# Summer Semester 2023

**All tuition/fees will be due according to the the payment calendar located in this document.**

*Unpaid balances may result in the student's class schedule being dropped.*

## Financial Aid Refunds

Students receiving a financial aid refund may set up a refund profile through [MyWS](#) to have their funds returned to them in the form of a direct deposit to a checking or savings account. In order to have your funds direct deposited, your refund profile must be set up by Monday, May 1. For students who choose not to have funds direct deposited, a check will be issued, printed, and mailed to the students' permanent address on file.

Students will receive an electronic notification through Senators Mail when refunds have been processed either by direct deposit or mailed check. Students must monitor their Senators Mail account for communications. Staff in Financial Aid or the Cashier's Office will not be able to determine when your credit balance will be processed as this is an automated process.

The Cashier's Office will begin disbursing financial aid refund balances May 31. Students must have attended all classes and the attendance must be reported before credit balances are issued. Initial attendance or completion of another academically related activity is mandatory to be eligible for Federal Title IV aid.

Attendance status: Students may view their attendance status through [MyWS](#).

- [Login to MyWS \(my.ws.edu\)](#)
- Select **Student**
- Select **Student Records**
- Select **Attendance Reporting**

Financial aid refunds are only processed for students whose attendance has been confirmed in all course(s) enrolled.

## RETURNED CHECKS / DIRECT DEPOSIT

Returned checks — The Cashier's Office makes multiple attempts at contacting a student through Senators Mail, phone calls, etc.

Returned direct deposits — Students are notified through Senators Mail with additional instructions. A paper check will be issued and mailed to a student's permanent address on file.

## LOST CHECKS

A lost check may be reissued after 14 business days (excluding holidays) upon presenting an Indemnity Bond (completed, signed, and notarized) to the Morristown Cashier's Office.

## PROVISION FOR BOOKS AND SUPPLIES

Students who have authorized aid in excess of tuition and fees as of April 30, 2023, are eligible to receive an advance of funds to apply toward the purchase of books and supplies. The advance is the lesser of the student's credit balance or \$725. Only students meeting all of the eligibility requirements as of this date qualify for this provision. All recipients of a book advancement will receive an email notification through Senators Mail once the book advancement has been processed. Book advancements are scheduled to be disbursed May 2, 2023.

Students are awarded financial assistance under the assumption that the student will complete all classes for the entire period for which assistance is awarded. If students withdraw, cease attendance or never attend courses for which they are scheduled to begin, they may no longer be eligible for the amount of aid originally awarded or disbursed. This may result in a repayment of funds, including the advance for books and supplies, to the institution.

The remaining balance of aid in excess of tuition and fees is scheduled to be disbursed beginning May 31, 2023. Engagement/attendance must be reported in all courses prior to the aid being released. Any further questions regarding balance of aid should be addressed to the Cashier's Office.

## e-Text Program

Walters State Community College participates in the TBR led Digital Engagement Initiative (DEI) program that attaches a digital textbook (e-text) to certain classes. Things to know about the e-Text:

- Attaching the e-Text to classes allows immediate access to the course material on the first day of class.
- The cost of the text will be included in the tuition and fees for the class as a non-refundable, non-mandatory fee.

Students will receive an email from the bookstore with information on how to access the digital materials and will also provide a link to opt-out, if desired.

- Students may opt out of the program and purchase a book on their own.
- The deadlines to opt-out for summer 2023 varies dependent upon your class start date.
  - Classes beginning May 8: Deadline is May 18
  - Classes beginning Jun 1: Deadline is June 12
  - Classes beginning July 5: Deadline is July 15
- If students are in multiple courses, they can opt-out from one or multiple classes.
- Accessing the eText is considered as opting in and students will no longer be able to opt out.
- If students choose to opt-out, they will be required to purchase material for their courses on their own.

Students should be aware that certain types of aid will not cover the cost of the e-Text. If students have questions, they should consult with a financial aid representative at any campus.

# Motor Vehicle Registration and Campus Parking Permit

All motor vehicles operated on any Walters State campus must meet insurance and vehicle registration requirements of the State of Tennessee. Students are no longer required to display a campus parking permit, but are required to park in designated student parking areas. Students should avoid parking in faculty, staff and visitor parking areas, as well as any other restricted areas not designed for vehicle parking (curbs, sidewalks, grass, fire lanes etc.). Citations may be issued for these violations.

## Fines/Appeals

The campus fine for both moving and non-moving violations is \$15 per violation, unless otherwise prescribed by law, such as violations of disability parking areas. In those instances, a municipal citation may be issued for the amount prescribed by law.

Students that wish to appeal a campus citation(s) may do so to the Office of Student Affairs, located in the R. Jack Fishman Library on the Morristown Campus, or the administrative offices of the Sevier, Niswonger and Claiborne campuses during their hours of operation. Appeals must be made within 15 days of the date of the citation (excluding weekends and holidays). Campus traffic court information will be provided by the Office of Student Affairs. The campus traffic court, comprised of students, will review and adjudicate all student campus citation appeals. Citation appeals before the campus traffic court that are not voided by the court, must be paid. All fines will be paid in the Cashier's Office, Room U159, in the Wade B. McCamey Student Services Building. In cases where students are issued a municipal citation, they must either appear in General Sessions Court or pay the citation to the court clerk's office in the jurisdiction that the citation was issued.

More information on traffic and parking can be found at <https://ws.edu/student-services/campus-safety/parking/>

# How to Enroll

## Immunization Enrollment Requirements

Tennessee law requires that students enrolling in any of the following academic program areas are required to submit proof of compliance with the recommended immunization schedule:

- Programs that involve interaction with children, such as a teacher education or early childhood education training.
- Programs in the school of nursing, laboratory technology, or any other allied health professions.

For all other academic areas of study, students who provide proof of one of the following are considered to be compliant with the recommended immunization schedule:

- Prior or current military service.
- Graduation from a Tennessee high school after 2014.

Students enrolling in all other academic program areas who fail to provide health information that establishes the applicant's compliance with the recommended immunization schedule for measles, mumps, rubella, and varicella for adults, issued by the Center for Disease Control and Prevention (CDC) Advisory Committee on Immunization Practices (ACIP) shall be presumed to be unimmunized and subject to immunization, quarantine or isolation recommendations for the purposes of public health disease control.

Exemptions may be granted due to religious beliefs and practices or if a physician determines that the risk of harm from the vaccine outweighs the potential benefit.

### REFUNDS ARE DISBURSED BY THE FOLLOWING METHODS:

- Refunded to the credit card from which payment was made to student account within the past three months. Allow up to 14 business days for processing.
- Refunded by direct deposit if a refund profile has been successfully created at the time of processing.
- Refunds not processed by options 1 or 2 are issued as a paper check and mailed to a student's permanent home address on file.

*NOTE: Only in-state tuition, technology access fee, international education fee, and out-of-state tuition are refundable fees.*

Refunds occur when a student drops a course or courses which result in an adjusted cost associated with the course(s) dropped. Fees which may be adjusted are in-state tuition, technology-access fee, international-education fee, and out-of-state tuition.

- Situations which may result in an adjusted cost and a corresponding refund:
  - Dropping a course(s) which results in a class load of fewer hours and results in a lower cost.
  - Withdrawing from the college.
  - Canceled classes by WSCC. Not subject to prior notification.
  - Called to active military duty or National Guard service during the term.
  - Death of a student during the term.
- Fee adjustment calculation (cost adjustments):
  - Fees are adjusted 100% up to the official first day of the semester.
  - Fees are adjusted 100% due to canceled classes.

- Fees are adjusted 100% due to withdrawals as a result of being called to active military duty or National Guard service during the term after submitting appropriate documentation.
- Fees are adjusted 100% due the death of a student during the term.
- Course(s) dropped or student withdrawals occurring on or after the official start dates of the semester may result in an adjusted cost. See chart above for refund dates and deadlines.
- Costs are re-calculated based on adjusted enrollment:
  - Courses enrolled are charged 100% for all required costs plus.
  - 25% or 75% of costs associated with course(s) dropped and the dates the course(s) were dropped.
    - 75% refund period: Charged 25% of costs of dropped courses.
    - 25% refund period: Charged 75% of costs of dropped courses.
- A refund is the difference between the cost of originally enrolled hours and the adjusted cost as calculated.
- Refunds will only occur if the newly re-calculated costs are less than the original charges/costs paid.
- Not all drops/withdrawals result in a fee adjustment.
- Swapping courses on or after the official start date of the semester may result in additional penalties being charged to a students account for non-refundable fees.

**Remember that ALL fees are NON-REFUNDABLE except in-state tuition, technology-access fee, international-education fee, and out-of-state tuition.**

# Testing Information

## Academic Assessment and Placement

In compliance with the Tennessee Board of Regents policies, the following requirements apply to first-time regularly admitted students:

- Entering degree-seeking students with a regular high school diploma may submit valid ACT/SAT scores prior to registration. Alternatively, students may be evaluated for Learning Support (LS) needs by high school GPA. If a student has a valid unweighted high school GPA of 3.6 or higher LS classes will not be required. Valid ACT/SAT scores and GPA are those that are less than five (5) years old by the first day of classes. If you have not taken the ACT/SAT test battery, contact the Counseling and Testing Center. If you have taken the ACT/SAT but did not have your scores sent to Walters State Community College, contact the department of Admissions.
- No minimum ACT/SAT score is required for acceptance to Walters State Community College. Students with valid ACT/SAT scores equal to a minimum of 19 on the Math and Reading sections and 18 on the English section will be excused from Learning Support courses. Test scores are required as initial assessment for academic placement.

### ACCUPLACER ASSESSMENT IS SUGGESTED FOR:

- All first-time degree-seeking freshmen who do not choose to take the ACT/SAT examination.
- All first-time degree-seeking freshmen entering on the basis of GED/HISET credentials who do not choose to take the ACT/SAT examination.
- International students submitting ACT/SAT scores below the minimum required or choosing not to take the ACT/SAT examination.
- Transfer students without college-level English composition, college-level reading-intensive credit, or college-level algebra-based mathematics credit who do not have valid minimum ACT/SAT scores.
- Non-degree seeking students who do not have valid minimum ACT/SAT scores interested in taking a college-level English composition, college-level reading-intensive credit, or college-level algebra-based mathematics must be assessed in the appropriate area.

#### NOTE:

*There is no fee for the Accuplacer test, except in cases of a retest or a placement challenge, a \$10 fee is charged.*

Students must register in advance for the ACT or the Accuplacer test. All students need to complete an application to enroll at WSCC before scheduling the ACT Residual or Accuplacer test.

Contact the Counseling and Testing Center to schedule an exam by telephone at 423-585-6800 or access the Center's website at: [Testing Center](#).

If no placement scores are made available, students will be placed into applicable learning support courses.

## General Education Test

Required for All Students Completing Degree Requirements. The State of Tennessee requires a general education exit exam for all Walters State students completing an Associate degree.

Students should take this exam in their last semester before graduation.

#### NOTES:

*Contact the Counseling and Testing Center at 423-585-6800 to schedule a date for the exit examination, or schedule a test date through the testing website at: [WS Counseling and Testing](#).*

*All off-campus testing dates, times, and registration for Sevier, Greene and Claiborne sites will be available on the Counseling and Testing Center website: [WS Counseling and Testing](#). Students at off-campus sites may also call 423-585-6800 to schedule a testing date.*

## eText Program

Walters State Community College participates in the TBR-led Digital Engagement Initiative (DEI) program that attaches a digital textbook (eText) to certain classes. Things to know about the eText:

- Attaching the eText to classes allows immediate access to the course material on the first day of class.
- The cost of the text will be included in the tuition and fees for the class as a non-refundable, non-mandatory fee.

Students will receive an email from the bookstore with information on how to access the digital materials and will also provide a link to opt-out, if desired.

- Students may opt out of the program and purchase a book on their own.
- The deadlines to opt-out for summer 2023 varies dependent upon your class start date.
  - Classes beginning May 8: Deadline is May 18
  - Classes beginning Jun 1: Deadline is June 12
  - Classes beginning July 5: Deadline is July 15
- If students are in multiple courses, they can opt out from one or multiple classes.
- If students choose to opt out, they will be required to purchase material for their courses on their own.

Students should be aware that certain types of aid will not cover the cost of the eText. If students have questions, they should consult with a financial aid representative at any campus.

# Notes to Students

## Attendance

Students must attend the first day of class or contact the instructor prior to the first class if they intend to remain in class. If this procedure is not followed, the students may be administratively dropped from the class, at the discretion of the instructor. Students who are withdrawn from classes under this policy will receive a drop form marked "Attendance Withdrawal."

## Fee-Waiver/Discounts

WSCC will begin accepting fee waivers/discount forms on or after Apr. 11. All forms must be signed and dated on or after Apr. 11. Cashiers do not make eligibility decisions. Waivers/discounts calculated at time of payment are "good faith" reductions. If it is

determined at a later date that a student is not eligible for the fee waiver/discount or the form is not complete, the student will be invoiced for their account balance or receive a letter with additional instructions.

Students who use a PC191 or state employee fee waiver may not register until Jan. 13 on a space-available basis.

## Student Activities

The student activity period for summer semester 2023 will be on Wednesdays from 12:30–2:15 p.m. If you wish to participate in extracurricular activities, do not schedule classes during this time.

TRY DISTANCE EDUCATION!*

## Distance Education Opportunities

Walters State offers learning opportunities for students who may not wish to travel to a Walters State campus for all classes. Several types of distance-learning opportunities — video-streaming courses, Walters State web-based (online) courses, hybrid courses and [TN eCampus](#) (previously called RODP/ROCC) courses — are offered this semester. For more information about these distance-learning opportunities, please come by the Division of Distance Education in room 126 of the College Center, or call 585-6996.

### Hybrid (HYB)

Required scheduled real-time, live instruction. These classes indicate that there will be an opportunity for students to come to campus. Professors may develop a rotating schedule if the desire to be on campus exceeds room capacity. Times and room numbers are listed in the students' schedules. A hybrid class may only be on-ground for orientations and/or proctored exams. Please check the CRN course notes for these details.

### Virtual Video (DVC)

Required real-time, live instruction. These classes indicate that there will not be an opportunity for students to come to campus — all meetings will be virtual (via Zoom, Teams, etc.) A time is listed in the students' schedules, but no room number is listed.

### WEB-Based (WEB)

These classes are 100% online, web-based with no on-ground or real-time, live-meeting requirements. Please see [Student Responsibilities in Taking an Online Course](#). No room or time is listed in the students' schedules.

### TN eCampus (RD1)

This is a course through [TN eCampus](#). Additional fees and proctored exams may apply. These classes are 100% online, web-based with no on-ground or virtual (Zoom, Teams, GoToMeeting, etc.) meeting requirements. These classes take place in a different Learning Management System and not Walters State's eLEARN. This course may require on-site or virtual proctoring that utilizes an online proctoring platform. No room or time is listed in the students' schedules.

### Conventional (CON)

Courses meet "face-to-face" for lecture and/or lab instruction; however, some course materials/activities may be online and require some internet access. Online components may include access to course content, course notes, resources, and assessments. Times and room numbers will be listed and provided in students' schedules.

### Video Streaming (TWY)

Video-streaming courses (TWY) follow traditional class meeting schedules, while providing students the opportunity to attend class sessions at one of Walters State's four campuses in Niswonger (Greeneville), Sevierville, Tazewell or Morristown). Video-streaming courses are good choices for students who may be unable to travel to one particular campus for a particular course. Instructors can deliver instruction from any of the four campuses to students at the other three campuses.

Students at the distance locations can see and interact with the instructor and students at other sites via closed-circuit television technology. Times and room numbers will be listed and provided in students' schedules.

### Lab Instruction may Vary as Follows:

- **WEB Lab** — Students will not come to campus. Work is online and uses simulations, etc.
- **Hybrid Lab** — Students must come to campus to complete labs in-person. Faculty will work with legitimate inabilities to get to campus as they arise. Online experiments may also be used.
- **DVC Lab** — Students will not come to campus but some of the labs will be completed in real-time, virtual class settings using Teams or Zoom. Online experiments may also be used.

### TN eCampus Courses

TN eCampus courses are offered as part of the [TN eCampus](#) mode of delivery. Students interested in these courses should contact Matthew Hunter at 423-585-6996. Students can also obtain information concerning this mode of delivery at the TN eCampus.

Please be advised that separate fees will be assessed for students enrolling in these courses. In addition to the fees assessed for these classes, there will be a course delivery fee of \$68 per credit hour. Out-of-state students must pay out-of-state tuition in addition to the regular maintenance fee. Please note that UNDER CURRENT VETERANS ADMINISTRATION REGULATIONS, NO WEB-BASED DEVELOPMENTAL STUDIES COURSE MAY BE CERTIFIED FOR BENEFITS PURPOSES. If you have questions, please contact Jason Wilder in SSB U182, 423-585-6896. These classes are defined with a section number of R50.
