

QEP Advise to Rise Fact Sheet

GOALS

- 1 Create professional development advisor trainings and incorporate new technologies that transform the advising community
- 2 Help students become connected and engaged with campus resources
- 3 Instill students with a sense of individual responsibility that will foster academic success

OUTCOMES

- ✓ Students will demonstrate progress toward their educational goal through continued interactions with better trained advisors
- ✓ Students will use appropriate campus and technological resources that will contribute to their educational goals
- ✓ Students will develop positive and continuous relationships with their academic advisor
- ✓ Students will participate in pre-advising assignments to prepare for their advising session

COHORT

Fall 2018 General Education majors required to enroll in EDUC 1030
