be stressed. Students will utilize Word/WordPerfect to prepare formal reports and letters. Also ethics will be emphasized as imperative in all aspects of an engagement. A comprehensive final project/examination will cover all topics included in the paraprofessional curriculum. (Prerequisite or corequisite: ACCT 2570) S
   3 hours lecture / 2 hours laboratory

AGRICULTURE RESOURCE MANAGEMENT (AGRM)

AGRM 1010  Perspectives in Agriculture .................. 3 credits
    A general perspective of the dynamic fields in agriculture and associated natural resources. Students will study the historical development of agriculture, current national and world issues in agriculture and trends for the future. F
   3 hours lecture

AGRM 1020  Introduction to Turfgrass Management .... 2 credits
    This course covers the selection and establishment of turf grass, as well as soil management and fertilization in turfgrass culture. The basics of mowing, irrigation, renovation and cultivation are also covered. As required
   2 hours lecture

AGRM 1030  Advanced Turf Management .................. 2 credits
    Basic principles and practices of turf management related to golf courses. Topics will include specialized turf areas, fertilizer program, development, equipment selection, and insect, weed and disease management. As required
   2 hours lecture

AGRM 1040  Pest Management ............................... 2 credits
    A study in the review and compliance with EPA regulations in the safe use, storage and disposal of pesticides are emphasized along with Integrated Pest Management (IPM) and Best Management Principles (BMP). As required
   2 hours lecture

AGRM 1050  Turf Power Equipment ........................ 3 credits
    A study of basic power equipment maintenance programs including small engine repair, hydraulic systems and reel and blade sharpening will be covered as will the exposure to new equipment available for golf course maintenance. As required
   3 hours lecture
AGRM 1060  Golf Course Irrigation ........................................ 2 credits
A basic study of soil, water and plant relationships as they determine the need for and methods of irrigation and related drainage systems. As required
2 hours lecture.

AGRM 1110/1111 Fundamentals of Animal Science ...... 4 credits
A study of the basic structure of the animal industry in agriculture including breeding and evaluation of meat animals, market classes, marketing, production systems and animal products derived from beef and dairy cattle, poultry, sheep and swine. Students will visit area markets and farms for first hand lab work with production, marketing, and evaluation of meat animals. This course will also introduce the student to a variety of general animal science topics and career opportunities in animal agriculture. F
3 hours lecture / 2 hours laboratory

AGRM 1120  Beef Cattle Management................................. 3 credits
A course dealing with the economics of the cattle business, selection and breeding programs, feeding, herd health, marketing, and facilities for raising and handling beef cattle. Special emphasis will be given to the economics of daily management decisions. As required
3 hours lecture

AGRM 1130  Horse Management ........................................ 3 credits
A course dealing with the basics of owning and caring for horses. Subjects include selection of the right horse, breeding, boarding, feeding, health care, hoof care and the ownership of horses for business and recreational use. F
3 hours lecture

AGRM 1140  Horsemanship .................................................. 1 credit
An introduction to safe horse handling using both English and western tack. The student will learn beginning riding techniques for pleasure and trail riding. F
3 hours lecture

AGRM 1150  Advanced Horsemanship ......................... 1 credit
A course designed to advance the student from beginning riding skills for training and showing horses. (Prerequisite: AGRM 1140) F
3 hours lecture

AGRM 1160  Livestock Management
Apprenticeship......................................................... 3 credits
A course combining personal instruction with hands-on work experience with livestock. (Prerequisite: 3 credits of animal agriculture courses plus permission of instructor). S
3 hours lecture

AGRM 1170/1171  Livestock Event Management ....... 3 credits
Livestock Event Management gives agriculture students an opportunity to actually plan, promote and conduct a livestock event for user groups. Students will seek sponsorship for and promote agricultural events such as team roping and running horse contests not being offered at the Expo Center by other groups and will seek to boost community support for these and other agricultural events in the future. In addition to event planning, students will cover topics such as facility scheduling, liability and legal issues of public events and budgeting for a livestock event. S
1 hour lecture / 4 hours laboratory

AGRM 1180/1181  Adv. Livestock Event Management 3 credits
A continuation of AGRM 1170 with more emphasis on the business part of livestock events with more in-depth study of budgeting and liability concerns. S
1 hour lecture / 4 hours laboratory

AGRM 1210/1211  Introduction to Crop Science ...... 4 credits
The importance and utilization of the world’s leading crops are covered in this course. It is a study of basic plant structure, growth, reproduction and classification of plants economically important to agriculture. Much of the student’s laboratory time will be used to study local crops, their management, production problems and marketing of these crops. S
3 hours lecture / 2 hours laboratory

AGRM 1410  Environmental Horticulture ..................... 3 credits
Basic plant sciences and their relationship to ornamental horticulture. An introduction to the awareness and appreciation of interior and exterior ornamental plants with emphasis on the home landscape, turfgrasses, herbaceous plants, and tropical plants. F
3 hours lecture

AGRM 1420/1421  Fruit & Vegetable Production .... 3 credits
A study of fruit and vegetable production on both the home and commercial scale. Subjects include site selection, soil selection and management, fertility, planting, raising your own plants, pruning fruit trees, pest control, harvest, storage and commercial marketing. The emphasis is on general management and the production of top quality produce that meets market standards. As required
2 hours lecture / 2 hours laboratory

AGRM 1440/1441  Interior Landscaping ......................... 3 credits
Identification, culture, interior design use and management of tropical and flowering plants cultivated in botanical gardens, conservatories, and building interiors. Plant disorder diagnosis including nutritional and pest problems. S
2 hours lecture / 2 hours laboratory

AGRM 1510/1511  Basic Landscape Plants ................. 4 credits
Identification, classification, adaptation, culture, and landscape design uses for ornamental trees, shrubs, ground covers, and vines. F
3 hours lecture / 2 hours laboratory

AGRM 1520/1521  Supplementary Landscape & Herbaceous Plants ........................................... 3 credits
Identification, classification, adaptation, culture, and landscape design uses for ornamental trees, shrubs, ground covers, vines, and herbaceous annuals, biennials, and perennials. Weed, insect, and disease pests and their control in landscape planting. (Prerequisite: AGRM 1510 or consent of instructor) S
2 hours lecture / 2 hours laboratory

AGRM 1610/1611  Turf Power Equipment ............... 3 credits
Basic understanding of operation and maintenance of equipment used in turfgrass management. Preventative maintenance, gas and diesel engine operation, small engine mechanics, hydraulic systems operation, and reel and blade sharpening will be taught in a hands on shop environment. F
2 hours lecture / 2 hours laboratory

AGRM 1620/1621  Irrigation Systems ..................... 3 credits
Basic techniques involved in the design, layout, installation, and use of irrigation systems. Soil-water-plant relationships determine the need for and methods of irrigation and related drainage systems. S
2 hours lecture / 2 hours laboratory

AGRM 1710/1711  Agricultural Economics ................. 3 credits
A study of the principles of agricultural economics including the law of supply and demand, pricing structure for farm
AGRM 2010/2011  Pests and Pesticides  4 credits
Compliance with EPA regulations in the safe use, storage, and disposal of pesticides are emphasized along with Integrated Pest Management (IPM) and Best Management Practices (BMP). Also, identification and control of major insect, disease, and weed problems affecting turfgrass and ornamental horticulture. Upon completion of the course students will be given the opportunity to take the certification exam for turf and ornamental horticulture (category) 03.  
3 hours lecture / 2 hours laboratory

AGRM 2030/2031  Soil Science  4 credits
A study of the physical, chemical and biological properties of soils as these properties relate to soil management and fertility. The student will examine differences in soils and relate these differences to the origin of the particular soil, its productive capacity and the best management practices for the soil with respect to erosion control, tillage practices, natural moisture supply, aeration, and fertility of the soil. Plant nutrition and the use of fertilizers will be covered with the student running soil tests and making fertilizer recommendations based on the test results.  
3 hours lecture / 2 hours laboratory

AGRM 2130/2131  Animal Nutrition and Feeding  3 credits
The properties, functions, utilization and deficiency symptoms of the essential nutrients for normal growth and reproduction of farm animals are studied in this course along with common livestock feeds, feed additives, nutrient requirements and feeding standards. Ration formulation for beef and dairy cattle, sheep, horses, swine and poultry is a part of the courses as well as field trips to area livestock farms to study routine feeding practices. As required  
2 hours lecture / 2 hours laboratory

AGRM 2140/2141  Farm Animal Health and Management Practices  4 credits
This course introduces the student to basic health management and disease prevention programs for farm animals with a study of the characteristics and symptoms, prevention and treatment of major diseases and internal and external parasites. Students learn livestock management practices and skills including dehorning, castrating, implanting, identification, foot care, vaccinating, and preparation for show and sale. Students receive group and individual instruction in these skills. The course also includes a study of buildings and equipment needed for raising and handling livestock.  
3 hours lecture / 2 hours laboratory

AGRM 2210/2211  Greenhouse Crop Production  4 credits
Principles and commercial practices in producing the major and minor potted and cut flowers and plants produced in a greenhouse or similar structure. Application of the principles of plant physiology as related to the control of flowers, scheduling, environment, quality, sales and management.  
3 hours lecture / 2 hours laboratory

AGRM 2310/2311  Greenhouse Management  3 credits
Principles of greenhouse-growing structures operation and management with emphasis on environmental control, media, fertilization and nutritional monitoring, insect and disease prevention and control, marketing and management.  
2 hours lecture / 2 hours laboratory

AGRM 2410/2411  Residential Landscape Design  3 credits
History of landscape design as related to contemporary applications. Development of the awareness of and sensitivity to the well organized use of landscape woody and herbaceous ornamental plants and landscape structures. Emphasis on design principles, energy conservation systems, plant identification and culture, basic graphic skills, and detailed cost analysis.  
2 hours lecture / 2 hours laboratory

AGRM 2420/2421  Landscape Design and Operations  3 credits
Comprehensive application of landscape design skills in commercial and residential settings. Site layout, grading, applied landscape construction, and planting design theories are covered. (Prerequisite: AGRM 1510)  
2 hours lecture / 2 hours laboratory

AGRM 2440/2441  Lawn and Landscape Maintenance  3 credits
The proper installation and maintenance of residential and commercial landscapes including blueprint reading, job stake-out, proper planting, mulching, pest and weed control and prevention, edging, soil amending, climate protection, pruning and related business practices. (Prerequisite: AGRM 1510)  
2 hours lecture / 2 hours laboratory

AGRM 2460/2461  Turfgrass Management  4 credits
The core course is turfgrass management for all turfgrass and horticulture majors. Turfgrass species identification, selection, and establishment; environmental and climatic influences; soils management and fertilization in turfgrass culture; the basics of mowing, irrigation, renovation, cultivation and pest management in lawns are covered.  
3 hours lecture / 2 hours laboratory

AGRM 2470/2471  Professional Turfgrass Management  3 credits
Principles and practices of professional turfgrass managers of lawn, sports turf, and golf courses. Selection of improved cultivars, construction of specialized turf areas, fertilizer program development, equipment selection, insect, disease and weed management.  
2 hours lecture / 2 hours laboratory

AGRM 2480/2481  Golf Course Organization and Maintenance  4 credits
This course brings into focus the management of golf course and sports turf maintenance operations as it relates to the superintendent’s duties. Such areas as turf grooming, work scheduling, equipment management, records and budgets and irrigation system management will be covered. Golf course design and construction, maintenance building and workshop design and operation will also be covered. Students will take an active role in the day to day operations of the college’s turf lab as part of their lab work.  
3 hours lecture / 2 hours laboratory
AGRM 2520  Farm Management ................................. 3 credits
A study of practical farm management skills related to owning and operating a farm. This course will cover both crop and livestock management along with the proper use of farm records. As required

3 hours lecture

AGRM 2630/2631  Agricultural Microcomputer Applications ............................................. 3 credits
An introduction to microcomputer technology as related to agricultural and horticultural applications. Acquisition and use of commercially available software packages, electronic spreadsheets, communications, mechanical system controllers and operating systems. F, S

2 hours lecture / 2 hours laboratory

AGRM 2910  Cooperative Seminar ........................................... 3 credits
Student practical experience in a cooperative program with area agricultural business and industry. May be repeated to six credits maximum. Su

6 hours laboratory

AGRM 2990  Individual Problem Study ................................. 3 credits
Student basic research project focusing on his/her agricultural or horticultural needs and interests. May be repeated to six credits maximum. (Permission of instructor required prior to registration.) F, S

2 hours lecture / 3 hours laboratory

ART 1000  Introduction to the Arts ................................. 3 credits
An introductory course to the fine arts designed to remove high school deficiency only. Areas of investigation and participation will include art, drama and music. Study will include how to produce or perform works of art, how to analyze, interpret and evaluate artworks, and knowledge of stylistic periods in the arts.

ART 1030 ♦  Art Appreciation ................................. 3 credits
Experiencing art - form, meaning and history in visual arts. Lecture-discussion. Especially for non-majors. (formerly ART 1010) F, S, Su

ART 2040  Art History Survey I ................................. 3 credits
Western Art I. Survey of major developments in Western Art, with an emphasis on the art of Europe from prehistory through the middle ages. F, S, Su

ART 2050  Art History Survey II ................................. 3 credits
Western Art II. Survey of major developments in Western Art, with an emphasis on the art of Europe and America from 1400 to the early 20th century. F, S

ART 2110  Studio for Non-Art Majors ................................. 3 credits
This course is composed of 50 percent studio production in studio (basic design, painting, ceramics, sculpture, or print making) and 50 percent academic research/participation/museum visitation. The offering will change emphasis from production, as for the art major, to an equal emphasis on academic activities. A course which allows the non-art major opportunity to experience a studio of his/her choice without the fear of competing with the art major.

ART 2210  Photography I ................................. 3 credits
Introduction to the art of black and white photography. Field and studio shooting, history of photography, basic developing and enlarging techniques. F, S

ART 2220  Photography II ................................. 3 credits
Creative 35mm camera and darkroom techniques to emphasize individual expression in the photographic medium. (Prerequisite: ART 2210) F, S

ART 2410  Ceramics I ................................. 3 credits
Handbuilding. An introduction to all ceramic handbuilding techniques, including forming methods, glazing, clay preparation, firing, small and large scale pieces. F, S

2 hours lecture / 4 hours studio
ART 2420 Ceramics II ................................................ 3 credits
Throwing. An in-depth investigation of thrown ceramic forms. Functional utilitarian pottery techniques, glazing and firing methods studied. (Prerequisite: 2410) F, S
2 hours lecture / 4 hours studio

ART 2510 Painting I ................................................ 3 credits
Capacities of oil painting on canvas. F, S
2 hours lecture / 4 hours studio

ART 2520 Painting II ................................................ 3 credits
Techniques of expression in oil. F, S
2 hours lecture / 4 hours studio

ART 2610 Sculpture I ................................................ 3 credits
Explores basic materials and techniques including stone carving, clay modeling, plaster construction. F, S
2 hours lecture / 4 hours studio

ART 2620 Sculpture II ................................................ 3 credits
Development and extension of skills and techniques begun in Sculpture I. Introduction of metal, wood, and plastics. (Prerequisite: ART 2610) F, S
2 hours lecture / 4 hours studio

ART 2710 Print making I ................................................ 3 credits
Introduction to screen printing a fine art medium, emphasis upon development and application of various basic stencils in compositional printing. F, S
2 hours lecture / 4 hours studio

ART 2720 Print making II ................................................ 3 credits
Development and extension of skills and techniques begun in Print making I. Introduction to Intaglio. (Prerequisite: Art Majors - ART 2710; Non-Art Majors - None) F, S
2 hours lecture / 4 hours studio

ART 2990 Art Problems ................................................ 3 credits
Special topics in 1) drawing/painting, 2) ceramics, 3) sculpture, 4) print making, 5) art history, 6) school art. Further study of the capacities in certain disciplines as initiated by either instructor or student. (Prerequisite: Determined by department for each individual; topic may be repeated.) (Permission of instructor required prior to registration.) F, S

BANKING (BANK)

BANK 1010 Principles of Banking ................................................ 3 credits
Presents the fundamentals of bank functions in a descriptive fashion so that the beginning banker may view his chosen profession in a broad (and operational) perspective. The descriptive orientation is intentional. Banking is increasingly dependent upon personnel who have the broad perspective so necessary for career advancement. As required

BANK 2990 Special Problems in Banking ............... 1-6 credits
Special topics dealing with banking and financial services. As required

BIOLOGY (BIOL)

BIOL 1010 ◆ General Biology I ................................................ 3 credits
Course dealing with cell structure and functions, osmosis, diffusion, mitosis, meiosis, genetics, plant tissues, chemistry, nucleic acids, protein synthesis, cellular respiration, photosynthesis, ecology, pollution, population problems, survey of bacteria, protists, fungi, and plants. (Corequisite: BIOL 1011) (formerly BIOL 1100) F, Su
3 hours lecture

BIOL 1011 ◆ General Biology I Laboratory ............... 1 credit
Course with laboratory experiments and exercises which correspond to lecture material in BIOL 1010. (Prerequisite or corequisite: BIOL 1010) (formerly BIOL 1110) F, Su
3 hours laboratory

BIOL 1020 ◆ General Biology II ................................................ 3 credits
Course in biology dealing with animal tissues, the basic structure and physiology of the following human systems: digestion, circulatory, respiratory, excretory, nervous, muscular, integumentary, endocrine, and reproductive. Evolution and survey of the kingdom Animalia are also studied this semester. (Corequisite: BIOL 1021) (formerly BIOL 1200) S, Su
3 hours lecture

BIOL 1021◆ General Biology II Lab ............... 1 credit
Course with laboratory experiments and exercises which correspond to lecture material in BIOL 1020. (Prerequisite or corequisite: BIOL 1020) (formerly BIOL 1201) S, Su
3 hours laboratory

ASTRONOMY (ASTR)

ASTR 1030/1031◆ Astronomy ........................................... 4 credits
A survey of contemporary astronomy involving topics of current interest; for example, quasars, pulsars, and black holes. Traditional topics on planetary, stellar, and galactic astronomy will be covered. This course reviews research techniques, utilitarian techniques and theory about the planets, stars, galaxies, and the age and origin of the universe. (formerly PHYS 1015/1016) F
3 hours lecture / 3 hours laboratory
BIOL 1110 • Organization and Function of the Cell .......... 3 credits
A study of the chemical and physical basis of the cell, including information pertaining to the atom, bonding, macromolecules, and metabolic reactions; cell structure including membranes, cell walls, and internal organelles; energetics, respiration; and molecular biology. Intended for science majors. (formerly BIOL 2140) F

3 hours lecture

BIOL 1111 • Organization and Function of the Cell Lab .......... 1 credit
Laboratory experiments and exercises designed to stress basic laboratory skills and procedures such as pipetting and mixing solutions, as well as introducing modern methods for analysis of cell components. Laboratory activities involve gel filtration chromatography, cell fractionation, DNA isolation, DNA fingerprinting using electrophoresis, immunological analysis of ovalbumin, plasmid uptake in bacteria, and cloning techniques in bacteria. Intended for science majors. (formerly BIOL 2141) F

3 hours laboratory

BIOL 1120 • Biodiversity ........................................... 3 credit
Unifying concepts and principles of biology, illustrated with the diversity of life. Properties of life, molecular basis, origin of life, cells, genetics, introduction to kingdoms, origins of multicellularity, multicellular plants and animals, ideas about evolution, man’s place in nature. Emphasis on common themes in living systems (e.g., metabolism, protein and nucleotide sequence similarities, morphology), phylogeny construction, fossils, and the major plant and animal groups. Intended for science majors. (formerly BIOL 2130) S

3 hours lecture

BIOL 1121 • Biodiversity Lab ..................................... 1 credit
A study of the physical and chemical basis of life including plant and animal classification and histology; photosynthesis; a study of mitosis and meiosis; Mendelian genetics. Experiments and exercises correspond to lecture material in Biodiversity. Intended for science majors. (formerly BIOL 2131) S

3 hours laboratory

BIOL 1130 • Population Biology ..................................... 3 credits
Principles of population biology including taxonomy and systematics, evolutionary processes, the phylogenetic history of life on earth and population ecology. Intended for science majors. (Prerequisite: BIOL 1120; Corequisite: BIOL 1131) (formerly BIOL 2150) Su

3 hours lecture

BIOL 1131 • Population Biology Lab .................................. 1 credit
Laboratory experiments and exercises in population biology designed to correspond to lecture material. (Prerequisite: BIOL 1121; Corequisite: 1130) (formerly BIOL 2151) Su

3 hours laboratory

BIOL 2010 • Human Anatomy & Physiology I ............ 3 credits
A study of the structure and function of the human body. The topics studied include a general introduction to anatomy & physiology, cells, tissues, basic chemistry, mitosis, meiosis, genetics, osmosis, diffusion, the anatomy and physiology of the skeletal system, the integumentary system, the muscular system, introduction to the nervous system and the CNS. (formerly BIOL 2310) F, Su

3 hours lecture

BIOL 2011 • Human Anatomy & Physiology I Lab ....... 1 credit
A study of the structure and function of the human body with laboratory experiments and exercises which correspond to lecture material in BIOL 2010. (Corequisite: BIOL 2010) (formerly BIOL 2311) F, Su

3 hours laboratory

BIOL 2020 • Human Anatomy & Physiology II .......... 3 credits
A study of the structure and function of the human body. The topics studied include fluid and electrolyte balance, the nervous system, the cardiovascular system, the respiratory system, the urinary system, the digestive system, the reproduction system, and the endocrine system. (formerly BIOL 2320) S, Su

3 hours laboratory

BIOL 2021 • Human Anatomy & Physiology II Lab .... 1 credit
A study of the structure and function of the human body with laboratory experiments and exercises which correspond to lecture material in BIOL 2020. (Corequisite: BIOL 2020) (formerly BIOL 2321) S, Su

3 hours laboratory

BIOL 2210 General Botany ........................................ 3 credits
A general botany course with laboratory experiments and exercises to correspond with lecture material in BIOL 2210. (Prerequisite or corequisite: BIOL 2210). F, S

3 hours laboratory

BIOL 2211 General Botany Lab .................................. 1 credit
A general botany course with laboratory experiments and exercises to correspond with lecture material in BIOL 2210. (Prerequisite or corequisite: BIOL 2210). F, S, Su

3 hours laboratory

BIOL 2510 Introduction to Microbiology ..................... 3 credits
A survey of microorganisms with emphasis on morphology, growth and pathogenesis of bacteria, fungi and viruses. Human defense mechanisms against disease are emphasized. (Corequisite: BIOL 2511) F, S, Su

3 hours laboratory

BIOL 2511 Introduction to Microbiology Laboratory ........ 1 credit
Laboratory exercises designed to demonstrate the distribution, isolation, cultivation, identification, and control of microorganisms. The use of microorganisms in biotechnology will be examined. (Corequisite: BIOL 2510) F, S, Su

3 hours laboratory

BIOL 2530 Food Microbiology ..................................... 3 credits
Microorganisms in production of foods, in preservation and spoilage and in food-borne diseases. Methods of controlling microorganisms in foods. (Corequisite: BIOL 2531) F

3 hours laboratory

BIOL 2531 Food Microbiology Lab .................................. 1 credit
Laboratory exercises designed to demonstrate the importance of microorganisms in production, preservation and spoilage of food in food-borne diseases. Methods of controlling food-borne microbial diseases will be investigated. (Corequisite: BIOL 2530) F

3 hours laboratory

BIOL 2610 Genetics ................................................. 3 credits
A study of heredity with emphasis on Mendelian genetics and its cytological basis; probability theory and statistics as they relate to Mendelian genetics. S

3 hours lecture
BUS 2611  Genetics Laboratory .......................... 1 credit
An introductory course in genetics with laboratory experiments performed with the fruit fly, Drosophila melanogaster.  
(Corequisite: BUS 2610) S

BUS 2910  Independent Study .................................. 1-6 credits
A course designed to further the interest and education of students who desire to increase their knowledge and familiarity with a specific biological study area.

BUSINESS (BUSN)

BUSN 1010  Introduction to Business ......................... 3 credits
An orientation program dealing with the basic concepts of operating a business. Major topics include economics, management, marketing, labor relations, and social responsibility. F, S

BUSN 1290  Professional Development and Business Ethics .................................. 3 credits
A course organized around the premise that the techniques and personal qualities students need to find the best possible job in a particular field are identical to those which they must develop as employees. Areas to be covered include: planning for success - goal setting, time management and personal money management; adjusting and growing on the job; communicating - personal effectiveness and group dynamics; nutrition, health and exercise; wardrobe engineering. The course will also heavily emphasize appropriate development of business ethics through simulation exercises and case studies. There are no prerequisites to this course. S

BUSN 1310  Business Communications & Correspondence .................................. 3 credits
Patterns in organization of effective sentence and paragraph structure with emphasis on unity, coherence, word choice, usage, punctuation, spelling and abbreviations as applied to modern business writing problems. Experiences provided in speaking, listening, reading and writing (with main emphasis on writing). F, S

BUSN 2010  Business Functions .............................. 4 credits
Understanding how business works through application and integration of fundamental business functions. Includes aspects of marketing, finance, logistics, operations, organizational behavior, and information management. (Prerequisites: ECON 2010, ACCT 2210, and MGMT 1100. Corequisite: ECON 2210 or MATH 2050)

BUSN 2510  Legal Environment of Business .................. 3 credits
A study of the principles of the American legal system as they relate to business; the relationship between law and business ethics and various specific areas of the law as they relate to the conduct of business in our society including tort law, criminal law, the common law of contracts, the Uniform Commercial Code and contracts for the sale of goods, negotiable instruments and commercial paper, the banking system and transactions, bulk sale transfers, secured transactions, real and personal property, bailments, agency, business organizations, government regulation of business, consumer protection, employment relations, insurance, wills and trusts. F, S

CHEMISTRY (CHEM)

CHEM 1000  Basic Chemistry .................................. 3 credits
A study of fundamental chemical concepts with emphasis on applications to agriculture, biology, nursing and the technologies. Designed for students who have not had a thorough high school course in chemistry. S  
3 hours lecture

CHEM 1001  Basic Chemistry .................................. 1 credit
A course for students with limited background in chemistry to do laboratory experiments and exercises in correspondence with lecture material in CHEM 1000. S
3 hours laboratory

CHEM 1010  Introductory Chemistry .......................... 3 credits
Introductory Chemistry will cover topics dealing with elementary concepts, atomic structure, periodic law, symbols, formula, equations, bonding, gas laws, acids, bases, solutions and equilibria. Will not substitute for CHEM 1110. (formerly CHEM 1310) F, S
3 hours lecture

CHEM 1111  Introductory Chemistry Lab ..................... 1 credit
An introductory laboratory course with experiments and exercises which correspond to lecture material in CHEM 1010. (formerly CHEM 1311) F, S
3 hours laboratory

CHEM 1110  General Chemistry I ................................ 3 credits
A study of fundamental concepts and properties of selected elements and compounds. Topics covered are: tools of chemistry; atoms, molecules and ions; chemical reactions I: chemical equations and reactions in aqueous solutions; chemical reactions II: mass relationships; the gaseous state; thermodynamics; quantum theory and the electronic structure of atoms; periodic relationships among the elements; chemical bonding; basic concepts; chemical bonding II: molecular geometry and molecular orbitals; and intermolecular forces and liquids and solids. (Corequisite: CHEM 1111) F, S, Su
3 hours lecture

CHEM 1111  General Chemistry I Lab .......................... 1 credit
A study of fundamental concepts and properties of selected elements and compounds with laboratory experiments and exercises which correspond to lecture material in CHEM 1110. (Corequisite: CHEM 1110) F, S, Su
3 hours laboratory

CHEM 1120  General Chemistry II ............................ 3 credits
A study of fundamental concepts and properties of selected elements and compounds. Topics covered are: physical proper-
ties of solutions; chemical kinetics; chemical equilibrium; acids and bases; general properties; acid-base equilibria; solubility equilibria; entropy; free energy; and equilibrium; electrochemistry; metallurgy and the chemistry of metals; nonmetallic elements and their compounds; transition of metal chemistry and coordination; nuclear chemistry and organic chemistry; polymers and industrial chemistry. (Prerequisite: CHEM 1120; Corequisite CHEM 1121) S, Su
3 hours lecture

CHEM 1121 General Chemistry II Lab 1 credit
A study of fundamental concepts and properties of selected elements and compounds with laboratory experiments and exercises which correspond to lecture material in CHEM 1120. (Corequisite: CHEM 1120) S, Su
3 hours laboratory

CHEM 2010 Organic Chemistry I 3 credits
An introductory sequence course in organic chemistry which considers the occurrences, structure, properties, and uses of the more important classes of organic compounds. Concepts such as mechanisms of reactions and the relationships between structure and properties are developed. Topics covered are: carbon compounds and chemical bonds, representative carbon compounds, alkanes and cycloalkanes; conformational analysis, stereochemistry: chiral molecules, ionic reactions: nucleophilic substitution and elimination reactions of alkyl halides, alkenes and alkenes, alcohols and ethers, free radical reactions, conjugated unsaturated systems. (Prerequisite: CHEM 1120) (formerly CHEM 2310) F
3 hours lecture

CHEM 2011 Organic Chemistry I Lab 1 credit
An introductory sequence course in organic chemistry which considers the occurrences, structure, properties, and uses of the more important classes of organic compounds with laboratory experiments and exercises which correspond to lecture material in CHEM 2010. (Corequisite: CHEM 2010) (formerly CHEM 2311) F
3 hours laboratory

CHEM 2020 Organic Chemistry II 3 credits
An introductory sequence course in organic chemistry which considers the occurrences, structure, properties, and uses of the more important classes of organic compounds. Concepts such as mechanisms of reactions and the relationships between structure and properties are developed. Topics covered are: aromatic compounds, electrophilic aromatic substitution, spectroscopy, phenols, arylhalides, nucleophilic aromatic substitution, oxidation and reduction reactions, organometallic compounds, aldehydes, and ketones, carboxylic acids and their derivatives, amines, and synthesis and reactions of B-dicarbonyl compounds. (Prerequisite: CHEM 2020) (formerly CHEM 2320) S
3 hours lecture

CHEM 2021 Organic Chemistry II Lab 1 credit
An introductory sequence course in organic chemistry which considers the occurrences, structure, properties, and uses of the more important classes of organic compounds with laboratory experiments and exercises which correspond to lecture material in CHEM 2020. (Corequisite: CHEM 2020) (formerly CHEM 2321) S
3 hours laboratory

CHEM 2910 Independent Study 1-6 credits
This course would consist of the assignment of problems of independent study incorporating previous instruction and would be supervised by the instructor.

COMPUTER AND INFORMATION SCIENCE (CPSC)

CPSC 1100 Using Information Technology 3 credits
This course is designed to assist the student in achieving proficiency in computer applications. The student will demonstrate a working knowledge of word processing, electronic communication and on-line data bases and spreadsheets. F, S, Su

CPSC 1115 Microsoft Word 3 credits
This course covers the intermediate as well as advanced concepts of MS Word that are required for the Basic and Advanced levels of MOS certification exams. As required

CPSC 1230/1231 Introduction to Programming 3 credits
A course designed to introduce the concepts of programming. The course will use a visual programming tool such as Microsoft Visual BASIC to introduce procedural/structured programming concepts. The course is designed to introduce programming to students with limited computing backgrounds. F, S, Su
2 hours lecture / 2 hours laboratory

CPSC 1235/1236 Visual Basic 3 credits
Continuation from CPSC 1230. The course covers advanced concepts of programming in Visual Basic including classes and objects, arrays, data control, file management, sorting and searching procedures. (Prerequisite: CPSC 1230 or equivalent) S
2 hours lecture / 2 hours laboratory

CPSC 1240 Microcomputer Business Applications 3 credits
This course is designed to convey in-depth knowledge about computer applications involving spreadsheets. Students will work on one or more popular commercially available software packages such as Excel. Topics covered include use of formulas, functions, charts, macros, advanced formatting, multiple worksheets and workbooks, designing forms, importing spreadsheets with other programs, and data analysis. As required

CPSC 1280 Database Applications 3 credits
This course is designed for those individuals who want to effectively use a current relevant database management software system. Included will be an overview of the software package, use of the package's file management capabilities in creating, loading, joining and maintaining databases, generating reports on the data, and the use of the procedures. The student will also be introduced to the programming capabilities of the software. As required

CPSC 1285/1286 Internet/E-mail 3 credits
This course provides an introduction to using the Internet. It will cover topics such as history of Internet, available Internet tools, and ethical issues involved in the use of the Internet. It will also cover the basics of programming in HTML. As required
2 hours lecture / 2 hours laboratory

CPSC 1290/1291 PowerPoint 3 credits
This course provides in-depth introduction of using Microsoft PowerPoint. Topics include basic and advanced skills of PowerPoint, the design concepts of creating presentations. As required
2 hours lecture / 2 hours laboratory
CPSC 1350/1351  Introduction to Computer Science I ............................................. 4 credits
An introduction to all aspects of the programming and problem-solving process and the elements of good programming style. A high-level language will be used as vehicle for introducing these concepts. Laboratory use of the computer in designing, coding, debugging, and executing programs is an integral part of the course. (Prerequisite: CPSC 1230 or four years of high school math) S
3 hours lecture / 2 hours laboratory

CPSC 1380/1381  RPG/400 Programming ............................................. 4 credits
A course in the RPG/400 (Report Program Generator) programming language providing the student with the opportunity to write, test and debug programs. Topics include arithmetic operations, control structures, control break processing, internal subroutines, data validation, table and array look-up, physical and logic files, source entry utility (SEU) and screen design and utility (SDU). (Prerequisite: CPSC 1230 or equivalent) S
3 hours lecture / 2 hours laboratory

CPSC 1530/1531  Introduction to Computer Science II ............................................. 4 credits
Programming in a high-level language with emphasis on structure, algorithms, documentation, and elementary data structures. (Prerequisite: CPSC 1350 or equivalent) S
3 hours lecture / 2 hours laboratory

CPSC 2000  Computer Organization ............................................. 3 credits
An introduction to Boolean algebra, combinatorial and sequential circuits. Gate and flip-flop characteristics. An introduction to machine architecture and system components to include memory subsystems and I/O subsystems. An introduction to operating systems including I/O handling, memory management, interrupt handlers, and other system programs, concepts and techniques such as multiprogramming, multiprocessing, virtual storage and virtual machines. Data and instruction representation. Design, implementation and demonstration of combinational and sequential logical functions will be an integral part of the course. (Prerequisite: CPSC 1230 or equivalent) F

CPSC 2010/2011  Assembly Language ............................................. 4 credits
An investigation of the assembly language of a modern computer including the instruction set and macros, object code, use of dumps, coding and linkage conventions, addressing techniques, and use of the assembler. Laboratory use of the computer in designing, coding, debugging, and executing programs is an integral part of the course. (Prerequisite: CPSC 1350 or equivalent) S
3 hours lecture / 2 hours laboratory

CPSC 2170/2171  Computer Programming Math/Engineering ............................................. 3 credits
An introduction to structured programming and problem solving with emphasis on math and engineering applications requiring some knowledge of calculus. Students will design, code and test structured programs using a high level language and the language of a graphing calculator. (Prerequisite: MATH 1910) S
2 hours lecture / 2 hours laboratory

CPSC 2270/2271  Business Oriented Programming .................. 4 credits
Designing and writing programs for business applications in a standardized high-level language with emphasis on structure, algorithms, and good programming practice. (Prerequisite: CPSC 1230 or equivalent) As required
3 hours lecture / 2 hours laboratory

CPSC 2290/2291  File Processing ............................................. 4 credits
This course will cover advanced programming techniques and file processing. Tape and disk file handling, programming efficiencies, and access methods for sequential, indexed, relative, and direct access fields will be discussed. In addition, operating system, multiprogramming, and memory management concepts will be explored. (Prerequisite: CPSC 1350 or equivalent) S
3 hours lecture / 2 hours laboratory

CPSC 2370/2371  System Project ............................................. 4 credits
A study of the development and maintenance of Computerized Data Processing Systems. Various system design processes and tools will be covered. Students will complete an extensive computer based project. Activities associated with the project will implement tools discussed in course lecture. (Prerequisite: CPSC 1530 or equivalent) As required
3 hours lecture / 2 hours laboratory

CPSC 2790/2791  Data Base Management Systems ............................................. 4 credits
A study of the structure of data bases and the techniques for managing data bases. Competencies in the use of an existing data base management system will be treated. These competencies will include creating, loading, querying and maintaining data bases, report generation and SQL. (Prerequisite: CPSC 1230 or equivalent) As required
3 hours lecture / 2 hours laboratory

CPSC 2820/2821  Cisco Networking Fundamentals ............................................. 3 credits
A course covering the fundamentals of data communication, including signaling and data transmission, communication media, network architectures, bridges, hubs, protocols, LANS and WANS, file server networks, client server networks and network instruction and management. Students will install and use a network as part of the course. Instruction provided will begin the preparation for taking Network+ exam. F
2 hours lecture / 2 hours laboratory

CPSC 2830/2831  Cisco Router Fundamentals ............................................. 3 credits
This course introduces advanced router configuration, advanced LAN switching theory and design, VLANs, Novell IPX, Access Lists, and threaded case studies. Topics include router elements and operations, adding routing protocols to a configuration, monitoring IPX operations on the router, LAN segmentation, and advanced switching methods. (Prerequisite: CPSC 2830) S
2 hours lecture / 2 hours laboratory

CPSC 2840/2841  Cisco Advanced Routers ............................................. 3 credits
This course introduces advanced router configuration, advanced LAN switching theory and design, VLANs, Novell IPX, Access Lists, and threaded case studies. Topics include router elements and operations, adding routing protocols to a configuration, monitoring IPX operations on the router, LAN segmentation, and advanced switching methods. (Prerequisite: CPSC 2830) S
2 hours lecture / 2 hours laboratory
CPSC 2850/2851  Cisco WAN Technologies .................. 3 credits
This course also introduces WAN theory and design, WAN technology, PPP, Frame Relay, ISDN, and additional case studies. Topics include network congestion problems, TCP/IP transport and network layer protocols, advanced routing and switching configuration, ISDN protocols, PPP encapsulation operations on a router. (Prerequisite: CPSC 2840)  S
2 hour lecture / 2 hour laboratory

CPSC 2990  Special Topics ............................... 1-4 credits
Special topics relating to various aspects of data processing and computer science. The course may be repeated for credit with departmental permission. (Prerequisite: Permission of instructor) As required

CRAFTS (CRFT)

CRFT 1040  Craft History I ................................. 3 credits
Craft History is a survey of craft development from the Colonial period through the Industrial Revolution to the present. This course will examine the craft evolution and scope of application for a variety of crafts in today’s society.

CRFT 2210  Blacksmithing and Foundry I .................. 3 credits
This is an introductory course that demonstrates the basic techniques of blacksmithing and green sand foundry casting. This course will examine practical application in forming molds, casting metals, handforming and welding from the forge.
2 hour lecture / 4 hour laboratory

CRFT 2220  Blacksmithing and Foundry II .................. 3 credits
This course continues to build the competencies to produce the student’s abilities for production of useful craft objects. Emphasis will be placed on individual expression in the design of marketable products. This course will further practical application of metal forming techniques. (Prerequisite: CRFT 2210)
2 hour lecture / 4 hour laboratory

CRFT 2310  Woodcarving and Leather I .................. 3 credits
This is an introductory course that demonstrates the basic techniques of woodcarving and leathersmithing. This course will examine practical application in additive and subtractive methods for carving basic wood objects. Basic leathersmithing applications for production of wearable leather products will be demonstrated.
2 hour lecture / 4 hour laboratory

CRFT 2320  Woodcarving and Leather II .................. 3 credits
An in-depth investigation in production of woodcarving techniques. Topics will include finishing and preservation of carved objects. Leathersmithing applications will include design of original craft objects and construction of non-wearable objects. Course will further student’s skills in woodcarving and leather. (Prerequisite: CRFT 2310)
2 hour lecture / 4 hour laboratory

CRFT 2410  Blown Glass I ................................. 3 credits
This is an introductory course that demonstrates the basic techniques of glass furnace techniques. This course will examine practical application in blown glass, safety procedures for molten glass, and raw materials survey. Basic designs for objects of production will be emphasized.
2 hour lecture / 4 hour laboratory

CRFT 2420  Blown Glass II ................................. 3 credits
A continuation of Blown Glass I focusing on production, equipment maintenance, product design and production cost. Emphasis is placed on refining skills and knowledge to become a demonstrating craftsman. (Prerequisite: CRFT 2410)
2 hour lecture / 4 hour laboratory

CRIMINAL JUSTICE TECHNOLOGY (CRJT)
(† indicates courses not designed for transfer)
All CRJT courses are offered F, S, Su

CRJT 1010  Overview of Criminal Justice ................. 3 credits
A philosophy and history of the criminal justice systems, including the role of police, courts, corrections, detention facilities, probation and parole, and related agencies at the local, state, and federal level.

CRJT 1020  Administrative Concepts in Criminal Justice ........................................... 3 credits
A study of organizational behavior and administrative techniques from a system perspective with a practical approach.

CRJT 1030  Basic Firearms Education ..................... 3 credits
A basic pistol, rifle and shotgun marksmanship course which will emphasize home firearm use and responsibility and private security firearms training. (BPRS, Specialized Law Enforcement only)

†CRJT 1040  Special Weapons and Tactics ................ 3 credits
This course relates to the positive tactics officers can employ on the street to effectively use their own firearms to defeat those of assailants. The mental, tactical, weapons selection, protective equipment, and force edge for special police situations involving injury or death to police and civilians is addressed. (Specialized Law Enforcement only)

CRJT 1050  Hostage Negotiations .......................... 3 credits
This is a basic course designed for officers who respond to hostage situations as a team member. A separate course - Advanced Hostage Negotiations - is required for the “Command Negotiator”. This course includes: approach to hostage situations, principals of negotiations, and team positions and duties. (Specialized Law Enforcement only)

†CRJT 1060  Advanced Hostage Negotiations ............. 3 credits
This course includes a number of role playing exercises, practicums involving Command Post, S.W.A.T., negotiation team coordinator and decision making, as well as, demonstrations and applications of specialized communication and documentation equipment. (Specialized Law Enforcement only)
CRJT 1080 Field Training Officer ............................ 3 credits
This course is designed to predict, in an unbiased method, whether a recruit is likely to become a competent police officer and document that prediction before the recruit probationary period ends. (Specialized Law Enforcement only)

CRJT 1090 Police Executive Development .................. 3 credits
This course is designed to better prepare present or potential administrators or supervisors with the desire to develop into effective police managers. (Specialized Law Enforcement only)

CRJT 1100 Man Tracking ........................................... 3 credits
Tracking is the knowledge of knowing what to look for after a person has gone through an area. Tracking today is mainly used for lost persons or fleeing fugitives. Good trackers do not have to be descended from mountain men nor be part Indian. Good trackers are not born—they are trained and then practice for many years.

† CRJT 1120 D.U.I. Enforcement and Sobriety Testing .................................................. 3 credits
This course is designed to instill in the officer the skills of detection of persons driving a motor vehicle while under the influence of alcohol or drugs and the documentation of evidence to be used at a later trial of criminal action. (Specialized Law Enforcement only)

† CRJT 1130 Defensive and Tactical Driving .......................... 3 credits
The course is designed to instill in officers the knowledge and skills of vehicular defensive, tactical, and pursuit driving. The decision to engage, terminate, or use alternate methods of apprehension and the legality of each is emphasized. (BPRS, Specialized Law Enforcement only)

CRJT 1140 Sects, Cults, and Deviant Behavior Groups ...................................................... 3 credits
This course is designed to familiarize law enforcement officers with illegal groups of persons and individuals who actively participate in deviant behavior involving sects and cults.

† CRJT 1150 K-9 Handlers .............................................. 3 credits
This course is designed to upgrade present K-9 teams and keep certification current and includes vehicle stop procedures, building search methods, tracking and outdoor searches, narcotics detection, and fleeing suspect apprehensions. (Specialized Law Enforcement only)

† CRJT 1160 Police Instructor Development .......................... 3 credits
This course is designed to prepare officers to plan and evaluate instructional objectives, organize subject matter, and communicate these principals to the classroom so that students understand and absorb the subject matter presented. (Specialized Law Enforcement only)

CRJT 1170 Commercial Vehicle Accident Investigation ..................................................... 3 credits
This course is designed for the investigation of all types of commercial vehicle accidents. This includes but is not limited to tractor trailer units and buses. It also covers Hazmat concerns. It is recommended to take Advanced Accident Investigating before taking this course.

CRJT 1180 Critical Incident Management .......................... 3 credits
This course is designed for those officers who by virtue of their positions will be responsible for dealing with unusual circumstances, either natural or man-made. These unusual circumstances would include such things as civil disturbances, major events, natural disasters, or unusual criminal actions. The course will enable the officers to set forth procedures to be utilized in preparing and implementing a plan or plans to deal with these unusual circumstances. (Specialized Law Enforcement only)

CRJT 1190 Internal Affairs/Background Investigation ................................................... 3 credits
This course is designed to provide the basic methods of conducting a fair and thorough internal or background investigation.

CRJT 1200 Domestic Terrorism/Dignitary Protection Driving ......................................... 3 credits
This course focuses on measures that may be employed by local law enforcement to anticipate, prevent, and/or resolve a terrorist threat or incident. It is designed to raise awareness, understanding, and operational management skills regarding the domestic terrorist threat environment. The course also provides an overview of the officers' role in dignitary protection operations, including surveillance, foot formations, motorcades and tactical driving maneuvers.

† CRJT 1210 Traffic Accident Investigation ...................... 3-6 credits
This is a comprehensive course in traffic accident investigation to include determination of points of impact; road, vehicle, and driver conditions; and interpretation of marks on the road surface at accident scenes.

† CRJT 1220 Advanced Traffic Accident Investigation .................................................. 6 credits
A study of traffic accident fundamentals with special in-depth focus on how to recognize, interpret and prepare physical evidence for further use in traffic accident reconstruction. (Specialized Law Enforcement only)

† CRJT 1240 Basic Bike Patrol ........................... 3 credits
This course is designed to teach officers how to carry out routine patrol responsibilities on a bicycle. The officers will learn how to ride safely and comfortably in traffic, off-road, and in the various conditions the officers are likely to experience while on patrol. This course will be particularly applicable to those departments that are committed to community-oriented policing. (Specialized Law Enforcement only)

† CRJT 1250 Basic Law Enforcement Chaplaincy .... 1-3 credits
A study of the responsibilities and procedures of law enforcement chaplains. Special attention is given to human relations and interaction within the law enforcement profession.

CRJT 1260 Report Writing for Public Safety .............. 3 credits
Theory of and practice in the writing of technical letters and reports for public safety students. Topics include: how to structure writing and technical aids, such as graphics, diagrams, statistics, and illustrations for various job requirements. Students will receive experience in writing for their particular technical field.

CRJT 1270 School Resource Officer ........................... 3 credits
This course will deal with the history of the School Resource Officer Programs, their impact, future and day-to-day applications. It will enable departments to set up and implement their own School Resource Officer Program.

CRJT 1280 Fingerprint Technology ......................... 3 credits
This course will deal with all aspects of fingerprint techniques including identification, collection, preservation and court testimony.
CRJT 1290  1st Line Supervisors ........................................ 3 credits
This course will provide the participants with the knowledge 
and skills necessary to carry out the functions and duties of a 
first line supervisor as an effective manager. It is designed for 
those officers recently promoted or those about to be pro-
moted.

CRJT 1300  Hazardous Devices and Booby Traps ........ 3 credits
This will be an officers’ safety course to familiarize the partici-
pants with hazardous devices and booby traps that may be 
encountered on patrol, during a law enforcement career.

CRJT 1320  Criminal Justice Work
With Juveniles .................................................. 3 credits
A study of youth crimes and techniques used by police and 
courts in prevention and control; a review of the Tennessee 
Juvenile Code; and community service agencies providing 
services to delinquents.

† CRJT 1340  Talking Hands .................................. 3 credits
This course is designed to create departmental instructors in 
field communication utilizing “Talking Hands.” Each student 
will receive two certificates: one for communicating with the 
deaf and hearing impaired and the second certificate will be for 
“Talking Hands” for the patrol officer. In addition, each stu-
dent will receive two video tapes. (Specialized Law Enforce-
ment only)

CRJT 1350  Community Policing .................................. 3 credits
This course focuses on community policing in regard to the 
police responsibility and working relationships with the com-
munity, churches, schools, civic organizations, youth and ju-
venile population, and the minority groups.

CRJT 1360  Pedestrian Car Collision .......................... 3 credits
This course will develop a technical understanding of pedes-
trian dynamics and behavior and be able to recognize, inter-
pret, and prepare physical evidence for identifying vehicle,
medical and pedestrian behavior during collisions. (Prerequi-
site: CRJT 1210 and an understanding of basic accident inves-
tigation math.)

CRT 1380  Ethics for Law Enforcement .......................... 3 credits
This course provides the law enforcement officer with Biblical,
philosophical and motivational hypotheses that lay the foun-
dation of ethics, we well as standards for personal and profes-
sional conduct.

CRJT 1390  Advanced Crime Scene ............................ 3 credits
This class will take the instruction given in the basic crime 
scene class and expand on that information. There will be 
technical up-dates as well as a lot of hands-on practical exer-
cises.

CRJT 1400  Mid Management .................................... 3 credits
This class is designed for those officers who are in mid manage-
ment level positions - sergeants, lieutenants, and captains or 
those about to be promoted to these levels. It will cover all 
aspects of management and supervision.

CRJT 1410  Fire Protection Law ................................. 3 credits
A study of law in relation to fire protection. Torts, terms, and 
contracts studied by case method. Liability of fire protection 
personnel when making inspections, recommendation, fight-
ing fires and other tasks. Pertinent laws, ordinances, and 
codes and the responsibilities and powers of the individual or 
organization concerning enforcement.

CRJT 1420  Fire Detection and Investigation .............. 3 credits
Determination of cause of accidental and incendiary fire, fire 
losses and loss of records, points of origin, location and 
preservation of physical evidence and scientific aid to inves-
tigation. Courtroom procedure in presenting evidence. Mo-
tives and methods for setting fire and investigative methods 
are covered. The student will perform exercises in determin-
ing good investigation methods such as depth or char and 
types of combustion.

CRJT 1430  Fire/Arson Investigation .......................... 3 credits
This course is designed to instill in the investigator a working 
knowledge of the elementary chemistry of combustion, the 
nature and behavior of fire, combustion properties of liquid,
gaseous, and solid fuels. The sources of ignition in structure 
tires, and fires of grassland, timber lands, automobile and 
ship fires, fire ignition sources such as electrical, chemical,
lightning, spontaneous combustion, and their effects on wood,
cloth, or petrol, as a source of ignition. Arson law and ele-
ments of proof. (Specialized Law Enforcement only)

CRJT 1440  Advanced Instructor Development ............ 3 credits
This course is designed to expand on the Instructor Develop-
ment courses. The emphasis will be on new instructional 
approaches as well as technical up-dates to include Power 
Point presentations.

CRJT 1450  Questionable Documents .......................... 3 credits
This class is designed to enable officers to learn about a 
handwriting analysis, investigations, forgeries, bad checks 
and all other forms or altered documents.

CRJT 1510  Criminal Law and Procedures ................. 3 credits
A study of the U.S. Constitution and the Tennessee Code 
Annotated and relevant cases and court decisions impacting 
the laws of arrest, search, seizure, the admission of evidence 
into the legal system, detention, interrogation, criminal court 
procedures, indictments, and the criminal process. (Includes 
previous courses CRJT 1520, Criminal Statute Law and CRJT 
2530, Rules of Evidence as listed in the 1993-94 WSCC Cata-
log.)

CRJT 1540  Police Civil Liability .............................. 3 credits
The primary objective of this course is to instill a working 
knowledge with Police Administrators and Line Supervisors. 
The basis for civil liability incidents which generate liability,
explore ways of protecting the officer, and instill positive 
steps to be taken to prevent police actions that lead to civil 
liability lawsuits brought against police. (Specialized Law 
Enforcement only)

CRJT 1610  Probation and Parole .............................. 3 credits
A study of the functions and duties of a probation and/or 
parole officer including the short and long range effects of 
probation and parole on convicted offenders.

† CRJT 1710  Firearms Instructor School .................... 3 credits
This course is designed to develop departmental firearms 
inspectors that meet P.O.S.T. certification. Special emphasis 
will be placed upon the proper shooting techniques and care 
of weapons carried on a daily basis by officers working in the 
field. (Specialized Law Enforcement only)

† CRJT 1720  Physical Defense Tactics ........................ 3 credits
This course is designed to teach the student to defend him/ 
herself or to take actions designed to subdue and apprehend 
the suspect with less than lethal force. (Specialized Law En-
forcement only)
CRJT 1730 Street Survival Tactics ......................... 3 credits
This course is designed to prepare law enforcement officers for the hazards encountered in high risk situations while enforcing the law. These tactics are directed at officers working alone or in pairs when suddenly confronted with a decision on how to react to a hazardous encounter prior to back-up arriving.

CRJT 1740 PR-24 Police Baton Instructor Course ......................... 3 credits
This course provides instructor certification for teaching the use of the PR-24 police baton. Course content includes: nomenclature, use of legal force, basic positions, blocks, jabs, yawara strikes, chops, spinning techniques, take downs, retaining control, and vital body centers. (Specialized Law Enforcement only)

CRJT 1770 Fit Force .................................................. 3 credits
A comprehensive fitness program for officers. This course of study will create trainers who will be able to return to their departments to set up programs that will enable officers to adopt healthier habits in six fitness life-style areas. These areas are exercise, weight management, nutrition, stress management, smoking cessation, and substance abuse prevention. (Specialized Law Enforcement only)

CRJT 1780 Firearms Transition ........................................ 3 credits
This course is designed to assist training officers, range personnel, and firearms instructors with departments that have or are going to convert to semi-automatic side arms. Course content includes: trigger control, sight alignment, nomenclature, stoppages, reloading, disassembly, and traverse fire. (Specialized Law Enforcement only)

CRJT 1790 Radar Instructor ........................................ 3 credits
This course is designed to prepare participants to become proficient in the use of police radar and to develop skills sufficiently to conduct radar training to other members of their agency. Course content includes: characteristics of different types of radar, Doppler principle, legal requirements in radar use, erroneous reading situations, policy and procedures for radar operators. (Specialized Law Enforcement only)

CRJT 1810 Introduction to Security ......................... 3 credits
Functions and concepts of the security personnel force of industrial plants and commercial businesses.

CRJT 1820 Protective Services ................................ 3 credits
A review of the role of the private security agencies’ protective services that will include a determination of the applicability of civil and criminal law and civil liability along with basic competency development in emergency procedures, self defense tactics, use of deadly force, firearms use and maintenance, and firearms use proficiency.

CRJT 1830 Protective Services Certification ............. 1 credit
Armed Security Guard certification. This course is designed to teach the private protective services act (TCA Title 62 Chapter 35) for security guard certification requirements.

CRJT 1840 Private Investigations ......................... 3 credits
Discussion of proper methods utilized in conducting private investigations. In addition, the course is designed to familiarize the student with procedures utilized in obtaining a license for private investigation in the state of Tennessee.

CRJT 1860 Advanced Loss Prevention ......................... 3 credits
This course will expose the security practitioners to methods of risk analysis, threat assessment, critically and probability of loss as well as the potential frequency of loss. Security site surveys will be employed to determine areas of loss exposure and loss as a means to formulate recommendations to establish a total security program.

CRJT 1920 Technical Police Photography and Video Production ........................................ 3 credits
This course is designed to prepare officers assigned to photograph or video tape evidence for court presentation and law enforcement applications. Course includes: camera functions, fingerprint photography, surveillance photography, infrared photo, and courtroom applications.

CRJT 1930 Advanced Street Survival ......................... 3 credits
This course is designed to expand upon the lessons learned in the Basic Street Survival Tactics class. In addition to tactics for high risk patrol situations, officers will also be introduced to Rapid Response to the Active Shooter and Quick Action Deployment (QUAD) techniques.

CRJT 1990 Transition to Law Enforcement ................ 3 credits
This transition course is designed for law enforcement graduates from Tennessee state-approved academies. It is designed to assess and evaluate the students’ knowledge and associated skills required in law enforcement. Students who successfully complete this course may receive equivalent college credit from Walters State Community College for selected courses completed at their respective academy. The credit may be applied toward the degree of associate of applied science with a concentration in law enforcement.

CRJT 2110 Interview and Interrogation Techniques ........................................ 3 credits
This course is designed to familiarize the law enforcement officer with the kinetics technique of obtaining verbal statements and reducing those verbal statements to the proper style to be submitted as evidence in a court of law. (Specialized Law Enforcement only)

CRJT 2120 Advanced Interview and Interrogation ........................................ 3 credits
This course is designed to use the basics of CRJT 2110 in specific situations involving role planning and actual interview. (Prerequisite: CRJT 2110. Specialized Law Enforcement only)

CRJT 2130 Crime Scene Specialist .............................. 3 credits
This course is designed to train and prepare participants to become skilled in the recognition, discovery, processing, preservation, collection, and transmission of physical evidence found at the scene of the crime. Course includes photography, sketching, fingerprinting, marking, chain of custody, collection methods, sources of physical evidence, transmission to the laboratory, and testifying in court.

CRJT 2140 Criminal Investigation .............................. 3 credits
The methods of interviews, interrogations, admissions, confessions, written statements, criminal case report writing, and evidence evaluation.

CRJT 2150 Child Sex Abuse Investigation ................ 3 credits
The role of the police investigator working complaints of child sexual abuse and child neglect and assisting in the prosecution of these offenses in both civil and criminal court.
CRJT 2170 Narcotics and Dangerous Drugs ........... 3 credits
This course will familiarize law enforcement officers with illegal drug identification, apprehension of offenders, legal options, case reports, and prosecution of violators. (Specialized Law Enforcement only)

† CRJT 2180 Auto Theft Investigation .................... 3 credits
The course is designed to assist the investigator in conducting auto theft investigations based on current laws, resource agencies, and proven identification and investigative techniques. Also, the introduction to the N.A.T.B., V.I.N., salvage laws, and legal aspects. (Specialized Law Enforcement only)

CRJT 2190 Homicide and Death Investigation ....... 3 credits
This course is designed to provide conventional information to the officer charged with the profound responsibility of conducting an intelligent homicide investigation. The course of instruction will cover the entire sequence of events which occur in a homicide. (Specialized Law Enforcement only)

† CRJT 2210 Traffic Accident Reconstruction .......... 6 credits
An advanced course dealing with the reconstruction of traffic accident scenes. Mock traffic accident scenes investigations are conducted by students. Application of photography, measurements, accident causation, evidence, and reconstruction of traffic accidents based on interpretation of vehicle, road, and driver conditions. (Specialized Law Enforcement only)

CRJT 2220 Organized Crime .................................. 3 credits
A study of the nature, history, and theories of organized crime, together with the criminal justice response. This includes an evaluation of the investigation, prosecution, defense, and sentencing of organized criminals to date.

CRJT 2230 Electronic Surveillance .......................... 3 credits
This course is designed to acquaint officers with all the current techniques in surveillance and counter-surveillance. The course will include foot surveillance, motor vehicle surveillance, and the use of air surveillance. The emphasis, however, will be on the use of technical electronic surveillance equipment. The course will consist of hands-on demonstrations, exercises, and practicums. This will not include telephone intercepts and non-consensual microphones. (Specialized Law Enforcement only)

CRJT 2240 Advanced Criminal Investigation ........... 3 credits
This course is designed to expand basic methods and concepts of CRJT 2140 into specific types of crime common to East Tennessee law enforcement. (Prerequisite: CRJT 2140 Specialized Law Enforcement only)

† CRJT 2250 Advanced Bike Patrol ....................... 3 credits
This course builds on the fundamentals taught in the basic course and enhances the knowledge, skills, and abilities of the bicycle officer. (Specialized Law Enforcement only)

CRJT 2270 Serial Killers/Pathological Maturity ...... 3 credits
This course will familiarize the student with the background of serial killers and violent youth. The course will demonstrate the correct method of investigating such matters.

CRJT 2280 Domestic Violence ............................... 3 credits
A study into violence, focusing on physical, sexual, and emotional abuse in the family and society.

CRJT 2290 Gangs ................................................. 3 credits
This course will address gang cultures and profiles with emphasis on how and why kids are lured into gangs, showing the efforts of law enforcement and the communities to combat the trend.

CRJT 2300 Criminology ......................................... 3 credits
A scientific study of crime and criminal behavior, including causes, legal aspects and control.

CRJT 2330 Forensics Criminalistics ....................... 3 credits
The scientific evaluation of physical evidence in the crime laboratory on “hands-on” laboratory exercises with comparative microscopy, serology, human identification methods, infrared spectrophotometry, gas chromatography, and electrophoresis.

CRJT 2340 Vehicle Dynamics Awareness ................ 1 credit
This course is designed to acquaint students with the handling dynamics of a specific fully-equipped vehicle which they are regularly assigned to drive. Examples are ambulances, fire trucks, school buses, utility vehicles, dump trucks, and tractor trailers. Students must demonstrate practical skills while operating a motor vehicle at various speeds, execute skid control techniques, if practical, and low speed precision skill maneuvers as they pertain to daily vehicle operations. Legal liability issues will be discussed as applicable. This course may provide the participants with an insurance liability reduction if forwarded to provider. Prerequisite: Students must supply own vehicle and be appropriately licensed.

CRJT 2410 Law Enforcement New Vehicle Dynamics Awareness ............................................. 1 credit
This course is designed to acquaint officers with the handling dynamics of a specific fully-equipped police vehicle which they are regularly assigned to drive. Officers must demonstrate practical skills while operating a law enforcement motor vehicle at various speeds, execute skid control techniques and low speed precision skill maneuvers as they pertain to daily law enforcement vehicle operations. Prerequisites: Students must have completed CRJT 1130 (Defensive and Tactical Driving), and supply own vehicle. (Specialized Law Enforcement only)

CRJT 2420 Law Enforcement Officer Vehicle Dynamics Refresher ............................... 3 credits
This course is designed to reacquaint officers with the tactical knowledge and practical skills to operate a motor vehicle at various speeds, execute skid control techniques and low speed precision skill maneuvers as they pertain to daily law enforcement vehicle operations. The liability associated with these types of situations will be discussed. Prerequisite: Student must have completed CRJT 1130 (Defensive and Tactical Driving). (Specialized Law Enforcement only)

CRJT 2430 Tactical Driving / Executive Protection / Civilian ........................................... 3 credits
This course is designed to prepare students with the tactical knowledge and practical skills to operate a motor vehicle at
various speeds, execute skid control techniques and execute advanced vehicle maneuvers as they pertain to executive protection. Students will become acquainted with procedures used in individual and motorcade techniques and develop an awareness of threat recognition and the proper tactical response. The liability associated with these types of situations will be discussed. Prerequisites: None

**CRJT 2440  **Tactical Driving / Executive Protection / Law Enforcement ........................................ 3 credits
This course is designed to prepare officers with the tactical knowledge and practical skills to operate a motor vehicle at various speeds, execute skid control techniques and execute advanced vehicle maneuvers as they pertain to executive protection. Officers will become acquainted with procedures used in individual and motorcade techniques and develop an awareness of threat recognition and the proper tactical response. The liability associated with these types of situations will also be discussed. Prerequisite: Students must have completed CRJT 1130 (Defensive and Tactical Driving) (Specialized Law Enforcement only)

**CRJT 2450  **Advanced Tactical Driving ....................... 3 credits
This course is designed to prepare officers with the tactical knowledge and practical skills to execute advanced vehicle maneuvers as they pertain to law enforcement operations relating to response to critical incidents and pursuit situations. Officers will become acquainted with alternate solutions to apprehensions and discuss the liability associated with these types of situations. Prerequisite: Student must have completed CRJT 1130 (Defensive and Tactical Driving) (Specialized Law Enforcement only)

**CRJT 2460  **Driver Instructor Training Program .. 3 credits
This course is designed to prepare officers to plan and evaluate instructional objectives and student outcomes, organize subject matter, and communicate these principles as they pertain to public safety, and private sector driver training. Prerequisite: Student must have completed CRJT 1130 (Defensive and Tactical Driving) (Specialized Law Enforcement only)

**CRJT 2550  **Correctional Operations and Procedures ........................................ 3 credits
Prisoners’ constitutional rights, access to counsel, legal advice and materials, cruel and unusual punishment, probation and parole, denial of civil rights, equal protection of the laws; and principles and practices applied to administration, operation, and management of adult correctional facilities on the city, county and state level. (Includes previous courses CRJT 2550, Correctional Detention Law, and CRJT 2720, Correctional Institute Administration as listed in 1993-94 WSCC Catalog.)

**CRJT 2730  **Correctional Counseling ....................... 3 credits
Counseling procedures and principles; therapeutic techniques and processes relating to the inmate, parolee, or probationer.

**CRJT 2790  **Advanced Radar Instructor ................. 3 credits
This course will build on the basic Radar Instructor course. It is specifically designed to create certified radar instructors. The officers will be able to return to their departments to train other officers in the use of different types of radars. (Specialized Law Enforcement only)

**CRJT 2910  **Law Enforcement Procedures and Techniques ........................................ 3 credits
A study of the courses as listed by Peace Officers Standards and Training Commission including pistol range qualifications. This course is limited to active duty Criminal Justice personnel. This course is designed as a police in-service annual refresher course to update the officers in case law, patrol, firearms qualification, and current problems in the Criminal Justice field. There will be a minimum of 45 contact hours with the student. (Prerequisite: must be a full-time criminal justice employee or be approved by the Criminal Justice Technology Director) (Specialized Law Enforcement only)

**CRJT 2920  **Law Enforcement Procedures for Reserves ........................................ 3 credits
This course is designed to fulfill the Peace Officer Standards and Training Commission requirements for reserve/auxiliary officer field actions and procedures. Course includes: equipment selection, duties and authority, searches, roadblocks, transporting prisoners, report writing, interviews, use of force and firearms safety. (Specialized Law Enforcement only)

**† CRJT 2930  **Basic Law Enforcement Procedures and Techniques ........................................ 3 credits
This course is designed for those persons seeking to become a law enforcement professional. The course’s primary focus will involve police patrol procedures. Upon completion, the student will be capable of conducting traffic accident investigations and various types of patrol and observation techniques. The student will be proficient in survival tactics, response to crimes in progress and traffic control. The student will be able to perform crime scene and evidence protection and gathering to include chain of evidence. The student will demonstrate effective communication procedures and become familiar with child sexual abuse investigation. (For Basic Police Recruit School Students Only)

**† CRJT 2940  **Emergency Dispatcher ....................... 3 credits
A public safety communications course designed for telecommunicators who receive public calls for emergency service over 911 or traditional seven-digit lines and the radio dispatchers who send police, fire or medical assistance.

**CRJT 2970  **Research in Criminal Justice ................ 3 credits
A course to teach research methods/techniques in the criminal justice area and to build criminal justice research projects.

**CRJT 2980  **Current Issues of Public Safety ........... 1-2 credits
This course is designed with the flexibility to stimulate discussion and to expose the student to contemporary issues and related solutions regarding public safety problems. The course uses current electronic and written media information as resource material.

**CRJT 2990  **Special Topics in CRJT ...................... 1-6 credits
An individually assigned field service activity relative to the criminal justice field.
CULINARY ARTS (CULN)

CULN 1400  Introduction to the Personal Chef Career ........................................... 1 credit
Introduction to the responsibilities of a personal chef and the personal characteristics necessary to become a personal chef. As required

CULN 1410  Sanitation and Safety for Personal Chefs.................................................. 1 credit
Covers codes and health concerns that are necessary to operate a successful personal chef business. The National Food Safety Professionals Association certified examination will be given at the conclusion of the class and a certificate will be awarded to each student who passes the examination. As required

CULN 1420  Personal Chef Production ................................................... 2 credits
A hands-on cooking course which includes terminology, basic knife skills, sauce skills, and basic cooking procedures. Emphasis will be placed on preparing full meals. Recipe testing procedures will be included to allow students to develop recipes which can be utilized in their own businesses. As required

CULN 1490  Personal Chef Internship ................................................... 1 credit
This course will allow students to practice what they have learned in all personal chef courses. Students will be given a chance to design a menu, shop for the ingredients, and prepare the menu for a family. As required

CULN 2100  Sanitation and Safety ................................................... 2 credits
Proper sanitation techniques for the food service industry. Special emphasis will be placed on proper food handling techniques. Topics covered include: food-borne illnesses, proper cooking, handling and storage of food, correct temperatures to prevent food contamination, and safe personal hygiene for food handlers. F, S

CULN 2150  Nutrition and Menu Planning ................................................... 2 credits
Basic nutritional principles and dietary requirements. The basic nutrients, carbohydrates, lipids, proteins, minerals and vitamins are covered. Menu planning, utilizing knowledge of nutrition and cost will be emphasized. F

CULN 2210/2211  Tableservice and Beverage Management ........................................... 3 credits
Students will provide table service in the dining room in support of the culinary food production classes and will learn what is required to achieve a level of professionalism in the front-of-house operations while interacting with the food production area. Basics of standard beverage service, including legal issues, will be covered. F, S

CULN 2310  Culinary Arts I ................................................... 3 credits
Beginning culinary skills such as knife skills are taught in this course. Students practice basic cooking methods and prepare stocks, soups, major and minor sauces. Standard weights and measures are applied to recipe conversions. (CULN 2100 must be taken as a prerequisite or concurrently.) F, S

CULN 2320  Culinary Arts II ................................................... 3 credits
A continuation of Culinary Arts I. Small quantity food production will be emphasized. Students will prepare menus, prepare food orders, and prepare a wide variety of food products. (Prerequisite: CULN 2100, 2310) F, S

CULN 2330  Culinary Arts III ................................................... 3 credits
A continuation of Culinary Arts II. Large quantity food production will be emphasized. (Prerequisite: CULN 2100, 2310, 2320) F, S

CULN 2400  Bakery Skills ................................................... 3 credits
An introduction to the basic principles of baking including formula procedures, properties of baking ingredients, and function and proper use of equipment. Students will prepare breads, rolls, pies, quick breads, cakes, icings and puff pastries. (Prerequisites: CULN 2100, 2310) S

CULN 2410  Advanced Baking and Pastry Skills ................................................... 3 credits
A continuation of CULN 2400. (Prerequisites: CULN 2100, 2310, 2400) S

CULN 2430  Chocolate Skills ................................................... 3 credits
An intermediate course covering all aspects of chocolate work. Students will learn the types of chocolate, principles of tempering, molding and centerpiece sculpturing. Many varieties of uses with chocolate in baking and individual pastries will be taught. As required

CULN 2440  Art of Decorating Cakes ................................................... 3 credits
This course teaches the methods of icing cakes, all piping techniques, flower making and writing on cakes. In this class you will also learn how to make theme cakes and wedding cakes. Basic icing techniques will also be taught. As required
CULN 2550 Garde-Manger and Catering .......................... 3 credits
Preparation of basic garnitures, gelatins, aspics, pates, force-meats, cold soups, salads, and dressings are included in this course. Catering techniques such as large food production and buffet presentation. Off premise production, including tools and equipment used in Garde Manager, will also be discussed. (Prerequisites: CULN 2100, 2310, 2320) S
1 hour lecture / 4 hours laboratory

CULN 2600 International Cuisine and Buffets .............. 3 credits
International cuisine from around the world such as French, Spanish, Chinese, and Mexican will be included in this course. Emphasis will be placed on preparing a buffet with decorations from the featured country. Basic buffet set up and procedures will be included. (Prerequisites: CULN 2100, 2310, 2320) S
1 hour lecture / 4 hours laboratory

CULN 2700 A La Carte ........................................ 3 credits
This class will operate like a “real life” restaurant. Students will design the menu, order products, schedule and produce meals for the Cafe.
1 hour lecture / 4 hours laboratory

CULN 2910 Culinary Internship ............................. 1-3 credits
Provides students with a “hands-on” learning experience in the food service industry. (Prerequisites: CULN 2100, 2310, 2320, 2330 and approval of culinary instructor) F, S, Su

CULN 2990 Special Problems in Culinary Arts A ....... 1-6 credits
Special topics and projects in culinary arts. As required

CULN 2991 Special Problems in Culinary Arts B ....... 1 credit
Special topics and projects in culinary arts.

CULN 2992 Special Problems in Culinary Arts C ....... 1 credit
Special topics and projects in culinary arts.

DANCE (DANC)

DANC 1030 Introduction to Dance ...................... 3 credits
A survey of dance from primitive to the present with emphasis on understanding and appreciating the physical and aesthetical nature of the art form.

DANC 1530 Ballet I ............................................. 2 credits
Instruction and practice in elementary classical ballet techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1530)

DANC 1535 Ballet II ............................................. 2 credits
Instruction and practice in intermediate classical ballet techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1535)

DANC 1540 Jazz I ............................................. 2 credits
Instruction and practice in elementary classical jazz techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1540)

DANC 1545 Jazz II ............................................. 2 credits
Instruction and practice in intermediate classical jazz techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1545)

DANC 1550 Modern Dance I ............................. 2 credits
Instruction and practice in elementary classical modern dance techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1550)

DANC 1555 Modern Dance II ............................ 2 credits
Instruction and practice in intermediate classical modern dance techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1555)

DANC 1560 Tap Dance I .................................... 2 credits
Instruction and practice in elementary classical tap dance techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1560)

DANC 1565 Tap Dance II .................................... 2 credits
Instruction and practice in intermediate classical tap dance techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1565)

DANC 1570 Clogging ........................................ 2 credits
Instruction and practice in elementary classical clogging techniques. May be repeated. Maximum 4 hours. (Equivalent to PHED 1570)

DANC 2010 Dance for the Theatre ....................... 3 credits
Techniques of dance for musical, comedy, opera, television, style, and choreography for these forms. (Prerequisites: DANC 1535, 1545, 1555, 1565 or equivalent)

DANC 2020 Choreography ................................. 3 credits
Explanation of movement technique sequences, and choreographic forms. Basic elements of notation. (Prerequisites: DANC 1550, 1555, 2010)

DANC 2500 Dance Production ............................ 1 credit
Supervised production work and practical exercises in all aspects of dance relating to the mounting of a performance for presentation. Course may be repeated for credit.

DANC 2990 Dance Problems .............................. 1-3 credits
A course featuring in-depth study in the field of dance. The course may be repeated for credit provided the theme is not repeated. Prior approval of instructor is required.

DSPM (See Mathematics)

DSPR (See Reading)

DSPS (See Education)

DSPW (See English)
EARLY CHILDHOOD EDUCATION (ECED)

ECED 1010  Introduction to Early Childhood Education  2 credits
An introduction to the early childhood education profession including an emphasis on professionalism and developmentally appropriate practice. Includes an overview of history of early education, theoretical program models, different types of early childhood programs, community resources, professional organizations, and contemporary trends and issues in programs for children ages birth to nine. Field experiences required. F

ECED 2010  Safe, Healthy Learning Environments  3 credits
A study of the basic principles and practices of safety, health and nutrition as they relate to the early childhood setting, home, and community for children ages birth to nine. Also included is a study of principles of creating appropriate learning environments for young children. Field experiences required. F, S

ECED 2015  Early Childhood Curriculum  3 credits
A study of developmentally appropriate practices and the teacher's role in supporting development of young children ages birth to nine. An emphasis on curriculum planning including goals, environment, roles of teachers and parents, materials, and settings. Field experiences required. (Prerequisite: ECED 1010, 2010 or department approval.) F, S

ECED 2020  Infant, Toddler, Child Development  3 credits
The study of the physical, cognitive, social, and emotional aspects of young children and their application to the care, guidance, and development of the child birth to nine. Laboratory observation and interaction. (Prerequisite: ECED 1010, 2010 and completion of all DSP requirements for reading, writing, and learning strategies or department approval.) S

ECED 2030  Infant and Toddler Care  3 credits
A course on the care and education of infants and toddlers, birth to age three in group settings (i.e. child care centers, family child care homes, Early Head Start). Includes rationales and strategies for supporting the whole child including cognitive, language, social-emotional, and physical development in a safe, responsive environment. Emphasis is on relationship-based care and education with special attention to the unique environmental aspects of programs for the child under three. As required

ECED 2040  Family Dynamics and Community Involvement  3 credits
The role of the family and community in the physical, cognitive, social and emotional growth of the child in a diverse society. Includes benefits of and strategies for developing positive, reciprocal relationships with families in an early childhood setting ages birth to age 9. Field experiences required. (Prerequisite: ECED 2015 or department approval.) F, S

ECED 2050  Psychomotor Development  3 credits
This course discusses the major theories of psychomotor development and the application to the development of the young child ages birth to nine. Particular emphasis is placed on the positive development of motor skills. Field experiences required. (Prerequisite: ECED 2020 or department approval.) As required

ECED 2060  Development of Exceptional Children  3 credits
Explores practices that early childhood professionals can apply to develop a more inclusive and accessible environment for all children ages birth to nine. Provides students with skills to include children of all abilities through appropriate arrangement of the environment. Includes strategies for developing strong relationships with families and other community agencies. Field experience is required. (Prerequisite: ECED 2020 and 2040 or department approval.) S

ECED 2070  Developmental Assessment  3 credits
This course will cover assessment for children from birth to nine years of age. Both formal and informal instruments will be discussed with the emphasis on tools that can be used by teachers of young children. Considerations in choosing, administering, and reporting results of assessments will also be addressed. Field experiences required. (Prerequisite: ECED 2020 or department approval.) S

ECED 2080  Language and Literacy in Early Childhood  3 credits
The research-based principles and practices for providing young children aged birth to nine a strong foundation in language and literacy within a developmentally appropriate approach. Field experiences required. (Prerequisite: ECED 2015, 2020 or department approval.) S

ECED 2085  Math and Science in Early Childhood  3 credits
A course on the standards, principles, and practices in teaching mathematics and science to young children ages birth to nine. An emphasis will be placed on developing an integrated math and science curriculum that includes appropriate content, processes, environment and materials, and child-centered choices. Field experiences required. (Prerequisite: ECED 2015, 2020 or department approval.) S

ECED 2090  Creative Development  3 credits
This course provides strategies for promoting creative development of the child ages birth to nine. Students will gain an understanding of the concept of creativity: what it is, why it is important, and how the development of creativity in young children can be encouraged. Emphasis is on the development of creativity in relation to art, music, language, movement, and dramatic arts. Field experiences required. As required

ECED 2100  The Mentoring Teacher  3 credits
A study of the philosophy, principles, and methods of mentoring adults who have varying levels of training. Emphasis will be on the role of mentors as facilitators of adult learning while simultaneously addressing the needs of children, parents, and other staff. (Prerequisite: department approval) As required

ECED 2110  Advanced Learning Environments  3 credits
This course focuses on the skill, knowledge, and materials development that are necessary in the provision of a developmentally appropriate environment for young children ages birth to nine. Field experience required. (Prerequisite: department approval) As required

ECED 2120  Administration of Child Care Centers  3 credits
A study of organization and administration practices applicable to the child care center. Topics of special consideration will include leadership, enrollment and public relations, staff management, financial management, facilities, regulations, parent relations, and program development. Field experiences required. As required
ECED 2990  Special Problems in ECED .......................... 1-3 credits
A course featuring an examination of a topical issue or area involved in the field of child development. The course may be repeated for credit, provided the theme is not repeated. Prior approval of instructor is required. As required

ECON 2210  Principles of Economics II ......................... 2 credits
A continuation of ECON 2010. Emphasis is on practical applications, current economic problems, economic growth models, and international trade. (Prerequisite: ECON 2010) S

ECON 2210  Business Statistics I ................................. 3 credits
A course in data collection, descriptive statistics, including measures of central tendency, variation, and time-series analysis; concepts of probability and probability distributions, binomial and normal distributions, process improvement, linear correlation and regression; properties of samples and populations, statistical inference, including estimation and significance tests for means, contingency tables. (Students cannot receive credit for both ECON 2210 and MATH 2050.) (Prerequisite: MATH 1830 or MATH 1910) F, S

ECON 2410  Managerial Economics ............................. 3 credits
Applications of economic theory and statistics to various business and economic problems facing management of the firm. Major topics include the monetary economic environment, business plan analysis, government regulations, economic forecasting and profitability, cost analysis, pricing, and investment decisions. S

EDUCATION / LEARNING STRATEGIES (EDUC)

DPS 0800  Learning Strategies ..................................... 3 credits
A course designed to help the student review personal and educational goals. Emphasis is on effective study skills, improved thinking, reasoning, and learning abilities, realistic career planning and increased self-understanding. A key component of the course will be the initial development of a pre-professional portfolio. This course adds three credit hours to the graduation requirements for student enrolled. (Prerequisite: primary admission is by the college assessment and placement procedure.) (formerly EDUC 0800) F, S, Su

EDUC 1010  The Freshman Experience .......................... 1 credit
Introduction to college opportunities, procedures, resources and services. Topics include personal enhancement and development, improving academic skills, career possibilities, information about the college, and other success related topics. A key component of the course will be the initial development of a pre-professional portfolio. F, S, Su

EDUC 1110  Drivers Education: Defensive and Tactical Driving .. 3 credits
This course is designed to instill in students the knowledge and skill of vehicular defensive driving. The decisions needed to drive defensively and legality issues of driving are emphasized.

EDUC 2010  Psychology of Human Development for Teachers ....... 3 credits
Understanding and application of the psychology of human development to the teaching and learning process in educational settings. There is a significant outside of class time service-learning component to this class. F, S

EDUC 2100  Orientation to the Profession of Education ........... 1 credit
This course will provide the student interested in the teaching profession with a survey of the opportunities, problems, and realities of teaching. Students will learn about the obligations and responsibilities inherent in teaching. Current topics will be analyzed and discussed. (Note: This course is specifically designed for the student who intends to enroll in the Professional Education Core at East Tennessee State University. Other education students may also enroll.) F, S

EDUC 2110  Career Planning for the 21st Century ............. 1 credit
This course examines the nature of careers and the education-work system in which careers unfold. The course introduces the concept of careers as work-related positions, including all jobs and all training and honorary positions stemming from or leading to those jobs. Highlights of the job outlook to the
year 2005 are presented. A key component of the course will be
the initial development of a pre-professional portfolio. This
course is offered in the spring semester only, and is available to
students who have completed at least 24 hours.

EDUC 2300  Foundations of Education .................. 3 credits
Survey of historical, sociological, philosophical, and legal foun-
dations of American education. There is a significant outside of
class time service-learning component to this class.  F, S

EDUC 2400  Drivers Education:
Vehicle Dynamics Awareness .................................. 3 credits
This course is designed to acquaint students with the safe
handling dynamics of automobiles which they regularly drive.
Students must demonstrate safe practical skills while operating
an automobile at various speeds, execute safe skid control
techniques, and low speed precision skill maneuvers as they
pertain to daily vehicle operations.

EDUC 2450  Drivers Education:
Advanced Technical Driving .................................. 3 credits
This course is designed to prepare drivers with the tactical
knowledge and practical skills to execute advanced vehicle
maneuvers. Also, this course can prepare drivers to plan and
evaluate instructor objectives, student outcomes, organize sub-
ject matter, and communicate those principles as they pertain
to public sector driving training.

EDUC 2810  Honors Seminar:
Leadership Development ........................................ 3 credits
This course has as its focus the development of leadership
ability. The course provides a basic understanding of leader-
ship and group dynamics theory and assists the student in
developing a personal philosophy of leadership, an awareness
of the oral and ethical responsibilities of leadership, and an
awareness of one’s own ability and style of leadership; it
provides the opportunity to develop essential leadership skills
through study and observation of the application of these
skills. The course encourages participants to develop their
leadership potential and to engage in productive leadership
behavior.

EDUC 2818  Honors Program Seminar .................... 1-3 credits
This course will provide support to the student that is a part of
the Walters State Honors Program. Through this course, hon-
ors program students will experience a number of topics to
include but not be limited to his or her leadership style and
potential, continued career exploration, speakers on honors
topics, field trips to exhibits in support of the honors program,
and a service learning experience. Admittance into this course
will be based upon acceptance into the Walters State Honors
Program with consent of the instructor.  F, S

EDUC 2910  Field Study in Education .................... 3 credits
This course builds on observation techniques and is designed
to expose students to the field of teaching. It is a pre-practicum
experience including classroom observation, attendance of
school board meetings, lesson plans, etc. (Prerequisite or corequisite: EDUC 2010 or EDUC 2300) Due to the laboratory
nature of this course, final evaluation will be recognized by a
grade of Pass (P) or Fail (F). This course requires a 45-hour field
observation component. Class meeting times are adjusted to
accommodate for this field component.  F, S

EDUC 2990  Problems in Education .................... 1 - 3 credits
Designed for the study of special problems and /or current
topics in the field of education. May also be used for prepara-
tion for the ACT.

**EMERGENCY MEDICAL TECHNICIAN (EMTB)**

**EMTB 1010  Basic Emergency Medical Technician I** .................................................... 8 credits
An introductory course designed to prepare individuals for
taking the Basic Emergency Medical Technician license exami-
nation administered by the Tennessee Department of Health, Division of Emergency Medical Services. Topics cov-
ered include an overview of the role and responsibility of the
emergency medical technician in providing medical care
services such as patient assessment, splinting, and bandag-
ing. Additional studies include basic trauma life support and
pediatric emergency care. A grade of “C” or better in this
course qualifies the student to take EMTB 1020. Includes
previous course EMTB 1010 as listed in 1993-94 WSCC Cata-
log. (Prerequisite: EMTB 1040 or equivalent)  F

**EMTB 1020  Basic Emergency Medical Technician II** .................................................. 8 credits
A continuation of Basic Emergency Medical Technician I
designed to prepare individuals for taking the Basic Emer-
gency Medical Technician license examination administered
by the Division of Emergency Medical Services, Tennessee
Department of Health. Topics covered include an extension of
services and care covered in EMTB 1010, medical emergen-
cies, emergency childbirth, burns and hazardous materials,
environmental emergencies, and ambulance operations. Ad-
ditional studies include intravenous therapy and basic trauma
course. Includes previous course EMTB 1020 as listed in 1993-
94 WSCC catalog. (Prerequisite: EMTB 1010)  S

**EMTB 1030  IV Initiation and Maintenance** .............. 4 credits
This course studies fluids and electrolytes in the body with
emphasis placed upon the manifestation of fluid and electro-
lute imbalances. The effects of dehydration and over hydra-
ation are included. The course also deals with the causes, signs,
and symptoms of shock, fluid administration through intra-
venous techniques, and the application of medical anti-shock
trousers (MAST). Successful completion of this course allows
the student to sit for the licensure examination given by the
Tennessee Department of Health, Division of Emergency Medical
Services. (Prerequisites: Students must hold current
Tennessee licensure as an EMT to sit for licensure.) Other
allied health professionals may take the course for credit.
Brings currently licensed EMTs up to the standards of the
newly improved EMT curriculum. Includes course content of
EMTB 1100.  F, S, Su

**EMTB 1040  First Responder** ................................ 4 credits
This initial training course in the art of pre-hospital emer-
gency medical care follows the guidelines set by the Depart-
ment of Transportation (D.O.T.) Successful completion en-
ablesthe student to sit for the certification examination given
by the Tennessee Department of Health, Division of Emer-
gency Medical Services. First Responders are individuals
tained to assess patients, provide emergency care, and when
necessary, move patients without causing injury. CPR train-
ing and certification is included in the course.  F, S, Su

**EMTB 1050  Emergency Medical Technician I and II** ............................................. 16 credits
A course designed to prepare individuals for taking the Basic
Emergency Medical Technician license examination adminis-
tered by the Tennessee Department of Health, Division of
EMTB 1060  Emergency Medical Technician
Defibrillation ........................................... 1 credit
The Emergency Medical Technician courses are prerequisites for the EMT-Defibrillation course. This program is designed for ambulance services personnel who desire a more advanced level of training in cardiac care. This class is offered to those ambulance service personnel whose medical director subscribes to the philosophy of early defibrillation of patients. This class, requiring 15 contact hours, is approved by Tennessee Emergency Medical Services. F, S, Su

EMTB 1070  Basic Cardiac Life Support (CPR) ........ 1 credit
The cardio-pulmonary resuscitation course is 15 contact hours. Topics include anatomy and physiology, practical skills, and nutrition. This course meets all CPR requirements for allied health personnel. F, S, Su

EMTB 1080  Critical Incident Control ...................... 3 credits
This course is designed for all emergency personnel working for emergency agencies. Hazardous materials, medical emergencies and critical incident stress are the three components of this three credit hours course. Successful completion of this course will result in certification in CPR and First Aid. F, S, Su

EMTB 1090  Critical Incident Stress Management .... 2 credits
This course is designed for all emergency personnel. This concept has been established to mitigate the impact of a critical incident in the life of the emergency professional and to enhance the recovery of the worker through a structured crisis intervention model. Basics of critical stress management for the emergency professional are covered in this two credit hour course. F, S, Su

EMTB 1100  EMT-Transition ................................. 1 credit
Brings currently licensed EMT’s up to the standards of the newly approved national EMT curriculum. Consists of six modules of instructional and psychomotor presentations. The course will meet EMT re-licensure requirements for the state of Tennessee. F, S, Su

EMTB 1110  Communication with the
Hearing Impaired ........................................ 1 credit
This course is for first responders, EMT’s, paramedics, and other allied health professionals who need the necessary communication skills to deal effectively with hearing impaired patients. F, S, Su

EMTB 1120  Basic Trauma Course ......................... 1 credit
Basic Trauma Course is designed to educate emergency medical personnel in how to care for trauma patients with whom they come in contact. This course follows state and national Standards for Trauma Care. (Prerequisite: EMTB 1010 and 1020, or 1050. Nursing personnel EMT’s and other allied health professionals may qualify for the course.) F, S, Su

EMTB 1130  Emergency Vehicle
Operations (EVOC) ...................................... 1 credit
This course is designed to develop the knowledge and ability of the emergency vehicle operator through classroom and behind the wheel instruction. Emergency medical personnel taking the class will have a working knowledge of the laws pertaining to ambulance operations, special physical forces and unusual situations relating directly to the operator. The driving portion of the class will utilize the techniques learned during the classroom training. F, S, Su

EMTB 1140  Pediatric Emergency Care ................. 1 credit
Dealing with children and families, pediatric basics, IV access, newborn resuscitation, medical emergencies, trauma, poisonings, environmental emergencies, SIDS, and assessment are covered along with the appropriate skills for pediatric care. F, S, Su

EMTB 1150  Wilderness EMT .............................. 4 credits
This course provides the certified EMT with the medical knowledge and skills to complement their existing level of training in wilderness areas. Areas covered include patient assessment, prolonged transport, medical rescue equipment, trauma, environmental medicine, back country medicine and wilderness rescue training. F, S, Su

EMTB 1160  High Angle Rescue Technician ............ 4 credits
Vertical rope rescue techniques, rope equipment and care, ascending/descending techniques, patient care, personal safety, legal responsibilities and self evacuation. F, S, Su
8 hours lecture / 14.5 hours laboratory

EMTB 1170  First Responder Recertification ............ 1 credit
This course is designed to meet the requirements of the State of Tennessee regarding license renewal for First Responders. The course content includes review of information from prior training and an update to current standards of care. Su

EMTB 2210  Vehicle Rescue Procedures .................. 1 credit
This course is to develop the knowledge and skills necessary to plan, prepare, and perform vehicle rescue operations quickly, efficiently, and safely. To be covered includes assessment, management of hazardous situations, support operations, and response. The various sessions will deal with both theory and practical application. Includes some disaster management practices. F, S, Su

EMTB 2300  Overview of 
Emergency Medical Systems ........................... 3 credits
A philosophy and history of the emergency medical services, including the role of the layperson, emergency 911 facilities, first responder agencies, basic and advanced emergency medical services, hospital emergency departments and other hospital components. F, S, Su

EMTB 2980  Emergency Medical Systems
Management Development ........................... 3 credits
This course offers a style for development of management in the emergency medical program from the front-line supervisor to the CEO. F, S, Su

EMTB 2990  Problems in EMTB ......................... 1-8 credits
Designed for the study of special problems and/or current topics in the field of emergency medical technology. F, S, Su
ENGLISH

Developmental Writing (DSPW)

Sections with the suffix ESL are for students whose native language is not English. These sections will stress idiomatic language through exercises and listening as well as speaking.

**DSPW 0700 .............................................................. 3 credits
Basic Writing
This course addresses sentence-level problems in writing including complete sentences, sentence fragments, subject-verb agreement, verb tense, pronoun reference and agreement, and basic punctuation. Students write sentences, and later paragraphs, to correct these problems. This course adds 4 credit hours to the graduation requirements for students enrolled. (Prerequisite: Entry is by college placement procedures only.) (DSPW 0700 ESL is designed for students whose native language is not English. Listening and speaking will be stressed.) F, S, Su

**DSPW 0800 ......................... Developmental Writing
3 credits
This course addresses paragraph and theme-level problems in writing including thesis, support, development, revision, and editing. Students write paragraphs, and later themes, to correct these problems. This course adds 4 credit hours to the graduation requirements for students enrolled. (Prerequisite: Entry is by college placement procedures only.) (DSPW 0800 ESL is designed for students whose native language is not English. Listening and speaking will be stressed.) F, S, Su

**These courses constitute the TBR required sequence based on placement.

College English (ENGL)

ENGL 1010 • Composition I .......................... 3 credits
A composition course in argumentative writing, including invention, organization, style, and revision. Critical reading and thinking will be addressed through students’ writing. Research skills and documentation will be introduced. (formerly ENGL 1110) F, S, Su

ENGL 1020 • Composition II .......................... 3 credits
A composition course emphasizing documented critical writing, based on an introduction to fiction, drama, and poetry. (Prerequisite: ENGL 1010) (formerly ENGL 1120) F, S, Su

ENGL 1010 • Honors English Composition I ........... 3 credits
A composition course in argumentative writing, including invention, organization, style, and revision. Critical reading and thinking will be addressed through students’ writing. Research skills and documentation will be introduced. No open enrollment. Students may be selected on basis of ACT of 24 or higher, or faculty referral.

ENGL 1020 • Honors English Composition II ........... 3 credits
A composition course emphasizing documented critical writing, based on an introduction to fiction, drama, and poetry. No open enrollment. Students may be selected on basis of ACT of 24 or higher, or faculty referral. (Prerequisite: ENGL 1010, or referral)

ENGL 1111 • Writing Laboratory .......................... 1 credit
The course is adapted to the individual needs of the student to aid him/her in achieving satisfactory competency in written communication and word processing skills. The student may repeat the course. F, S, Su

ENGL 2110 • American Literature I ................. 3 credits
A survey of American masterpieces from the Colonial Period to the Civil War. (Prerequisite: ENGL 1010 and ENGL 1020) (formerly ENGL 2210) F, S

ENGL 2120 • American Literature II ................. 3 credits
A survey of American masterpieces from the Civil War to the present. (Prerequisite: ENGL 1010 and ENGL 1020) (formerly ENGL 2220) F, S

ENGL 2230 • Literature for Children ................. 3 credits
A survey of literature for early childhood through middle school. (Prerequisite: ENGL 1010 and ENGL 1020) S

ENGL 2310 • Technical Writing .......................... 3 credits
Theory of and practice in the writing of technical letters and reports for industry and technology students. Topics include how to structure writing and technical aids, such as graphics, diagrams, statistics, and illustrations, for various job requirements. Students will receive experience in writing for their particular technical field. (Prerequisite: ENGL 1010)

ENGL 2400 • Appalachian Literature ................. 3 credits
This course provides an opportunity to explore and appreciate the richness, diversity, and vitality of the literary heritage of East Tennessee and the Southern Appalachian region. The course focuses on how our cultural traditions and values have been recorded and interpreted both by natives of the region and outsiders and, ultimately, what impact these traditions have had on modern Appalachia. The course includes works by writers such as Mary Murfree, John Fox, Jr., Elizabeth Madox Roberts, Thomas Wolfe, James Agee, Jesse Stuart, Harriette Simpson Arnow, James Still, Wilma Dykeman, and John Ehle.

ENGL 2410 • Western World Literature I ........... 3 credits
A survey of the masterpieces of Western World literature: Ancient, Medieval, and Renaissance. (Prerequisite: ENGL 1010 and ENGL 1020) (formerly ENGL 2260) F, S, Su

ENGL 2420 • Western World Literature II ........... 3 credits
A survey of the masterpieces of Western World literature: Enlightenment, Romantic and Modern. (Prerequisite: ENGL 1010 and ENGL 1020) (formerly ENGL 2265) F, S, Su
ENGL 2950 English Problems .............................. 3 credits
An introduction to the study of folklore, providing an opportunity to explore and appreciate the richness, diversity, and vitality of the folk heritage of the nation and of the Southern Appalachian region in particular. Topics include folk dialect, name lore, proverbs, riddles, epitaphs, folk tales, folk songs, superstitions, folk medicine, arts and crafts. F, S

ENGL 2810 Creative Writing I .............................. 3 credits
An introduction to the practice of writing short fiction and poetry combined with the study of techniques and models. F, S

ENGL 2820 Creative Writing II .............................. 3 credits
An introduction to the practice of writing one-act plays and essays combined with the study of techniques and models. F, S

ENGL 2990 English Problems .............................. 1-3 credits
A course featuring in-depth study in the field of English. The course may be repeated for credit provided the topic is not repeated. Prior approval of instructor is required. F, S, Su

LANG 1111 Language Laboratory I .............................. 1 credit
The course is adapted to the individual needs of the student to aid in achieving satisfactory competency in communications and language processing skills (LANG 1111 is recommended for credit with beginning ESL-designated courses). Course may be repeated.

LANG 1211 Language Laboratory II .............................. 1 credit
The course is adapted to the individual needs of the student to aid in achieving satisfactory competency in communications and language processing skills (LANG 1211 is recommended for credit with beginning ESL-designated courses). Course may be repeated.

FIRE PROTECTION (FIPT)
All FIPT courses are offered F, S, Su

FIPT 1010 Introduction to Fire Protection .............................. 3 credits
The history and development of fire protection, fire service and industrial safety personnel as they pertain to the overall problems of protecting life and property from fire. Emphasis is on fireground tactics and special fire suppression and rescue problems.

FIPT 1020 Fire Science .............................. 3 credits
Covers the basic scientific principles involved with fire protection. Fire science topics will be drawn from chemistry, physics, math and medicine.

FIPT 1030 Tactics and Strategy I .............................. 3 credits
Provides a basic foundation in fireground operations. Focus will be on the factors that affect strategic fireground operations such as pre-planning, mutual aid, and company operations.

FIPT 1050 Hazardous Materials for Firefighters .............................. 3 credits
Provides basic information for recognizing and handling hazardous material incidents as safely as possible with the available resources. Students will also be exposed to some advanced hazardous material principles.

FIPT 2010 Building Construction for Firefighters .............................. 3 credits
Study of basic building construction as it is related to fire protection. Emphasis will be on recognition of the different types, fire characteristics, safety factors and specific strategies of structures.

FIPT 2020 Fire Prevention and Education .............................. 3 credits
Deals with the prevention and education aspects of the fire protection system. Subjects include: code enforcement, identifying the fire problem, home fire safety and school fire programs.

FIPT 2030 Tactics and Strategy II .............................. 3 credits
A continuation of FIPT 1030. Competencies to be achieved include: putting together the various factors of fireground command to form a working action plan for dealing with an incident. Incident command systems will be discussed and examined.

FIPT 2060 Fire Service Instructor .............................. 3 credits
Covers the basic methods for instructing fire service classes. Emphasis will be on developing lesson plans and conducting classes on those lesson plans. Students will prepare and present short classes to other students.

FIPT 2070 Fire Inspector I .............................. 3 credits
This course covers the standard building and fire codes. It prepares the participant for certification exams.

FIPT 2110 Fire Hydraulics and Water Supply .............................. 3 credits
Deals with the various formulas and principles for fireground hydraulics and pump operations. Students will also become familiar with the various types of water supplies for fire protection.

FIPT 2120 Fire Cause Determination .............................. 3 credits
Stresses the investigation of a fire in order to determine origin and cause. Topics will include: legal issues, arson, juvenile firesetters, preservation of evidence, and investigation techniques. (Some criminal justice courses may substitute.)

FIPT 2210 Industrial Safety Organization .............................. 3 credits
Designed for industrial fire and safety personnel to examine their role in context of private industry. The role of the fire and safety division, fire brigade organization, and industrial fire protection principles will be among the topics discussed.

FIPT 2220 Industrial Fire Hazards .............................. 3 credits
An examination of the fire and hazardous material problems commonly found in an industrial setting. Also included is the study of protection systems and strategies for industrial fire protection.

FIPT 2310 Public Personnel Administration .............................. 3 credits
An introductory course dealing with the various aspects of public personnel administration. Topics include: Civil Service, promotions, grievances, training and development, and recruitment.
FIPT 2330 Fire Protection Management ...................... 3 credits
A basic management course designed to deal with the unique problems associated with the fire service. Emphasis will be on developing an awareness of what is needed to be an effective fire service manager.

FIPT 2340 Fire Service Public Relations .................... 3 credits
Examines the role of public relations in fire service. Press interviews, press releases, and organizational image building will be among the topics.

FIPT 2350 Fire Protection Codes and Standards ... 3 credits
An in-depth look at the codes and standards that affect the fire protection system. Most of the discussion will be concerned with the NFPA standards and local building codes.

FIPT 2700 Municipal Fire In-Service ....................... 1-3 credits
A course meeting Tennessee Firefighting Commission guidelines for annual in-service training.

FIPT 2800 Industrial Fire In-Service ....................... 1-3 credits
A class offered at various industrial plants for the training and continuing education of employed assigned firefighting responsibilities. It will assist industries in maintaining compliance with 29 CFR 1910 (OSHA) and NFPA 1500 and 600.

FIPT 2990 Problems in Fire Protection ................... 1-3 credits
Individual study of problems or topics in the fire protection field.

FREN 1010 Elementary French I ............................ 3 credits
An elementary course in the essentials of French with a strong video emphasis. This course provides the opportunity for students to experience, via video, the richness and diversity of the French language, culture, and people. Stress is placed upon listening, speaking, reading, writing, and culture. The process of oral communication will be highlighted, including how to initiate and continue a conversation in French for a few minutes using vocabulary related to, but not limited to, greetings, the classroom, physical attributes, pastimes and family members. (No prerequisite) F

FREN 1020 Elementary French II ........................... 3 credits
A continuation of French 1010 with a more profound study of the grammar and essentials of the language. Idiomatic expressions will be stressed in order to create more native-like spoken and written language. (Prerequisite: FREN 1 or 1 year of high school French) S

FREN 2010 Intermediate French ............................. 3 credits
This course is an in-depth study of the French language and culture. It is designed to prepare students with practical skills to express themselves both orally and in writing in interpersonal or small group communications. Special emphasis will be placed upon mastery of grammatical structures. Various nuances with verb tense and moods will be covered in an effort to produce more native-like language. Students will develop the ability to initiate and continue a conversation in French for 3-5 minutes. (Prerequisites: FREN 1010 and 1020 or 2 years of high school French) F

FREN 2020 Intermediate French II .......................... 3 credits
A continuation of French 2010 with an extensive study of grammar and the essentials of the language. Emphasis is to fine tune students’ skills in order for them to be able to communicate freely in various non-structured environments. (Prerequisites: FREN 1010, 1020 and 2010 or 3 years of high school French) S

GEOGRAPHY (GEOG)

GEOG 1000 Area Studies ....................................... 3 credits
This course is a prerequisite to college level geography. It is designed for students who have not had high school social studies. The student must maintain a grade of C or better and will receive elective credit only. The course is designed to instill in students a sense of place. It is oriented toward a study of the location of countries, important mountain ranges, bodies of water, and climates around the world. It will also include a treatment of cultural diversity in languages, religions, economics, and governments. Course designed to remove high school deficiency only.

GEOG 1012 Introduction to Cultural Geography ....... 3 credits
A survey of the spatial characteristics and value systems of cultures throughout the world. S

GEOG 1013 World Geography I ............................. 3 credits
Selected world regions and topics (especially those with problems or situations of contemporary interest) are used to illustrate geographic concepts and techniques. (formerly GEOG 1010) F

GEOG 1014 World Geography II ............................ 3 credits
A continuation of World Geography I. (formerly GEOG 1010) S

GEOG 1020 Geographic Information Systems ........... 3 credits
The study of techniques and theory of cartographic and spatial data rectification and enhancement, and spatial information extraction.

GEOG 2990 Projects in Geography ......................... 1-3 credits
Designed for the study of special projects and/or current topics in the field of geography.

GEOLOGY (GEOL)

GEOL 1030/1031 Geology ..................................... 4 credits
The study of the composition of rocks and minerals, landscape development, earthquakes, the earth’s interior and exterior, weather and climate, the nature of mountains and their development, and the drift of the continental and ocean crusted plates. (formerly PHYS 1001/1002) S
3 hours lecture / 3 hours laboratory
HAZARDOUS MATERIALS MANAGEMENT (HAZM)

HAZM 1010 Hazardous Materials: Levels I, II ............. 1 credit
For those individuals who observe or respond initially to a hazardous substance release.

HAZM 1020 Hazardous Materials: Levels II, IV, V . 2 credits
For hazardous materials technicians, specialists and incident commanders.

HISTORY (HIST)

HIST 1000 Introduction to U.S. History ..................... 3 credits
A course designed for students who have not had high school U.S. History. The student must maintain a grade of C or better and will receive elective credit only. The purpose of the course is to introduce the historical process, provide exposure to methods of historical study, increase familiarity with basic information about America’s past, and provide an appreciation for the factors that have produced the American culture as we know it today.

HIST 1110● Survey of World Civilization I ............... 3 credits
Major economic, political and social developments from ancient times to 1660. (Developmental Reading and Writing required.) (formerly HIST 1010) F, S, Su

HIST 1120● Survey of World Civilization II ............ 3 credits
A continuation of World Civilization I from 1660 to the present. Emphasis on Western Civilization. Writing emphasis course (3000 words). (Developmental Reading and Writing required.) (formerly HIST 1020) F, S, Su

HIST 2010● American History I .................. 3 credits
American History I - The United States to 1877. A survey of the settlement and development of the colonies, the Revolutionary period, the making of the Constitution, the diplomatic, economic and political problems of the new government, the growth of Nationalism, Jacksonian Democracy, territorial expansion, the Civil War and Reconstruction. F, S, Su

HIST 2020● American History II .................. 3 credits
American History II - The United States since 1877. A survey of the growth of the United States as an industrial and world power since Reconstruction: the industrial revolution, immigration, urbanization, rise of labor, Spanish-American War, Progressivism, World War I, Twenties, Depression and New Deal, World War II, Post-World War II era and the exercise of great power status in international affairs since World War II. F, S, Su

HIST 2030● Tennessee History ...................... 3 credits
A study of the geographical background, political, social and cultural history of Tennessee from earliest times to the present. (formerly HIST 2210)

HIST 2100 Introduction to Women’s Studies .......... 3 credits
This course is designed to introduce the student to the interdisciplinary academic field of women’s studies. HIST 2100 seeks to explore often-omitted information about women’s culture and history. It also examines political, economic, social, psychological and health issues which influence women’s lives. (Students cannot receive credit for both HIST 2100 and HUM 2100.)

HIST 2118 Honors American History I ............. 3 credits
American History I - The United States to 1877. A survey of the settlement and development of the colonies, the Revolutionary period, the making of the Constitution, the diplomatic, economic and political problems of the new government, the growth of Nationalism, Jacksonian Democracy, territorial expansion, the Civil War and Reconstruction. (Prerequisite: permission of the department. Honors course for exceptional students with ACT of 22 or higher who wish to study in small seminar-type class.)

HIST 2128 Honors American History II ............. 3 credits
American History II - The United States since 1877. A survey of the growth of the United States as an industrial and world power since Reconstruction: the industrial revolution, immigration, urbanization, rise of labor, Spanish-American War, Progressivism, World War I, Twenties, Depression and New Deal, World War II, Post-World War II era and the exercise of great power status in international affairs since World War II. (Prerequisite: permission of the department. Honors course for exceptional students with ACT of 22 or higher who wish to study in small seminar-type class.)
HIST 2200 Women in Society ........................................ 3 credits
This course is designed to examine the role played by women in various societies during different historical periods, factors which have limited women’s participation in history and social scientists’ assumptions about women. (Students cannot receive credit for both HIST 2200 and HUM 2200) S

HIST 2990 Problems in History ...................................... 1 - 3 credits
In-depth study of a particular event, or issue involving reading, writing and oral discussion.

HEALTH INFORMATION TECHNOLOGY (HITC)

HITC 1021 Coding Lab I .................................................. 2 credits
This course will provide students practice in applying coding skills acquired in Basic ICD-9-CM coding and Basic CPT/HCPCS coding. The students will become proficient at determining patient diagnoses and procedures by coding patient medical records. The students will develop skills using an encoder and grouper to assist in coding. (Prerequisite or corequisite: MDCC 1010, MDCC 1020) F
4 hours laboratory/week

HITC 1041 Coding Lab II .............................................. 2 credits
This course is a continuation of the Coding Lab 1 and provides students practice in applying coding skills acquired in Intermediate ICD-9-CM Coding Advanced Coding for Reimbursement. Course work focuses on use of patient medical records, encoder and APC grouper and abstracting medical data. (Prerequisite: HITC 1021; Corequisites: MDCC 1030, MDCC 1040) S
4 hours laboratory/week

HITC 2010 Fundamentals of Health Information Management ........................................ 3 credits
This course enables the student to learn the sources of health information and its relation to health agencies. A study is made of the origin and purpose, content, assembly, analysis and use of medical records. The student will learn methods of compiling, numbering, filing and retention of health information. This course is for Health Information Technology and Medical Coding majors; others must have permission of instructor. F
3 hours lecture / week

HITC 2020/2021 Applications in Healthcare Information Systems ........................................... 3 credits
This course provides an overview of the use of automated information systems in the healthcare delivery system and its various settings. Students will be introduced to the terminology and essential concepts of health information systems and the privacy/security issues which affect access to and the use of patient information. (Prerequisite: CPSC 1100) S
2 hours lecture / 2 hours laboratory / week

HITC 2030/2031 Quality Improvement and Assessment in Healthcare ................................... 3 credits
This course will focus on quality improvement and assessment in a variety of healthcare settings. Emphasis will be placed on implementation of quality tools and techniques as they relate to health information department activities of acute care hospitals, hospital outpatient and emergency department, ambulatory care settings, and other healthcare facilities. Quality improvement and assessment techniques as they relate to the medical staff will also be addressed. (Prerequisites: HITC 2020/2021, HITC 2040, HITC 2070, MDCC 1010, MDCC 1020) S
2 hours lecture / 2 hours laboratory / week

HITC 2040 Health Statistics and Registries ............. 2 credits
This course focuses on the collection of health data, commonly used computations, the presentation and reporting of data. This course will recognize the sources and uses of health data in the United States. This course also includes the function and use of registries, including the Tumor Registry. (Prerequisites/corequisites: MDTR 1030, HITC 2010) F
2 hours lecture / week

HITC 2050 Health Information Technology Practice I ................................................................ 3 credits
This course contains planned and supervised clinical experiences in medical facilities. The student is given the opportunity to gain knowledge and skill in admission and discharge procedures, health and vital statistics, coding and abstracting, physician incomplete records, medical transcription supervision, tumor registry and long term care facilities. (Prerequisites: HITC 2010, HITC 2020/2021, HITC 2070, MDTR 1030; Corequisites: HITC 2040, MDCC 1010, MDCC 1020, HITC 1021) F
1 hour lecture - 4 hours clinical / week

HITC 2060 Health Information Technology Practice II .................................................................... 3 credits
This course contains planned and supervised clinical experiences in medical facilities. The student is given the opportunity to gain knowledge and skill in release of information, utilization review, patient care evaluation procedures, supervisory duties, ambulatory care settings and psych/drug rehab settings. Increased proficiency in coding skills is also emphasized. (Prerequisites: HITC 2050; Corequisites: HITC 1041, HITC 2030/2031, MDCC 1030, MDCC 1040) S
1 hour lecture - 4 hours clinical / week

HITC 2070 Supervisory and Legal Aspects ................. 3 credits
This course emphasizes the medical record as a legal document and the effect of confidential communication laws on both the release of information and use of health information. The student will also be introduced to management principles and the supervisory role in healthcare organizations. (Prerequisites: HITC 2010; Corequisites: HITC 2020/2021, MDTR 1030) S
3 hours lecture / week

HITC 2990 Special Problems in Health Information Technology ........................................... 0-5 credits
This course covers special problems and/or current topics in Health Information Technology.

HEALTH (HLTH)

HLTH 2210 Personal Health ........................................... 3 credits
A study of personal health problems of college men and women, mental health, communicable diseases, degenerative diseases, nutrition, and other health problems of students and their families. F
HOTEL AND RESTAURANT MANAGEMENT (HMGT)

HMGT 1010 Foundations of Hospitality .................. 3 credits
An introduction to the major job functions of hospitality establishments such as hotels/motels, restaurants, and private clubs. The service function of the industry will be emphasized. F/S

HMGT 1050 Facility Operations and Maintenance .... 3 credits
Explores the engineering and maintenance requirements peculiar to the hospitality industry. Special emphasis on environmental issues, modernization, building operating systems, and resource management. As required

HMGT 1060 Hospitality Housekeeping and Engineering ......................................................... 3 credits
This course covers the housekeeping and engineering departments of a hotel. Students will learn what it takes to direct these day-to-day operations of these vital departments, from “big picture” management down to technical details. F

3 hours lecture

HMGT 1250 Service Management ............................. 3 credits
Discover how to plan for and manage the different types of food and beverage operations in a hotel, including coffee shops, gourmet dining rooms, room service, banquet, lounges, and entertainment/show rooms. As required

HMGT 2310 Hospitality Food Production .................. 3 credits
Beginning culinary skills such as knife skills are taught in this course. Students practice basic cooking methods and prepare soups, stocks and minor sauces. Standard weights and measures are applied to recipe conversions. Proper sanitation techniques for a food service operation will be emphasized. F/S

1 hour lecture / 4 hours laboratory

HMGT 2620 Basic Sanitation .................................. 3 credits
Takes a Hazard Analysis Critical Control Point (HACCP) approach to help students understand the basics of hospitality sanitation, and provides everything students will need to know about sanitation as food and beverage managers. Clearly demonstrates the positive effects of good sanitation management on bottom-line profits. As required

HMGT 2640 Hospitality Human Resource Management .......................................................... 3 credits
This is the critical area of concern for the future. Learn how to recruit and retain high-caliber employees in tomorrow’s shrinking labor pool. Understand the technical and legal challenges of hospitality human resource management. Apply the specifics of recruiting competent people, dealing with labor unions, offering benefit programs, and much more. Based on U.S. labor law, including the new Americans with Disabilities Act (ADA), this course is a must for anyone in operations management.

HMGT 2660 Tourism and the Hospitality Industry ................................................................. 3 credits
Provides a true introduction to tourism. Takes a social science perspective to give students a thorough understanding of the broad range of factors that influence and are affected by tourism. Also shows tourism in action, with sections on research methods, marketing, planning, and other applications. Provides the firm foundation students need for higher-level tourism courses. As required

HMGT 2670 Front Office Procedures .......................... 3 credits
Features information on today’s front office computer technology, yield management, and reservations systems. Helps students understand the effects of the front office on the overall operation of a hotel and works step-by-step through the front office guest cycle. Outlines the role of front office management and discusses how guest concerns shape management strategies and procedures for front office tasks.

HMGT 2685 Housekeeping Management .................. 3 credits
Learn what it takes to manage this vital department. Provides a thorough overview, from the big picture of maintaining a quality staff, planning, and organizing, to the technical details of cleaning each area of the hotel. Covers the new pressures and demands facing housekeeping executives and shows how you can make a difference in determining whether or not guests return to your property. As required

HMGT 2700 Food and Beverage Service ..................... 3 credits
Discover how to plan for and manage the different types of food and beverage operations in a hotel, including coffee shops, gourmet dining rooms, room service, banquet, lounges, and entertainment/showrooms. As required

HMGT 2715 Hospitality Industry Training .................. 3 credits
Training is the key to enhancing employee productivity and keeping employees motivated. Here’s the help you need to develop, conduct and evaluate one-on-one and group training that will reduce turnover, improve employees’ job performance, and help your organization attain its goals. This course is full of ideas you can easily put into action! As required

HMGT 2730 Marketing of Hospitality Services ............ 3 credits
Learn how to use proven marketing techniques to improve business at your property; clearly spells out how to develop, implement, and evaluate a marketing plan; helps you see how to identify and reach the customers you want using marketing tactics specific to hospitality services. As required

HMGT 2765 Hospitality Law .................................. 3 credits
Explains the legal considerations of hospitality property management in straightforward, easy-to-understand terms. Reflects the most recent changes in legislation affecting the hospitality operations and helps students learn to recognize legal pitfalls before they become problems. Includes comprehensive sections on food and beverage laws. As required
HMGT 2770 Hospitality Sales and Marketing .......... 3 credits
Covers how to plan and implement effective marketing and promotional strategies — knowledge that will be critical for the success of any property. Provides tips for increasing revenue through a variety of means, from menus to telemarketing, and describes how to handle numerous selling situations. S

HMGT 2805 Convention Management and Service ................................................. 3 credits
Shows you how to increase your property’s convention and meeting business through improved marketing and better service. Learn how to address meeting planners’ needs and concerns confidently, creatively, and effectively. Take advantage of unique ideas for servicing groups during their stay. F

HMGT 2820 Food and Beverage Controls ....................... 3 credits
This course helps students understand the planning and control process in food and beverage outlets. Includes sections on menu pricing, cost-volume-profit analysis, and automated systems for food, beverage, and labor cost control. Gives forms and suggestions for implementing effective cost control procedures and covers computer applications and the menu’s effect on planning and control. F/S

HMGT 2830 Hospitality Industry Computer Systems ........................................... 3 credits
Covers computer applications for all hospitality functional areas. Features sections on reservations, sales and catering, special computer applications in human resources functions and preventive maintenance, and the management of information systems. Includes the basics of computer systems for various property types and the “nuts and bolts” of hardware and software. As required

HMGT 2870 Bar and Beverage Management .......... 3 credits
Covers all facets of bar and beverage management, including how to balance marketing and control objectives, plan the business, select and train employees, and establish and maintain control systems. Features in-depth material on responsible alcohol service and essential information on a wide range of beverage products, including non-alcoholic drinks and wines. Also covers the duties of a bartender and characteristics bartenders should possess. As required

HMGT 2910 Hotel/Restaurant Internship ............. 1-3 credits
This course is designed to give the student practical experience in the area of hospitality management by participating in a cooperative work-study program within the hospitality industry. (Permission of instructor required.) F, S, Su

HUMANITIES (HUM)

HUM 2010 Humanities: The Human Adventure I ..... 3 credits
This introductory course will relate to the human experience as expressed through music, literature, art, theatre, and other disciplines from the Paleolithic Age through the 16th century. The multimedia humanities survey blends sights, sounds, impressions, and ideas that teach students both history and elements of each art form. Various topics will be considered such as freedom and responsibility, creation and destruction, order and chaos. F, Su

HUM 2110 Humanities: The Human Adventure II .. 3 credits
This introductory course will explore the human experience as expressed through music, literature, art, theatre, and other disciplines from the 17th century to the present. The multimedia humanities survey blends sights, sounds, impressions, and ideas that teach students both history and elements of each art form. Various topics will be considered such as freedom and responsibility, creation and destruction, order and chaos. F, S, Su

HUM 2120 Introduction to African-American Studies I ........................................... 3 credits
Multidisciplinary approach to the Afro-American experience through the Civil War and Reconstruction ears. Writing emphasis course with at least one in-class essay examination and at least 3000 words of writing outside the classroom. (Same as SOCI 1005)

HUM 2130 Introduction to African-American Studies II ........................................ 3 credits
Multidisciplinary approach to the Afro-American experience from the Civil War through the Civil Rights era; explores rural and urban society, the A-A church, and intellectual and protest movements. Writing emphasis course with at least one in-class essay examination and at least 3000 words of writing outside the classroom. (Same as SOCI 1010)

HUM 2140 Introduction to Women’s Studies ........... 3 credits
This course is designed to introduce the student to the interdisciplinary academic field of women’s studies. HUM 2140 seeks to explore often-omitted information about women’s culture and history. It also examines political, economic, social, psychological and health issues which influence women’s lives. (Students cannot receive credit for both HUM 2140 and HIST 2140.) F

HUM 2150 Women in Literature ............................... 3 credits
Introduction to the study of women through the roles and stereotypes portrayed in a variety of literary genres. Writing emphasis course with at least one in-class essay examination and at least 3000 words of writing outside the classroom.

HUM 2200 Women in Society ............................. 3 credits
This course is designed to examine the role played by women in various societies during different historical periods, factors which have limited women’s participation in history and social scientists’ assumptions about women. (Students cannot receive credit for both HUM 2200 and HIST 2200) S

HUM 2500 Introduction to the Great Books ............ 3 credits
Reading and discussion of those selections included in the Adult Great Books Program. Emphasis will be given to the understanding and interpretation of these writings through student discussions directed by a lead faculty member. Discussion leaders will also include faculty from different departments.
HUM 2900  Problems and Topics in Cultural Studies .......................... 1-6 credits
Instructor-designed courses to fulfill general humanities objectives and/or to provide specific Interdisciplinary Studies courses not offered. Provides for the advanced, individualized study of special interests in cultural studies; may include foreign and/or independent study, and may be repeated, provided the same experience is not repeated. (Same as SOCI 2900 and POLI 2900)

HUM 2990  Special Problems in the Humanities .......................... 1-3 credits
A course featuring an examination of a topical issue (theme or value) through the humanities. This course may be repeated for credit provided the theme is not repeated.

INFORMATION TECHNOLOGY (INTC)

INTC 1010  Mathematics for Computing .......................... 3 credits
A course covering the fundamentals of mathematics for computing professionals. Topics include number systems, computer representation of data, computer arithmetic, order of operations, sets, logic and Boolean Algebra, probability and statistics, and tables. As required

INTC 1020  Writing for Technicians .......................... 3 credits
A comprehensive study of writing skills for the needs of business and industry. Covers basic concepts of concise writing, technical reports, technical documents/manuals, memos, letters, and other skills related to the effective communication in the business world. As required

INTC 1030/1031  Helpdesk Management .......................... 3 credits
This course will provide practical and other needed experience for technical support. As required
2 hours lecture / 2 hours laboratory

INTC 1040/1041  Oracle .......................... 4 credits
This course will provide database concepts and skills for those who wish to become database specialists using Oracle. The course will provide students with hands-on experience in designing database systems. As required
3 hours lecture / 2 hours laboratory

INTC 1050/1051  Computer Graphics/Animation ...... 3 credits
This course covers knowledge and skills of using computer graphic devices and software packages. F
2 hours lecture / 2 hours laboratory

INTC 1060/1061  Web Design and Development ...... 3 credits
Training includes design, image manipulation, hypertext language, hyperlinks, image maps, graphic images, tables, frames, forms, Cascading Style sheets, multimedia, Web editors, and JavaScript. (Prerequisite: CPSC 1100 or equivalent) F
2 hours lecture / 2 hours laboratory

INTC 1070/1071  Authoring Multimedia .......................... 3 credits
This course provides the basic knowledge and skills to create interactive Web applications and multimedia applications and projects using current technology. (Prerequisite: CPSC 1100 or equivalent) As required
2 hours lecture / 2 hours laboratory

INTC 1085  Hardware Support .......................... 4 credits
This course addresses the necessary skills to produce knowledge and support for basic software and hardware configuration, troubleshooting and diagnosis, along with associated safety issues. Instruction provided will begin the preparation for taking the A+ Certification Exam. As required

INTC 1090/1091  Internet Programming I .......................... 3 credits
This course provides an introduction to client- and server-side programming using the scripting languages and the environments of VBScript, JavaScript, Active Server Pages. (Prerequisite: INTC 1060 or knowledge or HTML) As required
2 hours lecture / 2 hours laboratory

INTC 2000/2001  Java .......................... 4 credits
This course will provide students with necessary knowledge and skills of programming using Java. (Prerequisite: CPSC 1230 OR INTC 1060 or some programming experience) As required
3 hours lecture / 2 hours laboratory

INTC 2010/2011  Windows 2000 Professional .......................... 3 credits
This course teaches the strategies and tactics for installing, configuring, administering and troubleshooting Windows 2000 Professional in a networking environment. F
2 hours lecture / 2 hours laboratory

INTC 2020/2021  Windows 2000 Server .......................... 3 credits
This course teaches the strategies and tactics for installing, configuring, administering and troubleshooting Windows 2000 Server in a networking environment. F
2 hours lecture / 2 hours laboratory

INTC 2030/2031  Windows 2000 Network Infrastructure .......................... 3 credits
This course is designed to teach the basic skills required to install, support and troubleshoot the various networking components and services included with Windows 2000 to include DNS, DHCP, Remote Access, WINS and NAT. (Prerequisite: INTC 2020. As required
2 hours lecture / 2 hours laboratory

INTC 2040/2041  Novell Administration .......................... 4 credits
This course will provide students with necessary knowledge and skills to perform competently in the role of network administrator or system manager. As required
3 hours lecture / 2 hours laboratory

INTC 2050/2051  Windows 2000 Active Directory .... 3 credits
This course teaches strategies and tactics for implementing, administering, and troubleshooting information systems that incorporate Windows 2000 Active Directory in an enterprise computing environment. (Prerequisite: INTC 2020) S
2 hours lecture / 2 hours laboratory

INTC 2090/2091  Internet Programming II .......................... 3 credits
This course focuses on creating dynamic Web applications that interact with a database using client-side scripts, server-side scripts, and compiled server programs. (Prerequisite: INTC 1090 or equivalent) As required
2 hours lecture / 2 hours laboratory
INDUSTRIAL TECHNOLOGY

Drafting and Design (ITDD)

ITDD 1010/1011  Engineering Graphics I .............. 4 credits
A study of basic drafting practices incorporating computer
aided drafting (CAD) techniques (commercial software). Top-
ics will include instruments, theory of projection, geometric
construction, orthographic projection, dimensioning, letter-
ing, and auxiliary and sectional view construction. F, S
2 hours lecture / 4 hours laboratory

ITDD 1015/1016  Pre-Engineering Graphics .......... 2 credits
A course of study designed specifically for the Pre-engineer-
ing student pursuing the associate of science degree who
plans on transferring to an engineering program at a univer-
sity. The course consists of basic freehand sketching and
creating two-dimensional drawings using AutoCAD 2002,
creating two dimensional layouts and schemas using
AutoCAD 2002, and creating three dimensional models using
AutoCAD Mechanical Desktop or AutoCAD Inventor. F
1 hour lecture / 2 hours laboratory

ITDD 2430/2431  Computer Aided Drafting ............ 3 credits
A continuation of Engineering Graphics I utilizing computer
applications. Topics include machine and working drawings,
descriptive geometry topics and graphical elements. (Prereq-
usite: ITDD 1010) F, S
2 hours lecture / 4 hours laboratory

ITDD 2510/2511  Architectural CAD ................. 4 credits
A study of architectural drawing utilizing the micro-compu-
ter (CAD) system. The students will produce drawings
associated with building design including details, plans sec-
tions and specific design elements. (Prerequisite: ITDD 1010/
1011) F
2 hours lecture / 4 hours laboratory

ITDD 2610/2611  Computer Graphics Applications . 3 credits
The applications of computer aided drafting and design (CAD)
as they relate to professional and industrial practices. Custom
design of menu driven software as applied to industrial
specifications. (Prerequisite: ITDD 2430/2431) S
2 hours lecture / 2 hours laboratory

ITDD 2710/2711  Graphic Design ....................... 4 credits
The applications of graphic communication as applied to
society and industry. Utilization of both CAD and board for
total media format. (Prerequisite: ITDD 2430/2431) As re-
quired.
2 hours lecture / 4 hours laboratory

ITDD 2810/2811  CAD 3-D .................................. 3 credits
The applications of commercial micro-computer software in
the development of 3-dimensional drawings for presentation
and analysis. Emphasis is placed on problem solving and
individual assignments. (Prerequisite: ITDD 2430/2431 or
consent of instructor) As required.
2 hours lecture / 2 hours laboratory

ITDD 2990  Special Problems in
Drafting and Design ..................................... 4 credits
This course is for specially designed advanced study within
the realm of Engineering and Architectural Graphics for both
board and computer graphic application. (Prerequisite: Con-
tent of instructor. May be repeated for 12 hours credit.) As
required.
2 hours lecture / 4 hours laboratory

Electrical/Electronics (ITEE)

ITEE 1010  Electrical Applications ...................... 3 credits
This course is designed specifically for the non-ITEE major
student. An overview of electrical terminology and unit con-
versions will be covered. Basic electrical circuit concepts will
be presented using series and parallel DC circuits. The funda-
amentals of digital electronics will be presented using the
“AND”, “OR” and “NOT” logic gates. Industrial control
circuits will be presented using numerous input devices such
as limit, float, and push button switches along with such
output devices as relays, contacts, and motor starter coils.
Circuit protection devices such as overload, circuit breakers,
and fuses will be covered. Electrical print reading concepts
will be conveyed by describing the operating characteristics
of each input and output device and how it relates to other
electrical components on a line diagram. An introduction to
ladder logic programming using Programmable Logic Con-
trollers (PLC’s) will be discussed. (Corequisite: ITEE 1011). F
3 hours lecture

ITEE 1011  Electrical Applications Laboratory ........ 1 credit
An introductory course for the non-ITEE major student with
laboratory experiments and exercises which correspond to
lecture material in ITEE 1010. (Prerequisite or Corequisite:
ITEE 1010). F
2 hours laboratory

ITEE 1320  DC Electrical Circuits ....................... 3 credits
A study of unit conversions and the analysis of electrical
parameters such as resistance, voltage, current, and power in
series, parallel, and series-parallel resistive DC circuits. Analy-
sis will be accomplished by applying network theorems such as
Thevenin’s Theorem to solve capacitor / inductor charging
and discharging DC circuits. The conversion of voltage sources
to current sources and also current sources to voltage sources
will be covered. Mesh current analysis and Nodal analysis
will be applied to multisource DC circuits. PSPICE software
will be introduced to analyze various DC circuit configura-
tions (Prerequisite: completion of Developmental Mathemat-
ics courses, if applicable. Corequisite: ITEE 1321) F
3 hours lecture

ITEE 1321  DC Electrical Circuits Lab ................. 1 credit
An introductory course with laboratory experiments and
exercises which correspond to lecture content in ITEE 1320.
(Corequisite: ITEE 1320) F
2 hours laboratory
ITEE 1330  AC Electrical Circuits ................................  3 credits
A study of AC sinusoidal waveforms applied to series, parallel, and series-parallel AC circuits and applications of network theorems involving rectangular and polar numbers. The effects of resistance, inductance, and capacitance on sinusoidal phase relationships and the conversion of voltage sources to current sources and current sources to voltage sources are a major part of the course. Mesh current analysis and Nodal analysis will be applied to multisource AC circuits. Series and parallel resonant circuit characteristics will be analyzed along with the quality factor (Q), decibels, R-C low pass filters, R-C high pass filters, band-pass filters and band-stop filters. PSPICE software will be used to analyze various AC circuit configurations. (Prerequisite: ITEE 1320; Corequisite: ITEE 1331) S
3 hours lecture

ITEE 1331  AC Electrical Circuits Lab .............................  1 credit
A laboratory course for experiments and exercises corresponding to lecture content in ITEE 1311. (Corequisite: ITEE 1330) S
2 hours laboratory

ITEE 1510  Digital Electronics ........................................  3 credits
An introduction to integrated circuit logic families. A study of number systems, logic gates, boolean algebra, Karnaugh maps, and the analysis of combinational logic circuits such as flip-flops and other multivibrators. (Prerequisite: one year of high school algebra, completion of developmental mathematics, or consent of instructor, and Corequisite: ITEE 1511) F
3 hours lecture

ITEE 1511  Digital Electronics Lab .................................  1 credit
A study of the basic digital concepts with laboratory experiments and exercises which correspond to lecture material in ITEE 1510. (Prerequisite or Corequisite: ITEE 1510). F
2 hours laboratory

ITEE 1710  Electronics ..................................................  3 credits
An introduction to semiconductor materials and the PN junction. Rectifiers and the Zener diode will be studied. Bipolar and JFET transistor characteristics, biasing, amplification and multistaging will be covered. Operational amplifier and Oscillator characteristics and applications will be covered along with the analysis for proper operation. (Prerequisite: ITEE 1320/1330 or consent of instructor and Corequisite: ITEE 1711). S
3 hours lecture

ITEE 1711  Electronics Lab ............................................  1 credit
A study of semiconductor devices and materials with laboratory experiments and exercises which correspond to lecture material in ITEE 1710. (Prerequisite or Corequisite: ITEE 1710). S
2 hours laboratory

ITEE 1910  Microprocessor Fundamentals ......................  3 credits
A study of the hardware and software components of computer systems. Topics include principles of microcomputers, microprocessor architecture, programming and troubleshooting. (Prerequisite: ITEE 1510 or consent of instructor and Corequisite: ITEE 1911). S
3 hours lecture

ITEE 1911  Microprocessor Fundamentals Lab ..................  1 credit
A study of the hardware and software components of computer systems with laboratory experiments and exercises which correspond to lecture material in ITEE 1910. (Prerequisite or Corequisite: ITEE 1910). S
2 hours laboratory

ITEE 2610/2611  Electrical Power .................................  3 credits
A study of the production and transmission of electrical power. Topics include transformer operation and types, load configurations, Power factor correction, and the construction and electrical characteristics of DC/AC generators and motors. (prerequisite: ITEE 1320/1321 and ITEE 1330/1331) 2 hour lecture/2 hour laboratory

ITEE 2730  Industrial Controls .......................................  3 credits
Topics include electrical print reading, basic motor control, various switches and sensors, and relays and solenoids. A study of electrical system control principles will begin with relay logic hardware and then proceed to applying Programmable Logic Controller (PLC) ladder logic software. The student will develop ladder logic diagrams from functional word descriptions and then program the controller. Process control design projects such as conveyor, machine, etc. will be stressed by creating the program from a functional word description of the process. Included will be a study of basic robotic system components along with related mechanical, hydraulic and pneumatic systems. Topics include Servo systems and robot/machine interfacing applications. Tours of local manufacturing plants will be included, if time permits. As required.
3 hours lecture

ITEE 2731  Industrial Controls Laboratory ....................  1 credit
An extensive “hands-on” lab that allows the student to wire various industrial control circuits and program a Programmable Logic Controller (PLC) and robot. Laboratory experiments and exercises correspond to lecture material in ITEE 2730. (Prerequisite or Corequisite: ITEE 2730) As required.
2 hours laboratory

ITEE 2990  Special Problems in Electrical/Electronics ..........  1-4 credits
A course for specially designed study within the realm of Electrical Technology. (Prerequisite: Prior approval of instructor is required) As required.

Manufacturing (ITMF)

ITMF 1005  Transition Course .................................  3 credits
This course is designed for diploma completers from the Tennessee Technology Centers or students who have non-traditional educational experiences and wish to pursue an associate of science degree from Walters State. Taken as an independent study, this course is designed to develop a plan of study, determine how credit for previous coursework or experience will be applied toward a degree, and develop an electronic portfolio preliminary to granting credit. F, S, Su

ITMF 1010  Fundamentals of Industrial Technology .............  3 credits
An overview of manufacturing organization, operations management and the responsibilities of the various functional manufacturing departments. Current manufacturing topics are discussed such as Lean, JIT, KanBan, Agile, Flexible, Integrated Management, and others. A heavy emphasis is placed on Deming quality methods and their application.
3 hours lecture
**Course Descriptions**

**ITMF 1210/1211  Industrial Materials and Processes** ......................................................... 3 credits
A study of the industrial materials and processes with special emphasis on both metals and non-metals, their properties, selection and use. Included will be material molding, forming, shaping, joining, and etc. In this class one will experience CAM and CNC programming with application to a lathe turned part. Other topics include CAPP, machine set-up, as well as product design and enhancement. Laboratory training will include techniques of CIM, flexible work cells, adaptive control, agile manufacturing, and lean manufacturing. (Prerequisite: ITMF 1010 or consent of instructor) F

2 hours lecture / 2 hours laboratory

**ITMF 1430/1431  Quality Assurance** ................................................................. 3 credits
A study of the SPC quality function within the manufacturing environment for data collection, organization, and analysis. The course includes techniques used to construct check sheets and control charts for variable and attribute data to determine process control and capability. In conjunction with the above, the diagnostic journey will include Pareto charts, and cause and effect diagrams along with reading and interpretation of manufacturing blueprints and GD&T. Also included are the techniques and instruments used in measuring product characteristics. Computer methods will be discussed. (Prerequisite: ITMF 1010, MATH 1630, and MATH 1530 or consent of instructor) S

2 hours lecture / 2 hours laboratory

**ITMF 1510  Total Quality Applications** ................................................................. 4 credits
A study of the Total Quality Management (TQM) concept. Participants will be exposed to a wide variety of problem solving and team building activities which are taken primarily from the management principles of Peter Senge and W. Edwards Demming. Demming’s 14 points will be explored in detail, as well as specific statistical tools required to implement the TQM (SPC). Participants will learn by completing a required quality team project. (Prerequisite or corequisite: ITMF 1430) As required.

**ITMF 1610  Introduction to Industrial Print Reading** ............................................. 3 credits
A study of drawing topics that will include lettering, sketching, dimensioning, projections, drawing perspectives, sectional views, reading of machine and mechanical drawings, tooling blueprints, and welding and fabrication drawings used in industrial systems. A brief introduction to Geometric Dimensioning and Tolerancing is included. As required.

3 hours lecture

**ITMF 1620/1621  Basic Industrial Fluid Power** ................. 3 credits
A course of study combining classroom lecture and laboratory exercises for fluid-power consisting of the basic fundamentals of hydraulic and pneumatic components and systems, basic theory of design, fluids and their properties, problem-solving techniques and industrial maintenance applications. Included is an extensive study of electrical-mechanical and hydraulic-pneumatic symbols and schematics. (Prerequisites: ITMF 1610, or ITDD 1010 or consent of instructor) As required.

2 hours lecture / 2 hours laboratory

**ITMF 1630  Mechanical Power Transmission** ................. 3 credits
Mechanical Power Transmission/motion control is critical to modern profitability among industry and commerce. This study examines forces and work, adjustable speed drives, controls and sensors, Motors, and many support accessories. It is designed to: motivate the learner to new products, technology, and concepts; provide experience in solving problems using SI and common units; introduce the learner to subjects common to most practitioners; and develop basic knowledge base necessary to effectively solve open-ended application problems. (Prerequisites: ITMF 1610 and ITMF 1620) As required.

**ITMF 1810  Industrial Supervision** ................................................................. 3 credits
A study of the characteristics for effective supervision with emphasis on communications and organizational relationships. Workforce motivational factors are discussed, as well as exercises in staffing, promotion and personality traits. Topics also include the role of the supervisor within the management structure, the responsibilities of supervision, and regulatory and legal ramifications of supervisory behavior and decisions. This study emphasizes leadership, teamwork, and Lean methods with a strong human relations emphasis. (Prerequisite: ITMF 1010, ITMF 2610 or consent of instructor) S

3 hours lecture

**ITMF 2610  Occupational Safety** ................................................................. 3 credits
A study of the Tennessee Annotated Codes pertaining to Workman’s Compensation and the Tennessee Occupational Safety and Health Administration (TOSHA). Topics include employee and managerial responsibility to potential safety and health situations. Other topics include hazards, fire safety, the anatomy of fire, spills and releases and emergency response. Total Safety Management, liabilities, safety systems, accident prevention and accident reporting with emergency response. An introduction to the EPA and disposal of hazardous wastes are addressed in this course as well. S

3 hours lecture

**ITMF 2710/2711  Production and Materials Control ... 3 credits**
A study of the fundamentals of production and materials control systems. Topics include the elements of the Manufacturing Planning and Control System. Materials Requirements Planning (MRP), Manufacturing Resource Planning (MRPII), and an introduction to the requirements of establishing a Just-In-Time manufacturing environment. Other topics include computerized materials planning / scheduling, job scheduling techniques and the possible implications of such. F

2 hours lecture/2 hours laboratory

**ITMF 2720/2721  Facilities Planning** ................................................................. 3 credits
Work methods analysis and planning for the functions of the storage and retrieval of production materials and supplies. This study looks at the uses of facilities planning in the reduction of labor costs associated with production, and the analysis of material flow within the facility. Additional topics include the economical selection of material handling and storage equipment and determining adequate space allocation for the functions of manufacturing, testing, and inspection of the product. In addition, the use of computerized facility planning software systems will be explored and evaluated during the course. (Prerequisites: ITMF 2610, 2710, ITMF 2740, or consent of instructor) S

2 hours lecture / 2 hours laboratory

**ITMF 2740/2741  Industrial Measurement and Cost Systems** ......................................... 3 credits
A study of work methods and analysis for improvement to reduce labor, content, process analysis and approaches to problem solving. This course includes the gathering of data through the use of time studies, pre-determined time standards, an introduction to methods-time-management (MTM), and establishing a work sampling study utilizing random
observations. This data is then analyzed for application to cost reduction and improved efficiency. The various forms of wage plans are also discussed concerning the advantages and disadvantages of each. Included are the study and use of financial and analytical methodologies for the determination of equipment purchases, lease, or rental replacement frequencies and/or justifications. A study of economics as utilized by engineering departments, for equipment selection, decision making, analysis of data, and the time-value of money. (Prerequisite: MATH 1630, ITMF 1430 or consent of instructor) F

2 hours lecture / 2 hours laboratory

ITMF 2800/2801 CIM Technology Applications ...... 3 credits
A study of the manufacturing automation, hardware control and information integration with management systems (Computer Integrated Manufacturing (CIM) ). With this system manufacturing management works through factory automation, with all processes functioning under computer control, elimination of most of the paper functions and efficiently learning all systems for improved productivity and material handling. Included are scheduling, collection, and analysis of quality and production data. The student will experience CAM programming, MCL robot programming, 3 axis mill operation, automated material handling, and file and data transfer. (Prerequisite: ITMF 1010, ITEE 1010, ITDD 1010, and consent of instructor) S

2 hours lecture / 2 hours laboratory

ITMF 2990 Special Problems in Manufacturing .................................................. 1-6 credits
This course allows the student additional advanced studies in a particular area of interest to the student or which are in demand by local industry. This course may be repeated for credit provided the same subject matter is not used. (Prerequisite: The student must have prior approval of the instructor before registering for this course.) As required.

PARALEGAL STUDIES (LAW)

LAW 1110 Introduction to Paralegal Practice, Professional Ethics and Legal Office Management
(Required course) .......................................................... 4 credits
An overview of the legal assistant profession including the work and regulation of attorneys; the definition and role of the paralegal; paralegal skills; state regulation of paralegals; job opportunities for paralegals; attorney and paralegal ethics and professionalism; the legal office environment including personnel, systems, procedures, and software. F, S

F, S

LAW 1120 Legal Research Skills (Required course) ... 3 credits
Study of government organization, sources of law and research methods; training in legal research of primary and secondary law sources including statutory codes, reporters, digests, case briefing, legal encyclopedias, treatises, practice manuals, ALR and the CFR. Training in computer assisted legal research including Internet research, Westlaw and Lexis. (Prerequisite or Corequisite: LAW 1110) F, S

3 credits

LAW 1130 Civil Litigation, Evidence, and Investigation Skills for Paralegals
(Required course) .......................................................... 4 credits
Study of civil litigation procedure and practice in federal and Tennessee state courts at trial and appellate levels. Includes study of Federal Rules of Evidence; study of procedures and methods for interviewing and investigating; training in drafting of pleadings, motions, and discovery documents; training in litigation management and assistance; and training in interviewing and fact investigation. (Prerequisite or Corequisite: LAW 1110) S

4 credits

LAW 1140 Torts, Workers Compensation, and Employment Law (Required course) .......................................................... 4 credits
Study of the law of Torts including negligence, intentional torts, and strict liability; defenses and damages; case analysis. Includes study of Tennessee Workers Compensation Act and study of federal and state employment law. Emphasis is placed on paralegal's role and required skills to assist attorneys practicing in these areas. (Prerequisite or Corequisite: LAW 1110) F

4 credits

LAW 1150 Contract Law (Required course) .................................................. 2 credits
Study of the common law of contracts and Articles 2, 3 and 4 of the Uniform Commercial Code. Training in drafting of simple contracts. (Prerequisite or Corequisite: LAW 1110) F, S

2 credits

LAW 1160 Business Organizations
(Required course) .......................................................... 2 credits
Study of the various forms of doing business including the sole proprietorship, general and limited partnerships, the limited liability company, and various types of corporations. Training in drafting appropriate original documents for various business forms. (Prerequisite or Corequisite: LAW 1110) F, S

2 credits

LAW 1170 Real Property Law and Title Search Skills for Paralegals (Required course) .................................................. 2 credits
Study of the principles of real property law including estates, concurrent ownership, and transactions of lease and sale. Training in drafting documents related to conveyance of title. Training in performing a basic title search. (Prerequisite or Corequisite: LAW 1110) S

2 credits

LAW 1180 Wills, Trusts & Estate Administration for Paralegals (Required course) .................................................. 2 credits
Study of the law of wills and trusts and the administration of estates under the Uniform Probate Code and Tennessee statutes. Training in drafting basic wills and trusts. (Prerequisite or Corequisite: LAW 1110) S

2 credits

LAW 1190 Legal Writing Skills (Required course) . 2 credits
Practical application of legal research skills and knowledge of substantive law by drafting of legal research memoranda, correspondence, and various litigation and commercial documents in realistic firm environment. (Prerequisite or Corequisite: LAW 1110) F, S

2 credits

LAW 2010 Criminal Litigation and Procedure
(Elective course) .......................................................... 3 credits
Study of the various crimes including their elements, defenses and punishment. Study of criminal procedure from commission to trial. Study of Constitutional concepts involved in substantive and procedural criminal law. Emphasis is placed on paralegal's role and required skills to assist attorneys practicing in prosecution or defense. (Prerequisite or Corequisite: LAW 1110 and 1120) As required

3 credits

LAW 2020 Domestic Relations, Administrative Law, and ADR (Elective course) .................................................. 3 credits
Study of the law of marriage, annulment, divorce, separation, child custody and support, property division, domestic abuse,
family torts, paternity, adoption, artificial insemination, and surrogacy. Training in drafting of pleadings in divorce case, motions and marital dissolution agreements. Study of law of agencies including statutory source, promulgation of rules and regulations, administrative procedures and exhaustion of remedies. Study of methods of alternative dispute resolution including negotiation, arbitration, mediation. Emphasis is placed on paralegal’s role and required skills to assist attorneys practicing in these areas. (Prerequisite or Corequisite: LAW 1110) As required

LAW 2030  Secured Transactions, Collection Methods, and Bankruptcy Law (Elective course) ............... 3 credits
Study of creation and perfection of security interests in personal and real property; statutory methods of collecting a judgment; the FDCPA; and the U.S. Bankruptcy Code with emphasis of proceedings under Chapters 7, 11 and 13. Training in drafting of documents to create and perfect a security interest, collection letters, and bankruptcy petition and supporting schedules. (Prerequisite or Corequisite: LAW 1110) As required

MGMT 1010 Human Relations ... 3 credits
A course designed to encourage the student to understand relationships through a study of interpersonal communication, motivation, positive reinforcement, leadership processes and styles, conflict and change management, stress, prejudice, discrimination, group dynamics and personal development. F, S

MGMT 1110 Business Computer Applications ... 3 credits
This course is designed to assist the student in achieving proficiency in computer applications as they relate to business solutions. The student will demonstrate a working knowledge of word processing, electronic communications, data bases and spreadsheets. F, S, Su

MGMT 2210 Principles of Management and Quality Improvement ... 3 credits
This course provides an introduction to the fundamental principles and theory of management including the process of decision-making and problem solving related to planning, organizing, leading and controlling in the typical business firm. Designed to provide a brief history of the origins of modern quality management, and review of basic tools for evaluating and achieving performance excellence. F, S

MGMT 2500  PowerPoint Presentations and Web Page Design ........................................... 3 credits
This course should provide in-depth introduction of using Microsoft PowerPoint. Topics include basic and advanced skills of PowerPoint, the design concepts of creating presentations. Also, the course should present fundamental concepts and applications of Microsoft FrontPage to build and publish Web sites, manage existing Web sites, use FrontPage with existing Office 97 applications, and create hyperlinks and HTML documents. Because basic computer-use knowledge is required, prerequisites to this course would be MGMT 1110 and MGMT 2110. S

MGMT 2530  Human Relations .................................. 3 credits
A course designed to encourage the student to understand relationships through a study of interpersonal communication, motivation, positive reinforcement, leadership processes and styles, conflict and change management, stress, prejudice, discrimination, group dynamics and personal development. F, S

MGMT 2570  Human Resource Management ....... 3 credits
A survey of the principles and policies relating to the personnel function of a business. Topics covered include job analysis, forecasting, recruiting, training, and evaluation, and government policies and legal decisions. As required

MGMT 2590  Business Presentations .................... 3 credits
A capstone course designed to teach formal presentation skills for use in a business environment. Students will learn how to design, produce and present comprehensive business documents. The course will emphasize skills required to produce professional high quality documents. Word processing; desktop publishing; and business presentation software will be utilized. Communication and presentation skills (written and oral) must be demonstrated. Students should take this course in the last semester of their program. (Prerequisites: Last semester prior to graduation or permission of instructor) S

MGMT 2980  Students in Free Enterprise Practicum .... 2 credits
A course designed to provide students the opportunity to develop leadership, teamwork and communication skills through practicing and teaching the principles of free enterprise. S

MGMT 2990  Special Problems in Management ...... 1-6 credits
Special problems dealing with topics related to business. As required
**MATHEMATICS**

*(Calculators are required in all mathematics courses.)*

**Developmental Mathematics (DSPM)**

**DSPM 0700  Basic Mathematics 3 credits**
A pre-algebra course including problem solving with fractions, percents, proportions, integers, geometry, variables, simple linear equations, tables and graphs. Satisfactory completion of this course allows the student to exit to DSPM 0800 Elementary Algebra. (Prerequisite: admission is only by the college assessment and placement procedure.) F, S, Su

**DSPM 0800  Elementary Algebra 3 credits**
This course extends the topics of DSPM 0700 and includes problem solving with algebraic expressions including simple trinomial factoring, and linear equations, inequalities, and functions. Satisfactory completion of this course allows the student to exit to DSPM 0850 Intermediate Algebra. (Prerequisite: admission is only by the college assessment and placement procedure or successful completion of DSPM 0700 Basic Mathematics) F, S, Su

**DSPM 0850  Intermediate Algebra 3 credits**
This course extends the topics of DSPM 0800 and includes problem solving with polynomial, quadratic, rational, and radical functions. Satisfactory completion of this course allows the student to exit to college-level mathematics. (Prerequisite: admission is only by the college assessment and placement procedure or successful completion of DSPM 0850 Intermediate Algebra.) F, S, Su

**These courses constitute the TBR required sequence based on placement.**

---

**College Mathematics (MATH)**

*(Calculators are required in all mathematics courses.)*

**MATH 0990  Geometry 3 credits**
A geometry course including two and three-dimensional figures, with an emphasis on the properties of symmetry, congruence, and similarity, the Pythagorean Theorem, and special right triangle relationships. The course is designed for students who lack the unit of high school geometry needed for admission to a university, and for students who require a geometric background for other courses. (Prerequisite: One year of high school algebra or the successful completion of DSPM 0800. Students may be enrolled in DSPM 0850 concurrently.) Students must complete this course with a grade of “C” or better. It will not meet any graduation requirement. S

**MATH 1410  Number Concepts and Algebraic Structure 3 credits**
Students will investigate the role of numbers in expressing and relating quantities. Number systems to be explored include whole, rational, integer and real numbers. Students will explore a variety of functional relationships that arise from diverse problem situations using verbal, numerical, graphical, and algebraic representations. Tools used to explore concepts include computer software and a graphing calculator. (Prerequisite: Two years of algebra and one year of geometry in high school or completion of developmental mathematics.) F

**MATH 1420  Problem Solving, Geometry and Statistics 3 credits**
Students will use problem solving and logic to discover geometric and trigonometric concepts. Facility with statistics to be developed includes probabilities in experiments and measures of central tendency and variation. Tools used to explore concepts include computer software and a graphing calculator. (Prerequisite: Two years of algebra and one year of geometry in high school or completion of developmental mathematics and removal of geometry deficiency.) (formerly MATH 2000) S

**MATH 1530  Probability and Statistics 3 credits**
An introduction to probability and statistics without calculus including descriptive statistics, probability distributions, the normal distribution, testing hypotheses, the t-test, and estimates and sample sizes. The student should check transfer institution catalogs to decide between MATH 1530 and MATH 2050 Probability and Statistical Applications. (Prerequisite: Two years of high school algebra and one year of geometry in high school or completion of developmental mathematics.) (formerly MATH 1080) F, S, Su

**MATH 1630  Finite Mathematics 3 credits**
A course in algebraic, logarithmic, and exponential functions. Other topics include systems of linear equations and inequalities, matrices, linear programming, and mathematics of finance. (Prerequisite: Two years of algebra and one year of geometry in high school or completion of developmental mathematics.) (formerly MATH 1022 and MATH 1610) F, S, Su

**MATH 1710  Mathematical Functions I 3 credits**
A pre-calculus course in the theory and application of algebraic, logarithmic, and exponential functions. (Prerequisite: two years of high school algebra and one year of geometry in high school or completion of developmental mathematics.) (formerly MATH 1033) F, S
MATH 1920 • Calculus II ................................. 4 credits
A standard second-semester course in single variable calculus and analytic geometry. Further work with differential and integral calculus with applications including integration by parts, trigonometric substitution, infinite series, power series, and polar coordinates. (Prerequisite: MATH 1910) (formerly MATH 1120) F, S, Su

MATH 1910 • Calculus I ................................. 4 credits
A standard first-semester course in single variable calculus and analytic geometry especially for students of science, engineering, mathematics, secondary mathematics education, and scientific computer science. Differential and integral calculus with applications. (Prerequisites: Two years of algebra, a year of geometry, and half a year of trigonometry in high school plus satisfactory placement scores, or MATH 1720) (formerly MATH 1110) F, S, Su

MATH 1920 • Honors Calculus II ................................. 4 credits
A second-semester honors course in single variable calculus and analytic geometry. Further work with differential and integral calculus with applications including integration by parts, trigonometric substitution, infinite series, power series, and polar coordinates. Graphing calculator and computer demonstrations and projects related to calculus will be included. (Prerequisite: MATH 1910. ACT Math subscore of 24 or permission of instructor required.) S, Su

MATH 1910 • Honors Calculus I .......... 4 credits
A first-semester honors course in single variable calculus and analytic geometry especially for students of science, engineering, mathematics, secondary mathematics education, and scientific computer science. Differential and integral calculus with applications. (Prerequisites: Two years of algebra, a year of geometry, and half a year of trigonometry in high school plus satisfactory placement scores, or MATH 1720. ACT Math subscore of 24 or permission of instructor required.) F, S

MATH 2120 • Differential Equations ............ 3 credits
A first course, emphasizing solution techniques. Includes first-order equations and applications, theory of linear equations, equations with constant coefficients, Laplace transforms, and series solutions. (Prerequisite: MATH 2110) (formerly MATH 2710) S

MATH 2910 • Readings in Mathematics .......... 1-3 credits
Individual or group study in selected mathematical topics with faculty guidance. May be repeated for a maximum of nine credit hours. The format may include individual projects, readings, or papers. (Prerequisite: Consent of a faculty mentor to supervise the study.)

MARKETING (MKTG)

MKTG 1010 • Marketing Management ............. 3 credits
Designed to provide a basic understanding of the functions of marketing in a capitalistic society. The course is designed to provide theoretical understanding of basic marketing concepts and functions, in addition to practical experiences within the business community. As required

MASS COMMUNICATIONS (MCOM)

MCOM 1020 • Introduction to Mass Communications .......... 3 credits
Nature, functions, responsibilities of mass communications media and agencies. Survey of newspapers, magazines, radio, television, film, advertising, public relations, press associations, and specialized publications. F

MCOM 1040 • Writing for Mass Media ............. 3 credits
Information gathering and writing for print and broadcast, including news and promotional copy; grammar, usage, and style workshop is an integral part of the course. (Could substitute for one semester of college-level English for non-university-transfer students.) S (Biennially)
MCOM 2020 Introduction to Film and Media Criticism .................................................. 3 credits
This course surveys various approaches to film and media criticism. The course examines the various genres, both historical and contemporary, of American film and television. Emphasis will be given to audience strategies for viewing and evaluating film and television from a Speech Communication perspective. (Students cannot receive credit for both MCOM 2020 and SPCH 2050) As required

MCOM 2030 Reporting .............................................................. 3 credits
Instruction and laboratory practice in gathering information and writing types of stories handled by professional newspaper reporters. Assignments include coverage of beats for the campus newspaper. S (Biennially)

MCOM 2600 Survey of Broadcasting .............................................................. 3 credits
The study of the development of the broadcast industry and its present structure, FCC and other regulatory agencies, station and network operations and their effect on society. S (Biennially)

MEDICAL CODING (MDCD)

MDCD 1010 Basic ICD-9-CM Coding .................................................. 3 credits
This course covers the classification systems employed to organize medical information for future retrieval. The ICD-9-CM classification system is emphasized including its use for prospective payment systems. Course work focuses on acquiring skills in coding disease and procedures and abstracting medical data. This course is a combination of classroom and on line instruction. This course includes extensive use of computers and coding software. (Prerequisite or corequisite: MDTR 1010) F

3 hours lecture / week

MDCD 1020 Basic CPT/HCPCS Coding .................................................. 3 credits
This course covers the basic principles of coding with CPT/HCPCS. Instruction on outpatient coding, including structure, rules and guidelines. Students will develop skills in using CPT to report reimbursable services. This course is a combination of classroom and on-line instruction. This course includes extensive use of computers and coding software. (Prerequisite or corequisite: MDTR 1010) F

3 hours lecture / week

MDCD 1030 Intermediate ICD-9-CM Coding .............................. 3 credits
A continuation of the study of the ICD-9-CM classification system emphasizing its use for prospective payment systems. Course work focuses on acquiring advanced skills in coding diseases and procedures and abstracting medical data. This course includes extensive use of computers and coding software. (Prerequisites: MDCD 1010, HITC 2010; Corequisite: MDTR 1030) S

3 hours lecture / week

MDCD 1040 Advanced Coding for Reimbursement .... 3 credits
This course is a comprehensive study of reimbursement procedures for the prospective payment system (DRGs) and outpatient services (APCs). Coding issues are emphasized and optimization skills developed and applied. This course includes a clinical practicum in a medical facility. This course is a combination of classroom and online instruction. This course includes extensive use of computers and coding software. (Prerequisite: MDCD 1010, MDCD 1020; Corequisite: MDCD 1030) S

2 hours lecture / 3 hours clinical per week

MDCD 2990 Special Problems in Medical Coding .................................................. 1-5 credits
This course covers special problems and/or current topics in diagnostic and procedural coding.

MEDICAL INSURANCE SPECIALIST (MDIS)

MDIS 1010 Physician Office Billing ........................................ 3 credits
This course is designed to teach students legal issues affecting insurance claims and medical records, the health insurance claim form and the basics of health insurance, electronic data interchange, tracing delinquent claims, and insurance problem solving, collections strategies, health care payers including managed care systems, private insurance, Medicare, state programs, workers’ compensation, Tricare and CHAMPVA and disability. (Corequisite: MDCD 1010, MDCD 1020) F

3 hours lecture / week

MDIS 1020 Insurance Procedures Practicum ............ 3 credits
This course is designed to continue to teach students the health insurance claim form (UB-92), and insurance procedures and provide students a clinical practicum. The clinical practicum will be at health care facilities such as hospitals, clinics, and physicians offices to provide the student hands-on training in a healthcare setting. (Prerequisites: MDTR 1010, MDCD 1010, MDCD 1020, MDIS 1010. Corequisite: MDTR 1030, CPSC 1100) S

1 hour lecture, 4 hours practicum / week

MEDICAL TRANSCRIPTION (MDTR)

MDTR 1010 Medical Terminology ................. 5 credits
An introductory study of medical terminology utilizing the body systems approach including anatomy and physiology, laboratory/pathology terms, pharmacology concepts, terms and abbreviations. This is an online course that meets in person once for orientation to using online software. F, Su

5 hours lecture / week

MDTR 1020 Basic Medical Transcription .............. 4 credits
Transcription practice utilizing the body system approach to dictated medical reports such as histories and physicals, consultations, operative reports, admission and discharge summaries, pathology and x-ray reports. Emphasis includes proofreading and revising copy, applying correct language skills and medical terms. (Pre/Corequisites: OADM 1040 and MDTR 1010) F

8 hours lab / week

MDTR 1030 Fundamentals of Medical Science .... 3 credits
Study of diagnoses, signs and symptoms, surgical and diagnostic procedures, medical equipment and instruments, laboratory and pharmacology applications utilizing the body system approach. Emphasis includes current therapies and special procedures. This is an online course that meets in person once for orientation to using online software. (Prerequisite: MDTR 1010) S

3 hours lecture / week
MDTR 1040 Advanced Medical Transcription .......... 5 credits
Advanced medical transcription practice utilizing various types of medical transcription. Emphasis include speed, accuracy and correct format. (Prerequisite: MDTR 1020 and pre/corequisite: MDTR 1030) S
10 hours lab / week

MDTR 1050 Clinical Practicum .......................... 3 credits
Transcription practice in a medical facility. (Pre/Corequisite: MDTR 1040) S
6 hours clinical / week

MDTR 2990 Special Problems in Medical Transcription ........................ 1-5 credits
A course designed to expand creative offerings in medical transcription by pursuing topics in depth or by addressing specific topics to targeted groups.

MILITARY SCIENCE (MILS)

MILS 1030 Bushcraft Skills ................................. 1 credit
Instruction in adventure-oriented skills necessary for outdoor survival. Focus is on basic leadership development with a hands-on approach to classroom instruction. Includes techniques of land navigation, rappelling, and marksmanship. Periodic special events, i.e. white water rafting. Open to all students. Assists interested students in applying for Army ROTC scholarships.

MILS 1040 Military History of the United States ...... 3 credits
Provides instruction in the historical role of the military in the growth and development of the United States. A review of the major causes of and overall strategies of significant historical battles and campaigns of the U.S. Army will be completed.

MILS 2010 Leadership and Management I .............. 2 credits
The course is divided into five major areas: Leadership, Physical Training, Map Reading, Written and Oral Communications, and Basic Tactical Skills to include a field training exercise. The emphasis during Leadership Lab will be to teach the MILS II cadet drill and ceremonies and place the cadet in those situations which will develop his/her leadership ability, self-confidence, and technical proficiency.

MILS 2020 Leadership and Management II ............. 2 credits
The course is divided into five major areas: First Aid, Physical Training, Radio Communications, Written and Oral Communications, and Basic Tactical Skills to include a field training exercise. The emphasis during Leadership Lab will be to teach the MILS II cadet drill and ceremonies tactical skills and place the cadet in those situations which will develop his/her leadership ability, self-confidence, and technical proficiency.

MUSIC (MUS)

MUS 1000 Introduction to the Arts ....................... 3 credits
An introductory course to the fine arts designed to remove high school deficiency only. Areas of investigation and participation will include art, drama, and music. Study will include how to produce or perform works of art, how to analyze, interpret, and evaluate artworks, and knowledge of stylistic periods in the arts.

MUS 1020 Fundamentals of Music ...................... 3 credits
A study of the basic elements of music structure, scales, intervals, key signatures, meter, note values, triads, simple harmony, and sight singing. This course may be required of music majors whose Theory Placement exam indicates a need for remedial work. F

MUS 1030 Music Appreciation ......................... 3 credits
An introduction to music through listening to recordings of standard works, lectures, recitals and other media to encourage cultural development. (formerly MUSC 2100) F, S, Su

MUS 1040 Ear Training I ................................. 1 credit
Development of proficiency in identifying aurally and writing basic rhythmic, melodic, and harmonic progressions of traditional music. Designed to be taken concurrently with MUS 1110. Required for freshman music majors. S

MUS 1045 Ear Training II ................................. 1 credit
A continuation of MUS 1040 using more advanced melodies and harmonic procedures. Designed to be taken concurrently with MUS 1120. Required for freshman music majors. F

MUS 1050 Concert Choir ................................ 1 credit
A choral singing organization for students desiring a musical experience which includes learning quality literature and public performances. F, S

MUS 1060 College-Community Chorale ................ 1 credit
A choral organization for community members and students which presents public concerts throughout the academic year. F, S

MUS 1070 Survey of Popular Music:
Country Music ............................................ 3 credits
A chronological study of country music through listening to recordings of standard works, lectures, and other media. Students will develop an understanding of country music and its role in their culture.

MUS 1072 Survey of Popular Music:
Rock and Roll ............................................ 3 credits
A chronological study of rock and roll music through listening to recordings of standard works, lectures, and other media. Students will develop an understanding of rock and roll music and its role in their culture.

MUS 1074 Survey of Popular Music: Jazz ............. 3 credits
A chronological study of jazz music through listening to recordings of standard works, lectures, and other media. Students will develop an understanding of jazz music and its role in their culture.

MUS 1076 Survey of Popular Music: Folk ............. 3 credits
A chronological study of folk music through listening to recordings of standard works, lectures, and other media. Students will develop an understanding of folk music and its role in their culture.

<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUS 1078</td>
<td>Survey of Sacred Music</td>
<td>3 credits</td>
<td>A chronological study of sacred music through listening to recordings of standard works, lectures, and other media. Students will develop an understanding of sacred music and its role in their culture.</td>
</tr>
<tr>
<td>MUS 1090</td>
<td>Jazz Band</td>
<td>1 credit</td>
<td>A concert band which will represent the college in public performances; stage band and other ensembles will be selected from this organization. Individual practice as assigned. (Prerequisite: permission of instructor)</td>
</tr>
<tr>
<td>MUS 1110</td>
<td>Theory I</td>
<td>3 credits</td>
<td>A study of four part harmony of the 18th and 19th centuries using triads and seventh chords. Students will construct and analyze chord progressions and melodies. Required for freshman music majors. (Prerequisite: score of 80% or better on Theory Placement exam)</td>
</tr>
<tr>
<td>MUS 1120</td>
<td>Theory II</td>
<td>3 credits</td>
<td>A continuation of Music 1110 using more advanced techniques. Required for sophomore music majors. (Prerequisite: MUS 1110)</td>
</tr>
<tr>
<td>MUS 1510</td>
<td>Class Voice I</td>
<td>3 credits</td>
<td>Group instruction in basic techniques of breathing, tone production, diction, phrasing, using simple song repertoire. Daily practice required.</td>
</tr>
<tr>
<td>MUS 1520</td>
<td>Class Voice II</td>
<td>3 credits</td>
<td>A continuation of Music 1510 with advanced techniques of voice production, solo literature and application to training choral groups. Daily practice required. (Prerequisite: MUS 1510 or permission of the instructor)</td>
</tr>
<tr>
<td>MUS 1610</td>
<td>Class Piano I</td>
<td>2 credits</td>
<td>Group instruction in basic piano techniques for students with no prior training in piano. Daily practice required. May be required of music majors according to score on piano proficiency.</td>
</tr>
<tr>
<td>MUS 1620</td>
<td>Class Piano II</td>
<td>2 credits</td>
<td>A continuation of Music 1610 applied to accompanying classroom and simple choral repertoire. Daily practice required. May be required of music majors according to score on piano proficiency. (Prerequisite: MUS 1610 or permission of the instructor)</td>
</tr>
<tr>
<td>MUS 1710/1720</td>
<td>Commercial Vocal</td>
<td>1/1 credit</td>
<td>A study of the major styles of commercial music with attention to the characteristics that distinguish each.</td>
</tr>
<tr>
<td>MUS 1730</td>
<td>Choral Studies</td>
<td>1 credit</td>
<td>Participation and public performances of a variety of popular and commercial music. Open by audition only.</td>
</tr>
<tr>
<td>MUS 1745</td>
<td>Music Business</td>
<td>3 credits</td>
<td>A systematic look at career options in the music industry. Topics discussed include: songwriting, record contracts, music publishing, national and international copyright law, music licensing, artist management, and concert promotion.</td>
</tr>
<tr>
<td>MUS 1750/1760</td>
<td>Commercial Instrumental</td>
<td>1/1 credit</td>
<td>Commercial Instrumental Styles is designed for instrumentalists who plan to work in the entertainment industry as a studio musician or performer. Emphasis is placed on 1) playing different styles of music, 2) improvisation, 3) learning to play a chord chart and 4) ear training.</td>
</tr>
<tr>
<td>MUS 1810</td>
<td>Class Guitar I</td>
<td>3 credits</td>
<td>Group instruction in basic guitar techniques for students with no prior training in guitar. Daily practice required.</td>
</tr>
<tr>
<td>MUS 1820</td>
<td>Class Guitar II</td>
<td>3 credits</td>
<td>A continuation of Music 1810 with advanced techniques of guitar production and solo literature. Daily practice required. (Prerequisite: MUS 1810 or permission of the instructor)</td>
</tr>
<tr>
<td>MUS 1912</td>
<td>Individual Music Instruction - Voice</td>
<td>1-2 credits</td>
<td>One 30-minute (1 credit) or 50-minute (2 credits) lesson per week with an instructor. Daily practice required. Examinations each semester. Public performance may be scheduled. Lab fee required.</td>
</tr>
<tr>
<td>MUS 1922</td>
<td>Individual Music Instruction - Keyboard</td>
<td>1-2 credits</td>
<td>One 30-minute (1 credit) or 50-minute (2 credits) lesson per week with an instructor. Daily practice required. Examinations each semester. Public performance may be scheduled. Lab fee required.</td>
</tr>
<tr>
<td>MUS 1932</td>
<td>Individual Music Instruction - Instrument</td>
<td>1-2 credits</td>
<td>One 30-minute (1 credit) or 50-minute (2 credits) lesson per week with an instructor. Daily practice required. Examinations each semester. Public performance may be scheduled. Lab fee required.</td>
</tr>
<tr>
<td>MUS 1933</td>
<td>Individual Music Instruction - Guitar</td>
<td>1-2 credits</td>
<td>One 30-minute (1 credit) or 50-minute (2 credits) lesson per week with an instructor. Daily practice required. Examinations each semester. Public performance may be scheduled. Lab fee required.</td>
</tr>
<tr>
<td>MUS 1934</td>
<td>Individual Music Instruction - Woodwinds</td>
<td>1-2 credits</td>
<td>One 30-minute (1 credit) or 50-minute (2 credits) lesson per week with an instructor. Daily practice required. Examinations each semester. Public performance may be scheduled. Lab fee required.</td>
</tr>
<tr>
<td>MUS 1935</td>
<td>Individual Music Instruction - Brass</td>
<td>1-2 credits</td>
<td>One 30-minute (1 credit) or 50-minute (2 credits) lesson per week with an instructor. Daily practice required. Examinations each semester. Public performance may be scheduled. Lab fee required.</td>
</tr>
<tr>
<td>MUS 1936</td>
<td>Individual Music Instruction - Percussion</td>
<td>1-2 credits</td>
<td>One 30-minute (1 credit) or 50-minute (2 credits) lesson per week with an instructor. Daily practice required. Examinations each semester. Public performance may be scheduled. Lab fee required.</td>
</tr>
<tr>
<td>MUS 1937</td>
<td>Individual Music Instruction - Strings</td>
<td>1-2 credits</td>
<td>One 30-minute (1 credit) or 50-minute (2 credits) lesson per week with an instructor. Daily practice required. Examinations each semester. Public performance may be scheduled. Lab fee required.</td>
</tr>
</tbody>
</table>
MUS 2010  Advanced Ear Training I ......................... 1 credit
Development of proficiency in identifying aurally and writing advanced rhythmic, melodic and harmonic progressions of traditional music. Designed to be taken concurrently with MUS 2110. Recommended class for transfer purposes for sophomore music majors. S

MUS 2020  Advanced Ear Training II ..................... 1 credit
A continuation of MUS 2010 using more advanced melodies and harmonic procedures. Designed to be taken concurrently with MUS 2120. Recommended class for transfer purposes for sophomore music majors.

MUS 2090  College-Community Symphonic Band ... 1 credit
An instrumental organization with rehearsals meeting once each week in the evening. Auditions are open to all adult college or high school students seeking admission. Public performances may be scheduled. (Prerequisite: Permission of the director) F, S

MUS 2110  Advanced Theory I ............................... 3 credits
A study of advanced harmonic progressions and melodic structures of the 17th to 19th centuries. Students will analyze advanced harmonic progressions and melodies as well as larger forms of musical composition. Recommended class for transfer purposes for sophomore music majors. Prerequisite: MUS 1120. S

MUS 2120  Advanced Theory II ............................. 3 credits
A study of advanced harmonic and melodic structures of the 19th and 20th centuries. Recommended class for transfer purposes for sophomore music majors. Prerequisite: MUS 2110.

MUS 2990  Music Problems ................................. 1-3 credits
A course featuring in-depth study in the field of music. The course may be repeated for credit provided the theme is not repeated. (Prerequisite: consent of division chair) F, S

NURSING (NURS)

NURS 1001  Basic Life Support for Healthcare Providers ........................................... 1 credit
This course is designed to teach the skills of CPR for victims of all ages. The course includes cognitive information on the chain of survival including cardiac and respiratory emergencies. Skills to be performed include: CPR for victims of all ages, relief of foreign-body airway obstruction, ventilation barrier devices, bag-mask devices, and use of an automated external defibrillator. Upon successful completion of this course, participants will receive an American Heart Association course completion card for the BLS for Healthcare Provider Course. The course is recommended for healthcare providers and health care majors. F

NURS 1002  Test Taking Strategies ............................ 1 credit
This course is designed for the beginning student nurse preparing to take tests within and at the completion of nursing fundamental courses. The information presented is designed to maximize success by helping students to develop a positive attitude, understand critical thinking, study and learn more effectively and become test-wise by identifying steps in analysis of a test question. F

NURS 1003  Drug Dosage Calculation ....................... 1 credit
A course including systems of measurement, converting dosages among systems, and the calculation of drug dosages as part of the nursing responsibility of administering medications. Mathematical operations using fractions and decimals, calculation of oral and injectible doses of medicines, and calculation and regulation of intravenous flow rates are included. This course is specifically designed for prospective or enrolled nursing students who need more practice and instruction to master calculation skills than is provided in NURS 1130 Pharmacology. F, S

NURS 1004  Introduction to Medical Terminology ...... 1 credit
Using a body system approach, this course is a basic study of the development and usage of medical terminology. Upon completion of this course, the student will be able to identify, spell and define medical terms related to the diagnosis, pathology and treatment of the major body systems. F, S

NURS 1100  Nursing Concepts and Processes ........... 1 credit
The study of the concepts and processes fundamental to the practice of nursing in meeting patient needs. (Prerequisites: BIOL 2010/2011, 2020/2021, and CPSC 1100. Corequisites: NURS 1130, 1150, 1160/1161) F

NURS 1130  Pharmacology .................................... 3 credits
An introduction to nursing responsibilities related to the broad classifications of drugs and how they work in the body. (Prerequisites: BIOL 2010/2011, 2020/2021 and CPSC 1100. Corequisites: NURS 1100, 1150, 1160/1161) F

NURS 1150  Nursing Skills .................................... 1 credit
The study and application of nursing skills necessary in meeting patient needs. Clinical experiences are in the skills lab. (Prerequisites: BIOL 2010/2011, 2020/2021. Corequisites: NURS 1100, 1130, 1160/1161) F

3 hours clinical experience

NURS 1160/1161  Introduction to Nursing Process ... 4 credits
An introduction to the practice of nursing, this course focuses on meeting patient needs, with the application of fundamental concepts and the beginning development of nursing competencies. Clinical experiences are in nursing homes and hospitals. (Prerequisites: BIOL 2010/2011, 2020/2021. Corequisites: NURS 1100, 1130, 1150 and satisfactory progress in NURS 1150) F

3 hours lecture / 3 hours clinical experience

NURS 1170  Nursing Process - CM ......................... 13 credits
This course is designed for the career mobility LPN to RN student. Credit for this course is earned through the successful completion of NURS 1180/1181.

NURS 1180/1181  Transition to Nursing .................... 6 credits
This is an introductory course for licensed practical nurses, transfer students, and students designated by the dean of Health Programs. It is designed to assess and evaluate the students’ current knowledge of nursing content and nursing skills. Additional learning activities in the classroom, skills lab, computer lab and clinical setting will be utilized to prepare these students for progression to the 2000 level nursing courses. (Prerequisites: BIOL 2010/2011, 2020/2021) Su

5 hours lecture / 3 hours clinical experience
NURS 2600/2601  Nursing Process I ............................ 10 credits
Based on the nursing process, this course focuses on the care of special populations in hospital and community settings. Competencies of assessment, collaboration, communication, management of care, clinical interventions, clinical decision-making, professional behaviors and teaching-learning are emphasized. Clinical experiences are in parent/child, psychiatric hospital settings and community sites. (Prerequisites: NURS 1100, 1130, 1150, 1160/1161 or 1180/1181. F, S

6 hours lecture / 12 hours clinical experience

NURS 2610/2611  Nursing Process II ............................. 10 credits
Based on the nursing process, this course focuses on health promotion in meeting patient needs. Competencies of assessment, collaboration, communication, management of care, clinical interventions, clinical decision-making, professional behaviors and teaching-learning are emphasized. Clinical experiences are in a variety of health care settings. (Prerequisites: NURS 1100, 1130, 1150, 1160/1161 or 1180/1181.) F, S

6 hours lecture / 12 hours clinical experience

NURS 2620/2621  Nursing Process III ............................ 5 credits
Based on the nursing process, this course further develops the competencies of assessment, collaboration, communication, management of care, clinical interventions, clinical decision-making, professional behaviors and teaching-learning to meet complex patient needs. Clinical experiences are in a variety of health care settings. (Prerequisites: NURS 2600/2601, 2610/2611, ENGL 1010, BIOL 2510/2511, PSYC 1310, SPCH 2010, HUM Elective, MATH 1530. Corequisites: NURS 2620/2621). S

3 hours lecture / 6 hours clinical experience

NURS 2630/2631  Nursing Process IV ............................. 4 credits
This course focuses on the application of the nursing process in roles of leadership and management utilizing competencies of assessment, collaboration, communication, management of care, clinical interventions, clinical decision-making, professional behaviors and teaching-learning. Emphasis is on the development of professional behaviors. Clinical experiences are within health care system and the community. (Prerequisites: NURS 2600/2601, 2610/2611, ENGL 1010, BIOL 2510/2511, PSYC 1310, SPCH 2010, HUM Elective, MATH 1530. Corequisites: NURS 2620/2621). S

2 hours lecture / 6 hours clinical experience

NURS 2990  Special Problems in Nursing ...................... 1-5 credits
Special problems or areas of interest for nursing students.

OFFICE ADMINISTRATION (OADM)

OADM 1010  Document Preparation I ............................... 3 credits
Provides experience in formatting and preparing business letters, outlines, reports, tables, data sheets and forms. Basic text-editing functions of microcomputers are introduced. (Prerequisites: one year of high school typewriting or successful completion of OADM 1040 Keyboarding) F

OADM 1020  Document Preparation II ................................. 3 credits
Processing information for executive, production, marketing, accounting, governmental, medical and legal offices is emphasized. Advanced text-editing functions are introduced. (Prerequisite: OADM 1010) S

OADM 1040  Keyboarding ............................................... 3 credits
Designed to improve proficiency in alpha-numeric keyboarding skills needed for inputting on electronic typewriters, microprocessors, word processors and computer terminals. Credit is assigned on a pass/fail basis. F, S

OADM 1110  Shorthand I .................................................. 3 credits
Presentation of fundamentals of Gregg Series 90 shorthand with emphasis on the development of skills in reading from printed material and writing from dictated as well as printed material.

OADM 1120  Shorthand II .................................................. 3 credits
Introduction of preparation of mailable transcripts with emphasis on grammar, spelling, and punctuation. Development of speed in taking shorthand from dictation. (Prerequisites: OADM 1110, OADM 1040 or equivalent)

OADM 1210  Administrative Office Procedures
and Simulation ............................................................ 3 credits
A study of the principles and techniques of office procedures including responsibilities for placing and receiving calls, paper and electronic filing, traditional and electronic mail systems, handling travel details, document preparation in the automated office, payroll recording, presenting statistical data, calendaring, and handling details for meetings. Students will also have simulated office experiences with the principles and techniques taught in the course. (Prerequisites for this course include OADM 1040 or equivalent and OADM 1010.) F

OADM 2220  Word Processing .......................................... 3 credits
Introduction to word processing utilizing IBM-PC compatible microcomputers. Emphasis will be on basic computer concepts, terminology, and formatting and producing documents. F

OADM 2310  Word Processing Transcription ..................... 3 credits
Preparation of documents from dictated input on electronic word processors. Emphasis on word processing experiences including proofreading and revising copy, applying correct language skills, and determining document format. (Prerequisite: OADM 1010) F

OADM 2900  Office Proficiency Assessment
Certification Review .................................................. 1 credit
An application-oriented assessment of entry-level skills for office administration students. The course is a pass/fail evaluation of students’ proficiency in keyboarding, word processing, language arts skills, records management, financial record keeping, spreadsheets, and databases. Students in the office administration major must be enrolled in their final semester of classes to take this course. S

OADM 2990  Office Administration Internship ...................... 3 credits
An office administration internship of combined learning and office work experience. Students will be placed in private industry as well as Walters State Community College administrative offices. (Prerequisite: OADM 1010 and OADM 1210) F, S
**PARA 2010  Paramedic Roles and Responsibilities .............................. 1 credit**

Students are introduced to the role of the EMT-Paramedic in the health care delivery system. Duties and responsibilities of the EMT-Paramedic as well as legislation affecting job performance are covered. Other topics discussed include medical ethics, patient’s rights, and professional interactions.

**PARA 2020  Human Systems and Patient Assessment........................................... 4 credits**

Overview of anatomy and physiology of each system of the body. Use of medical terminology, construction of medical terms, using roots and prefixes, and procedures for patient assessment including the patient’s medical history, physical examination, and transfer of collected information to the supervising physician are included.

**PARA 2030  Shock Trauma ....................................................... 3 credits**

A study of the mechanism of injury, kinematics, multi-systems injury, signs and systems, and treatment. The pathophysiology of shock, types of shock and treatment are included.

**PARA 2040  Medical Emergencies.................................................. 3 credits**

**PARA 2050  Behavioral Crises and Stress ........................................... 1 credit**

This course will discuss the cause and effect relationship of anxiety and stress as well as management techniques. Examination of various types of behavioral/psychological emergencies the paramedic may encounter with patients and specific procedures for handling each one.

**PARA 2060  Obstetrics and Pediatrics .............................................. 2 credits**

Anatomy and physiology of the female reproductive system and the technique for assessment of a patient with suspected obstetric and/or gynecologic disorder. Both normal and abnormal deliveries are discussed along with management of the delivery process. Complications of labor and delivery are discussed. Assessment of the pediatric patient and management of specific problems. The role of the EMT-Paramedic in a neonate transport system is discussed along with a review of specialized procedures.

**PARA 2070  Clinical Practicum I ................................................. 1 credit**

Experience to develop clinical competency in advanced life support assessment and practice. Initial rotations in the emergency department setting, anesthesia, limited field exposure, and selected rotations by the Paramedic Program instructional staff.

**PARA 2110  Cardiovascular System .................................................. 5 credits**

Discussion of the anatomy and physiology of the cardiovascular system, with emphasis upon the structure, function, and electrical system of the heart. Assessment of the patient with suspected cardiovascular problems is included. Pathophysiology is discussed including coronary artery disease, angina, acute myocardial infarction. Included is cardiopulmonary resuscitation, medical anti-shock trousers and mechanical heart-shock resuscitators.

**PARA 2120  Dysrhythmia Recognition and Treatment.............................................. 3 credits**

Introduction of the EMT-Paramedic to specific identification and treatment of all major cardiac arrhythmias. Specific treatment includes treatment protocols, electrocardiographic pacemakers, defibrillation/cardioversion, positioning for transport, and other treatment methods.

**PARA 2130  General Pharmacology and Fluid Therapy ........................................ 2 credits**

Discussion of the fluids and electrolytes in the body with emphasis placed upon the manifestation of fluid and electrolyte imbalances. Introduction of the student to general groups of drugs and classification of each. Also covers the kinds of information the students should know about each drug. Includes the calculation of dosages, the use of the metric system, and the administration of drugs through various routes.

**PARA 2170  Clinical Practicum II ...................................................... 3 credits**

Advanced clinical rotations in small hospital and Level I trauma centers. Some limited field experience is built upon. Major emphasis is placed within coronary care, trauma, intensive care, labor and delivery, pediatrics, aeromedical operations, and selected rotations by the Paramedic Program instructional staff.

**PARA 2220  Advanced Cardiac Care .............................................. 1 credit**

This course correlates with the American Heart Association Advanced Cardiac Life Support curriculum. Studies include: anatomy and physiology of the cardiovascular system, dysrhythmia recognition/management, IV therapy, cardio-version/defibrillation therapy, cardiac-specific pharmacology, cardiac arrest management, endotracheal intubation, and other advanced skills.

**PARA 2230  Advanced Trauma Care .............................................. 1 credit**

This course correlates with the Basic Trauma Life Support Advanced curriculum. Course topics include: kinematics, patient assessment, airway management, thoracic trauma, shock management, fluid resuscitation, spinal trauma/management, head trauma, extremity trauma, abdominal trauma, burns, pediatric trauma, geriatric trauma, trauma in pregnancy, patients under the influence of alcohol and drugs, and traumatic cardiac arrest.

**PARA 2240  Field Practicum ......................................................... 2 credits**

This course is a supervised field experience aboard ground-based mobile intensive care units. The student is assigned to one paramedic preceptor for this entire rotation. The paramedic preceptor will evaluate the student based upon field performance and ability to put together what has been learned in the classroom, laboratory and hospital clinical settings.

**PARA 2250  Advanced Pediatric Care .............................................. 3 credits**

Pediatric Advanced Life Support is covered through the study of anatomy and physiology of the neonate, infant, and child with an emphasis on caring for cardiac dysrhythmias, drug administration, IV therapy, defibrillation and monitoring, intubation, intravenous infusion and other advanced skills.

**PARA 2270  Clinical Practicum III .................................................... 2 credits**

This course is a continuation of PARA 2170. Advanced clinical rotations in various hospital clinical rotations. This course is to be taken at the same time as PARA 2240.
PARA 2290  Seminar in Rural Emergency Medical Services .................................................. 1 credit
This course will examine issues relevant to the unique rural pre-hospital emergency medical services delivery system. Topics for this course could include: telemedicine techniques, 12 lead ECG interpretation, critical care interfacility transport, rapid sequence induction and the like. An instructional component specific to national/state board preparation would also be included.

PHARMACY TECHNICIAN (PHAR)

PHAR 1000  Pharmacy Oriented Anatomy and Medical Terminology ........................................... 2 credits
A course in anatomy and physiology with emphasis on the anatomical areas most affected by drugs. All anatomical systems will be discussed. Medical terminology will be oriented toward the needs of the pharmacy technician in the pharmacy setting. F, Su

PHAR 1010/1011  Introduction to Pharmacy Technician Practice and Lab ........................................ 2 credits
This course is an introduction to the practice of pharmacy in the institutional and community pharmacies with emphasis on the responsibilities of the pharmacy technician. Topics include prescription orders (interpretation and dispensing), legal and ethical aspects of support personnel, an overview of the healthcare system, utilization of research materials and computers, and drug distribution and control. F, Su

PHAR 1020/1021  Pharmacy Calculations and Lab ................................................................. 3 credits
A review of numbers, fractions, decimals and percentage with an introduction of calculations used in pharmacy practice. An emphasis will be placed on accuracy and the calculations involving alligation, ratio, flow rates, dilutions, proportions, and enlarging or reducing formulae, and dosage calculations. The student will learn household, apothecary and metric equivalents and how to interpret and calculate dosages from prescriptions and physician orders. F, Su

PHAR 1030  Pharmacology and Therapeutics ................................................................. 3 credits
This course discusses the general therapeutic classes of drugs and their interactions with the body. It will include common principles of pharmacology, major side effects of various drugs, nutritional products, blood modifiers, hormones, diuretics, cardiovascular, respiratory drugs and gastro-intestinal agents. It will also include drugs affecting the autonomic nervous system, muscle relaxants, anti-epileptic agents, anesthetics, anti-inflammatory agents and anti-infective drugs. (Pre/corequisite: PHAR 1000) F, S

PHAR 1050  Principles of Pharmacy Practice ................................................................. 3 credits
A study of novel and common pharmaceutical dosage forms and delivery systems as well as applications of pharmacy automation. The student will learn how to prepackage medications. Other topics include over-the-counter medications, herbal supplements, vitamins, and poisons/antidotes. (Pre/corequisite: PHAR 1000) F, S

PHAR 1060/1061  Sterile Products Technology and Lab .......................................................... 2 credits
Provides an understanding of the fundamentals of the preparation of sterile dosage formulas. Topics include routes of drug administration, dosage form design, good manufacturing practices, injections, and sterile fluids. Lab exercises are designed to provide skill in compounding techniques, preparing solutions and using aseptic techniques with appropriate labeling, and documentation. (Pre/corequisite: PHAR 1020/1021) F, S

PHAR 1070  Pharmacy Jurisprudence and Ethics .................................................. 2 credits
Discusses health and safety regulations, the welfare of pharmacy services recipients, state and federal laws governing pharmacy practice and drug distribution, pharmacy code of ethics, professional conduct related to pharmacy technicians and their activities, and the Pharmacy Practice Act and effective communications with patients, co-workers and other personnel. F, S, Su

PHAR 2055  Institutional Pharmacy Practice .................................................. 3 credits
A work-study experience providing practical experience under the direct supervision of a licensed pharmacist in a hospital and/or other health care institutional pharmacy practice. Emphasis will include reading and transcribing physician’s orders, drug dispensing systems, purchasing and inventory control, use of reference materials, filling unit dose charts and preparing sterile injections. Experience with computers, aseptic technique, and safety practices will also be included. (Prerequisites: PHAR 1000, PHAR 1010/1011, PHAR 1020/1021, PHAR 1030, PHAR 1050, PHAR 1060/1061. Pre/corequisite: PHAR 1070 and consent of the program director.) S, Su

PHAR 2080  Retail Pharmacy Practice ................................................................. 3 credits
This work-study course includes experience in a retail-community pharmacy with prescription and non-prescription products, their compositions and indications, distribution and control. Students will perform normal clerical and technician-level responsibilities under the direct supervision of a licensed pharmacist. This experience will also include use of computers, customer contact and practice with billing and insurance forms. (Prerequisites: PHAR 1000, PHAR 1010, PHAR 1020/1021, PHAR 1030, PHAR 1050, PHAR 1060/1061. Pre/corequisite: PHAR 1070 and consent of the program director.) S, Su

PHAR 2990  Special Projects in Pharmacy Technology .................................................. 1-5 credits
Special projects relating to current topics and special research on pharmacy topics. The topics may vary and the course may be repeated with approval of the program director. (Prerequisites: director’s approval)
PHYSICAL EDUCATION, HEALTH AND RECREATION (PHED)

*Fitness Activity †Lifetime Activity

PHED 1010 Physical Conditioning * ............................. 1 credit
A physical fitness program incorporating traditional exercises, circuit training, and aerobics to improve the physical state and promote lifetime fitness. (Activity Course) F, S, Su

PHED 1020 Adaptive Physical Education I .................... 1 credit
An independent specialized activity program for the disabled student. (Activity Course) F, S, Su

PHED 1030 Adaptive Physical Education II .................... 1 credit
An advanced independent specialized activity program for the disabled student. (Activity Course) F, S, Su

PHED 1110 Archery † ................................................. 1 credit
Introduction of basic skills and techniques of shooting and to show ways archery may be utilized avocationally throughout their lifetime. (Activity Course)

PHED 1137 Power Walking * ........................................ 1 credit
A health oriented activity designed to provide instruction of walking programs necessary for achievement of lifetime fitness. A sequential series of routines formulated for better overall physical health and wellness related issues. F, S, Su

PHED 1210 Badminton † .............................................. 1 credit
Development of basic fundamental skills, rules, and strategy necessary to play the game of badminton. (Activity Course)

PHED 1220 Racquetball † ............................................. 1 credit
Introduction of basic equipment, and basic skills, rules of the game, shot selection, and strategy of the game. Emphasis on safety for pleasurable racquetball. (Activity Course) S, Su

PHED 1250 Tennis † ..................................................... 1 credit
Introduction and development of skills, general rules, and strategy related to the game of tennis with particular emphasis on acquisition of skill. (Activity Course) F, S, Su

PHED 1310 Basketball † ............................................... 1 credit
Development of basic skills, basic rules and strategy for the game situation. (Activity Course) F, S

PHED 1350 Softball † .................................................... 1 credit
Introduction, development of basic skills and acquiring knowledge related to rules and strategy of softball. (Activity Course)

PHED 1410 Bowling † .................................................... 1 credit
Introduction in acquisition of basic techniques of bowling, the conversion of spares, scoring, selecting equipment, bowling etiquette, and tips for fine tuning of techniques if you are an experienced bowler. (Activity Course) F, S, Su

PHED 1510 Contemporary Dance † ............................... 1 credit
An introduction of basic dance steps used in social, country and western, and jazz dances in our society. (Activity Course)

PHED 1520 Exerdance * .................................................. 1 credit
Aerobic exercises choreographed to music for improving overall physical fitness. Diet, nutrition, and body composition are included as they relate to good physical fitness. (Activity Course)

PHED 1530 Ballet I † ..................................................... 2 credits
Instruction and practice in elementary classical ballet techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1550)

PHED 1535 Ballet II † ..................................................... 2 credits
Instruction and practice in intermediate classical ballet techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1535)

PHED 1540 Jazz I † ..................................................... 2 credits
Instruction and practice in elementary classical jazz techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1540)

PHED 1545 Jazz II † ..................................................... 2 credits
Instruction and practice in intermediate classical jazz techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1545)

PHED 1550 Modern Dance I † ..................................... 2 credits
Instruction and practice in elementary classical modern dance techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1550)

PHED 1555 Modern Dance II † .................................... 2 credits
Instruction and practice in intermediate classical modern dance techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1555)

PHED 1560 Tap Dance I † .......................................... 2 credits
Instruction and practice in elementary classical tap dance techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1560)

PHED 1565 Tap Dance II † ......................................... 2 credits
Instruction and practice in intermediate classical tap dance techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1565)

PHED 1570 Clogging † ............................................... 2 credits
Instruction and practice in elementary classical clogging techniques. May be repeated. Maximum 4 hours. (Equivalent to DANC 1570)

PHED 1610 Golf † ....................................................... 1 credit
Development of basic skills and techniques of the strokes, general rules, and knowledge of the game. (Activity Course) F, S, Su

PHED 1710 Soccer † ................................................... 1 credit
Introduction, development of basic skills and acquiring knowledge related to rules and strategy of the game. (Activity Course)

PHED 1720 Weight Training * ....................................... 1 credit
The introduction of the basic safety and techniques of lifting and establishing an individualized program to meet the needs of each student. (Activity Course) F, S, Su

PHED 1730 Volleyball † ............................................. 1 credit
The introduction and development of the basic fundamental skills, rules, and strategy related to the game of volleyball. (Activity Course) F
PHED 1810 Karate † .............................. 1 credit
A study of techniques and practices that will result in an increase awareness of the students capacity for physical control by the knowledge and discipline of Karate. The course is designated to contribute to the philosophy of physical education in coordinating the dual nature of the human being - physical and mental. (Activity Course) F, S

PHED 1910 Aquatics * .............................. 1 credit
Development of basic and intermediate swimming strokes, survival floating, diving, and rescue techniques with emphasis on water safety. (Activity Course) Su

PHED 1920 Water Exercise * .............................. 1 credit
Aerobic exercising using the buoyancy and resistance of the water to improve overall fitness without stress and soreness to the muscles. All ages, fitness levels, co-ed, swimmers and non-swimmers. (Activity Course)

PHED 1930 Snow Skiing † .............................. 1 credit
Introduction and development of basic knowledge and skills necessary for the safety and enjoyment of skiing. (Activity Course) S

PHED 2000 Personal Wellness .............................. 3 credits
A compilation of health-oriented wellness dimensions designed to expand students' potential to live fuller lives through behavioral and social science constructs while integrating various aspects of fitness that contribute to the quality of life.

PHED 2010 Introduction to PHED .............................. 3 credits
This course is designed to introduce Physical Education Majors to the history of Physical Education and to familiarize them with opportunities available in various fields. F

PHED 2070 Sports Officiating .............................. 2 credits
A detailed techniques and officiating course. It will cover rule interpretations, specific play situations and ethical behavior of the participant.

PHED 2110 Human Motor Behavior .............................. 3 credits
This course will provide current theories and principles explaining motor behavior; psychological factors related to and/or affecting motor skill acquisition, performance, and perceptual motor programs. S

PHED 2310 Sport and Physical Activity in American Society .............................. 3 credits
A course dealing with the social and psychological influences which affect behavior in sports settings and/or environments.

PHED 2320 Care and Treatment of Athletic Injuries .............................. 3 credits
Analysis, theory, and practice in the prevention, treatment and/or care of basic athletic injuries. F

PHED 2810 Skills and Teaching of Elementary Activities and Movement Education .............................. 3 credits
This course is designed to provide instruction and experiences in planning elementary physical education programs. Emphasis is on planning and teaching activities and movement experiences taught by the theme approach in dance, games, and gymnastics for elementary children. S

PHED 2990 Problems in Health, Physical Education and Recreation .............................. 1 - 3 credits
The course will be specifically designed to meet the unique need of the problems course in the field of health, physical education and recreation.

PHILOSOPHY (PHIL)

PHIL 1030 Human Nature and Life .............................. 3 credits
A study of philosophical perspectives of human nature and the meaning of life. F, S

PHIL 1110 Elementary Logic .............................. 3 credits
An analysis of deductive logic, the rules of modern formal logic, the principles of validity, truth tables and elementary formal proofs of validity. (Prerequisite: Two years of high school algebra or successful completion of developmental mathematics) S

PHIL 1600 Issues in Philosophy .............................. 3 credits
This course will cover current issues in philosophy. This course may be repeated for credit provided the theme is not repeated. S

PHIL 2210 Religions and Cultures .............................. 3 credits
Introduction to the study of world religions such as Hinduism, Buddhism, Taoism, Shintoism, and Zen. (Exclusive of near-eastern religions.) F, S

PHYSICS (PHYS)

PSCI 1010/1011 Physical Science I .............................. 4 credits
Principles, concepts and topics related to physics and astronomy for non-science majors. (formerly PHYS 1010/1011) F

3 hours lecture / 3 hours laboratory

PSCI 1020/1021 Physical Science II .............................. 4 credits
Principles, concepts and topics related to chemistry, geology and oceanography for non-science majors. (formerly PHYS 1020/1021) S

3 hours lecture / 3 hours laboratory

PHYS 1130 Conceptual Physics .............................. 4 credits
Topics from mechanics, heat, sound, light, electricity and magnetism, and atomic and nuclear physics with applications to familiar phenomena, including the environment.

PHYS 2010/2011 General Physics I/Lab .............................. 4 credits
An introductory precalculus survey course in general physics including; mechanics, work and energy, rotation and vibration, wave motion, fluids and sound. (Prerequisite: MATH 1720; corequisite: PHYS 2011) (formerly PHYS 2110/2111) F, Su

Lecture / 3 hours laboratory

PHYS 2020/2021 General Physics II/Lab .............................. 4 credits
Thermodynamics, electricity and magnetism, optics, atomic and nuclear physics. (Prerequisite: PHYS 2010; corequisite: PHYS 2021) (formerly PHYS 2120/2121) F, Su

Lecture / 3 hours laboratory
PHYS 2110/2111 • Physics I/Lab .......................... 4 credits
A calculus based course intended primarily for students in science, mathematics, engineering and other technical fields. Mechanics, wave motion, fluids, and sound. (Prerequisite: MATH 1910; corequisite: PHYS 2111) (formerly 2610/2611) F
Lecture / 3 hours laboratory

PHYS 2120/2121 • Physics II ............................. 4 credits
A study of forces, moments, vector quantities, static equilibrium with applications to structures, friction, center of gravity, and second moments. (Prerequisite: MATH 1920) F
3 lectures and one discussion / week

PHYS 2220 • Dynamics (with Calculus) ................. 4 credits
Absolute and relative kinetics of particles and rigid bodies using Newton’s laws, work-energy, and impulse-momentum principles. (Prerequisite: PHYS 2210) S
3 lectures and one discussion session / week

PHYS 2210 • Statics (with Calculus) ..................... 4 credits
Thermodynamics, electricity and magnetism, optics, atomic and nuclear physics. (Prerequisites: MATH 1910 and PHYS 2110; corequisites: PHYS 2121 and MATH 1920) (formerly PHYS 2620/2621) S
3 lectures and one discussion / week

PSYCHOLOGY (PSYC)

PSYC 1310 • Introduction to Psychology .................. 3 credits
This course is an introduction to the guiding principles and primary approaches of the study of human and animal behavior. This broad-based course includes the following topics: psychobiology, conditioning, learning, sensation, perception, motivation, emotion, intelligence, personality, life span development, abnormal behavior, social psychology, group processes, stress, and career development. F, S, Su

PSYC 2010 • Creative Problem Solving ..................... 3 credits
The purpose of this course is to strengthen those basic psychological processes essential to creative intelligence and problem solving. These processes consist of such behaviors as differentiation, association, generalization, decision making etc. The course begins with a pretest, followed by training on specific cognitive processes and concludes with a post test. Each student is made aware of his growth during the course. F, S

PSYC 2310 • Abnormal Psychology ......................... 3 credits
Topics covered include abnormal reactions to frustrations, psychotherapy, theories of personality structure, neural functions, receptor mechanism, attention, and perception. Principles are included that related to law enforcement. F, S

PSYC 2320 • The Psychology of Helping .................... 3 credits
This course is an overview and application of basic theory and skills commonly practiced in a variety of human service and other social settings. It is designed for students who are currently employed in the helping profession, those training to become human service employees, and for those interested in continuing their study in upper division programs in psychology, social work, sociology, and human services. This course emphasizes critical thinking skills. This course is writing and oral intensive, and requires additional hours outside the classroom. S

PSYC 2410 • Psychology of Adjustment ..................... 3 credits
This course is a study of personality development and structure, with major emphasis on personal adjustment and the functional aspects of the psychology of daily living. Topics covered include development of adjustment patterns, individual adjustment to life situations, societal definitions, treatment of the maladjusted, personal appraisal systems, and modification of behavior. This course is writing and oral intensive. F

PSYC 2410 • Psychology of Childhood and Adolescence ......................... 3 credits
Psychological and physiological growth and development of the human organism beginning with conception and continuing through adolescence. F, S, Su

PSYC 2420 • Developmental Psychology ..................... 3 credits
A study of psychological and physiological growth and development from conception to death looking at various theories through the entire life span. Course is designed for, but not limited to nursing students. F, S, Su

PSYC 2990 • Problems in Psychology ......................... 1 - 3 credits
This course is designed to give students an opportunity to explore various topics of special interest in psychology. Course is also used to provide field experience in psychology.

POLITICAL SCIENCE (POLI)

POLI 1120 • Introduction to American Government . 3 credits
A study of the Constitution, American political culture and behavior, and the structure and function of the legislative, executive, judicial, and administrative branches of U.S. national government. F

POLI 2010 • Introduction to Political Science ............. 3 credits
A comprehensive introduction to the study of political science with emphasis on the theory, processes, and institutions of politics and governments in the modern world. S

POLI 2900 • Problems and Topics in Cultural Studies .................. 1-6 credits
Instructor-designed course to fulfill general humanities objectives and/or to provide specific Interdisciplinary Studies course not offered. Provides for the advanced, individualized study of special interests in cultural studies; may include foreign and/or independent study, and may be repeated, provided the same experience is not repeated. (Same as HUM 2900 and SOCI 2900)

POLI 2990 • Problems in Political Science .................. 1-3 credits
A course featuring an examination of a topical issue in government and politics. This course may be repeated for credit provided the theme is not repeated.
PHYSICAL THERAPIST ASSISTANT (PTA)

PTA 1010  Introduction to Physical Therapist Assistant........................................... 2 credits
This course is designed to familiarize the student with the health care delivery system. Emphasis is placed on the history, function and purpose of physical therapy and the physical therapist assistant. The student will also learn medical terminology most frequently encountered during the practice of physical therapy. (Corequisites: PTA 1040/1041, 1100/1101) F

2 hours lecture

PTA 1040/1041  Kinesiology ............................................. 4 credits
This course presents the anatomy of neuro-muscular-skeletal systems in more detail. Emphasis is placed upon normal motion and movement patterns, especially as they apply to physical rehabilitation. (Corequisites: PTA 1010, 1100/1101) F

3 hours lecture / 2 hours laboratory

PTA 1100/1101  Modalities ............................................... 4 credits
Principles of physical agents using modalities such as heat, cold, sound, light, and water are taught. Basic concepts of tissue healing, inflammation, and pain are introduced with laboratory skill practice and demonstration of modalities in simulated patient situations. Documentation of modalities within designated plans of care will be included. (Prerequisite: Admission into the PTA program. Corequisites: PTA 1010, 1040/1041) F

2 hours lecture / 6 hours laboratory

PTA 1200/1201  Orthopedic Conditions ......................... 6 credits
Pathologies and medical/physical therapy management of orthopedic conditions and dysfunctions are presented, along with tests and measurements such as goniometry and manual muscle testing. Students will have didactic and laboratory sessions on physical therapy intervention principles and technical skills related to patients with orthopedic conditions, including additional documentation and beginning psychosocial and professional issues. (Prerequisites: admission into the PTA program, PTA 1010, 1040/1041, 1100/1101. Corequisite: PTA 1300/1301, 1331) S

4 hours lecture / 6 hours laboratory

PTA 1300/1301  Neurological Conditions I ...................... 3 credits
Several common neurological conditions are presented along with medical/physical therapy management. Intervention principles and techniques needed to assist the physical therapist and continue plans of care will be taught. Lecture and laboratory sessions will focus on pathology, physical therapy tests and measurements, and hands-on treatment in simulated patient situations. (Prerequisite: admission into the PTA program, PTA 1010, 1040/1041, 1100/1101. Corequisite: PTA 1200/1201, 1331) S

2 hours lecture / 3 hours laboratory

PTA 1331  Clinical I ..................................................... 2 credits
Orientation to various clinical sites, introduction to patient assessment, interventions, and assisting the physical therapist in the clinical setting with patient diagnoses/conditions covered so far. (Prerequisite: admission into the PTA program, PTA 1010, 1040/1041, 1100/1101, satisfactory progression in PTA 1200/1201, 1300/1301) S

4 hours clinical practicum

PTA 2120/2121  Medical/Surgical Conditions .............. 5 credits
A survey of medical/surgical conditions commonly seen by physical therapist assistants. Pathologies, medical and physical therapy management will be discussed with laboratory practice of technical skills, interventions, and tests and measurements for patients with specific medical/surgical conditions. Additional professional issues will be covered. (Prerequisite: admission into the PTA program, PTA 1010, 1040/1041, 1100/1101, 1200/1201, 1300/1301, 1331. Corequisites: PTA 2120/2121, 2331) F

4 hours lecture / 3 hours laboratory

PTA 2300/2301  Neurological Conditions II .................. 4 credits
A continuation of PTA 1300/1301, additional neurological conditions treated by physical therapist and assistants are presented. More advanced intervention techniques are taught to manage more complex neurologically involved patients. Laboratory and classroom sessions focus on building on content in previous courses. (Prerequisite: admission into the PTA program, PTA 1010, 1040/1041, 1100/1101, 1200/1201, 1300/1301, 1331. Corequisites: PTA 2120/2121, 2331) F

2 hours lecture / 6 hours laboratory

PTA 2331  Clinical II .................................................. 3 credits
A continuation of PTA 1331, intermediate level physical therapy clinical skills in various clinical settings including interventions with patients with orthopedic and moderately involved medical/surgical and neurological conditions. (Prerequisite: admission into the PTA program, PTA 1010, 1040/1041, 1100/1101, 1200/1201, 1300/1301, 1331; satisfactory progress in PTA 2120/2121, 2300/2301) F

8 hours clinical practicum
**READING**

**Developmental Reading (DSPR)**

Reading Developmental Education courses are intended for students who need additional preparation in reading prior to enrolling in college level courses using these skills. Students will be required to take these courses based on placement assessment procedures. A grade of “C” or better is required to progress to the next higher level course. These courses are not intended for transfer nor do they satisfy degree-credit requirements for any associate degree program. Some special admissions, registration and retention policies apply to the Developmental Education program. Students are encouraged to seek additional information about these policies from the division office, 201-CCEN, 585-6914.

Sections with the suffix ESL are for students whose native language is not English. These sections will stress idiomatic language through exercises and listening as well as speaking.

**DSPR 0700 Basic Reading ......................... 3 credits**

Addresses these reading subskills: identification of main idea and detail, sequence of events, dictionary skills, ability to draw valid conclusions, knowledge of synonyms, antonyms, and words in context, identifying cause-effect relationships. The course requires a substantial amount of writing to accomplish these objectives. This course adds 3 credit hours to the graduation requirements for students enrolled. (Prerequisite: Admission and exit is by college assessment procedure only) (DSPR 0700 ESL is designed for students whose native language is not English. Listening and speaking will be stressed.) F, S, Su

**DSPR 0800 Developmental Reading .............. 3 credits**

Addresses these reading subskills: to separate one’s opinion from the writer’s, to use features of books and other reference materials, to define unfamiliar words by decoding, using context, or by using a dictionary, and to identify and summarize in one’s own words the main and subordinate ideas in a written work, the ability to vary one’s rate and technique according to reading purpose and the nature of the material, to recognize different purposes and methods of writing, to identify point of view and tone, and to interpret a writer’s literal and inferential meaning. The course requires a substantial amount of writing to accomplish these objectives. This course adds 3 credit hours to the graduation requirements for students enrolled. (Prerequisite: Admission and exit is by the college assessment procedure or successful completion of DSPR 0700. Basic Reading only) (DSPR 0800 ESL is designed for students whose native language is not English. Listening and speaking will be stressed.) F, S, Su

**These courses constitute the TBR required sequences based on placement.**

**REAL ESTATE (RELS)**

RELS 2110 Real Estate Principles ....................... 4 credits

Basic principles of Tennessee Real Estate with emphasis on the agency relationship, contracts, government controls, valuation, finance, mathematics and Tennessee real estate laws. Designed to prepare one for the affiliate broker’s examination. F
RESP 2010  Respiratory Care I .......................... 3 credits
Discusses the history and organization of the respiratory care profession; ethical and legal dimensions of respiratory care, quality management and measurement; the principles, operation and maintenance of compressed gas sources, gas administration devices, oxygen, humidity, and aerosol therapy, cleaning and sterilization, pharmacology, hyperinflation therapy, postural drainage and percussion, infection control and monitoring. (Prerequisite: acceptance into the program. Corequisites: RESP 2040 and 2022) Su
3 hours lecture

RESP 2011  Respiratory Care I Laboratory ............... 1 credit
A study of patient assessment, oxygen, aerosol and humidity therapy, hyperinflation therapy, bronchial hygiene, cleaning and sterilization with laboratory skill practice and demonstrations, skill procedural check-offs to correspond with lecture material in RESP 2010. (Prerequisite: admission to clinical portion of program; corequisite: RESP 2010) Su
2 hours laboratory

RESP 2020  Cardiopulmonary Anatomy and Physiology ................................................. 4 credits
A comprehensive course in the structure and function of the cardiopulmonary system with clinical applications. Topics include the pulmonary, cardiac and renal systems, oxygen and carbon dioxide transport and delivery, acid-base balance and arterial blood gas interpretation. (Prerequisite: acceptance into the program; corequisites: RESP 2010/2011 and 2022). Su
4 hours lecture

RESP 2050  Respiratory Care II .......................... 3 credits
A continuation of Respiratory Care I. Topics include airway care, non-invasive monitoring, hemodynamic measurement, arterial blood gas puncture, analysis and quality control, institution, maintenance, troubleshooting and weaning of mechanical ventilation. (Prerequisites: RESP 2010/2011, 2022, 2040; corequisites: RESP 2052, 2090) F
3 hours lecture

RESP 2051  Respiratory Care II Laboratory .............. 1 credit
A study of airway care, cardiopulmonary resuscitation, mechanical ventilation, invasive and non-invasive monitoring, electrocardiography to correspond with lecture material in RESP 2050. (Prerequisite: RESP 2011; corequisite: RESP 2050) F
2 hours laboratory

RESP 2052  Clinical Practice II ............................ 3 credits
A continuation of RESP 1022. Intermediate level respiratory care clinical skills in various clinical settings including arterial blood gas puncture, non-invasive monitoring, mechanical ventilation. (Prerequisite: RESP 2022; corequisites: RESP 2050/2051, 2090) F
12 hours clinical
SOCIAL SERVICES AND SOCIAL WORK (SCWK)

SCWK 1010 Introduction to Social Work ............... 3 credits
This course introduces students to the profession of social work and provides an overview of the professional knowledge, skills, and values necessary for generalist social work practice. Students are introduced to the historical evolution of social work, the history of social welfare, the various fields of social work practice nationwide and in the Appalachian region, and general systems theory. This course also contains a service-learning component, allowing students to spend 20 hours during the semester in a social service agency within their community. F, S

SCWK 2020 Social Welfare .................................. 3 credits
This course will examine the development, structure, and function of the social welfare institution. It will analyze social welfare programs and look at the impact of the social welfare institutions on society. Finally, this course will look specifically at the types of social welfare programs found in the geographic region of rural Appalachia. (Prerequisite: SCWK 1010)

SCWK 2045 Social Work with Families and Children ............................................ 3 credits
An examination of the interpersonal interaction patterns existing in families and of the problems experienced by families in contemporary American society. Special emphasis is given to examining emotional and physical abuse, drug and alcohol addiction, alternative life styles, and changing gender roles. S

SOCIOLOGY (SOCI)

SOCI 1005 Cultural Studies: The African-American Experience I ..................... 3 credits
A socio-cultural / anthropological examination of the origins of Black Americans from ancient Africa through the period of American (U.S.) Reconstruction. It focuses upon the specific cultural characteristics and adaptations that Blacks have experienced in contact with western society, especially the Americans. (Same as HUM 2020)

SOCI 1010 Cultural Studies: The African-American Experience II ...................... 3 credits
A continuation of Cultural Studies I from Reconstruction to the present. (Same as HUM 2030)

SOCI 1020 General Sociology, Institutions and Society .................................... 3 credits
Major concepts and theoretical approaches of sociology with emphasis on culture, socialization, social organization, and social stratification. F, S, Su

SOCI 1240 Introduction to Cultural Anthropology .... 3 credits
Explores the thesis that every society is based upon an integrated culture which satisfies the needs of its members and facilitates their survival. Authentic ethnographic footage helps students appreciate the diversity of human cultures around the world. F, S

SOCI 1280 Prehistoric Archaeology ....................... 3 credits
Prehistoric Archaeology is the study of human cultural evolution using theories and techniques of archaeology. Students will be briefly introduced to the principles, history, and techniques used by archaeologists followed by a review of the prehistory of Africa, Europe, Asia, and the New World.

SOCI 2020 Social Problems and Human Values ........ 3 credits
An examination of the development of social problems, how they confront the dominant society and occasionally become deviant groups. The consequences of deviant conduct are also included. S

SOCI 2110 The Family, Society, and the Individual ... 3 credits
Origin and ethnology of the family; background of the modern American family; social change and the family; social pathology of the family; the future of the family system. Topics will also include non-marital dynamics. F

SOCI 2220 Honors Seminar: The Individual and Society .................................. 3 credits
The course is an interdisciplinary study of the individual and society emphasizing the unity of knowledge and the cooperative contributions of the social sciences. All the disciplines aid in identification of problems relating to growth of society and institutions, and the impact of this process on the development of human behavior. The student will gain a historical, contemporary and futuristic perspective on the development of individuals and societies.

SOCI 2900 Problems and Topics in Cultural Studies ....................................... 1-6 credits
Instructor-designed course to fulfill general humanities objectives and/or to provide specific Interdisciplinary Studies courses not offered. Provides for the advanced, individualized study of special interests in cultural studies; may include foreign and/or independent study, and may be repeated, provided the same experience is not repeated. (Same as HUM 2900 & POLI 2900)

SOCI 2990 Problems in Sociology ............................ 1-3 credits
Designed to expand creative offerings in Sociology by pursuing topics in depth or by addressing specific topics to targeted groups.

SPANISH (SPAN)

SPAN 1000 Beginning Conversational Spanish I .......... 3 credits
A conversational course in Spanish, stressing an oral-aural approach and the type of vocabulary and subject matter appropriate for use by travelers, policemen, social workers, and medical personnel. Extensive use of video tape. This course may not be used to satisfy the foreign language graduation requirements. F

SPAN 1001 Beginning Conversational Spanish II .... 3 credits
A continuation of Beginning Conversational Spanish I.

SPAN 1010 Elementary Spanish I ....................... 3 hours
An elementary course in the essentials of Spanish, focusing on the fundamental four skills: listening comprehension, speaking, reading, and writing. Cultural awareness is promoted. Conjugation of regular verbs, stem-changing verbs
and common irregular verbs are emphasized. Vocabulary sets include introductions, the classroom, states of being, family, past times, time and travel. The course is designed as an introduction to Spanish and may be used to fulfill high school deficiencies in the language. (No prerequisites.) F, Su

SPAN 1020  Elementary Spanish II  3 hours
This elementary course builds on the content of SPAN 1010. It emphasizes the four fundamental skills of Spanish: listening comprehension, speaking, reading, and writing. Cultural awareness is promoted. Grammar focuses on adjectives, comparatives and superlatives, and direct and indirect objects. Conjugations introduced include informal command forms, additional irregular and stem-changing present tense verbs, present progressive, reflexives, verbs like gustar, introduction to the preterite. Vocabulary sets include the home, family life, personal descriptions, food, shopping, nutrition, student life, schedules, and weather. The course is designed as an introduction to Spanish and may be used to fulfill high school deficiencies in the language. (Prerequisite: SPAN 1010) S, Su

SPAN 2010  Intermediate Spanish I  3 hours
Placement exams are administered during the first week of class to ensure student success in this course. Includes a brief review of first year content. Grammar focuses on the conjugation of the preterite, the imperfect and differentiating between the two, the future tense, conditional and formal commands, and other grammatical structures. Vocabulary sets include vacation, errands, instructions, body, illnesses, weather, seasons, invitations, shopping, bargaining, product types and colors. Cultural awareness is promoted. (Prerequisite: SPAN 1020 or two years of high school Spanish) F

SPAN 2020  Intermediate Spanish II  3 hours
This intermediate course builds on the content of SPAN 2010. It emphasizes the four fundamental skills of Spanish: listening comprehension, speaking, reading, and writing. This course continually incorporates content of the three previous courses. Grammar study introduces the uses of the subjunctive mood, the present perfect and time expressions with hace. Work-related vocabulary and day-to-day life events are the theme foci. Cultural awareness is promoted. (Prerequisite: SPAN 1020 or two years of high school Spanish) S

SPAN 2900  Problems and Topics in Spanish Studies  1-3 credits
Instructor-designed course to provide for an advanced and individualized study of the Spanish language and culture. This course may be repeated provided the same experience is not repeated. F, S, Su

SPEECH COMMUNICATION (SPCH)

SPCH 1210  Voice and Physical Preparation  3 credits
The training of the voice for communication, interpersonal or public (performance) - incorporates physical and mental preparations. Students will explore techniques for voice production through vocal and physical exercises. F

SPCH 2000  Forensics  1 credit
Students participate in public speaking, debate, and dramatic interpretation events in competition (may be repeated for credit). Enrollment by permission of instructor. F

SPCH 2010  Introduction to Speech Communication  3 credits
An introductory speech-communication course which focuses on the skills development in the areas of interpersonal, small group, and public communication. Special emphasis is given to public speaking. F, S

SPCH 2020  Advanced Speech Communication  3 credits
An advanced course in speech communication skills. Emphasis is on public speaking, professional presentation, and small group discussion. (Prerequisite: SPCH 2010) S

SPCH 2030  Debate  3 credits
Instruction and participation in argumentation and debate. Emphasis will be given to researching current issues. (Prerequisite: SPCH 2010) S

SPCH 2040  Interpersonal Communication  3 credits
Interpersonal Communication is the study of the functions and processes of dyadic communication. Students acquire a greater understanding of how to relate to others from the course. Course topics include: development of communication, competence, development of relationships, problems in relationships, how to conduct interviews, and managing conflict and negotiation skills. F, S

SPCH 2050  Introduction to Film and Media Criticism  3 credits
This course surveys various approaches to film and media criticism. The course examines the various genres, both historical and contemporary, of American film and television. Emphasis will be given to audience strategies for viewing and evaluating film and television from a Speech Communication perspective. (Students cannot receive credit for both SPCH 2050 and MCOM 2020) S

SPCH 2440  Oral Interpretation  3 credits
This course is designed to introduce students to the process of analyzing literature for the purpose of presenting it orally to an audience. Basic skills and techniques necessary for this process are studied. S

SPCH 2900  Contemporary Topics in Speech Communications  3 credits
A course featuring the study of speech communication in contemporary society with a consideration given to topics of current research. S
SPECIAL EDUCATION (SPED)

SPED 2010  Introduction to Special Education .......... 3 credits
This course deals with the special needs student population from physical disabilities, learning disabilities, mental retardation, sensory impairment, to the gifted child. The student will learn about interpreting diagnostic instruments and writing educational programs to meet the needs of the child. Students will study current practices, issues, and trends in special education law and policy.

SPED 2210  Sign Language I ............................... 3 credits
An introduction to expressive and receptive skill development in sign communication using American Sign Language. Video, text, and interactive teaching method used.

SPED 2220  Sign Language II ............................. 3 credits
A continuation of expressive and receptive skill development in sign communication using American Sign Language. Video, text, and interactive teaching method used. (Prerequisite: SPED 2210)

THEATRE (THEA)

THEA 1030  Introduction to Theatre ..................... 3 credits
Theatre will be explored philosophically and aesthetically through the practical application of drama in production. Emphasis is placed on the understanding and appreciation of the political and social aspects of theatre in our world. (formerly THTR 1500) F, S

THEA 1200  Audition Techniques ....................... 1 credit
Course is designed to prepare students to audition for a variety of events. Students will 1) develop a resume, 2) gain experience role-playing different types of auditions, 3) gain exposure with performers and musicians who are working in the business through guest lecturers, and 4) gain the confidence needed to audition. In addition, these students will have access to all audition information in the area and will be provided with individualized assistance in developing their individual audition. S

THEA 1210  Voice and Physical Preparation ............ 3 credits
The training of the voice for communication, interpersonal or public (performance) - incorporates physical and mental preparations. Students will explore techniques for voice production through vocal and physical exercises. F

THEA 2410  Acting I ......................................... 3 credits
This course is designed for the beginning acting student. Emphasis is given to the development and understanding of the practical application of acting through exercises and scene work. Other activities include play analysis and written assignments. F, S

THEA 2430  Stagecraft ..................................... 3 credits
The emphasis of this course is placed upon the rudimentary principles and techniques of designing, construction and maintenance of scenery, lights, and costumes. Students will be required to participate in college theatre productions. F, S

THEA 2440  Oral Interpretation ............................ 3 credits
This course is designed to introduce students to the process of analyzing literature for the purpose of presenting it orally to an audience. Basic skills and techniques necessary for the process are studied.

THEA 2450  Acting II ....................................... 3 credits
This course is designed for the acting student who has successfully completed Acting I. Emphasis is placed on character development and advanced scene work. Other activities include play analysis and written assignments. (Prerequisite: THEA 2410 or instructor’s consent.) F, S

THEA 2500  Major Production ............................. 1 credit
Supervised production work and practical exercises in all aspects of theatre relating to the mounting of a production for presentation. Course may be repeated for credit. F, S

THEA 2990  Theatre Problems ......................... 1-3 credits
A course featuring in-depth study in the field of theatre. The course may be repeated for credit provided the theme is not repeated. Prior approval of instructor is required. F, S
Tennessee
Board of Regents,
Administration and Faculty
Walters State Community College is one of 45 institutions in the Tennessee Board of Regents system, the sixth largest system of higher education in the nation. The Tennessee Board of Regents is the governing board for this system which is comprised of six universities, 13 community colleges, and 26 area technology centers. The TBR system enrolls more than 80 percent of all Tennessee students attending public institutions of higher education.

The Walters State Division of Public Safety also receives advice and counsel from the Upper East Tennessee Law Enforcement Executives Council for the division's law enforcement academy. Specifically, the Upper East Tennessee Law Enforcement Executives Council advises the division chair with reference to the Basic Police Recruit School and the Specialized Law Enforcement Education program in conjunction with certification requirements of the Tennessee Peace Officer Standards and Training Commission.

**GENERAL INFORMATION**

**Firearms on Campus**
In accordance with Tennessee State Law, no firearms shall be permitted on the WSCC campus or worn by a WSCC student or employee at any time other than the exceptions listed below:

- Full-time uniformed peace officers on campus either in a student or visitor status may carry a firearm if required by local departmental regulations. Specifically, full-time uniformed peace officers are authorized to wear their arms in accordance with their uniform regulations; however, plain clothed peace officers must wear clothing which will permit the complete concealment of their firearms at all times. At no time will such firearms be visible.

**Freedom of Expression**
Walters State Community College considers freedom of inquiry and discussion essential to educational development and recognizes the right of students to engage in discussion, exchange thought and opinion, and speak freely on any subject in accord with guarantees of our state and national constitution. In addition, Walters State strives to develop in students a realization that citizens not only have the right, but also the obligation, to inform themselves regarding issues and problems of the day, to formulate standards regarding these, and to give expression to their views. In discharging these rights and obligations, however, students must also recognize their responsibilities to other individuals, to the college and its constituency, and to the state and nation. Walters State takes pride in the fact that its campus is open to free discussion and the examination of views with the condition that such discussion be accompanied by peaceful conditions consistent with a scholarly nature of an academic community.

**Health and Accident Insurance**
Walters State Community College offers a non-compulsory health and accident policy which will provide protections for students at a very low rate. The college is offering this group insurance as a service to you because the rates are lower than for individual policies. Policy information is available in the office of the vice president for Student Affairs, Room 120-CCEN.

You are urged to participate in this group policy. Students participating in physical education classes, intramural activities and sports clubs are strongly encouraged to purchase this policy. This policy does not provide coverage for students while they are participating in intercollegiate competition or practicing for such competition.

**Nondiscrimination on the Basis of Sex**
Walters State has developed a policy of reaffirming the fact that the college does not discriminate on the basis of sex in the educational programs or activities which it operates. The college’s policy is as follows:

- It is the policy of Walters State Community College not to discriminate on the basis of sex in the educational programs or activities which it operates, including employment therein and the admission of students thereto, and Walters State Community College is required by Title IX of the Education Amendments of 1972, and regulations issued pursuant thereto (45 C.F.R Part 86) (and by Section 799A and 845 of the Public Health Service Act and regulations) issued pursuant thereto not to discriminate in such manner. Inquiries concerning the application of the Acts and the regulations to Walters State Community College may be referred to the President or the director of Human Resources/Affirmative Action Officer.

**Search and Seizure**
State law provides that students and their property on the Walters State Campus may be searched and where necessary seized on the basis of a determination of probable cause. Probable cause may be found where the facts and circumstances within college administrators’ knowledge and of which they have reasonable trustworthy information are sufficient in themselves to warrant a search in the belief that a violation of the college’s regulations has been or is being committed. The decision to implement a search of a student or property will be made by either the vice president for Student Affairs or the President in that order and should be based upon a signed statement (warrant if possible) by a person setting forth in detail the facts and circumstance justifying the search, and where based in whole or in part on hearsay evidence, stating the underlying circumstances from which the person concluded that the third person was creditable or information reliable.

In exceptional circumstances a warrantless search may be made, and college personnel may proceed with the search without a written authorization. Such circumstances are limited to those where the fruits of violation of the college’s regulation on contraband can be said to be in imminent danger of disappearance, destruction, or removal.

When the student voluntarily consents to a search, no written authorization for the search is required. A voluntary consent in writing will be requested, however, from the student. In addition, in all cases where a search is to be made of a student’s property or premises, the student should be present for the search whenever possible.

In the event that police or other law enforcement officials not employed by the college request permission to search for a student or property, the college will not consent to the search unless the officials have a search warrant for that particular student or property. All questions concerning this subject should be directed to the office of the vice president for Student Affairs or to the President of the college.

**Sexual Harassment**
Walters State Community College is committed to providing its faculty, staff and students with an environment free from implicit and explicit coercive sexual behavior used to control, influence, or affect the well being of an individual at the college. Sexual harassment of any person is inappropriate and unacceptable and is grounds for disciplinary action. It may also, depending on its nature, constitute a violation of federal law. Any student who has a complaint regarding sexual harassment may contact the vice president for Student Affairs for information and assistance relative to the procedure for review of the complaint.

**Student Complaints**
Students should be aware that, should they have concerns or complaints about their program or their financial aid, Walters State has an established procedure for receiving and responding to complaints from students. Students should voice their complaints in writing to the office of Student Affairs. The vice president for Student Affairs in consultation with vice presidents, deans, and directors will investigate the questioned complaint. Student complaint procedures are on file in the office of Student Affairs.

**Telephones**
Courtesy telephones located in the lobby of the College Center in front of the “Z” Buda Gymnasium, in the Mathematics and Behavioral/Social Sciences Building and the Clifford H. “Bo” Henry Center for Business and Technology are provided for personal calls. The telephones in the administrative, faculty, and Student Government Association offices are for official college use only.
COLLEGE COMMITTEES

Functions
The detailed description, purpose and membership of each college committee may be found in the Handbook of College Advisory Councils and Committees located in all faculty and administrative offices. Following, for your convenience however, is a brief description of the college committees which concern you the most.

Academic Affairs Committee
The Academic Affairs Committee has the responsibility of all matters pertaining to the Library, curriculum changes, academic standards, academic admission and readmission requirements and such other responsibilities as may be assigned. There are three sub-committees: (1) Admissions Sub-Committee, (2) Curriculum Sub-Committee, and (3) Library Sub-Committee. The chair is the vice president for Academic Affairs.

Student Affairs Committee
The Student Affairs committee is concerned with all matters which regulate and administer the affairs of the student body which are co-curricular with the Division of Instruction. Its responsibilities include but are not limited to the Student Government Association, student conduct, dress, student clubs and organizations, group activities, intramural sports, social activities, lyceum programs, and student publications. It has under it the Student Government Association. The chair of this committee is the vice president for Student Affairs.

Student Discipline Committee
The Student Discipline Committee is charged with judging the student whose behavior on or off campus is considered undesirable or harmful to the college. It deals with the student who is found to be in violation of the guidelines provided to each student in this Handbook. The committee makes recommendations directly to the President for final approval. The chair of this committee is appointed by the President. An exception to this may be made for cases involving a violation or questioning of an academic standard or practice. In such cases, they would be heard by the Academic Affairs Committee.

Financial Aid Committee
The Financial Aid Committee is charged with providing assistance to students in meeting their college expenses through scholarships, loans, grants, and employment. The committee is responsible for making recommendations concerning financial aid policies. In addition, the committee is responsible for coordinating all financial aid activities, promoting scholarships for the college, considering applicants for financial aid, making awards, and keeping scholarship donors informed concerning progress of their scholarship holders.

For additional information on the details of the college committee system, please refer to other sections of this Handbook or see the vice president for Student Affairs in Room 120-CCEN.

Walters State Alumni Association
The Alumni Association was formed in December of 1980 to provide an opportunity for graduates of Walters State to keep in touch with old friends, to make new ones, and to work for the development of their alma mater. All former students of Walters State are encouraged to join the Association although voting memberships are restricted to those who have earned degrees or certificates.

Information on the Walters State Alumni Association is available in the office of College Advancement in Room 105-CCEN or you may write to:
Walters State Alumni Association
P.O. Box 1508
Morristown, TN 37816-1508

POLICY ON STUDENT ORGANIZATIONS

Scope
The following policy of the Board of Regents, applicable to all institutions in the State University and Community College System of Tennessee, provides minimum standards for the registration and conduct of student organizations at the institutions. Each institution is authorized to establish additional policies and procedures affecting student organizations which are consistent with the provisions of this policy.

Types of Student Organizations
Student organizations may be either organizations sponsored by the institution, such as student government associations, associated student body organizations, and professional and honor societies, or organizations officially registered by the institution. Organizations which may be registered to operate on campuses include the following: (a) honors and leadership organizations and recognition societies; (b) departmental organizations and professional fraternities and sororities; (c) social fraternities and sororities; and (d) special interest groups (political, religious, athletic, etc.). Registration of a student organization by an institution shall neither constitute nor be construed as approval or endorsement by the institution of the purposes or objectives of the organization. All organizations are required to have a faculty sponsor approved by the vice president for Student Affairs.

General Policies on Student Organizations
1. No student organization may carry on any activity on the campus of an institution unless the organization has been officially registered by the institution.
2. No institution shall be responsible for injuries or damages to persons or property resulting from the activities of student organizations, or for any debts or liabilities incurred by such organizations.
3. No student organization shall deny membership to any person on the basis of age, race, sex, religion, disability or national origin, provided that social fraternities and sororities may have sex restricted membership.
4. No student organization shall engage in or condone any form of hazing including but not limited to harassment of any person by exacting unnecessary, disagreeable or difficult work, by banter, ridicule or criticism, or by abusive or humiliating acts.
5. Student organizations shall be vicariously responsible and liable for the conduct and actions of each member of the organization while acting in the capacity of a member or while attending or participating in any activity of the organization.
6. No lease or other agreements affecting real property for a period in excess of one year or for rental in excess of $12,000 per year shall be entered into between an institution and an organization without the approval of the Chancellor of the Board of Regents or designee.
7. No person, group or organization may use the name of the institution in any manner, provided that registered stu-
dent organizations may use the name of the institution following the name of the organization. No person, group or organization may use the seal or any symbol of the institution without the prior written approval of the president of the institution or designee.

Criteria for Registration of Organization

1. Any proposed student organization shall be open to all students of the institution who otherwise meet membership requirements. Membership in the organization shall be limited to currently enrolled students; provided that organizations may include faculty and staff of the institution, and/or spouses of students, faculty and staff, and provided further that professional organizations may include members of the professional and business communities as members.

2. A proposed organization must represent the interests of the members, and the control of the organization must be within the local campus group. The organization must not have a knowing affiliation with an organization possessing illegal aims and goals, with a specific purpose to further those illegal aims and goals.

3. The proposed organization must agree to comply with all policies, regulations and procedures established by the Board and the institution, and with all federal and state laws and regulations.

4. The proposed organization must not (a) have illegal aims and goals; (b) propose activities which would violate regulations of the Board or the institution or federal or state laws and regulations, or materially and substantially disrupt the work and discipline of the institution; or (c) advocate incitement of imminent lawless action which is likely to produce such action.

5. The proposed organization but have the minimum number of charter members designated by the institution, and there must be a demonstration of continuous interest in the purposes of the organization sufficient to afford registration on a long-term registration, an institution may grant temporary registration to an organization for a limited period of time.

6. New organizations may be denied registration where the purposes are within the scope of a currently registered organization. No organization may use the same name, or a name which is misleading and similar to the name, or a currently registered organization.

7. The organization must provide for the distribution of all funds and assets in the event of dissolution.

Procedure for Registration of Organizations

1. In order to become officially registered as a student organization, a group must meet the criteria set forth in section 4, and must provide to the institution a minimum of the following:
   a. An application or request to form the organization on the form designated by the institution.
   b. The proposed constitution and bylaws of the organization, which must clearly contain the following: the name, purpose, proposed activities, and rules of membership of the organization, the officers, their terms and methods of selection, the proposed nature and frequency of meetings and activities, and the financial plans of the organization, including any proposed fees, dues and assessments.
   c. The names and signatures of the charter members of the organization.
   d. The names of the faculty adviser and/or the administrative officers of the institution who will sponsor the organization.
   e. A statement of assurance of compliance by the organization that it will comply with all rules and regulations, policies and procedures of the Board and the institution and with all federal and state laws and regulations.

2. The designated number of copies of the foregoing documents and information must be submitted to the office of the designated body or bodies of the institution authorized to review and make recommendations concerning proposed organizations. Recommendations regarding registration of a proposed organization must be forwarded by the designated body or bodies of the institution to the president of the institution or authorized designee; and registration by the president or designee is necessary before the organization can be officially registered.

3. Any official or body responsible for reviewing or registering proposed organizations may require the sponsors to clarify any materials or information provided in the registration process to resubmit the applications or request with nonconforming materials or provisions deleted, or to appear at a hearing for the purpose of obtaining additional information and testimony concerning the purposes, aims or proposed activities of the organization.

Nature and Conditions of Registration

1. Registration of a student organization for other than a temporary period will be on an annual basis only, effective until the beginning of the next fall term of the institution, and shall be subject to annual renewal by the institution for each ensuing year.

2. Annual renewal of registration of an organization shall be dependent upon the organization’s demonstration of compliance with the following:
   a. It must adhere to the purposes, aims and activities as stated in the approved constitution and bylaws.
   b. It must continue to meet all of the requirements for initial registration.
   c. It must have remained in compliance with all rules and regulations of the institution and all federal and state laws.
   d. It must submit all changes in the constitution and bylaws to the institution for approval.
   e. It must maintain a current list of officers, faculty advisers and sponsors on file with the institution; and
   f. It must have submitted all required financial and other reports to the institution.

Reports

1. Each institution may require any or all organizations to submit an annual report concerning its programs and activities during the preceding year. If required, this report shall be reviewed by the designated bodies or officials of the institution, and shall be a requirement for renewal of registration.

2. Each institution may require any or all organizations to submit an annual financial report reflecting all revenues received and disbursed by the organization, and/or an interim financial report or such a report concerning any fund-raising activity of the organization. If required, this report shall be a requirement for renewal of registration.

Probation, Suspension, and Withdrawal of Registration

1. An organization may be placed on probation, suspended or registration may be withdrawn by the designated authority of the institution for any of the following reasons:
a. The organization fails to maintain compliance with the initial requirements for registration;
b. The organization ceases to operate as an active organization;
c. The organization requests withdrawal of registration;
d. The organization operates or engages in any activity in violation of rules and regulations of the institution or federal or state laws; or
e. The organization fails to submit any required reports.
2. An organization which is placed on probation may continue to hold meetings but may not sponsor any activity or program. An organization which is placed under suspension may not engage in or sponsor any activity or program and may not hold meetings. Where registration of an organization is withdrawn, it shall cease to exist as an organization.
3. In the event an organization is placed on probation or suspended, or registration is withdrawn on the basis of section 1-d, the organization shall be afforded the opportunity for a hearing before the appropriate institutional representative or committee.

Officers of Student Organizations
No student who is under academic or social suspension from the institution shall be eligible to become, or maintain the status of, an officer of an organization.

Fiscal Procedures
1. Each organization shall maintain a sound financial system related to the collection and disbursement of revenues in accordance with general accepted accounting principles. An organization may be subject to audit by representatives of the institution at any time, and appropriate financial records shall be maintained for the purposes of audit.
2. Each organization shall designate an officer of the organization who is responsible for the collection and disbursement of funds and the maintenance of books and records.

Programs and Activities
1. The use of any campus property or buildings by an organization shall be subject to the rules and regulations of the Board and the institutions concerning use of property and facilities. All organizations registered pursuant to this policy shall be “affiliated organizations” for the purposes of any Board or institution policies concerning use of campus property and facilities.
2. Except for routine meetings of the organization, no on-campus program or activity shall be engaged in unless approved by the designated bodies and/or officials of the institution, and each institution may require prior approval of off-campus programs and activities. Prior to approval, the institution may require a specified number of officials or security officers for any event, activity or program.
3. Any fund-raising activity on campus shall be for the benefit of the organizations as a whole or a charity, and no funds shall be distributed to the officers or members of an organization for personal profit or gain.
4. No guest speakers shall be invited to the campus except pursuant to policies of the Board and the institution concerning guest or off-campus speakers.

STUDENT ORGANIZATIONS
Student organizations and activities exist for the personal enjoyment and development of students at WSCC. Students are encouraged to become involved in the co-curricular student activities program and active student organizations. The benefits to be derived from such involvement cannot be measured nor graded; however, the contributions they make to the student’s total education cannot be overstated. The responsibility for the coordination of all student organizations and activities rest with the vice president for Student Affairs. The vice president for Student Affairs works closely with the Student Affairs Committee and the Student Government Association in carrying out this responsibility.

STUDENT CLUBS AND ORGANIZATIONS
All would-be student clubs and organizations are required to seek approval to organize from the vice president for Student Affairs. Application forms and standards for the creation of student clubs and organizations are on file in the office of the vice president for Student Affairs, Room 120-CCEN. Clubs or organizations making application are required to submit a statement of purpose to specify criteria for membership, and outline rules of procedure for selection of members.

Criteria for selection of membership must be consistent with the purpose(s) of the club. Any student may apply for membership in any recognized club or organization and may be accepted for membership if the criteria established is met. No applicant shall be denied membership because of race, sex, creed or national origin. Students interested in joining a club should contact the club president, club advisor, or the vice president for Student Affairs.

STUDENT GOVERNMENT ASSOCIATION (SGA)
The Student Government Association is the official voice of the student body at Walters State Community College. As such, it represents the feeling, values, and desires of the student body to the college administration. Members of the SGA serve on every major college committee except the faculty council. As such, members of this body are influential in every decision that is made which concerns this college and its students. The SGA is the single most powerful student organization on the WSCC campus and membership in this body is one of responsibility and prestige. All members of the SGA are elected by the student body. The SGA is
specifically responsible for the approval of every student activity that takes place on the Walters State Campus. In addition, members attend annual conferences of the Tennessee Intercollegiate Legislature and other state student government activities. The SGA sponsors major social activities each year and advises the Student Affairs Committee concerning the initiation of additional student social activities. Concerned, responsible students are strongly encouraged to participate in the activities of the SGA.

More detailed information concerning the Student Government Association may be obtained in the office of the vice president for Student Affairs, Room 120-CCEN, or the SGA Office, Room 223-CCEN.

SENATORS PAGES

The Senators Pages consist of a specified number of students who serve as a host corps for the president of the college. Pages assist the president in receiving visitors to the college, visit area schools as representatives of Walters State, assist during registration, conduct tours of the campus for various groups visiting the college, and perform other duties as assigned by the office of the President. Students applying to become a Page must have a minimum high school grade point average of 2.8 or a cumulative average of 2.5 on work taken at WSCC and be enrolled as a full-time student. Other criteria considered include leadership ability, character, poise, appearance, etc.

Applications and/or additional information may be obtained by contacting Ms. Amanda Johnson, Room 119B-CCEN and Mary Ann Rush, Room 212-CCEN.

CLUBS

Agriculture Club

The purpose of the WSCC Agriculture Club is to promote the field of agriculture at Walters State. For additional information contact Roger Brooks, Room 130-TECH.

Art Club

The purposes of the Art Club are to promote visual arts through exhibits within the community; to enhance knowledge and ideas, as well as critiques of both known and unknown artists; and to encourage an understanding and appreciation for all visual arts (i.e., painting, sculpture, photo, ceramics, etc.) among the entire student body, as well as the community. Faculty advisor is Steve Roberts, Room 137B-HUM.

Astronomy Club

The purpose of the Astronomy Club is to promote and maintain the interests of students in astronomy, space, exploration, and science; to provide an opportunity for interested students to use the facilities of the college to make astronomical observations; and to provide a forum to learn of the current developments and future plans in astronomy and space exploration. Faculty advisor is Dr. James Ford, Room 230-MBSS.

Baptist Collegiate Ministry

The Baptist Collegiate Ministry was organized in 1971 with the purpose to “unite students and promote Christian growth through Bible study, worship, fun and fellowship.” The club is open to students of all denominations. The BCM receives support from the Nolachucky Baptist Association and the Tennessee Baptist Convention.

Club activities include weekly meetings with speakers, share sessions, weekend retreats, state meetings and a summer conference at Ridgecrest, North Carolina. The faculty advisor is Sidney Hall, Room 143-MBSS.

Criminal Justice Club/Alpha Phi Sigma

The purpose of this club is to promote and assist in the development of professionalism among department students and criminal justice agencies in the Walters State service area, as well as, to assist Walters State service area criminal justice agencies in activities designed to improve community relations, agency morale, and critical skills competency development. For further information contact Jerry Loar, Room 115-PSC.

Drama Club

The purpose of the Drama Club is to promote an understanding of cultural arts to the college and community through productions for the student body, workshops for youths and community, and small productions for charitable organizations. Proposed activities include an amateur comedy hour, plays for the student body, and theatrical lectures from professional entertainers. For additional information contact Mr. Gerald Maloy, Room 115-HUM.

Gourmet Society

The purpose of the Gourmet Society is to allow students to strengthen their culinary knowledge through hands-on culinary techniques and experiences while doing fund-raising and educational seminars on and off-campus. Faculty advisor is Joe Fall, Walters State Culinary Arts Center, Sevierville.

Green Society

The purpose of the Green Society is to promote the discipline of Ornamental Horticulture and Turfgrass at Walters State, to promote professional occupations, to develop confident and aggressive leadership and to encourage improvement in scholarship. Faculty advisors are Nicole Cardwell, Room 132-TECH.

History Society

The purpose of the History Society is to promote awareness of history through club activities. Faculty advisors are Mark Williams and Janice Justus, Walters State Sevier County Campus, Room 201.

Hospitality Management Student Association

The purpose of the Hospitality Management Student Association is to promote the awareness of the hospitality industry and the opportunities the industry has to offer through student activities. For additional information, contact Joe Fall, Room 110-WSSC.

Kappa Beta Delta

The purpose of Kappa Beta Delta shall be to encourage and recognize scholarship and accomplishment among students of business, management, and administration; and to encourage and promote aspirations toward personal and professional improvement and a life distinguished by honorable service to humankind. For additional information, contact the Business Division, Room 226-TECH.

Leadership Club

The purpose of the Leadership Club is to promote and establish the betterment of child care and child development. Also, to promote and establish outstanding leadership qualities in the field of child development. For further information contact Karen Stooksbury, Room 118A-TECH.
Music Club

The purpose of the Music Club is to promote musical activities and concerts on campus and throughout the community. It is also to enhance the experience that Walters State’s students will have in our music ensembles. Faculty advisor is Laura Ritter, Room 126-HUM.

Outdoor Club

The main purpose of the Outdoor Club is to encourage persons belonging to the WSCC community to share in the enjoyment of outdoor activities. No membership fees are required. Fortunately, the student activities fee has allowed the club to purchase equipment. Membership only involves participation and students may attend any activity scheduled during the year without previously being considered a member. Faculty advisor is Gary Acquaviva, Room 148A-HUM.

P.A.R.A. (Professional Ambulance and Rescue Association)

The purpose of P.A.R.A. is to promote and enhance emergency medical service awareness and education throughout the community as a whole. Faculty advisor is Greg Miller, Room 140A-PSC.

Phi Theta Kappa

The Alpha Beta Iota Chapter of Phi Theta Kappa International Honor Society received its charter May 8, 1975. Phi Theta Kappa is the only honor society recognized by the American Association of Community and Junior Colleges. Membership is by invitation and is based upon academic excellence. The purpose of Phi Theta Kappa is to promote scholarship, leadership, fellowship, and service between the college and community. Faculty advisors are Kathy Smith, Room 109F-HUM, Karla Martin, Room 237-MBSS, and Crystal Rice, Room 236-MBSS.

Physical Therapist Assistant Club

The purpose of the PTA Club is to provide interested students with an organization to further develop PTA students’ career opportunities and to enhance their knowledge of current developments in the field of physical therapy. Proposed activities include conducting meetings to discuss problems members may be having, as well as providing a forum for former PTA students to speak on experiences in the profession. Members may attend state and national seminars to further their professional development. For additional information contact K.C. Cornett, Room 106C-TECH.

Respiratory Care Organization

The purpose of the Respiratory Care Organization is to foster interest in the Respiratory Care profession. For additional information, contact Bob McGee, club advisor, at the WSCC Greeneville/Greene County Center.

Science Club

The purpose of the Science Club is to provide an atmosphere of scientific learning, interaction and problem-solving through the use of structured brainstorming, guest speakers, field trips, and individual and group projects. For further information contact Dr. Lawrence Kennard, Room 124-NSCI.

Social Science Club

The purpose of the Social Science Club is to provide academic career advising for social science majors - Sociology, Psychology, Social Work, and Anthropology, to offer opportunities for contact with professionals and social institutions related to social sciences as a career choice, to provide activities for social science majors and to provide opportunities for community service experience. Faculty advisors are Dr. Chris Baker, Aubrey Shoemaker, Janice Donahue, and Melissa Duff.

Student Nurses’ Association

WSCC’s nursing program became an official constituent member in 1999. The mission of the Student Nurse Association is to promote the development of skills that students will need as responsible and accountable members of the nursing profession, and to advocate for high quality health care. Faculty members serve as advisors (Room 106-TECH) and serve as organizers, representatives and mentors for the students.

Student Tennessee Education Association (STEA)

The purpose of the Student Tennessee Education Association is to promote leadership training for future teachers, to provide special services for all field experience, to serve as an active voice for student teachers, and to meet other student education classes in Tennessee as part of the Student National Education Association. Faculty advisor is Dr. Judy Morgan, Room 119-MBSS.

Students in Free Enterprise (SIFE)

The purpose of the SIFE Club is to promote the U.S. free market economy and the free enterprise system through student-established and student-directed economic education programs. Faculty advisor is Dr. Orville E. Bach, Jr., Room 228-TECH.

WSCC Cheerleading Squad

The WSCC Cheerleading Squad presently consists of 14 members. The squad is chosen by a panel of judges at the beginning of each academic year. The selection is based on the applicant’s enthusiasm, appearance and skill. The cheerleading sponsor is Polly Johnson. For further information, contact the Student Affairs Office, CCEN Room 120.

WSCC Mascot

The Walters State mascot performs at basketball games in conjunction with the Cheerleading Squad and on other occasions by request. It is the responsibility of the mascot, or "Senator", to engender school spirit and audience participation and to project a healthy and positive image of the Walters State family.

STUDENT ACTIVITIES PROGRAM

Faculty Advisors

Members of the Walters State administrative staff or faculty are appointed to supervise each official college extra-class activity. It is the purpose of this person to ensure the activity is conducted safely, in compliance with college policies, does not infringe upon the rights of others, and meets the objectives for which the activity was planned. Each request for approval of an extra-class activity which is submitted to the office of the vice president for Student Affairs for approval must include the name of the faculty person or administrator who is to supervise the activity.

Student Activities/Access Fee

The president of Walters State Community College, after a recommendation by the Student Government Association and approval by the student body, approved the collection of a $5 activity/access fee from each student enrolled in a credit course on campus during each semester of the academic year. This action was taken pursuant to authority granted the college and the Student Government Association by Chapter 606 of the Tennessee Public Acts of 1978. The collection of this fee will be beneficial to Walters State’s students by (1) providing additional scholarships
to WSCC students, (2) increasing the amount of major student activity programming, (3) assisting all student organizations by providing funding for operational budgets and operational needs, and (4) supplementing the Student Government Association budget so as to increase the organization's ability to deliver improved services to students.

**Intramural Athletics**

In recognition that physical fitness should be a life-long objective and that competition is inherent to the American way of life it is natural to combine the two in athletics. It is believed that there is much to be learned as well as enjoyed through participation in a wide variety of games and sports. Since it is possible for only a small percentage of the students enrollment to participate in intercollegiate athletics, students are encouraged to participate in the comprehensive WSCC Intramural Program.

The objectives of the WSCC Intramural Program are to:

1. Provide a wide program of athletic competition for students and faculty in both individual and team sports.
2. Provide the opportunity for each team or individual to participate in as many games or matches as possible.
3. Involve as many students as possible in as many different sports as possible.
5. Insure proper supervision and quality officiating to maintain fair and safe play.

Intramural activities will include foosball, flag football, basketball, co-ed basketball, ping-pong, softball, and co-ed softball. Tournaments will be conducted in many of these activities. Tournament registration dates will be published in the weekly Bulletin. Students are encouraged to participate in the intramural program and also to offer suggestion which may lead to its improvement. Schedules for intramural competition will be posted on INFO SYS and listed in the weekly Bulletin and college newspaper. For more information or details on any intramural activity, please contact the office of the administrative coordinator for Student Activities and Student Services.

**Entertainment**

Many outstanding entertainment programs are brought to the Walters State campus each year for your pleasure and personal development. Outstanding artists and lecturers from Los Angeles, Chicago, New York, and Atlanta appear on our campus throughout the year to present very fine musical, dramatic, comedy, and lecture-type programs. In addition, many fine musical, dance, and drama groups from local colleges and universities appear to contribute their talents throughout the year.

We suggest that you plan your study, lab, and library work periods so that nothing will prevent you from enjoying these fine performances which are brought here only for you.

Watch for these outstanding events and join us in attending as many as you possibly can. They will be advertised through various media, i.e., weekly Bulletin, flyers, and posters.

**Social Activities**

Many social activities are planned around the nucleus of student clubs and organizations. In addition, several college sponsored activities are planned throughout the year. These are publicized and announced well in advance so that you may make plans to attend. These activities are provided for you, and we hope that you will find time to attend as many of these as you possibly can.

**Honors**

Each year the Student Affairs Division, in cooperation and coordination with the staff and faculty, sponsors a Student Honors Day for the purpose of recognizing those students who have been leaders and outstanding participants in academic and student development activities at Walters State during the year. Honors currently awarded include the following:

**President's Award for Most Outstanding Student** - The President's Award is presented to the student who is considered to be the outstanding Walters State student for the academic year. The recipient is recommended by a committee of faculty members and administrators appointed by the President. Criteria considered by the committee in making the recommendation are scholarship, character, and participation and leadership in academic and student development activities. The final selection is made by the President.

**Who’s Who Among Students in American Junior Colleges** - The staff and faculty select students each year from the sophomore class whose academic standing, participation in co-curricular activities, and community service are decidedly above average. Each faculty member and administrator in the college has an opportunity to nominate students to receive this award. Specifically, the award is based upon scholarship, participation, and leadership in academic and co-curricular activities, citizenship and service to the college, and promise of future usefulness.

**Academic Awards** - Awards are given in a variety of academic areas. The award areas are determined each year by the Academic Affairs Committee.

**Athletic** - Awards are given in men’s basketball, women’s basketball, and baseball.

**Student Organizations** - All club presidents who have had a successful year will be recognized and receive an award for their specific organization. Special recognition is given to each member of the student newspaper, the Statesman, the Student Government Association, and the Senator’s Pages.

**STUDENT PUBLICATIONS**

All student publications are official college publications and are representative of the total campus. Student publications have faculty, staff, and student editors. Students are needed and urged to join the staff of these publications as your contributions are vital to their success. Additional information may be obtained from the editors or the office of the vice president for Student Affairs, Room 120-CCEN.

**Statesman**, the college newspaper of Walters State, is non-commercial in scope and published twice each semester. Its aim and purpose is:

1. To report news events of specific interest to all students, faculty, administrators and alumni of the college and to give equal voice to the views and opinions of these groups;
2. To report news that is pertinent to campus interests but not limited to the campus events; and
3. To provide opportunities in journalistic training and experience on the basis of interest, ability, and responsibility.

The Statesman office is located in Room 219-CCEN. Gallery is an annual anthology of original literature edited and published under the auspices of the English Department. The purpose of Gallery is to provide recognition to students who have written creative works deemed meritorious by the English Department and to stimulate appreciation of the creative efforts of these students. The faculty and student editors are selected by the English Department.

Faculty advisor for the Gallery is Ms. Sarah Eichelman.
LIBRARY

The Library - a place which provides you with those materials that aid you with learning- is also a place to study or to pursue leisure and/or self-enrichment. You are encouraged to use the wide variety of available resources. The staff is here to provide assistance; feel free to ask.

Location
The Library is located at the north end of the campus.

Hours
When classes are in session: 8 a.m.-8:15 p.m., Monday through Thursday; 8 a.m.-4:15 p.m., Friday; 1:30-5:15 p.m. Sunday each semester except summer.
When classes are not in session: 8 a.m.-4:15 p.m., Monday through Friday.
The Library is closed when the administrative offices are closed.

Loan Period of Materials
Books from the general collection may be checked out for a period of four weeks. Reference books and periodicals are available for use in the Library.
The Library will have books, articles, tapes, and other materials placed on reserve by the faculty for student use. These materials are limited in number and have a short loan period in order that more students may have access to them.
All materials become due on the last day of exams.

Materials can be recalled before the date due if they are to be placed on reserve for a class.
The type of loan periods are:
1. Library Use Only - These materials may not leave the Library.
2. Overnight - These materials may be checked out during the last hour open and are due at the first hour of the next opening day.
3. 24-hour Check-Out - These materials are due 24 hours from the time of check-out.
4. 3-Day Check-Out - Materials are due within three days of check-out.
5. One-Week Check-Out - Materials are due within one week of check-out.
6. Semester Check-Out - Materials are due one week prior to the end of the semester.

AV Materials and Equipment
The AV materials and equipment support the instructional program at WSCC and are available to the classroom instructor and the students of that class.
Televisions are available for use in study rooms on the first floor of the Library.

Student Reserve
Students may reserve or place a “hold” on a four-week book that has been checked out by another student. When the book is returned, the student that requested the “hold” will be notified and given three days to pick up the book. If the book is not picked up, the book will be returned to the shelf.
The material placed on reserve by a faculty member for a class has a high demand. Since holding these materials for a student may deprive others from having access, we do not place a “hold” on materials reserved by faculty for a class or on textbooks.

Renewing Materials
A book may NOT be renewed for a second four-week period. Short-term loan materials cannot be renewed. However, if the materials are still in the Library 24 hours later, they may be checked out again by the person who returned them.

Returning Materials
Audiovisual materials and equipment must be returned to the Library circulation (check-out) desk. Books may be returned to the circulation desk or the book drop adjacent to the Library.
All books and materials must be returned each semester to permit the release of grades, further course enrollment, or the transfer of official records.
Materials that have been mutilated or lost are the responsibility of the borrower. The borrower will pay the list price of the materials plus a fee of $8 for periodicals, books, and/or materials.

Reference Materials
Reference materials located in the Information Center do not normally circulate. Reference librarians are available for consultation and special requests.

Card Catalog - Electronic
All materials, whether print or non-print, will be listed in the electronic card catalog by author, title, and subject. The catalog is on the Internet and can be accessed through the Walters State Library web site at www.ws.edu/library.

Student Tutoring
Math and English tutoring services are available in the Library.

Location of Materials
The general book collection is placed on open shelves using the Library of Congress Classification System. The Law Section (K-) is divided into two sections. The first section is labeled LAW REF followed by the call number. These are non-circulating materials for Library Use Only. The second section is located immediately following the LAW REF section and is circulated in the usual procedure.
POLICY ON USE OF CAMPUS PROPERTY AND FACILITIES

Purpose
The purpose of this policy is to provide a uniform basis upon which the institutions and area vocational-technical schools governed by the Tennessee Board of Regents can regulate the use of campus property and facilities by affiliated and non-affiliated groups, organizations and individuals. The policy is intended to provide a system of regulations calculated to promote the orderly conduct of activities on campus property and in campus facilities; to prevent the interruption of or interference with normal missions, processes and functions of the institutions and schools; to promote an educational rather than commercial atmosphere on campus; to prevent commercial exploitation of students; to preserve residential tranquility and to prevent use of campus property and facilities contrary to federal, state or local law or regulation, or policies or regulations of the Board of Regents or the institutions and schools.

Definitions
1. For the purposes of these regulations, the following definitions shall apply:
   a. “Student” - a person who is registered for a credit course or courses, or a non-credit course or program at the institution or school, including any such person during any period which follows the end of an academic period which the student has completed until the last day for registration for the next succeeding regular academic period.
   b. “Guest” - a person invited by a student, official or employee of the institution or school to visit the campus at a specific time and place.
   c. “Affiliated Group or Organization” - an officially registered student group or organization, or a group or organization funded by and/or sponsored by the institution or school or a group or organization of faculty or other employees of the institution or school approved by the president or area school director. The term shall include any alumni association, booster club, etc., which is organized and operated for the benefit of the institution or school.
   d. “Non-affiliated Group or Organization” - any group organization which is not an “affiliated group or organization”.
   e. “Affiliated Individuals” - persons connected with the institution or school including the institution’s or school’s students, faculty, staff and guests.
   f. “Non-affiliated individual” - Any person who is not an “affiliated individual.”

Access to Campuses
1. The campuses and facilities of the institutions and schools are restricted to students, faculty, staff and guests of the institutions or schools, except when part or all of a campus, its buildings or facilities are open to the general public for a designated time and purpose, or when use by non-affiliated groups, organizations or individuals has been granted or approved pursuant to the provisions of this policy or the policy of the individual institution or school.
2. All persons on the campus of any institution or school shall be subject to all rules and regulations of the institution or school, and the Board which are applicable to the conduct of students on campus, and to all applicable federal and state laws and regulations. In addition, all persons who operate motor vehicles on the campus of any institution or school agree by such operation to be subject to institution or school, and Board rules, regulations, policies and procedures of traffic and parking.
3. All persons on the campus of any institution or school shall provide adequate identification upon request to appropriate officials and security personnel of the institution or school. Personnel and students of the institution or school who refuse to provide such identification may be subject to disciplinary action. Other persons who refuse to provide identification shall be requested to leave the campus, and if they refuse, may be subject to lawful removal and prosecution.

General Conditions for Use of Property and Facilities
1. Use of campus property and facilities, pursuant to prior approval as hereinafter required for meeting or other activities, is subject to limitations on the number of persons who may attend in accordance with appropriate building and fire codes and safety standards.
2. Regulations of the individual institutions and schools which relate to the conduct of assemblies, meetings and demonstrations of affiliated groups, organizations and individuals shall apply to assemblies, meetings and demonstrations of non-affiliated groups, organizations and individuals.
3. Sound amplification equipment may be used by groups, organizations and individuals at assemblies, meetings and demonstrations only when prior approval has been granted by the appropriate official of the institution or school; provided, however, that such sound amplification is subject to reasonable regulation by the institution or school with respect to time, place, manner and volume.
4. Institution or school equipment may be used in connection with the use of campus property and facilities only with the approval of, or under the supervision of approved institution or school personnel.
5. Each institution and school shall establish a system whereby affiliated groups, organizations and individuals are given priority in the use of property and facilities. This system may result in a request for use submitted by a non-affiliated group, organization or individual being held in excess of the seven-day period referred to in Section “General Procedure-Application for Use of Property or Facilities,” Paragraph 3. Such requests will be held and considered in the order received. The decision to grant or deny the requests will be made at least 10 working days prior to the date of the requested use.
6. Campus property and facilities may not be used by any non-affiliated group, organization or individual for the conduct of profit-making activities except when a rental or lease agreement is negotiated and the institution or school receives a fair rental value for the property or facilities used. Rental or lease agreements may be required for non-profit activities of non-affiliated groups, organizations or individuals provided that rental charges for such use may be reduced or waived in the discretion of the institution or school depending upon the nature and extent of the proposed use.
7. Rental rates may include the fair market of providing the property or facilities which may include overhead, depreciation, maintenance and security expenses. Rental charges may be based in part upon a fixed percentage of the gross receipts of the activity with a minimum of rental charge for use of the facilities.
8. All rental or lease agreements between the institution or schools and non-affiliated groups, organizations, or individuals must be approved by the Chancellor or the Board of Regents, or designee is such agreement deviates from Guideline G-030.
9. In utilizing campus property or facilities, non-affiliated groups, organizations and individuals shall provide: 1) adequate bond or other security for damage to the property or facilities during the period of the use; 2) personal injury and property damage insurance coverage; 3) a performance bond or insurance guaranteeing or insuring performance of its obligations under the contract; and, 4) other types of insurance in such amounts as are designated by the institution or school; provided, that the institution or school may waive the requirements of security, performance bond or insurance coverage.

10. All non-affiliated groups, organizations and individuals agree, by making applications for registration of an activity and by subsequent use after approval by the institution or school, to indemnify the institution or school and hold it harmless from any and all liabilities arising out of such group’s, organization’s or individual’s use of the property and/or facilities of the institution or school, including, but not limited to, personal injury, property damage, courts costs and attorney fees.

11. Affiliated groups, organizations and individuals may be assessed the cost of providing maintenance and/or security required as a result of their use of campus property or facilities.

General Procedure - Application for Use of Property of Facilities

1. Regular or special meetings of affiliated groups or organizations may be planned and scheduled according to procedures established by this policy, or according to procedures established by the individual institution or school. All other gatherings at a central location on campus property which are sponsored or instigated by affiliated groups, organizations or individuals may be permitted without prior registration only at such times and locations as may be designated by the president of the institution or the director of the area school, or designee.

2. Any affiliated group, organization or individual desiring to use campus property or facilities at any time, and/or locations other than those designated pursuant to paragraph 1 above, and all non-affiliated groups, organizations or individuals desiring use of campus property or facilities must submit a written application for registration of the proposed activity at least 14 days in advance (excluding weekends and holidays) to the appropriate official at the institution or school; provided, however, that the president of the institution or director of the area school or designee, may approve applications for registration filed at a later time upon such official’s determination that the use of property requested can be reasonably accommodated and that adequate cause exists for late filing of the application for registration. Approval of late applications shall be within the sole discretion of the president of the institution or the director of the area school, or designee. The decision of such official is final. Applications shall be submitted on a form designated by the Chancellor of the Board of Regents, or designee.

3. With the exception of the provision found at Section “General Conditions for Use of Property or Facilities,” Paragraph 5, written notice of approval or disapproval of the proposed use of campus property or facilities shall be made available to the applicant group, organization or individual within seven days (excluding weekends and holidays) from the time an application for registration is submitted to the appropriate official at the institution or school, at the office of the designated official at the institution or school. Notice of disapproval of the proposed use shall include the grounds for disapproval. Notices will not be mailed or delivered; it shall be the responsibility of the applicant to inquire at the office of the designated official as to the decision concerning the application, and the time and location in which the activity is authorized.

4. No assembly, meeting, demonstration or other activity shall be authorized or permitted on any property or in any building or facility, and an application for registration may be denied when:
   a. A determination is made that the requested use would be contrary to federal, state or local law or regulation, or policies or regulations of the Board of Regents, the institution or school.
   b. A determination is made that the proposed activity is of such nature or duration that it cannot be conducted in the course of its lawful mission, processes and functions.
   c. The applicant or sponsor of the activity has not fully provided accurate or complete information required on the application for registration.
   d. The applicant or sponsor of the activity has been responsible for violation of subparagraphs a, b, or c above during a previously registered use of campus property or facilities, or has violated any conditions or assurances specified in a previous registration application and the institution or school has reasonable cause to believe such violation will reoccur.
   e. Approval for use of the property or facilities has previously been given to another group, organization or individual for the time(s) and location(s) requested.
   f. Use of the property or facilities requested would be impossible due to set-up time and/or take-down time required for other previously scheduled activities at the requested location immediately before and/or after the requested use, or due to other extenuating circumstances.
   g. The activity is of such nature or duration that it cannot reasonably be accommodated in the particular area for which application is made, provided that in such event, an alternative on-campus site, if available for the activity, shall be proposed by the institution or school.
   h. The activity creates or would create a danger, or dangerous condition impacting on the health, safety, and welfare of others.
   i. Such use conflicts or would conflict with existing contractual obligations of the institution or school.

5. Any group, organization or individual whose timely application for registration for use of property of facilities of the institution or school is denied for reasons cited in subparagraphs a, b, d, g, h, or i of paragraph 4 above shall have the right to appeal that denial to the president or area school director, or designee. Notice of appeal shall be made in writing during normal business hours of the institution or school no later than five days (excluding weekends or holidays) prior to the time of the proposed event. The decision of the president or the area school director, or designee, shall be made at least four days before the time of the event.

6. Affiliated and non-affiliated groups, organizations, or individuals may sell or distribute literature only in conjunction with their authorized presence on campus after such proposed sale or distribution has been registered with and approved by the appropriate official of the institution or school as specified in paragraph 2 above.
Particular Uses

1. Political Use
   a. The use of campus property or facilities for speaking engagements by candidates for political office or for other political activities whether at the request of an affiliated or non-affiliated group, organization or individual shall be subject to the registration requirements and procedures specified above and shall be subject to the regulations of the institution or school concerning other types of meetings or activities on campus property or in campus facilities.

b. When campus property or facilities are used for political purposes, reasonably equal opportunity shall be provided for presentation of all sides or views or reasonably equal access to the property or facilities shall be provided all sides.

c. No campaign posters, signs or other items of campaign or political advertising may be placed on campus property or facilities, except as specified in subparagraphs d and e below.

d. Students may place campaign posters, signs or other items of campaign or political advertising, whether pertaining to a campus or general election within dormitory residence provided such placement is made in such a way as to not damage or destroy campus property.

e. Affiliated and non-affiliated groups, organizations or individuals, with the exception of state employees, may place campaign posters, signs or other items of campaign or political advertising, whether pertaining to a campus or general election, on bulletin boards or other locations on campus specifically designated for such use by the institution or school. Any distribution of such material may be made only subsequent to the registration and approval process.

2. Religious Use
   a. Campus property and facilities may be utilized by affiliated groups or organizations for the purpose of religious worship or evangelical activities subject to the specified registration requirements and procedures.

b. Non-affiliated groups, organizations and individuals may utilize campus property and facilities on a temporary basis for the purpose of religious worship or evangelical activities subject to the specified registration requirements and procedures.

3. Literature Distribution or Sale
   a. Any proposed distribution or sale of literature by an affiliated or non-affiliated group, organization or individual is subject to the specified registration requirements and procedures.

b. Any literature which is, or which is proposed to be, distributed or sold shall comply with all applicable federal, state and local laws and regulations, and with the regulations and policies of the institution or school, and the Board of Regents. No obscene literature or material shall be distributed on any property owned or used by an institution or school.

c. No literature, material or other printed matter shall be sold or distributed within: 1) classroom, library or other academic building or facilities; 2) administrative and employee offices and work areas; or, 3) student residence halls, dormitories or apartment buildings. However, an institution or school may permit such sale or distribution in designated locations within the lobbies or other general use areas of the above buildings or other campus facilities designated for the placement of literature for distribution or sale.

d. Each institution and school shall designate the locations on campus which are available for the sale or distribu-
tion of literature. In addition to those areas designated in subparagraph c above, the institution or school shall prohibit the sale or distribution of literature in all areas where such would: 1) cause injury or damage to campus resources; 2) unreasonably impair the academic atmosphere of the campus; 3) unreasonably interfere with the academic program and other activities of the institution or school, or with the administrative functions of the institution or school; or, 4) substantially impair the use of facilities or services on the campus, or the flow of vehicular or pedestrian traffic.

e. No person, whether distributor or recipient of literature, shall cause any litter to occur on the campus of an institution or school, and literature shall only be discarded in trash receptacles on campus.

f. Persons engaged in the sale or distribution of printed matter shall not obstruct or impede pedestrians or vehicles, harass other persons with physical contact or persistent demands, misrepresent the purposes of affiliations of those engaged in the sale or distribution, or misrepresent whether the printed matter is available without cost or donations.

g. The institution or school shall have the right to terminate the distribution or sale of literature by any group, organization or individual which violates the provisions of this policy.

4. Solicitations

a. Except as is otherwise permitted by this provision, solicitation for purely commercial purposes is prohibited on all property owned or used by an institution or school, provided that solicitations by the institution or school and solicitations by vendors incidental to the institution or school pursuant to a contract between the institution or school and the vendor are permissible.

“Solicitation” will not be considered to include activities or events engaged in by affiliated groups, organizations or individuals for the purpose of raising funds to meet expenses of the group, organization or individual. The funds raised by such activities or events shall be used for the benefit of the group, organization or individual, or for charity and no funds shall be distributed to the officers, members, or any individual for personal profit or use. For purposes of this provision the following activities are not prohibited:

(1) Advertising, as permitted by this policy;

(2) Sale or distribution of commercial literature as permitted by this policy;

(3) Conversations or communications between a dorm resident and a properly admitted guest notwithstanding the commercial content of the conversation or communication; provided, however, other dorm residents may not be solicited for the purposes of selling a product or service or enrolling the individual in a contest, program or other commercial venture; or

(4) Conversations or communications between a resident of University owned apartments and a properly admitted guest notwithstanding the commercial content of the conversation or communication, provided the conversations or communications are confined to the specific unit of the resident inviting the guest or other area properly reserved by the resident for such purpose.

b. Solicitation and fund-raising activities other than for purely commercial purposes may be conducted on property owned and used by the institution or school by affiliated groups, organizations or individuals, charitable organizations holding such activities with the sponsorship of the institution or school or the State of Tennessee, or non-affiliated groups, organizations or individuals subject to the specified registration requirements and procedures of Section “General Procedure-Application for Use of Property or Facilities,” paragraphs 2 through 5.

c. No solicitation of charitable funds shall be permitted unless the group, organization or individual provides evidence to the institution or school demonstrating that the proposed activity is in accordance with, or exempt from, the provisions of T.C.A. Sections 48-3-501 through 48-3-518.

d. Solicitation in conjunction with the distribution of literature is subject to the provisions of Section “Particular Uses” paragraph 3.

e. Solicitation of dues and/or membership in an organization is permissible only by affiliated groups, organizations or individuals.

f. Solicitations shall only be permitted in those areas designated by the institution or school pursuant to the conditions of Section “Particular Uses,” paragraphs 3, subparagraphs c and d, application for registration of a solicitation may be denied for any of the reasons set forth in Section “General Procedure-Application for Use of Property and Facilities,” paragraphs 4 and 7; and persons engaged in solicitation shall comply with the provisions of Section “Particular Uses,” paragraph 3, subparagraph f.

g. No funds solicited on campus property shall inure to the benefit of any individual unless contributions are requested for the relief of an individual specified by name at the time of solicitations, and all funds contributed are turned over to the named beneficiary for use without any deductions whatsoever.

h. An institution or school may require any group, organization or individual to verify the use, application or disposition of funds solicited on campus property.

5. Advertising

a. No advertising signs, posters, or other material may be placed on any campus property or facility by any non-affiliated group, organization or individual; except that institutions and schools may permit advertising on specifically designated bulletin boards and other designated locations on campus. Affiliated groups, organizations and individuals may place advertising materials on campus property but only in such places as are designated by the institution or school.

b. Institutions and schools may authorize the inclusion of advertisements in appropriate campus publications for a reasonable fee.

c. Institutions and schools may permit limited advertising by groups, organizations or individuals when incidental to a donation of property or services to the institution or school pursuant to a contract with the institution or school.

Miscellaneous

1. Bulletin Boards

a. Bulletin Boards may be designated for use by specific groups, organizations or individuals. Those groups, organizations or individuals authorized to use a bulletin board, the type of materials which may be posted on a board, the maximum size and duration of any notice, and other special conditions on use shall be conspicuously posted on each board, and shall control use of the board when posted.
b. Each institution and school may require prior approval for the use of any or all bulletin boards on campus, and if required, the name of the official authorized to approve use of the board shall be posted on the board. Use of a board may be denied on the basis of one or more of the following: 1) the person or group is not authorized to use the board in question; 2) The material is not the type authorized for the board in question, or fails to meet any special conditions as posted on the board; 3) the material is obscene or otherwise violates any federal or state law or regulation of the institution or school; or 4) there is insufficient space available for the material on the board in question due to the previous posting of other materials.

2. The office of the official at each institution and school who is responsible for receiving and processing applications and registrations pursuant to this policy shall maintain a copy of the policy for inspection by groups, organizations, and individuals interested in the use of campus property and/or facilities and shall provide a copy of such policy upon request and payment of a reasonable charge.

3. Exceptions to this policy can be made upon approval of the Chancellor of the Tennessee Board of Regents.

guest speaker policy

Guest Speaker Policy
The following off-campus policy of the Board of Regents shall be applicable to all institutions in the State University and Community College System of Tennessee.

1. The colleges and universities in the State University and Community College System recognize the right of officially recognized student and faculty organizations and groups to hear off-campus, or outside speakers on the various campuses. However, there is no absolute right to assemble or to make a speech at any time or place regardless of the circumstances, content of speech, purpose of assembly, or probable consequences of such meeting or speech, and the issuance of invitations to off-campus or outside speakers for any meetings, activities or events on campus shall be limited in the following particulars:

a. A request to invite an outside speaker will be considered only when made by an officially recognized student organization or a faculty group recognized by the president of the college or university.

b. No invitation by such an organized group shall be issued to an outside speaker without the prior written approval of the president of the institution, or such person as may be designated (hereinafter referred to as an authorized designee): provided that the president of an institution may authorize organizations to invite guest speakers for meeting of the organization without prior approval where attendance at the meeting will be limited to members of the organization and where no fee or compensation will be paid to the speaker.

c. Any student or faculty organization meeting for which an outside speaker will be invited will be limited to members of the organization, provided that a request to invite an outside speaker may include a request to permit students or faculty members who are not members of the organization initiating the request, and/or other designated guest, to attend the meeting.

d. A request to invite an outside speaker to whom any payment would have to be from college or university funds is subject to the availability of funds specifically programmed for that purpose, and no payment of any funds shall be made except pursuant to the Board of Regents’ Guidelines for Personal Service, Professional Service, and Consultant Service Contracts. In the event any college or university funds are approved for payment, the meeting for which the outside speaker will be invited as to open to all students or all faculty members, or both, unless otherwise designated on the approval of the request.

e. Any speaker request shall be made in writing by an officer of the student or faculty organization desiring to sponsor the proposed speaker not later than 10 days (excluding holidays and weekends) prior to the date of the proposed speaking engagements; provided that the president or authorized designee may approve exceptions to the minimum notice requirement in appropriate cases; and further provided that in the event the proposed outside speaker will be paid a total fee and expenses in excess of $2,500, the request must be submitted no later than 30 days prior to the date of the proposed speaking engagement. The request shall contain the name of the sponsoring organization, the proposed date, time and location of the meeting, the expected size of the audience, the name and address of the proposed speaker, and the topic of the speech. Any request not acted upon by the president of the college or university or authorized designee, within five days (excluding holidays and weekends) prior to the event shall be deemed denied.

f. Any speaker request is subject to the availability of the requested meeting place for the meeting time and date requested. In the event the space requested is not available for the requested time and date of the meeting, or is otherwise inappropriate for the proposed meeting or the requested speaking engagement would cause substantial interference with the normal activities of the institution if conducted at the time and place requested, alternative meeting space which is available may be offered by the institution, or the sponsoring organization is free to request a more suitable date. Any space which is approved for a meeting is subject to limitations on the number of persons who may attend in accordance with appropriate building and fire codes and safety standards.

g. A request for an outside speaker by a recognized organization may be denied if the president of the college or university, or authorized designee, determines that the proposed speech will constitute a clear and present danger to the institution’s orderly operation by the speaker’s advocacy of such actions as:

1. The violent overthrow of the government of the United States, the State of Tennessee, or any political subdivision thereof; or

2. The willful damage or destruction, or seizure and subversion of the institution’s building or other property; or

3. The forcible disruption or impairment of, or interference with, the institution’s regularly scheduled classes, or other educational functions; or

4. The physical harm, coercion, intimidation, or otherwise invasion of lawful rights of the institution’s officials, faculty members, or students; or
SUMMARY OF DRUG-FREE CAMPUS/WORKPLACE POLICY

The following summary of Walters State Community College’s policy and penalties relative to controlled substances (illicit drugs) and alcohol, as required by the Drug-Free Schools and Communities Act Amendments of 1989, is being provided to each student enrolled at the college. As a student of Walters State, you are required to be knowledgeable of and comply with WSCC Policy No. 06:40:00 Drug-Free Campus/Workplace Policy, the applicable provisions of which are summarized below:

Standards Of Conduct

Walters State Community College employees and students are prohibited from engaging in the unlawful manufacture, distribution, dispensation, possession, use or being under the influence of illegal drugs or alcohol on the college campus, at off-campus facilities owned or controlled by the college or as a part of college sponsored activities. All categories of employees and students are subject to this policy and to applicable federal, state and local laws related to this matter.

Legal Sanctions Under Local, State, And Federal Law

Various federal, state and local statutes make it unlawful to manufacture, distribute, dispense, deliver, sell or possess with intent to manufacture, distribute, dispense, deliver or sell, controlled substances. The penalty imposed depends upon many factors which include the type and amount of controlled substance involved, the number of prior offenses, if any, whether death or serious bodily injury resulted from the use of such substance, and whether any other crimes were committed in connection with the use of the controlled substance. Possible maximum penalties for a first-time violation include imprisonment for any period of time up to a term of life imprisonment, a fine of up to $4,000,000 if an individual, supervised release, any combination of the above, or all three. These sanctions are doubled when the offense involves either: 1.) distribution or possession at or near a school or college campus, or 2.) distribution to persons under 21 years of age. Repeat offenders may be punished to a greater extent as provided by statute. Further, a civil penalty of up to $10,000 may be assessed for simple possession of “personal use amounts” of certain specified substances under federal law. Under state law, the offense of possession or casual exchange is punishable as a Class A misdemeanor. The penalty imposed depends upon many factors which include the type and amount of controlled substance involved, the number of prior offenses, if any, whether death or serious bodily injury resulted from the use of such substance, and whether any other crimes were committed in connection with the use of the controlled substance. Possible maximum penalties for a first-time violation include imprisonment for any period of time up to a term of life imprisonment, a fine of up to $4,000,000 if an individual, supervised release, any combination of the above, or all three. These sanctions are doubled when the offense involves either: 1.) distribution or possession at or near a school or college campus, or 2.) distribution to persons under 21 years of age. Repeat offenders may be punished to a greater extent as provided by statute. Further, a civil penalty of up to $10,000 may be assessed for simple possession of “personal use amounts” of certain specified substances under federal law. Under state law, the offense of possession or casual exchange is punishable as a Class A misdemeanor; if there is an exchange between a minor and an adult at least two years the minor’s senior, and the adult knew that the person was a minor, the offense is classified a felony as provided in T.C.A. S39-17-417. (21 U.S.C. 8801, et. seq.; T.C.A. S39-17-417)

It is unlawful for any person under the age of twenty-one (21) to buy, possess, transport (unless in the course of his employment), or consume alcoholic beverages, wine, or beer, such offenses being classified Class A misdemeanors punishable by imprisonment for not more than 11 months, 298.7d not more than $50, or both. (T.C.A. S39-17-310)

Health Risks Associated With the Use of Illicit Drugs and/or Abuse of Alcohol

Every drug, including alcohol, is a potential poison which may cause disability and death if it is taken incorrectly into the body, consumed in wrong amounts or mixed indiscriminately with other drugs. Drugs cause physical and emotional dependence. Drugs and their harmful side effects can remain in the body long after use has stopped. The extent to which a drug is retained in the body depends on the drug’s chemical composition, that is whether or not it is fat-soluble. Fat-soluble drugs such as marijuana, phencyclidine (PCP), and lyseric acid (LSD) seek out and settle in the fatty tissues. As a result, they build up in the fatty parts of the body such as the brain and reproductive system. Such accumulations of drugs and their
slow release over time may cause delayed effects weeks, months, and even years after drug use has stopped.

There are many health risks associated with the use of illicit drugs and the abuse of alcohol including organic damage; impairment of brain activity, digestion, and blood circulation; impairment of physiological processes and mental functioning; and, physical and psychological dependence. Such use during pregnancy may cause spontaneous abortion, various birth defects or fetal alcohol syndrome. Additionally, the illicit use of drugs increases the risk of contracting hepatitis, AIDS and other infections. If used excessively, the use of alcohol or drugs singly or in certain combinations may cause death.

**DRUG AND ALCOHOL COUNSELING, TREATMENT AND REHABILITATION PROGRAMS**

**College Health Clinic**

The Campus Nurse provides confidential counseling to students and employees on drug and alcohol related problems. This service is furnished at no cost to students or employees. Referral services are also provided for professional counseling, treatment and rehabilitation programs that are available in the local community. The cost of these professional services is normally the responsibility of the individual concerned or the individual’s insurance carrier. The Campus Nurse also coordinates the administration of the college Drug-Free Awareness Program.

**Penalties and Sanctions**

Appropriate action shall be taken in all cases in which faculty members, students or staff employees are determined to be in violation of the Drug-Free Schools and Communities Act Amendments of 1989 as implemented by this policy. Any alleged violation of the Act by a student of the college shall be reported to the vice president for Student Affairs. The circumstances surrounding the offense and the facts as determined by appropriate investigation will be fully reviewed prior to a decision on the action to be taken. Possible disciplinary sanctions for failure to comply with the provisions of this policy may include one or a combination of the following:

1. Probation;
2. Mandatory participation in, and satisfactory completion of a drug/alcohol abuse program, or rehabilitation program;
3. Suspension;
4. Referrals for prosecution;
5. Expulsion;
6. Other appropriate disciplinary action.

**Questions**

If you have questions or desire additional information concerning the provisions of this policy, please contact the vice president for Student Affairs.

**POLICY ON SMOKING/TOBACCO USE ON CAMPUS**

**Tobacco Smoking**

Effective September 23, 1987, the following policy applies to tobacco smoking in college facilities and vehicles.

1. **College buildings and indoor facilities** - Smoking is prohibited in all college buildings and indoor facilities.

2. **Grounds and open-air facilities** - Smoking is permitted on college grounds and in open-air facilities, with the understanding that the proper disposal of all waste products of smoking is required.

**Other Tobacco Use**

The use of mouth tobacco (to include dipping, chewing, etc.) is prohibited in all buildings owned or controlled by Walters State.

**SEX CRIMES PREVENTION ACT**

The federal Campus Sex Crimes Prevention Act and the Tennessee College and University Campus Sex Crimes Prevention Act of 2002 require that whenever a sex offender becomes employed, enrolls as a student or volunteers at an institution of higher education in the state of Tennessee, he or she must complete or update the Tennessee Bureau of Investigation (TBI) sexual offender registration/monitoring form and deliver it to TBI headquarters in Nashville. As defined in section 40-39-102 of the Tennessee Code, a “sexual offender” means a person who is, or has been, convicted in this state of committing a sexual offense or who is, or has been, convicted in another state or another country, or who is or has been convicted in a federal or military court, of committing an act which would have constituted a sexual offense if it had been committed in this state. A “sexual offense” means the commission of acts including but not limited to aggravated and statutory rape, sexual battery, sexual exploitation of a minor, aggravated prostitution, and kidnapping. Both acts designate certain information concerning a registered sexual offender as public information and therefore amend and supersede the Family Education Rights and Privacy Act (FERPA) and other federal and state laws that previously prohibited the disclosure of such personal information. Since the laws require the publication of information pertaining to sexual offenders employed, enrolled or volunteering at an educational institution, said publication does not constitute grounds for a grievance or complaint under institutional or Tennessee Board of Regents policies or procedures.

**WSCC Policy - Campus Sex Crimes Prevention Act**

The “College and University Security and Information Act” as enacted by the State of Tennessee and in conjunction with federal legislation, requires that each college make available certain information within the college’s community relative to safety and security matters. In this regard, Walters State Community College is providing the information contained herein to assure that the college’s community, students, faculty and staff are appropriately advised and informed relative to college security and safety procedures and applicable crime statistics.

In compliance with the federal Campus Sex Crimes Prevention Act and the Tennessee College and University Campus Sex Crimes Prevention Act of 2002, members of the campus community may obtain the most recent information received from the Tennessee Bureau of Investigation (TBI) concerning sex offenders employed, enrolled or volunteering at this institution at the Campus Police Office located in the Information Center. Information is also available on the TBI’s website listing of sex offenders located on the internet at [http://www.ticic.state.tn.us/SEX_ofndr/search short.asp](http://www.ticic.state.tn.us/SEX_ofndr/search short.asp).

To request a copy of the Campus Security Information, please contact the Campus Police Department:

Walters State Community College
Campus Police Department
500 S. Davy Crockett Parkway
Morristown, Tennessee 37813-6899
423-585-6752
A summary of the Walters State Drug-Free Workplace Policy, the Campus Sex Crimes Prevention Act, and the Campus Crime Statistics may be accessed through the Web at www.ws.edu (click on Admissions, then Campus Policies/Statistics. Statistics are available in the Campus Police office.

**PROCEDURES TO REPORT SEXUAL ASSAULT OR RAPE**

Walters State Community College will not tolerate sexual assault in any form. A student charged with sexual assault can be prosecuted under Tennessee criminal statutes and disciplined under the campus code of student conduct. Even if the criminal justice authorities choose not to prosecute, the campus can pursue disciplinary action. Procedures for on-campus disciplinary action in cases of alleged sexual assault which shall include a clear statement that the accuser and the accused are entitled to the same opportunities to have others present during a due process hearing; and both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding brought alleging sexual assault. This sanction includes the possibility of suspension or dismissal from the college.

Individuals are advised to immediately report all such incidents to Campus Police, located in the Information Center. The telephone number to Campus Police is 585-6752. The Campus Police Department has procedures for responding effectively to these sensitive crisis situations. In the alternative, an individual may report such an incident to the campus nurse who is located in Room 127-CCEN, 585-6820.

Individuals who are victims of sexual assault are asked not to engage in any type of personal hygiene before reporting an incident. In order to facilitate a thorough investigation, individuals are also asked not to wash clothing or dispose of any items that may be used as physical evidence.

College police staff will provide referrals for counseling, emotional support, legal and medical information, hospital and court accompaniment, and advocacy to sexual assault victims, their families and friends.

A sexual assault crisis center is located in Knoxville and the helpline number is 423-522-7273.

**MINORS ON CAMPUS POLICY**

Walters State Community College is an institution of higher education and as such must preserve conditions that will permit a proper learning and working environment at all times. Thus, minor children must not be left unsupervised on campus. It is not the intent of this policy to prevent children in the accompaniment of an adult from visiting the campus. However, consideration for the learning environment of the student, the work routine of staff employees, and the safety of the children requires that children may not accompany adults into classrooms, offices, or other work spaces as a babysitting function nor be left unsupervised in the hallways of buildings or on the grounds of the college.

In certain circumstances, children may be on campus for classes held for their benefit (EDU Camps, field trips, etc.). At such times, it is expected that the instructor or responsible adult will supervise the activities of the children, and that before and after the class an area will be designated for the children to await the arrival of their parents. It is the responsibility of the supervisor/instructor of these activities to explain these restrictions to the children and to monitor the enforcement where feasible.

**CODE OF COMPUTING PRACTICE**

Computer resources at Walters State Community College are available to all students, faculty, and staff for authorized use in a responsible, ethical, and equitable manner. It is important that all users of the computing facilities conduct their computing activities in this manner since they have access to many valuable and sensitive resources and their computing practices can adversely affect the work of other users.

The following constitutes a code of computing practices to be adhered to by all users of the computer systems.

1. Users must obtain official approval from the department responsible for use of the computing resources. Approval will not be granted to use computing facilities that do not conform to the missions, processes, and functions of the Institution.
2. Users of computing resources are expected to conduct themselves in a manner that does not constitute a danger or threat to any person's health, safety, or interfere with authorized individual and institutional activities. Use of computing resources to view or transmit obscene material is prohibited.
3. Users must not misuse, damage or misappropriate in any manner computing equipment, software, property, and other facilities and resources.
4. Users must utilize only those computers which have been authorized for their use and for the purposes for which the authorization was granted.
5. Users of the computer systems are responsible for the use of their computer accounts and, as such they should take precautions against others obtaining access to their computer accounts. This includes managing and controlling the use of individual passwords, operational activities, and resource utilization.
6. Users must follow the established procedures for accessing the computing systems. All computing work must be readily identified with the user’s own name and where applicable the relevant department name.
7. Users may not access, modify, or copy programs, files, data of any sort belonging to other users or to Walters State Community College without obtaining prior authorization to do so from the other user and/or department involved. Similar programs, subroutines, data, equipment, and other computing related resources may not be taken to other computer installations without the proper department and/or Walters State Computer Services Department authorization and a clearly defined understanding of the responsibilities associated with such action (e.g. security of access to the data at the other computer installation).
8. Users may not use programs, data, equipment, and other computing related resources or other computer sites at Walters State for other than officially scheduled and sanctioned academic and administrative purposes unless prior approval has been obtained from the department respon-
sible for the computer and the Walters State Associate Vice President for Computer Services.

9. Users should minimize the impact of their work on the work of other Users. Attempts should not be made to encroach on others’ use of the facilities or deprive them of resources. Game-Playing that is not part of an authorized program of study must not interfere with users’ rights to access a system for educational purposes.

10. Users must not attempt to modify system facilities and/or subvert the restrictions associated with their assigned use of computers.

The above code is intended to work to the benefit of all Computer Services users by encouraging responsible conduct and use of computing resources. Disciplinary action for violating this code shall be governed by the applicable provisions of student handbooks, faculty and staff handbooks, and other policies and procedures of Walters State Community College, its governing body, the Tennessee Board of Regents and the applicable state and federal laws. The General Regulations on Student Conduct and Disciplinary Sanctions outline some, but are not limited to, actions that may be taken either singularly or in combination by the Institution against violators of this code.

GENERAL REGULATIONS ON STUDENT CONDUCT AND DISCIPLINARY SANCTIONS

Institution Policy Statement

1. College students are citizens of the state, local and national governments, and of the academic community. As such, they are expected to conduct themselves as law-abiding members of each community at all times. Admission to an institution of higher education carries with it special privileges and imposes special responsibilities apart from those rights and duties enjoyed by non-students. In recognition of the special relationship that exists between the institution and the academic community which it seeks to serve, the Tennessee Board of Regents has authorized the President of the college to take such actions as may be necessary to maintain campus conditions and preserve the integrity of the institution and its educational environment.

2. Pursuant to this authorization, the college has developed the following regulations that are intended to govern student conduct on the campus. In addition, students are subject to all federal, state and local laws and ordinances. If a student’s violation of such laws or ordinances also adversely affects the institution’s pursuit of its educational objectives, the institution may enforce its own regulations regardless of any proceedings instituted by other authorities. Conversely, violation of any section of these regulations may subject a student to sanctions by the institution whether or not such conduct is simultaneously violative of state, local, or federal laws. Additionally, all allied health and nursing students are subject to alcohol and drug testing as required by clinical agencies or under “reasonable suspicion testing” as stated in each allied health and nursing program handbook.

General Offenses

1. Through appropriate due process procedures, institutional sanctions shall be imposed for conduct that adversely affects the institution’s pursuit of its educational objectives, which violates or shows a disregard for the rights of other members of the academic community, or which endangers property or persons on institution or institution-controlled property.

2. Individual or organizational conduct which is subject to sanction shall include but not limited to the following:
   a. Conduct dangerous to others. Any conduct which constitutes a serious danger to any person’s health, safety, or personal well-being; including any physical abuse or immediate threat of abuse;
   b. Hazing. Hazing means any intentional or reckless act in Tennessee on or off the property of any higher education institution by one student acting alone or with others which is directed against any other student, that endangers the mental or physical health or safety of that student, or which induces or coerces a student to endanger such student’s mental or physical health or safety. Hazing does not include customary athletic events or similar contests or competitions, and is limited to those actions taken and saturations created in connection with initiation into or affiliation with any organization.
   c. Disorderly conduct. Any individual or group behavior which is abusive, obscene, lewd, indecent, violent, excessively noisy, disorderly, or which unreasonably disturbs other groups or individuals;
   d. Obstruction of or interference with institutional activities or facilities. Any intentional interference with or obstruction of any institutional activity, program, event, or facilities, including the following:
      (1) Any unauthorized occupancy of institution or institutional-controlled facilities or blockage of access to or from such facilities.
      (2) Interference with the right of any institution member or other authorized person to gain access to any institution or institutional controlled activity, program, event or facilities.
      (3) Any obstruction or delay of a campus police officer, fireman, or any institution official in the performance of his/her duties.
   e. Misuse of or damage to property. Any act of misuse, vandalism, malicious or unwarranted damage or destruction, defacing, disfiguring or unauthorized use of property belonging to the institution including, but not limited to, fire alarms, fire equipment, elevators, telephones, institution keys, library materials and/or safety devices; and any such act against a member of the institution community or a guest of the institution.
   f. Theft, misappropriation, or unauthorized sale. Any act of theft, misappropriation, or unauthorized sale or purchase of institution property or any such act against a member of the institution community or a guest of the institution.
g. Misuse of documents or identification cards. Any forgery, alteration of, or unauthorized use of institution documents, forms, records or identification cards, including the giving of any false information, or withholding of necessary information, in connection with a student's admission, enrollment or status in the institution;

h. Firearms and other dangerous weapons. Any possession of or use of firearms or dangerous weapons of any kind. No firearms shall be permitted on the college campus or worn by any person at any time except as provided in T.C.A. § 39-17-1309.

i. Explosives, fireworks, and flammable materials. The unauthorized possession, ignition or detonation of any object or article which would cause damage by fire or other means to persons or property or possession of any substance which could be considered to be and used as fireworks;

j. Alcoholic beverages. The use, possession, distribution, sale or manufacture of alcoholic beverages, or public intoxication on property owned or controlled by the institution; at an institution-sponsored event; on property owned or controlled by an affiliated clinical site; or in violation of any term of the Walters State Community College Drug-Free Campus/Workplace Policy Statement.

k. Drugs. The unlawful use, possession, distribution, sale or manufacture, of any drug, drug paraphernalia, or controlled substance (including any stimulant, depressant, narcotic, or hallucinogenic drug or substance, or marijuana), being under the influence of any drug or controlled substance, or the misuse of legally prescribed or "over the counter" drugs on property owned or controlled by the institution; at an institution-sponsored event; on property owned or controlled by an affiliated clinical site; or in violation of any term of the Walters State Community College Drug-Free Campus Workplace Policy Statement.

l. Gambling. Gambling in any form;

m. Financial irresponsibility. Failure to meet financial responsibilities to the institution promptly including, but not limited to, knowingly passing a worthless check or money order in payment to the institution or to a member of the institution community acting in an official capacity;

n. Unacceptable conduct in hearings. Any conduct at an institutional hearing involving contemptuous, disrespectful, or disorderly behavior, or the giving of false testimony or other evidence at any hearing;

o. Failure to cooperate with institutional officials. Failure to comply with directions of institutional officials acting in the performance of their duties;

p. Violation of general rules and regulations. Any violation of the general rules and regulations of the institution as published in an official institutional publication, including the intentional failure to perform any required action or the intentional performance of any prohibited action;

q. Attempts and aiding and abetting the commission of offenses. Any attempt to commit any of the foregoing offenses or the aiding and abetting of the commission of any of the foregoing offenses (an "attempt" to commit an offense is defined as the intention to commit the offense coupled with the taking of some action toward its commission.);

r. Violations of state or federal laws. Any violation of state or federal laws or regulations proscribing conduct or establishing offenses, which laws and regulations are incorporated herein by reference.

3. Sanctions may be imposed against a student for violations of the foregoing Regulations which occur on institutional-owned, leased, or otherwise controlled property, or which occur off-campus when the conduct impairs, interferes with or obstructs any institutional activity or the missions, processes and functions of the institution. In addition, sanctions may be imposed on the basis of any conduct, on or off-campus, which constitutes a substantial threat to persons or property within the institutional community.

4. For the purposes of these Regulations, a “student” shall mean any person who is registered for study at the college for any academic period. A person shall be considered a student during any period which follows the end of an academic period which the student has completed until the last day for registration for the next succeeding regular academic period, and during any period while the student is under suspension from the institution.

Academic and Classroom Offenses

1. The classroom instructor has the primary responsibility for maintaining academic integrity and controlling classroom behavior.

2. Individual or group conduct subject to sanctions shall include but not be limited to the following:
   a. Plagiarism, cheating, and other forms of academic dishonesty. Students guilty of academic dishonesty either directly or indirectly through participation or assistance are immediately responsible to the instructor of the class.
   b. Violent or disruptive behavior. Any individual or group behavior that unreasonably interferes with instructional activities during class sessions.
   c. Other conduct described in the section, General Offenses, if such offenses occur in the classroom.
   d. Other conduct described in handbooks for specific programs of study.

3. The classroom instructor has the authority to sanction a student engaged in conduct that is disruptive or conduct that violates these Regulations or regulations specified in handbooks for specific programs:
   a. The instructor can assign an “F” or a “zero” for the exercise or examination, or assign an “F” in the course.
   b. The instructor can order that the student be temporarily removed or excluded from the classroom. Additionally, the student may be sanctioned as defined in the next section of the College catalog or in a handbook for a specific program of study. Extended or permanent exclusion from the classroom or further sanctions can be imposed only through appropriate procedures of the institutions.

4. The student may appeal these sanctions through the appropriate institutional procedures. The section, Due Process Procedures, describes the institution's disciplinary and appeal processes available to the student.

Sanctions

1. Upon a determination that a student or organization has violated any of the Regulations, the following disciplinary sanctions may be imposed, either singly or in combination, by the appropriate institution officials.

2. Definition of Sanctions:
   a. Restitution. A student who has committed an offense against property may be required to reimburse the institution or other owner for damage to or misappro-
Due Process Procedures

1. General Statement.
   a. Walters State Community College has proceedings that facilitate avenues of communication between students, faculty, and staff which provide for the transmission of constructive ideas in the solution of incidents related to General Offenses and Academic and Classroom Offenses.
   b. The administration of incidents relating to General Offenses on the campus of Walters State Community College that violate College and Tennessee Board of Regents policies and standards of conduct contained herein and in the college catalog is a function of the vice president for Student Affairs and/or the appropriate Walters State Community College adjudicating body. The administration of incidents related to Academic and Classroom Offenses is a function of the vice president for Academic Affairs and/or the appropriate Walters State Community College adjudicating body. The vice presidents and/or other authorized college personnel are responsible for investigating alleged offenses. In all cases proper procedural safeguards will be used to assure due process.

2. Hearing Procedures.
   a. All cases which may result in (i) suspension or expulsion of a student from the institution, or (ii) revocation of registration of a student organization during the term of the registration are subject to the contested case provisions of the Tennessee Uniform Administrative Procedures Act (TUAPA) and shall be processed in accordance with the uniform contested case procedures adopted by the Tennessee Board of Regents unless the student waives those procedures in writing and elects to have his or her case disposed of in accordance with the College Due Process Procedures.
   b. All cases which are not subject to the contested case procedures under the TUAPA and all cases in which the student has waived the contested case procedures in writing are eligible to be disposed of in accordance with the College Due Process Procedures if a written appeal is received in the office of the President within ten (10) days following notification of the sanction imposed.

3. College Due Process Procedures.
   A student charged with a General Offense or Academic and Classroom Offense who elects this course of action shall be called before the College Due Process Committee, and the following procedures shall apply:
   a. The student shall be informed, in writing, of the charges being brought against his/her and the rule or regulation allegedly breached.
   b. The student shall be given the name(s) of witness(es) bringing charges and a written report on the facts to which each witness testified.
   c. The student shall be informed of the time, place, and date of the College Due Process Committee hearing which shall be held within ten (10) days of the date of notification.
   d. The student may request a public hearing.
   e. The student shall be given the opportunity to hear and question witnesses against his/her and to present oral and written evidence in his/her defense.
   f. The student shall have the right to be assisted in his/her defense by an adviser of his/her choice. The adviser’s participation shall be limited, however, to advising the student and shall not include representing the student.
   g. All evidence upon which the decision is made shall be presented at the proceedings of the College Due Process Committee hearing.
   h. Following the hearing, the College Due Process Committee shall submit its recommendation to the President for final approval.
i. The decision of the President shall be final subject only to any appeal provided by policies of the Tennessee Board of Regents.

4. Cases of alleged sexual assault.
   a. Both the accuser and the accused are entitled to the same opportunity to have others present during a disciplinary proceeding; and
   b. Both the accuser and the accused shall be informed of the outcome of any due process proceeding involving allegations of sexual assault.

TRAFFIC AND PARKING INFORMATION

1. General Statements
   a. These regulations are established and are applicable to all students, faculty, staff and visitors on the Walters State Community College campus. Students abide by these regulations as a condition of attendance at the college. Staff and faculty must obey them as a condition of employment.
   b. The purpose of these regulations is to facilitate the safe and orderly conduct of college business and to provide parking facilities in support of this function within the limits of available space.
   c. The Campus Police Department is required to implement and enforce these regulations.
   d. The college shall have no responsibility for loss or damage to any vehicle or its contents operated or parked on the college campus. All personnel parking vehicles on the campus are reminded that they should remove the keys from the switch, lock the doors, and not have valuables exposed in the car.
   e. Pedestrian traffic has right-of-way on campus.
   f. The use of bicycles, which require no registration, is encouraged on campus.

2. Parking Regulations
   a. Students, faculty, and staff should park only in the appropriate designated areas. The designated areas are identified by appropriate signage.
   b. Vehicles are not to be parked at any time in loading areas, in parking area entrances or so as to block roadways, fire lanes or the movement of any other vehicle, on sidewalks or campus lawns, or in places with signs indicating parking restrictions.
   c. Vehicles illegally parked may be towed away at the owner’s expense.

3. Driving Regulations
   a. The speed limit on campus streets is 15 MPH. Speed limit in all parking lots is 10 MPH.
   b. Passing on campus streets is prohibited.
   c. All vehicles must come to a complete stop at intersections where stop signs are displayed or posted.
   d. Motorists must yield right of way to pedestrians.
   e. Vehicles must pull over, come to a complete stop and yield the right of way to all emergency vehicles with flashing lights.
   f. All State of Tennessee motor vehicle laws are applicable on the WSCC campus twenty-four (24) hours a day.
   g. Operating a motor vehicle in any area other than a street or roadway intended for motor vehicles is prohibited.
   h. All accidents must be reported to the Campus Police Department immediately. Written reports will be made to this office.
   i. Excessive and disturbing noises by loudspeakers, faulty mufflers, or muffler cutouts is prohibited on the college campus.

4. Pedestrian Regulations
   a. Students and staff members must not endanger their safety or constitute an unreasonable impediment to lawful vehicle traffic by crossing streets at other than authorized lanes or by willfully walking or congregating in the streets.
   b. Pedestrians are encouraged to use walks and observe traffic signs.

5. Special Occasions and Emergencies
   On special occasions, for example, athletic events, concerts, graduation exercises, etc. and in emergencies, parking and traffic limitations may be imposed by the Campus Police Department as required by the conditions which prevail.

6. Enforcement and Payment of Citations
   a. Protests of the fine for parking and registration citations must be made within ten (10) days of the citation date (excluding holidays and weekends). These protests must be made to the office of Student Affairs between the hours of 8 a.m. and 4:30 p.m. or to the switchboard in the College Center between the hours of 4:30 and 9 p.m.
   b. In cases where students are protesting the citations, the protests must be made within ten (10) days of the citation date (excluding holidays and weekends). These protests must be made to the office of Student Affairs between the hours of 8 a.m. and 4:30 p.m. or to the switchboard in the College Center between the hours of 4:30 and 9 p.m.
   c. The fine for a moving vehicle violation is $15. If the fine is not cleared (paid or protested) within ten (10) days of the citation date (excluding holidays and weekends), the fine is increased to $20.
   d. All fines should be paid promptly to avoid penalties. All fines must be paid during the current semester. Fines may be paid at the office of Business Affairs, between 8 a.m. and 4 p.m., Monday through Friday, or at the switchboard in the lobby of the college Center between 4 and 8:30 p.m., Monday through Friday when classes are in session.
   e. Students, faculty, or staff cited for five (5) parking or two (2) moving violations per academic year will be subject to disciplinary action in addition to the imposed fines. Said person may be restricted from parking on the campus. If the car is parked on campus during the restricted period, it may be removed from campus at the owner’s expense.
   f. Any vehicle receiving multiple violations for not displaying a valid hang tag may be removed from the campus at the owner’s expense.
   g. Any vehicle parked in a tow-away zone may be removed at owner’s expense.
   h. Visitors and guests receiving citations should return them to the Campus Police Department prior to leaving campus. No fine will be assessed.

7. Student Traffic Court
   1. Structure
      a. The Walters State Community College Traffic Court hears student cases of traffic violations evolving from the violation of the Traffic and Parking Regulations on the Walters State Community College campus.
      b. The president of the Student Government Association shall appoint six (6) students to serve as justices of the Traffic Court. The term of their appointment will be for no more than two (2) semesters or until the date of their graduations from WSCC unless otherwise prohibited.
8. Motor Vehicle Registration

a. All motor vehicles used on campus must meet the registration requirements of the State of Tennessee. The Board of Regents requires that such vehicles also be registered with the college. The annual registration period begins August 15 of each year.

b. A registration hang tag is issued, which must be clearly displayed on the rearview mirror of the vehicle registered. Any student taking non-credit courses must obtain a permit through the office of Community and Economic Development. Students enrolled for credit courses may obtain a registration hang tag from the Information Center upon presenting a valid photo I.D. card or current fee receipt. (Each student enrolled for credit classes will be assessed a campus access and security fee. The fee will be assessed each semester in conjunction with maintenance and registration fees.)

c. Each student or employee must display a hang tag in any vehicle operated on college property.

d. Vehicle parking hang tags should be obtained during the regular registration process at designated locations or Campus Police Office located in the Information Center any time after fees have been paid. Hang tag parking permits expire during August of the following year. Continuing education students do not need to obtain a permit each semester.

e. Outstanding and unpaid citations to the college must be cleared each semester to permit further course enrollment or transfer of official records.

f. Special parking permits are available for use on vehicles temporarily used on campus. These may be obtained through the Campus Police Department and are valid for a period of time not to exceed seven (7) days.

g. Visitor permits. Visitor permits are available to persons not connected with the college who occasionally have business or other reasons to be on campus. Visitor spaces are provided and designated by appropriate signs.

h. Illegible and damaged hang tags must be replaced. Failure to replace a damaged hang tag may result in a citation. Individuals who have lost their hang tag should report this information immediately to the Campus Police Department. There is no charge for replacement.

i. Hang tags are issued in the name of a student or employee. It is that individual’s responsibility to ensure that the hang tag is properly used and displayed. It is the individual’s responsibility to ensure that rules, and regulations relative to operating a vehicle on college property are obeyed regardless as to whom the vehicle is registered.

WSCC Police

The WSCC Police Department, located in the Information Center, is operated for the safety and benefit of the students attending WSCC. Walters State Police Officers are fully certified police officers under the Peace Officer’s Standards and Training Commission of Tennessee. Officers have full investigative and arrest powers on all WSCC properties. Uniformed officers are on duty 24 hours a day, seven days a week for your protection. You should not hesitate to contact them in regard to special needs.

Pursuant to the provisions of the “College and University Security Information Act”, Public Chapter No. 317, enacted by the 1989 General Assembly, WSCC makes available crime rates and statistics as well as security policies and procedures to interested parties. If you wish to review or receive a copy of this information, please contact:

WSCC Police Department
Walters State Community College
500 South Davy Crockett Parkway
Morristown, Tennessee 37813-6899
telephone: 423-585-6752

Disability Parking Procedures

All students, faculty, and staff with disabilities who intend to park a motor vehicle in an area designated for individuals with disabilities must have a valid state disability parking permit (i.e., plates, hang tags and placards). All vehicles parked in areas designated for individuals with disabilities must also display a current WSCC hang tag.

The number from the valid state disability parking permit (plates, placards or hang tags) must be registered with Campus Police. Students, faculty, and staff must furnish proof (copy of...
application submitted for the state parking permit) that the state
disability parking permit is registered in the individual’s name.

Any student or employee who becomes temporarily disabled may apply for a temporary disabled permit at the department of Services for Individuals with Disabilities, CCEN, Room 210. Temporary WSCC disabled permits are available for three weeks duration. Persons who have a disability that is not visible will need to have a doctor’s statement to verify the disability. After three weeks, an individual will be required to have a temporary state placard or hang tag.

Applications for State of Tennessee disability parking permits are available at the department of Services for Individuals with Disabilities, CCEN, Room 210, county clerk offices, and local municipal offices.

As a state institution, the Campus Police Department is mandated to ensure that operators of motorized vehicles are in compliance with all disabled parking regulations. The Campus Police work closely with the State Department of Motor Vehicle Records to verify that disabled placards used in vehicles parked on the Walters State campus are registered to currently enrolled students. Vehicles displaying disabled placards which are not registered to a currently enrolled Walters State Student will be cited and assessed a $100 fine.

Students, faculty and staff utilizing disabled parking must come by the Campus Police Office to register their vehicle license tag number, disabled placard number and student hang tag number.

The fine for parking in areas designated for individuals with disabilities without the valid state parking permit or the WSCC three-week temporary hang tag will be $100. This policy will be strictly enforced.

AMERICANS WITH DISABILITIES ACT
GRIEVANCE PROCEDURE

Purpose
The purpose of this procedure is to provide a clear, orderly and expedient method through which all persons may process bona fide complaints related to Title II of the Americans with Disabilities Act (ADA), which states, in part, that “no otherwise qualified disabled individual shall, solely by reason of such disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination” in programs or activities sponsored by a public entity such as the institution.

Scope
This procedure is available to all persons.

Steps for Filing a Complaint
A complaint should be addressed to the institutional ADA Coordinator. The vice president for Information Technology and Administrative Services has been designated by the president to coordinate ADA compliance efforts.

A complaint may be made verbally or in writing, preferably in writing, and must provide the name and address of the person making it and a brief description of the alleged violation of ADA regulations.

A complaint must be filed within 10 working days after the complainant becomes aware of the alleged violation.

Investigation
The ADA Coordinator will investigate the complaint. The investigation will include, but not necessarily be limited to, interviews with the complainant and with college personnel in charge of the area in which the alleged violation occurred. All interested parties will be provided an opportunity to submit evidence relevant to the complaint, and the investigation will be conducted in a manner which protects any due process rights of parties concerned and also insures that the institution complies with the ADA and its implementing regulations.

When the investigation is complete, the ADA Coordinator will issue a written determination concerning the validity of the complaint and a description of the resolution, if any. This statement will be provided to the complainant no later than 20 working days following receipt of the complaint.

Steps for Filing an Appeal
The complainant may request a reconsideration of the case if instances where the complainant is dissatisfied with the resolution. Request for reconsideration should be made in writing to the President within 10 working days from receipt of the determination.

Maintenance of Records
The ADA Coordinator will maintain files and records of the institution relating to the complaint.

CANCELLATION OF CLASSES
DUE TO WEATHER OR ROAD CONDITIONS

After gathering as much data as possible concerning weather, road conditions, and forecast between 4 a.m. and 5 a.m., the Campus Police consults with the college President and a final decision is made as to whether or not classes will be cancelled or the college closed. This decision is normally made by 5:30 a.m. A similar procedure is followed for evening classes with the final decision being made no later than 4 p.m. Once the decision has been made, information may be obtained on the Citizen Tribune Info Connect line, 423-581-1233, extension 1045. The radio and TV stations listed below are also contacted:

Morristown   WMXK FM 94.1, WCKR AM 1150, WMTN AM 1300, WJDT FM 106.5
Newport      WLIK, WNPC 1060
Jefferson City WJFC AM 1480, WNOX FM 99.3
Knoxville    WIVK AM 990 FM 107.7, WATE-TV, WBRIR-TV, WKXT-TX, WMIZ FM 104, WMYU FM 102
Greenfield   WGRV/WIKQ FM 94.9 AM 1340, WSMG
Rogersville  WRGS, WMCH-AM, WHEY FM 104.3
Sevierville  WSEV AM
Tazewell     WNTT, WSVQ
Tri Cities    WKPT-TV
Mountain City WMCT 1390
Johnson City WJHL-TV, WAEP-FM 99.3, WQUT
Kingsport    WKFT-TV, WFTM AM 1400
Oak Ridge    WOKI FM 100

In addition to the radio stations listed above, the following two numbers may also be called to determine weather related cancellations:

Student Information: 1-800-225-4770 or 423-318-2763
select option 1

Info Connect: 423-581-1233, select 1045

Weather-related cancellations will also be posted on the college’s web site at www.ws.edu.

Students and employees are requested to stay in tune with the station once a decision has been made because on occasion, due to an unexpected and sudden change in the weather and road conditions, a decision is modified. In all instances decisions are made with the safety of students and employees foremost in consideration but with an attempt to have classes if possible. However, on
a day or evening when classes are being conducted and weather conditions are questionable, students are advised to use individual judgement in attending. Students shall be provided an opportunity to make up work missed for absences incurred for days when conditions are questionable but classes are meeting. Where potential abuse of the above by the student exists in the judgement of a faculty member, the burden of proof shall rest with the student. When differences arise, the vice president for Academic Affairs shall act as arbiter.

**SNOW AND ICE CLEARANCE SCHEDULE**

In order to facilitate safe vehicular and pedestrian movement on college property during periods of inclement weather, Walters State maintains a systematic schedule for clearing snow and/or ice and salting, if necessary, campus walkways, parking lots, and roadways. The priority of work for the various areas of college property is as follows: (1) primary walkways, (2) roadways, (3) parking lots, and (4) secondary walkways.

As a safety precaution, students, faculty, and staff should use the primary walkways to access college facilities. The primary walkways are shown in the map below.

Normally, the primary walkways will be cleared and, if necessary, salted prior to the start of the day’s classes. In addition, continuous related maintenance efforts will be provided throughout the day for as long as conditions remain such that re-icing could occur.

**CAMPUS PARKING**

Faculty/Staff/Visitor Parking – Lots A, B, C, D1, F, G, H, I, J, K, L, M, S

Student Parking – Lots D2, E, O, P, Q, R

Students may use faculty/staff, and visitor parking lots after 5:30 p.m. except for parking lots I and J.

East Tennessee Regional Public Safety Center – Lots AA, BB, CC, DD

Parking for individuals with disabilities available throughout the campus

**CAMPUS BUILDINGS**

1. Information Center
2. College Center
3. Mathematics and Behavioral/Social Sciences Building
4. Greenhouses
5. Clifford H. "Bo" Henry Center for Business and Technology
6. Natural Science Building
7. Library
8. William H. Inman Humanities Complex
9. Future Administration Building
10. Baseball Field
11. Physical Education Annex
12. Baptist Student Union
13. Jack Stewart Racquetball Courts
14. Plant Operations Building
15. Storage Building
16. Golf/Turfgrass Laboratory
17. Softball Field
18. East Tennessee Regional Public Safety Center
19. Defensive Tactical Driving Course
Definitions and Index
DEINITIONS OF TERMS

Admission – Acceptance of a candidate for enrollment.

Admission to Advanced Standing – Granted on the basis of demonstrated educational attainment beyond the minimum required for admission.

Advisor, Advisee – The advisor is the individual assigned to help students with their academic program. The student is called the advisee.

Associate Degree – A degree awarded upon successful completion of a curriculum of at least 64 hours of designed college level work.

Average, Grade Point – A measure of average scholastic success obtained by dividing the number of grade points earned by the total number of hours of course work.

Business – Accounting, Agriculture Business, Business, Culinary Arts, Economics, Hospitality Management, Legal Assistant, Management, and Office Administration.

Calendar – The divisions of the full calendar composed of two regular terms per year with about 15 weeks per term of instruction excluding final examinations in a school year running from August through May, with the third semester as a summer session.

Classification – A student’s status (i.e., Advanced Studies, Freshman, Sophomore, Special, Transient) in respect to progress toward the completion of a curriculum based upon the number of course credit hours attained.

Concentration – At a community college, the student’s primary field of interest. (See Emphasis)

Corequisite – Courses a student must take with another course.

Course – Organized subject matter in which instruction is offered within a given period of time and for which credit toward graduation or certification is usually given.

Course Number – Identifies class level and distinguishes it from other courses in a given area of study. This usually indicates the level of difficulty of a course, e.g., 0700 level courses (Remedial); 0800 level (Developmental); 0900 level (Deficiency); 1000-1999 (Freshman level); 2000-2999 (Sophomore level); 3000-3999 (Junior level), and 4000-4999 (Senior level). All courses with higher numbers are graduate level.

Course Prerequisite – A preliminary requirement that must be met before a certain course may be taken.

Credit Hours (Semester Hour) – A unit measure of instruction. For example: 750 minutes of instruction equals one semester hour.

Curriculum – The whole body of courses offered for study.

Dean’s List – An honor awarded students who have attained a grade point average of 3.50-3.99 during a semester in which a minimum of 12 hours of college level credit is completed.

Degree (Earned) – Title bestowed as official recognition for the completion of a designated curriculum.

Degree Student – One who has fulfilled the admissions requirements and who is pursuing an Associate Degree program; referred to by some colleges as a regular student.

Department – An academic discipline which offers instruction in a particular branch of knowledge.

Developmental Education – A program of studies in various areas designed to give the student background prerequisite to college level studies.

Dismissal – Involuntary separation of the student from the college.

Division – An administrative unit comprised of a group of related academic departments.

Drop/Withdraw – Resignation from a class or classes or from the college following the procedures outlined in the college catalog.

Educational Planning Seminar – A scheduled meeting for the advisement and assistance of those students who have taken placement testing in interpreting their placement scores and selecting their classes.

Elective – A subject or course which the student may choose as distinguished from courses which are required.

Emphasis – At the community college, an area of concentration for study that would lead to a major at the university.

Extracurricular Activities – The academic/non-academic functions offered by a college.

Freshman – Classification of degree-seeking students having accumulated less than 30 credit hours.

Full-Time Students – A student who is enrolled for 12 semester hours of academic courses. A normal full-time load is 16 semester hours.

Grant-in-Aid – A monetary award made to a student without regard to financial need.

Health Programs – Nursing, Physical Therapist Assistant, Pharmacy Technician, Respiratory Care Technician, and Medical Transcription.

Humanities – Art, English, Foreign Language, Humanities, Mass Communications, Music, Philosophy, Speech and Theatre.

Liberal Arts – Academic disciplines such as languages, literature, history, philosophy, mathematics and science that provide information of general cultural concern.
**Major** – The student’s primary field of interest or study.

**Music Ensemble** – Vocal or instrumental performance, usually conducted in a small group.

**Natural Science** – Pre-professional programs, Biology, Chemistry, Physics.

**Part-Time Student** – A student enrolled for less than 12 hours of academic course work.

**Prerequisite** – A course/courses a student must successfully complete prior to enrolling for a particular course.

**President’s List** – An honor awarded students who have attained a GPA of 4.00 during a semester in which a minimum of 12 hours of college level credit is completed.

**Probation** – Probation status may be for academic or for disciplinary reasons. Academic probation is the result of unsatisfactory scholarship. It is not a penalty but a warning and an opportunity to improve. Academic probation usually involves a compulsory reduction of academic load and interviews for diagnosis of difficulties and for checking on recovery. Sometimes it brings a required restriction of extracurricular activities and general surveillance. Usually the student is required to make regular specified improvements in their record in order to avoid disqualification. Disciplinary probation is a middle status between good standing or dismissal. The student remains enrolled but under stated conditions according to college policies. Disciplinary probation covers a stated trial period during which it is determined whether the student is returned to good standing, having met the stated requirements, or dismissed or suspended at the end of the period for failing to meet the stated requirements.

**Public Safety** – Criminal Justice, Law Enforcement, Fire Protection, Basic Police Officer Education, Basic Emergency Medical Technician and Paramedic.

**Residency** – Refers to whether or not a student qualifies for in-state maintenance fees.

**Reinstatement** – The act of readmitting a student after dismissal.

**Semester** – One of any three terms during which courses are offered by the college. (Fall, Spring, Summer)

**Sophomore** – A degree seeking student who has completed 30 or more college level credit hours.

**Special Student** – One who is not pursuing an Associate Degree program. Special students either do not fulfill minimum requirements for entrance as degree students or have been permitted to enroll in a limited or special selection of degree credit courses without regard to degree requirements.

**Student Aid** – Financial assistance for college expenses through any form of grants, scholarships, loans or work.

**Syllabus** – An outline for an academic course; includes assignments, exam dates, grading practices, etc.

**Technical Education** – Agriculture, Animal Science (Pre-Veterinary Medicine), Child Development, Computer Science, Industrial Technology and Production Horticulture.

**Transcript** – The official record of completed courses and the grades made.

**Transfer Student** – A student who has attended one or more colleges and is admitted to another.

**Transfer Credit** – The number of course credits taken by a student at one college that another college accepts.

**Transient Student** – A student in good standing in one college who is taking courses which will transfer back to the original college.

**Withdrawal** – A release from enrollment in all classes. An official withdrawal occurs when a student notifies the appropriate authorities. When the student merely stops attending classes without notifying the authorities, failing marks (F) are recorded and charged against the student.

APPLICATION PROCEDURE

1. APPLICATION FEE – Please enclose a non-refundable $10 application fee. Check or money order should be payable to Walters State Community College. (Do not send cash)
   Readmitted students do not pay application fee.
2. Fill in all information requested.
3. Print in ink or type the information.
4. Have your high school send an official transcript after graduation.
5. Applicants under 21 years of age must have official scores from ACT or SAT submitted to Walters State. The ACT or SAT must have been taken no later than three years prior to the beginning date of classes of the term for which the application is being made. Dual Enrollment students must take the ACT and show a minimum composite score of 19. Additionally, Dual Enrollment and Advanced Studies students who plan to enroll in English or math must score a 19 or higher on the applicable ACT subtest. Advance Studies students who are not enrolling for an English or math course, Basic Police Officer Education students, and those students enrolling in technical or job-related courses are exempt from this requirement. Exempted students will, however, be required to submit these scores if they change to degree-seeking status prior to reaching the age of 21 years.
   Degree-seeking applicants 21 years of age or older are required to undergo placement assessment prior to enrollment. This assessment should be scheduled well in advance of registration through the Department of Counseling and Testing and may also apply to transfer students.
6. If you are a transfer student from another college(s), have each college send a complete official transcript.
7. Admission to the college does not guarantee admission to a specific program of study. Admission to certain programs must be approved by the division chair or director of the program (i.e., Nursing, Education, Public Safety, and Computer Science).
8. Enter Selective Service Information (see No. 14)
9. Return completed application and fee to:

   DEPARTMENT OF ADMISSIONS AND REGISTRATION SERVICES
   WALTERS STATE COMMUNITY COLLEGE
   500 SOUTH DAVY CROCKETT PARKWAY
   MORRISTOWN, TENNESSEE 37813-6899

QUICK CHECK LIST

1. FILL IN THE APPLICATION COMPLETELY.
2. WRITE YOUR SOCIAL SECURITY NUMBER.
3. ATTACH A $10 NON-REFUNDABLE APPLICATION FEE.
4. NOTIFY YOUR HIGH SCHOOL OR YOUR COLLEGE(S) TO SEND YOUR TRANSCRIPT(S).
5. SIGN APPLICATION.
Please Type or Print in Ink.

1. Social Security Number ________ - ______ - ________ If U.S. Social Security Number is unavailable, a student identification number will be assigned. The applicant must retain this number for access to his/her file.

2. Your Full Name:

   Last  First  Middle

If you have ever had another last name at any time, please list such name(s) ____________________________________________

3. Your Permanent Home Address:

   Number and Street, P.O. Box, Apt. No.

   City  State  Zip Code

   County  Home Country (IF NOT USA)

4. Phone Number:  Home (____)____________ Work (____)____________ Other No. (____)____________

5. *Birthdate ______ / ______ / ______

   mo.  day  year

6. *Sex:  Male ___  Female ___

7. *Race (circle one)  Asian or Pacific Islander  Native American Indian  Alaskan Native

   Black—not Hispanic  Hispanic  White

8. *Citizenship:  U.S. Citizen _____  Permanent Resident Alien _____

   VISA Type  Country of Citizenship ____________________________________________

   *Does not affect admission status. Used for reporting purposes only.

9. Have you lived in Tennessee continuously since birth?  Yes ___  No ___

   You have lived in Tennessee since:  Month ________ Year ______

   Employed: Full-time _____  Part-time _____  Total Hrs. Per week ____________________

   Current Employment:  Name of Company __________________________ Telephone __________

   Name of Company __________________________ Telephone __________

10. Person to notify in case of emergency

    Name __________________________

    (Area Code) Phone Number: ____________  Relationship: (circle one): Parent  Guardian  Spouse  Other

11. Have you previously attended Walters State?  Yes _____  Last Year Attended: 19____ / 20____

    (includes off-campus sites/not CEU courses)  No _____  Number of Hrs. Accrued at WSCC ____________

12. If you are degree seeking your major will be: ____________________________________________

    (Non-Degree Seeking Students use N) Please use code found on back page of this application.

13. Please check below to identify your intended status at Walters State.

    _____ Advance Studies Student

    (High School Junior or Senior)  _____ Transfer From Another College

    _____ First-time Freshman/Regular Student  _____ Transient (attending another college - taking one semester of courses at Walters State designed to transfer back to original college)

    _____ Special Student *

    (non-degree seeking/Not eligible for financial aid)

   *You will be required to furnish official high school and/or college transcripts in keeping with our admission requirement for all students.

14. Term and year you plan to enroll:  Fall _____  Spring _____  Summer _____  Year ________
15. High School Name: ________________________________
   Location: ________________________________

   Type of diploma (check one)             Graduation Date ______________________
   _____ Regular high school diploma
   _____ Specialized Education *
   _____ Certificate of Attendance *
   _____ GED     Date Taken ____________________________     Location _____________________________________

   * Students holding this type of diploma must be 21 yrs. of age to be admitted and enrollment will be limited to select courses.

16. List all Colleges and Universities attended other than Walters State. If none, so state. Use additional sheet if necessary.

   Are you eligible for readmission next term to the last college attended:   Yes   No

If you attended another TBR institution and took the required assessment test in reading, writing, and/or mathematics you must request the scores to be sent to WSCC.

"Certain Tennessee Board of Regents (TBR) institutions will send transcripts electronically between schools to better serve students. I give Walters State Community College permission to request my official transcript from any TBR school in which I have previously been enrolled, all of which are noted elsewhere on this application. I realize this is a service provided to me by WSCC and other TBR schools and I understand it is my responsibility to obtain official transcripts from each institution attended to support my application for admission. WSCC accepts no formal responsibility for delivery of transcripts by other schools."

17. Chapter 759 of the State of Tennessee Public Acts of 1984 provides that "no person who is required to register for the Federal Draft shall be eligible to enroll in any state post-secondary school until such person has registered for the draft."

Please provide information below:

   _____ I certify I am registered or will register with Selective Service. I will provide number if requested.
   I am not registered for the Federal Selective Service because I am:
   _____ female
   _____ on active duty in the armed forces
   _____ not 18 yrs. of age. I will register for Selective Service.
   _____ not yet required. Permanent resident of the Trust Territory of the Pacific islands or the Northern Marianas Islands
   _____ not yet required since I was born before 1960 or I am a foreign student on an F-1 Visa.

18. Are you a veteran of the United States Armed Forces Yes No

If yes, what is/was your date of separation?   Month ______   Day ______   Year ______

If you have a learning or physical disability which will cause you to need assistance while in college, please notify the office of Services for Individuals with Disabilities, Room 210, College Center, Telephone No. 585-6893. It is recommended that students who may benefit from these services make early contact with the office so that appropriate accommodations can be arranged.

19. Have you ever been convicted of, or pleaded guilty to, a criminal charge other than a traffic violation? Yes No

If yes, please explain __________________________________________________________

ALL APPLICANTS MUST READ AND SIGN BELOW

I understand that withholding information requested in this application or giving false information may make me ineligible for admission to, or continuation in, Walters State Community College. With this in mind, I certify that all the above statements are correct and complete. If I am accepted as a student at this institution, there are certain performance tests I will be required to take during my academic career. It is a requirement of admission that I agree to take any tests deemed necessary by the institution. In those instances where tests are administered by an external entity, I hereby agree for the results of such tests to be released to the institution. The purpose of this requirement is to comply with the legislature's expressed intent that institutions regularly evaluate and improve instruction at all levels. If I am under 21 years of age and am required by institutional policy to complete the Compass Test, my scores on these tests and course placement may be reported to my high school for research purposes. Any test scores will be treated confidentially as required by law.

**Walters State Community College Security**

Pursuant to the provisions of the "College and University Security Information Act", Public Chapter No. 317, enacted by the 1989 General Assembly, Walters State Community College makes available crime rates and statistics as well as security policies and procedures to interested parties. If you wish to review or receive a copy of this information, please contact: Campus Police, Walters State Community College 500 S. Davy Crockett Parkway, Morristown, Tennessee 37813-6899, Telephone: 423-585-6752.

Walters State Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; telephone number 404-679-4501) to award Associate of Arts, Associate of Science and Associate of Applied Science degrees.

Walters State is one of 45 institutions in the Tennessee Board of Regents system, the sixth largest system of higher education in the nation. The Tennessee Board of Regents is the governing board for this system which is comprised of six universities, 13 community colleges, and 26 area technology centers. The TBR system enrolls more than 80 percent of all Tennessee students attending public institutions of higher education.

Walters State Community College does not discriminate on the basis of race, sex, color, religion, national origin, age, disability or veteran status in provision of educational programs and services or employment opportunities and benefits. This policy extends to both employment by and admission to the college. Walters State does not discriminate on the basis of race, sex or disability in its education programs and activities pursuant to the requirements of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act (ADA) of 1990. Inquiries and charges of violation concerning Title VI, Title IX, Section 504, ADA or the Age Discrimination in Employment Act (ADEA) or any of the other above referenced policies should be directed to the Human Resources Office at Walters State, 500 S. Davy Crockett Pkwy., Morristown, TN 37813-6899. Requests for accommodation of a disability should be directed to the ADA Coordinator at the Office of Services for Individuals with Disabilities at Walters State, 500 S. Davy Crockett Pkwy., Morristown, TN 37813-6899.

DEPARTMENT OF ADMISSIONS AND REGISTRATION SERVICES

WALTERS STATE
THE GREAT SMOKY MOUNTAINS COMMUNITY COLLEGE

Hepatitis B Immunization Health History Form

Name: ________________________________ SSN# ________________________________

Date of Birth: ________________________________ Telephone Number: (_____________)

The General Assembly of the State of Tennessee mandates that each public or private postsecondary institution in the state provide information concerning hepatitis B infection to all students matriculating for the first time. The required information below includes the risk factors and dangers of the disease as well as information on the availability and effectiveness of the vaccine for persons who are at-risk for the disease. The information concerning this disease is from the Centers for Disease Control and the American College Health Association.

The law does not require that students receive vaccination for enrollment. Furthermore, the institution is not required by law to provide vaccination and/or reimbursement for the vaccine.

A. Hepatitis B (HBV) Immunization

[TO BE COMPLETED BY ALL NEW STUDENTS]

Hepatitis B (HBV) is a serious viral infection of the liver that can lead to chronic liver disease, cirrhosis, liver cancer, liver failure, and even death. The disease is transmitted by blood and/or body fluids and many people will have no symptoms when they develop the disease. The primary risk factors for Hepatitis B are sexual activity and injecting drug use. This disease is completely preventable. Hepatitis B vaccine is available to all age groups to prevent Hepatitis B viral infection. A series of three (3) doses of vaccine are required for optimal protection. Missed doses may still be sought to complete the series if only one or two have been acquired. The HBV vaccine has a record of safety and is believed to confer lifelong immunity in most cases.

CHECK ONE:

_____ I hereby certify that I have read this information and I have received the initial dose of the Hepatitis B vaccine.

Date of initial dose of Hepatitis B vaccine: ________________ / ________________ / ________________

_____ I hereby certify that I have read this information and I have elected not to receive the Hepatitis B vaccine.

Signature of Student or Parent/Guardian (If student is under 18): ________________________________ Date ________________

For more information about the Hepatitis B disease and its vaccine, please contact your local health care provider or consult the Center for Disease Control and Prevention Web site at: www.cdc.gov/health/default.htm .

This form must be completed in full by all students as part of the admissions process. Failure to return this form to the admissions office will result in the loss of registration privileges for future semesters.
